APPENDIX 1

Reference: Grange	Name Of Your Group	Name of your project or idea	What your project is trying to achieve	How much requested
733717	Ascension Trust - Southwark Street Pastors	Southwark Street Pastors	Street Pastors engage sensitively with a view to caring, listening and helping and signpost those in need to other services. They also identify the most vulnerable and seek to ensure a safe passage home or away from trouble. Examples are lone females being shown attention by unwanted male admirers or those that require immediate first aid. Street Pastors engage with business owners, shop keepers, night club owners, bus drivers and other members of the general public and contribute to the sense of community and general safety on the streets. More so now than ever before, they are recognised as an additional tactic to reduce crime and the fear of crime and to prevent anti-social behaviour.	£2,413
734518	Bermondsey Street Festival Association	Bermondsey Street Festival	The Bermondsey Street Festival is a not for profit free community festival run entirely by volunteers from the community for the community. With Festival our aim is to bring together all the people from all parts of our diverse community and communally enjoy a rich and wide variety of experiences that truly reflect our area while ensuring tastes and experiences normally beyond reach are available to all. Key to our objectives here is to develop the community understanding and tolerance of people from different backgrounds . Festival aims to be fully inclusive of Bermondsey Street and beyond. While Bermondsey Street is at the heart of the event, we work closely with other local groups, such as Leathermarket JMB, with the unveiling of The Shared during Festival 2014. Other Groups include Bermondsey Street Area Partnership, Quay Players and Team London Bridge.	£4,750
734797	Bethel Tabernacle Project	Bethel Homeless Outreach Project	The project will address the provision pof hot food for homeless people and a short stay venue to relax and change. It will also serve as an avenue where they can receive advice on health issues, drugs & alcohol , bereavement.	£5,000

Reference: Grange	Name Of Your Group	Name of your project or idea	What your project is trying to achieve	How much requested
733718	BSAP (Bermondsey Street Area Partnership)	People define Place	Placemarks shape the character of our areas. They can be views, buildings, open spaces, trees, public art, street furniture, rights of way, signs, names and other things. The programme of engagement will include walks and roadshows to solicit input and feedback from people. Comments will be collected using a web-based tool for ease of recording and later analysis. We have piloted a Placemark Listing template based on the Historic England template for Local Lists, with some modifications. Historic England are aware of the initiative and they consider our project to have the potential to develop innovative good practice. We will therefore be keeping them informed.	£5,500
732816	Create (Arts) Limited]	More Creative ~ Bede (More Creative)	More Creative is a creative arts project, which helps break down barriers, develop shared understanding and encourage social interaction by bringing together 10 participants from Bede House (BH) and 10 children from Grange Primary School (GPS), Bermondsey. In spring 2018, Create will deliver eight weekly full-day workshops in an artform(s) chosen by BH/GPS (eg dance/drama/music). Guided by Create's professional artists, participants will work in mixed groups, encouraging group cohesion, peer support, trust while exploring creative means of self-expression. The project will culminate in a performance/sharing of their work.Need: More Creative addresses the need for positive integration of people with learning disabilities, as identified through consultation with community partners and research. Disabled people are often socially excluded and 8/10 are bullied. More Creative will enable disabled adults and primary schoolchildren to work together in collaborative activities that enable them to break down barriers, learn new skills and develop shared understanding.Benefit: Participants will have developed skills that they can take back into their homes, school, and community: confidence; empathy; positive social interaction; teamwork; communication; shared understanding. It will have given the participants a chance to share their ideas, interact together and perform/exhibit their work to friends, family and invited guests, helping them to feel valued and proud of their achievements. Feedback from the 2016 project demonstrates its impact and benefit: 100% of participants said that they enjoyed taking part in the project; while 100% of BH and GPS staff rated the project successful overall. Create is unaware of similar projects in Southwark.	£5,000

733541	Cycle Training UK	Open Cycle Workshop	The aim of the Open Cycle Workshop is to empower local people to fix their own cycles and learn new skills. This will minimise a barrier to cycling and potentially help a young person consider developing their mechanic skills further. Cycle Training UK would open a cycle workshop (located just off Southwark Park Road) to local residents to enable them to work on their own bikes. Participants can use the workshop tools and an instructor mechanic will be on hand to offer advice. Workshop would take place at the weekend 10am - 2pm . We would offer use of 4 work-stands over 4 hours. Each week we can accommodate up to 12 people popping in over the 4 hours. People in the community can use the workshop to fix their own cycles or come with their cycles to practice and learn new mechanics skills from our trained cycle instructors.	£2,400
734908	Faces In Focus	Therapeutic Groups and Family Therapy	We will provide therapeutic and recovery groups for children and young people aged 11-25 plus family therapy sessions. The groups and family therapy will be an extenstion to our one to one counselling service. The groups will cover things such as anxiety, depression, bullying, gang related issues and avoidance, forced marriage, abusive relationships, drug and alcohol abuse, family problems all of which are issues which can be positively dealt with in a group work setting. There is a real need for therapeutic groups and family therapy to be available for people in the 11-25 age range, particularly those who do not meet the strict reqirements for NHS and other statutory services. The local community will benefit from extended access to therapeutic groups delivered at an early stage, providing a positive and beneficial intervention and so, for many, avoiding problems later on in life.	£5,000
721590	Guinness trust TA	Elderly persons Monday club	We run a pensioners club every Monday we provide food drink activities singing and reminiscing. There are 15 to 20. Pensioners attend and the purpose of the group is to combat isolation and help support wellbeing in our community	£1,000

722949	Guy Street Bee Garden	Guy Street Bee Garden	Guy Street Park is poorly planted and affords little forage to encourage biodiversity in an urban setting. Spring crocuses, a small hazel hedge and the occasional rosemary bush comprise the current forage provision. Through a collaboration between local partners and community residents, our objective is to create a pollinator-friendly perennial garden which will, bring people together, provide a more colourful, sustainable, environmentally enhanced park, providing edible herbs and fruit for the local populace with low maintenance, putting bees at the hub of our community's interface with urban biodiversity.Our intention is to commence planting by April 2017. We aim to send a "call to action" to local community groups to maximise participation in planting up to 500 new pollinator-friendly plants/shrubs/bushes/trees/flowerbeds in Guy Street Park using " The social and ecological benefits will be enjoyed immediately and ongoing into the future with regular resident gardening clubs, and educational workshops about bee planting..	£4,040
735005	Jimmy Assher Foundation	Healthy Cooking Workshop	The grant is for a Healthy Cooking project, primarily to motivate & change habits amongst participants to create a healthier lifestyle. The project is uniquely-designed to improve life choices & chances for 25-30 young people over 12 weeks at the The Oxford & Bermondsey Youth Club (OBC), in Southwark. The aim is to help participants into education, sustainable career opportunities / training. Students aged 16-21, are taught how to cook & eat healthily on a £3-£5 budget. Training is to Level 2 Food Safety & Hygiene Certificate accreditation. Students will work alongside our prestigious catering partners, Tres Chic, who primarily promote imaginative & unique recipes e.g. luxury cuisine in private clubs, aviation catering, international catering, as well as French, bespoke, private, corporate etc. The exit route is specifically designed to enhance their skill-set through developing key skills that will give them life-long career opportunities. The project is designed not just to teach catering, but high-calibre professional cooking that could literally open the world for students.	£4,579

Reference: Grange	Name Of Your Group	Name of your project or idea	What your project is trying to achieve	How much requested
734421	Kipling Estate Tenants and Residents Association	Transmorfism Sculpture Project	To hold open and free stone sculpture workshops on a housing estate and public space where participants will create their own stone sculptures for public exhibition. We will also 'plant our stones' from our previous project in Guy Street Park to both close last year's project and open this year's. This will involve a ritual burial of all of our artworks within the grounds of Guy Street Park. Creating history and celebrating spring season by putting the stones into the ground. By bringing people together to make and exhibit art, social gaps are bridged and inter-cultural exchanges flourish. Success will be seen as social gain and as physical entities in the sculptures which embody the collective individual expressions of the community. Local residents, business owners and previous Sculpture Project participants have all clearly stated a need for this uniquely inclusive, engaging Sculpture Project. It is necessary to offer free, enjoyable, creative processes for everybody to engage in, in order for the community to feel equally involved, important, connected and part of a greater whole.	£5,500
734088	London Bubble Theatre	Primary	Primary', is our 6th intergenerational project that will explore one of our most important and universal rites of passage: the first years at school. The project will challenge our group of community participants (who will be working with professional artists) to stretch their creative muscles to imagine, explore, interpret and reflect on the role of schools, teachers, the method and art of teaching and; what being a teacher, a parent or pupil feels like today. The aim is to co-create a site-specific contemporary performance piece in Autumn 2017 with a multi-generational cast and choir. It will involve residents of BRCC wards as story tellers/ transcribers/ performers / volunteers/ choristers. We expect 60 -70% of all participants to be Southwark residents. The project will bring together people of different ages through the stages of interviewing, workshops and performance and would include a community choir. Working intergenerationally is incredibly important in today's society as both young people and older people can feel very cut off and isolated within their communities	£6,500
733787	Magdalen Hall TRA	Summer 2017 Community Street Party	We are intending to bring the whole of our diverse community together . We want to make our local TRA inclusive and to celebrate all of the different nationalities and customs that make our community so unique.	£5,000

Reference: Grange	Name Of Your Group	Name of your project or idea	What your project is trying to achieve	How much requested
734607	Photomapping Bermondsey	Photomapping Bermondsey	The idea is to photomappping Bermondsey area involving locals to discovering hidden gems, new way to shoot photos at landmarks, great place to visit in the area. We can involve locals to explore the area and be proud to discover new places. This will also help bring tourists in the area in connection with the sponsor PhotoSpotLand (based in the London and Partner TravelTech Lab). We want also to involve blind people in the area to join the photography world, there are around one million blind photographer worldwide. We have good chance to involve also Canon Europe as sponsor. Of course will be possible to involve kids from various schools. I'm a professional photographer and will be very glad, for this occasion, to teach also basic photography into schools as to involve kids and their family to discover the hidden (but not only) Bermondsey and, if is possible, the entire Southwark area.	£5,000
733104	Playback Drama	W.A.T.C.H (we are the culture happening)	W.A.T.C.H through various interdisciplinary art forms visually illustrate the role of creativity in being a catalyst for cultural and social-economic change, promoting youth engagement and community development through collaboration on various art projects, presenting them with opportunities to develop their creative practices, acquire skills in the area of social entrepreneurship, and also encouraging young people ages 18-25 to be partners in their own learning. The project functions as a series of creative and skill development workshops, aimed at engaging between 15-30 young people within the borough of Southwark with the following:Creating positive peer networks for young people in Southwark, by• Provide dynamic workspace for entrepreneurs to access resources, co-create and develop their enterprises and ideas with support services available. • Encourage peer signposting mechanisms, with young creatives and social entrepreneurs referring each other onwards to creative progression opportunities in Southwark and Greater London.	£5,000

735028	Point Of View	The Creative Tour	The Creative tour is a series of workshop tailored to creatives in Southwark. The project makes use of all the creative places in Southwark and will give people the opportunity to use their skills or learn new skills. I will be conducting workshops in music, photography, art, poetry and film. This project makes use of the different creative spaces around Southwark, mainly in the areas of Bermondsey and Rotherhithe. This is a 6 month project where each month we will meet up at different creative space in southwark and allow the people to use the space. Each month will be a different activity such as film, photography, art and more. we will be meeting up 2x month. We will be inviting industry professionals to conduct seminars and workshops in the professional fields. It will benefit the community by bringing people together to create art and build upon their passion for the creative culture.	£4,500
730557	Rainbow Arts and Crafts Group	Enhancing our local Art Group	We are a local Community Art Group organised by volunteers and dependent on funding for accommodation, tutoring and materials. We meet once a week offering older people the opportunity to develop their creative talents and to engage with others in their community in a non threatening and social atmosphere. Exploring different aspects of Arts and Crafts provides a platform for creative expression helping improve both physical and mental wellbeing. In order to continue and develop we are applying for some funding to 'Enhance our Creative Experience' we are applying for funding to visit Exhibitions, Galleries, Museums and Stately Homes together in order to develop our knowledge, build confidence and expand our horizons.	£795
732425	S.E.T.R.A (make it to the mat)	Community yoga classes for elderly, postnatal & children	Building on the popularity of the provision of the following yoga classes over the past year at Setchell T.R.A. We would like to continue to provide them. The reason all parents gave for getting their children to attend was to calm them down! Which we succeeded in doing. They learn techniques they are able to apply outside of the session to help with everyday moments of stress. To keep children safe numbers are limited to 6 per session and the grant means we can charge a nominal fee and so make this available to local low income parents.	£4,786

728787	Southwark Explorers' Club	Southwark Explorers' Club	We organise weekly visits by Southwark Pensioners to a wide variety of places of cultural, artistic and historic interest. We aim to make our outings affordable for all by subsidising entrance fees and tickets e.g. for theatre, concert or cinema. A new departure this year has been to take advantage of live relays at East Dulwich Picturehouse. We have no paid staff so that the planning, coordination and delivery ofour activities is entirely done by unpaid members. Our members come from a wide range of social, cultural, religious and ethnic backgrounds. Our project is particularly valued by people who live alone and especially after being widowed. Our members socialise with each other on our outings and often meet up at other times. A member of the Committee leads each outing to provide support, particularly for less mobile people, and make sure members get to the right place.	£1,300
734985	The Friends of Southwark Park	The Friends of Southwark Park Summer Programme 2017	To provide a programme of summer activities for the community and supporting publicity materials: 1x Bobby Abel Cricket Cup for Primary Schools-May 1xSouthwark Park Football Cup for children-June 1x Primary Schools Athletics Festival-June 1xBermondsey Carnival Tennis Day in Southwark Park for adults and children-July. 1xBermondsey Carnival Traditional Childrens Games-July 1x Bee Experience day at Southwark Park-date tbc 1xGuided Tour. Ada Salter Garden,Southwark Park, July 10,000xtree walk leaflets to provide information about the many specimens in Southwark Park. 1xGuided Tour: Kings Stairs Gardens. June 10,000 events programme flyers. The flyer will go online on website. All the activities to be free of charge. In order to encourage the community to enjoy and gain knowledge about their local parks	£4,820

730560	The Salmon Youth Centre	Bermondsey in Bloom 2017	Bermondsey in Bloom is a gardening competition for all our community within all our wards. The Salmon Youth Centre has been running the gardening competition over the last three years. In the summer young people head around our applicants to take pictures of their garden. They may also come across gardens that they want to nominate. The photos are then laminated and brought to the community council in September for members of the public to vote in each of the 6 categories'. -Residents will enjoy vibrant gardens and window boxes throughout their communities. -Young people will be involved in designing and running a community project. -Young people will learn how to use a camera, learn how to design posters and help distribute 80 of these. -Young people will learn about gardening. -We aim to get 30 local residents taking part in the competition. -Young people present at the community council and engage in local community council meetings.	£5,000

733717	Ascension Trust - Southwark Street Pastors	Southwark Street Pastors	Street Pastors as an initiative of Ascension Trust began in 2003 and has gained considerable experience and credibility as a result of our engagement with the vulnerable and disadvantaged and because of their well- developed network of relationships with the Police, local councils, statutory and voluntary organisations and the wider community. Across Southwark we operate in teams of 4-6. Each team operates from a local base, e.g., church, room, CCT monitoring office etc. and is briefed by the local police officer who highlights any situations they should be aware of patrolling and where. Street Pastors engage sensitively with a view to caring, listening and helping and signpost those in need to other services. They also identify the most vulnerable and seek to ensure a safe passage home or away from trouble. Examples are lone females being shown attention by unwanted male admirers or those that require immediate first aid. Street Pastors engage with business owners, shop keepers, night club owners, bus drivers and other members of the general public and contribute to the sense of community and general safety on the streets. Street Pastors sit on the Safer Neighbourhood Teams and work closely with local councils and are sometimes asked to provide a presence on local estates to look out those missing or vulnerable.r.	£2,413
734749	Bede House Association	Buzz on The B&B&B (Boname and Bramcote & Blue Market)	The Bede Youth Adventure Project will provide out of school activities, personal, social and educational developmental opportunities for children and young people aged 11 to 19 years, with a strong emphasis on safety and community. This project aims to engage with groups of young people in their environment and enable them to positively participate in the community where they live. We will continue to work with those who live on or near the Boname and Bramcote estate. Some of these young people may be involved in antisocial behaviour or criminal activity on the estate and also on the Blue Market. We will work with the community, in particular the members of the TRA, who welcome our participation on the estate. We will provide information, advice and signposting on a range of issues including Drugs & Alcohol, Sexual Health and Teenage Pregnancy. Our aim is to cement our work in the changing the attitudes of core groups of young people who can then inspire future generations to aim higher.	£13,644

People in the community can use the workshop to fix their own cycles or come with their cycles to practice and learn new mechanics skills from our trained cycle instructors.	£2,400
734908	Faces In Focus	Therapeutic Groups and Family Therapy	We will provide therapeutic and recovery groups for children and young people aged 11-25 plus family therapy sessions. The groups and family therapy will be an extension to our one to one counselling service.The groups will cover things such as anxiety, depression, bullying, gang related issues and avoidance, forced marriage, abusive relationships, drug and alcohol abuse, family problems all of which are issues which can be positively dealt with in a group work setting.The local community will benefit from extended access to therapeutic groups delivered at an early stage, providing a positive and beneficial intervention and so, for many, avoiding problems later on in life.	£5,000
734752	Good Health Wealth Org	Community Abundance	What Community Cultivation is going to continue doing in 2017 is connecting and helping single people aged between 40 and 70 with or approaching chronic illnesses to better health. We use our out-reach programme from GP's, Libraries and community gardens to target those that will benefit mostly from our programmes. We facilitate our members firstly with placing them if not already in pop up and community gardens in Bermondsey and Rotherhithe. We offer all our members a free online course FoodCures168 that enables them to learn about the best foods to help them to physical betterment. We encourage online connection to other members via social media and other online platforms so that our message can reach other within their friendship group to come aboard. The main benefits for our members to have a positive impact on the mental and physical benefits of the residents in Southwark with chronic illnesses we even target people who may want to take on a more preventative stance.. We also tackle isolation by running a batch cookery club Karmic Kitchen where we give our members the opportunity to cook healthily together sharing the meals and freezing them for personal use therefore adding variety and building on knowledge about which foods might best serve them.	£8,150

The project will bring together people of different ages through the stages of interviewing, workshops and performance and would include a community choir. Working intergenerationally is incredibly important in today's society as both young people and older people can feel very cut off and isolated within their communities. There aren't many natural engagement models for the younger and older generation to get together but once they do, there are multiple benefits.	£6,500
715854	Millwall for All Trust	1st touch Football Project	Millwall for All aim to deliver 2 two hour sessions for 80 boys and girls who are aged between 8-15 years old only. The sessions will be delivered by both male female coaches from Millwall's female Centre of Excellence, Millwall Lionesses and Millwall Academy. This will ensure that all participants have gender specific role models who have progressed through community football into the elite level. The sessions will also be geared to improving participation in elite football of local young people and ensure that all participants are made aware of the opportunities available to all football players and aspiring coaches at grassroots and professional levels of the game. The project will focus on engaging young from Avondale Square and Camelot Primary School. By the end of this project we aim to have increased the participation levels of all young people interested in playing football as well as ensure access to opportunity for young people wanting to develop in football.	£12,672

733823	Silwood Community Music Project	Silwood Community Music Project	The community is working towards bringing people together. Young as well as old, music plays a great role in people's lives. Whilst some people listen to music as fun, others use it as a therapy. Allowing people of all ages to be able to learn how to play various instruments is our goal. It also helps in boosting people's team skills, making others happy, building their confidence and also helps them with their reading and writing skills. Together, no matter the age, the project will give everyone the opportunity to achieve some of their dreams and also introduce something new to those who have never thought of playing an instrument before.	£4,160

			-Young people present at the community council and engage in local community council meetings.	
734745	Youth United CIC	Fair Play	Interaction between young people and the Police can be problematic. Southwark is no exception and ongoing positive efforts have to be made to change perceptions. This project aims to bring 2 sides together for dialogue, challenging misconceptions and understanding each other's perspective, inviting likewise 2 schools from Lewisham. It will comprise a series of workshops relating to Rights and Responsibilities in being Stopped and Searched by the Police, including roleplays and legal rights. This cohort of young people is affected more often and need to understand the process better. They will be able to explain this to family members who will reduce concerns about their wellbeing, and they will have more knowledge about how to deal with Police in a negative encounter. 1. Young people will have a better understanding of Stop & Search procedures 2.They will recognise bad practice in the use of S&S and how to complain 3.They will feedback about the issues raised in discussion so Police will learn from them and how the tactic affects them 4. Together they will make a commitment to improve perceptions for the younger generation following them	£1,050

733717	Ascension Trust - Southwark Street Pastors	Southwark Street Pastors	Street Pastors as an initiative of Ascension Trust began in 2003 and has gained considerable experience and credibility as a result of our engagement with the vulnerable and disadvantaged and because of their well- developed network of relationships with the Police, local councils, statutory and voluntary organisations and the wider community. Across Southwark we operate in teams of 4-6. Each team operates from a local base, e.g., church, room, CCT monitoring office etc. and is briefed by the local police officer who highlights any situations they should be aware of. The Police are kept informed of who is patrolling and where. Street Pastors engage sensitively with a view to caring, listening and helping and signpost those in need to other services. They also identify the most vulnerable and seek to ensure a safe passage home or away from trouble.	£2,413
734890	Astley and cooper TRA	Summer Funday	The family funday is event that we celebrate every year. About 400 residents benefit from this event as they meet together and enjoy the time with there children .our goal is to increase the integration between resident and avoid isolation. Everyone welcome.	£3,350
734688	Avondale Community Events	Picnic on the Green	This project is aimed at bringing the diverse community of Avondale Estate and surrounding estates together. We will share food and laughter as a common ground. We will ask the community to bring food to share with others in the community giving everyone the chance to try food from each other's cultures, share recipes and learn more about each other. Inter-generational activities will be available allowing those of differing ages to enjoy one another's company and help to bridge the generation gap. We will also introduce some new workshops with a view to creating works that go towards commemorating the 100 year anniversary of the end of WW1 in 2018. This would be an ideal opportunity for us to show case British values of working together and having and respect and tolerance for all backgrounds. We feel it is important to come together as a community at every given opportunity as this enables us take away the mystery/fear that often is created through the lack of knowledge of each other's backgrounds.	£992
123456	Bermondsey Community Kitchen	Bermondsey Community Kitchen	Bermondsey Community Kitchen is a free non for profit training facility providing a Level 1 and 2 City and Guilds Professional cookery qualification, for long term unemployed 16-24 year olds who are not in any other training or education, this includes single parents, young people with both physical and mental disabilities and young offenders, this includes providing our students with work experience, work placements and supporting them into employment once qualified. Our first cohort of student began training in September 2015 and by July 2016, we had successfully passed 22 students in a level 1 City and Guilds Food Preparation and Cookery NVQ Qualification	£5,000

			and 2 students in a level 2 City and Guilds Professional Cookery NVQ qualification.	
735008	BMETV	Bosco Radio Broadcasting application	We will organise a radio broadcasting workshop and broadcasting hub. The workshop lasting 8 weeks for two hours per week targeting 30 participants all producing a 10 minute radio demo which participants can submit to Resonance Radio. The project will be delivered at Bosco Youth Centre, engaging youth (11-19 year olds) from the Rotherhithe Ward. This project aims to achieve the following: • Build a foundation of knowledge on national broadcast radio station BBC • Invite/discuss issues affecting them and their community • Build confidence • Partake and contribute in a team environment This workshop explores issues relative to young people, gives them a voice and explores prevention/deterrents in addition to: •Internet radio station visit; •Increase use of local facilities •Helping young people express themselves in a positive way measured by testimonials •Introduction into a career path - fast track to a radio career, sound engineering etc. •Opportunity to return to full time education and employment. •Addressing issues that affect participants and target audience (i.e. listeners) Our tutors are experienced in delivering this workshop to a wide range of people and tailor their activities and exit routes in accordance to group needs. Demos and support letters available upon request.	£3,086

Reference: South Bermondsey	Name Of Your Group	Name of your project or idea	What your project is trying to achieve	How much requested
733541	Cycle Training UK	Open Cycle Workshop	The aim of the Open Cycle Workshop is to empower local people to fix their own cycles and learn new skills. This will minimise a barrier to cycling and potentially help a young person consider developing their mechanic skills further.Cycle Training UK would open a cycle workshop (located just off Southwark Park Road) to local residents to enable them to work on their own bikes. Participants can use the workshop tools and an instructor mechanic will be on hand to offer advice. Workshop would take place at the weekend 10am - 2pm . We would offer use of 4 work-stands over 4 hours. Each week we can accommodate up to 12 people popping in over the 4 hours. The Open Workshop would take place once a month for 12 months on a regular day (The 1st Sunday of each Month)People in the community can use the workshop to fix their own cycles or come with their cycles to practice and learn new mechanics skills from our trained cycle instructors.Our workshop is stocked with a large range of tools and bike stands. People can just pop in to pump up their tyres, tweak their gears or come to a number of sessions to completely rebuild their cycles.	£2,400
734908	Faces In Focus	Therapeutic Groups and Family Therapy	We will provide therapeutic and recovery groups for children and young people aged 11-25 plus family therapy sessions. The groups and family therapy will be an extension to our one to one counselling service. The groups will cover things such as anxiety, depression, bullying, gang related issues and avoidance, forced marriage, abusive relationships, drug and alcohol abuse, family problems all of which are issues which can be positively dealt with in a group work setting. There is a real need for therapeutic groups and family therapy to be available for people in the 11-25 age range, particularly those who do not meet the strict requirements for NHS and other statutory services. The local community will benefit from extended access to therapeutic groups delivered at an early stage, providing a positive and beneficial intervention and so, for many, avoiding problems later on in life.	£5,000

734715	Galleywall School	The Lost years of Galleywall	The aim of the project is to resurrect a feeling of community spirit around Galleywall school . We aim to revive the heritage and history of the building, its past pupils and its surroundings. This will result in a sense of pride in the school and the road. It will also result in young and older people being more knowledgeable about their area and its past. Galleywall is a survivor and the oldest building left in the road. It has been a school since 1876 – The building survived two World Wars, it survived a V2 bombing at the John Bull arch just a few short meters away. It reopened as Galleywall school in September 2016, so with renewed interest it now seems like an appropriate time to collate its heritage . We intend publicize a series of community evenings and talks about the school. Inviting past pupils to share their memories photos and artefacts. We would collate these stories and recreate the heritage of the school. The project would culminate ultimately in a book about the area. In the initial stages we would produce a series of leaflets.	£5,200
734088	London Bubble Theatre	Primary	Primary', is our 6th intergenerational project that will explore one of our most important and universal rites of passage: the first years at school. The project will challenge our group of community participants (who will be working with professional artists) to stretch their creative muscles to imagine, explore, interpret and reflect on the role of schools, teachers, the method and art of teaching and; what being a teacher, a parent or pupil feels like today. The aim is to co-create a site-specific contemporary performance piece in Autumn 2017 with a multi-generational cast and choir. It will involve residents of BRCC wards as story tellers/ transcribers/ performers / volunteers/ choristers. We expect 60 -70% of all participants to be Southwark residents.The project will bring together people of different ages through the stages of interviewing, workshops and performance and would include a community choir. Working intergenerationally is incredibly important in today's society as both young people and older people can feel very cut off and isolated within their communities. There aren't many natural engagement models for the younger and older generation to get together but once they do, there are multiple benefits.	£6,500
733773	Longfield Tenants and Residents Association	Longfield Fun Day	To bring all nationalities together and people to get to meet their neighbours.	£1,400

715854	Millwall for All Trust	1st touch Football Project	Millwall for All aim to deliver 2 two hour sessions for 80 boys and girls who are aged between 8-15 years old only. The sessions will be delivered by both male female coaches from Millwall's female Centre of Excellence, Millwall Lionesses and Millwall Academy. This will ensure that all participants have gender specific role model who have progressed through community football into the elite level. The sessions will also be geared to improving participation in elite football of local young people and ensure that all participants are made aware of the opportunities available to all football players and aspiring coaches at grassroots and professional levels of the game. The project will focus on engaging young from Avondale Square and Camelot Primary School. By the end of this project we aim to have increased the participation levels of all young people interested in playing football as well as ensure access to opportunity for young people wanting to develop in football.	£12,672
720793	Millwall for All Trust	1st touch Football Project (Astley Cooper)	The aim of the project is to deliver 1 two hour sessions for 35 boys and girls who are aged between 8-15 years old only. The sessions will be delivered by both male female coaches from Millwall's female Centre of Excellence, Millwall Lionesses and Millwall Academy. This will ensure that all participants have gender specific role model who have progressed through community football into the elite level. The sessions will also be geared to improving participation in elite football of local young people and ensure that all participants are made aware of the opportunities available to all football players and aspiring coaches at grassroots and professional levels of the game. The project will focus on engaging young from the Astley Cooper estate. By the end of this project we aim to have increased the participation levels of all young people interested in playing football as well as ensure access to opportunity for young people wanting to develop in football.	£6,336
730557	Rainbow Arts and Crafts Group	Enhancing our local Art Group	We are a local Community Art Group organised by volunteers and dependent on funding for accommodation, tutoring and materials. We meet once a week offering older people the opportunity to develop their creative talents and to engage with others in their community in an non threatening and social atmosphere. Exploring different aspects of Arts and Crafts provides a platform for creative expression helping improve both physical and mental wellbeing.	£795

728787	Southwark Explorers' Club	Southwark Explorers' Club	We organise weekly visits by Southwark Pensioners to a wide variety of places of cultural, artistic and historic interest. We aim to make our outings affordable for all by subsidising entrance fees and tickets e.g. for theatre, concert or cinema. A new departure this year has been to take advantage of live relays at East Dulwich Picturehouse. We have no paid staff so that the planning, coordination and delivery ofour activities is entirely done by unpaid members. Our members come from a wide range of social, cultural, religious and ethnic backgrounds. Our project is particularly valued by people who live alone and especially after being widowed. Our members socialise with each other on our outings and often meet up at other times. A member of the Committee leads each outing to provide support, particularly for less mobile people, and make sure members get to the right place.	£1,300
734887	Stevenson Crescent TRA	Stevenson Crescent Juniors Go Ape Activity	We have been planning to take 20 juniors in the community to Battersea Park for the Go Ape Juniors Activity Fun Day. As well as it being a fun day for the juniors, it will give them a sense of independence, and allow them to identify safety measures used on the course.	£500
734985	The Friends of Southwark Park	The Friends of Southwark Park Summer Programme 2017	To provide a programme of summer activities for the community and supporting publicity materials: 1x Bobby Abel Cricket Cup for Primary Schools-May 1xSouthwark Park Football Cup for children-June 1x Primary Schools Athletics Festival-June 1xBermondsey Carnival Tennis Day in Southwark Park for adults and children-July. 1xBermondsey Carnival Traditional Children’s Games-July 1x Bee Experience day at Southwark Park-date tbc 1xGuided Tour. Ada Salter Garden, Southwark Park, July 10,000xtree walk leaflets to provide information about the many specimens in Southwark Park. 1xGuided Tour: Kings Stairs Gardens. June	£4,820

			10,000 events programme flyers. The flyer will go online on website. All the activities to be free of charge. In order to encourage the community to enjoy and gain knowledge about their local parks	
730560	The Salmon Youth Centre	Bermondsey in Bloom 2017	Bermondsey in Bloom is a gardening competition for all our community within all our wards. The Salmon Youth Centre has been running the gardening competition over the last three years. Young people design and then distribute posters in March to advertise the competition. They then design the application forms and send it out to all our networks using social media and our website. In the summer young people head around our applicants to take pictures of their garden. They may also come across gardens that they want to nominate. The photos are then laminated and brought to the community council in September for members of the public to vote in each of the categories. -We aim to get 30 local residents taking part in the competition. -Young people present at the community council and engage in local community council meetings.	£5,000
734745	Youth United CIC	Fair Play	Interaction between young people and the Police can be problematic. Southwark is no exception and ongoing positive efforts have to be made to change perceptions. This project aims to bring 2 sides together for dialogue, challenging misconceptions and understanding each other's perspective. Although the area falls on 2 borough boundary lines, Millwall football club is locally adopted by Southwark young supporters, in conjunction with the Lions Community Centres. The day will be hosted by Millwall and culminate in a Police versus youth football tournament. Students with emotional learning difficulties from several Southwark schools are invited, likewise 2 schools from Lewisham. It will comprise a series of workshops relating to Rights and Responsibilities in being Stopped and Searched by the Police, including roleplays and legal rights..	£1,050

734657	(Markaz) MAN UK	Sport Day/A day family event	To organise sport activity for 300-350 peoples. The activities will include football, 100m race, 50m race, face paints, bouncing castle, sack race, egg and spoon, 3 legged race. The project will achieve the following: - Building confidence. - Enhance community cohesion. - Having sense of improvement and accomplishment. - Sharing love. - Enriching the social wellbeing of the community.	£5,850
734690	Albion Street Steering Group (ASSG)	Albion Street Scandi Markets	For the past four years the very successful not-for-profit Albion Street Scandi markets have been held in conjunction with the Norwegian & Finnish churches charitable fairs. The 2017 markets will continue to build on the successes to date and endorse the area's Nordic & Scandic connections. The project addresses the CWAAP Policy 30 Albion Street regeneration commitment. The markets offer a family day out with a mix of merchandise, street food and entertainment. They bring together different parts of the community and promote inclusivity. This, combined with the cosmopolitan visiting footfall will help further maximize the economic benefits for all local stakeholders. ASSG is therefore seeking funding to hire street musicians over the course of the markets and the marquee for the 3 day Christmas market. Music contributes to the atmosphere of the whole market and encourages people to linger and enjoy the street food. The marquee is essential for the successful trading at the Christmas market.	£5,000

733717	Ascension Trust - Southwark Street Pastors	Southwark Street Pastors	Street Pastors as an initiative of Ascension Trust began in 2003 and has gained considerable experience and credibility as a result of our engagement with the vulnerable and disadvantaged and because of their well- developed network of relationships with the Police, local councils, statutory and voluntary organisations and the wider community. Across Southwark we operate in teams of 4-6. Each team operates from a local base, e.g., church, room, CCT monitoring office etc. and is briefed by the local police officer who highlights any situations they should be aware of. The Police are kept informed of who is patrolling and where. Street Pastors engage sensitively with a view to caring, listening and helping and signpost those in need to other services. They also identify the most vulnerable and seek to ensure a safe passage home or away from trouble. Examples are lone females being shown attention by unwanted male admirers or those that require immediate first aid.	£2,413
734757	Bede Youth Adventure Project	Funday@Bede2017	This will be the 10th Funday to beheld on our estate. The previous 9 have been supported by the BRCC and incredibly continues to be the only event on this estate that brings everyone out of their houses and onto the green. It brings people of all faiths and ages and abilities together. Participating in this inclusive event will increase community bonds and resilience. The event in 2016 was attended by around 150 local residents, young people, people with disabilities, local business's and people from neighbouring estates. The 2017 event will not be on the Abbeyfield Green, as this has now been dug up for the regeneration of the estate. We look to a celebration on the Maydew podium with the contractors and the council at hopefully the quarter milestone of the regeneration.	£1,021

735016	Bizzie Bodies CIC	Musical Magic	Musical Magic will enable musicians to share their talents with parents and children between 6 and 11 years of age. Skills for playing internationally popular string and electronic instruments will be taught with a view to producing two end of year and summer celebratory performances. Some changes aim to achieve will be improved interaction and strengthening of families and the local community; improved speech, language, communication and achievement through music and French language participation. Musical Magic will take place in Rotherhithe and Surrey Docks, an area of both cultural diversity and socio-economic disparity in terms of housing, employment and education. The sessions will take place at the Dockland Settlements. Our survey undertaken with 121 homes of various cultural and linguistic backgrounds in the area identified a need and market for affordable music sessions for children locally that could also be similar to the Midi Music Company project. We will aim to provide using French language instruction and traditional music from Franco-phone Africa and Europe a total of 30 weeks of 4 workshops each (1 ukulele, 1 guitar and 2 keyboards) for a capacity of 60 children, 2 events similar to Musical Magic pilot that welcomed 80 children in total who attended with their parents and a local nursery.	£6,000
735008	BMETV	Bosco Radio Broadcasting application	We will organise a radio broadcasting workshop and broadcasting hub. The workshop lasting 8 weeks for two hours per week targeting 30 participants all producing a 10 minute radio demo which participants can submit to Resonance Radio. The project will be delivered at Bosco Youth Centre, engaging youth (11-19 year olds) from the Rotherhithe Ward. This project aims to achieve the following:• Build a foundation of knowledge on national broadcast radio station BBC•Increase use of local facilities•Helping young people express themselves in a positive way measured by testimonials•Introduction into a career path - fast track to a radio career, sound engineering etc.•Opportunity to return to full time education and employment. •Addressing issues that affect participants and target audience (i.e. listeners)Our tutors are experienced in delivering this workshop to a wide range of people and tailor their activities and exit routes in accordance to group needs. 727133	Brunel Museum	Brunel Museum Summer Playscheme	This free playscheme will directly benefit 40 local children, 40-80 parents/carers, and over five thousand local people will enjoy the gardens created by the children. Schools, head teachers, Tenants Associations, parents and children have expressed a need for holiday activities for young children. Time & Talents' survey 'A Divided Community' identified a lack of provision locally. School playschemes are expensive and Brunel's is the only free scheme in the area. Local teachers run the scheme and organise workshops in garden sculpture, clay modelling, sports, games, dance, drama and music. At the end of each week the children prepare an inspiring performance for their parents/carers. Children work in new friendship groups in rehearsals and learn valuable life skills like working together. They are also making a new garden: a few years ago the area around the museum was a grot spot, daubed with graffiti and used only by dog owners. Each year the children help make an attractive garden for local people. In this way we aim to: Provide local children with healthy activities that are educational as well as fun. Create a garden & public amenity on this heritage site. Engage our local community in a performance and celebration of the history of the area.	£1,000
734049	Canada estate TRA	Day trip to the coast	To bring the community together for a day out to the coast this helps bring All the tenants of different ethnic backgrounds to be able to build a better understanding community a day of building friendships amounts your neighbours away from he estate where you live Most people with children can afford a day away so this gives them a chance to get our and have a day out with their children and their neighbours	£600

723824	Goldenn Hope	Goldenn Hope Art Contest	We aim to run workshops in drama, painting and singing in order to create a platform for young Black, Asian and minority ethnic people to show, express and improve their talent by expressing their vision of belonging to different cultures. It's needed because we find that boroughs are in the process of shutting down community centres, depriving our young people of activities, which from talking to local people, we have discovered is of great concern to parents and frustrating for the young people. In particular, those we are supporting, straddle the culture of their parents and that of the English society in which they are born and live. They do not have access to a platform where they can share, show, express their talent and improve their talent and through this, articulate their vision of belonging to different cultures. This project of artistic awakening can bring significant changes to our youngest one. We aim conduct workshops to detect young talents who will perform during the contest The Painting workshop: "Discover the hidden artist in you.", The Drama workshop :" Express yourself" ,is dedicated to young people, motivated by the play, the creation and expression. The Singing workshop: " Discover your voice", is designed to detect young people to enable them to discover and explore their voices in the pleasure of singing in a group. The aim is to set up different groups of Choir who will perform the day of the Art Contest.	£4,920
734752	Good Health Wealth Org	Community Abundance	What Community Cultivation is going to continue doing in 2017 is connecting and helping single people aged between 40 and 70 with or approaching chronic illnesses to better health. We use our out-reach programme from GP's, Libraries and community gardens to target those that will benefit mostly from our programmes. We facilitate our members firstly with placing them if not already in pop up and community gardens in Bermondsey and Rotherhithe. We offer all our members a free online course FoodCures168 that enables them to learn about the best foods to help them to physical betterment. We also tackle isolation by running a batch cookery club Karmic Kitchen where we give our members the opportunity to cook healthily together sharing the meals and freezing them for personal use therefore adding variety and building on knowledge about which foods might best serve them.	£8,150

734936	Mayflower 2020 Steering Group	Interpretation Boards	The 1620 departure from Rotherhithe of the Mayflower, with its Rotherhithe captain, Christopher Jones, & crew, will be celebrated in 2020. A Mayflower trail is being planned as part of a national trail and significant sites require interpretation boards: Christopher Jones statue Christopher Jones Square	£5,000---the test etc will be provided by the group
734968	Mayflower 2020 Steering Group	Interpretation Boards	Provide information on historic sites to local and international visitors	£5,000
734898	Millwall Community Trust	Walking Sports for Older People	Millwall's Walking Sports for Older People programme is unique to other programmes available to older people. With over one years' experience now of delivering the newly formed activity in Southwark, the programme is now working in partnership with Southwark Alzheimer's Society, Southwark Pensioners Centre and Southwark Public Health to support older people and those with dementia or limited mobility. The two hour weekly activities offer older people the opportunity to meet other people whilst having fun, provide regular exercise through fun sporting activities which stimulate the mind, develop balance and hand-eye co-ordination, may support people with dementia to stay fit and healthy and support those with mental health difficulties and those with limited mobility. The weekly activities offers an opportunity for a target audience that would not otherwise be active and may feel disengaged with the local community. The activities have proved that stimulating the mind through exercise has had success with people with Alzheimer's which has not been previously recognised.	£6,104

730557	Rainbow Arts and Crafts Group	Enhancing our local Art Group	We are a local Community Art Group organised by volunteers and dependent on funding for accommodation, tutoring and materials. We meet once a week offering older people the opportunity to develop their creative talents and to engage with others in their community in an non threatening and social atmosphere. Exploring different aspects of Arts and Crafts provides a platform for creative expression helping improve both physical and mental wellbeing.	£795
732103	Rotherhithe Festival Group	Rotherhithe Festival 2017	To provide a yearly one day intergenerational community event to be held in King George's Field, Rotherhithe. The Festival is aimed at all members of the community, and will provide stalls from local community groups, property developers, Southwark Council (such as council recycling, libraries, and health services) along with borough wide community groups. The festival will have a main music stage providing different genres such as easy listening, blues and popular classics. We will also provide free face painting and fairground rides for children. All in all the Rotherhithe Festival provides a unique free day out for both the local and wider communities of Bermondsey and Rotherhithe.	£5,000
734383	Silverlock TRA	Health and well being for young and old	To improve physical health and well being for the local community to continue with a program of dance and exercise for all ages. This is open for all community and no bar on ethnicity or gender. Aim to increase attendance and quality of instruction. South Bermondsey and Rotherhithe wards had a higher percentage of children in year 6 who were obese between 2009/10 to 2011/12 (30.5%) than the Southwark average (26.6%) and London average (22.1%) in the same period. Source: Department of Health Cross-Government Obesity Unit NCMP Dataset.The lessons will be dance for the younger population and Jazz two sessions a week. For the older community 2 sessions of Keep Fit and one session a week of Line Dancing to keep their mind and body healthy. To encourage people to get together. We (TRA) had funded this through the monies from hire of the hall but this is becoming increasingly difficult to cover as money is needed for the continued upkeep as well. Aim to increase the attendance of the groups across all age categories.	£4,750
728787	Southwark Explorers' Club	Southwark Explorers' Club	We organise weekly visits by Southwark Pensioners to a wide variety of places of cultural, artistic and historic interest. We aim to make our outings affordable for all by subsidising entrance fees and tickets e.g. for theatre, concert or cinema. 			provide support, particularly for less mobile people, and make sure members get to the right place.	
734615	The Bermondsey Artists' Group managing CGP London	CGP London Community Allotment	Our project is to provide funds for our Community Gardener to deliver 27 free gardening workshops in our Community Allotment. The Community Allotment makes a significant contribution to our Community Inclusion and Learning programme that is designed to attract local people living on the adjacent high-density social housing estates to our venues. We run gardening workshops on Friday mornings for families with pre-school children so that can learn about growing food, harvesting and eating healthily. These provide families with the opportunity to: • Meet and work together with other local families so that they are less isolated. • Learn how to create a healthier diet for the whole family - Southwark has the highest proportion of obese Year 6 children (aged 10-11 years) in the country and the second highest for Reception children (aged 4-5 years). • Become more comfortable with learning within an arts venue – for many local people taking the first step entering the Gallery's garden space is much easier than taking a step into the gallery itself. However, once they become comfortable attending the gardening workshops they then start to participate in wider activities including the exhibitions and other art workshops.	£4,950

In order to encourage the community to enjoy and gain knowledge about their local parks	£4,820
725443	The IARS International Institute	What Young Southwark Wants (WYSW)	WYSW will be youth-led advocacy and skills development programme that will measure the success of the Southwark Children and Young Peoples' Plan focusing on the "Safety and Stability" priority. It is important that in addition to the analysis of the Plan's delivery by Southwark and research agencies, that feedback, thoughts, evaluation and critical thinking are carried out by Southwark's young people. Young voices will also need to be heard directly by local decision makers. To this end, over a period of 12 months, WYSW will be based at the youth-led charity, the IARS International Institute, and in partnership with 5 local organisations will: Focusing on Southwark's most marginalised youth, the WYSW outcomes are: By 31 March 2018: • 30 Southwark Youth report more skilled up, confident and qualified to continue as active citizens and ready to move into employment and education • 10 Southwark Youth report more aware and ready for moving from our internships to employment • 200 Southwark youth will have their voices heard on the Plan • The Southwark's Children and Families' Trust will have evidence-based, youth-led recommendations on which it will be able to build its new Plan.	£6,650

730560	The Salmon Youth Centre	Bermondsey in Bloom 2017	Bermondsey in Bloom is a gardening competition for all our community within all our wards. The Salmon Youth Centre has been running the gardening competition over the last three years. Young people design and then distribute posters in March to advertise the competition. They then design the application forms and send it out to all our networks using social media and our website. In the summer young people head around our applicants to take pictures of their garden. They may also come across gardens that they want to nominate. The photos are then laminated and brought to the community council in September for members of the public to vote in each of the categories'. Young people present at the community council and engage in local community council meetings.	£5,000
732879	Time and Talents	Crafty Beasts	The project's aim is to bring together children 8-11, along with their parents/guardians, and older people, to share traditional - and some less traditional - craft and making skills, learning and playing together in a fun, intergenerational environment. Older people can participate as fellow 'leisure learners' or undertake basic teaching training with a specialist tutor and volunteer to share a specific skill such as kitting/sewing, stick weaving, decoupage, printing etc.This project is needed for both educational and social reasons. .Older people in Rotherhithe are highly isolated and lack amenities or ways to interact with rest of community. Age UK's recent Loneliness and Isolation Evidence Review shows that intergenerational relationships are amongst the most successful ways of counteracting loneliness for older people.This project will benefit community by:• Increasing children's exposure to older people outside of their immediate family network • Building intergenerational connections	£5,400
721900	Walking Away From Diabetes	Walking Away From Diabetes (Diabetes Prevention Programme)	The project will achieve healthy lifestyle for for people identify as being at risk of Type two Diabetes.It is needed as Southwark has been identified with high risk number of it resident having type two diabetes because of their lifestyle. It will benefit the local community in increasing their life through the advice that will be given to them during the workshop about their diet, lifestyle and exercise to do to prevent them from Diabetes that is costing the local community, the NHS and the UK Government a lot of money	£30,000

734745	Youth United CIC	Fair Play	Interaction between young people and the Police can be problematic. Southwark is no exception and ongoing positive efforts have to be made to change perceptions. This project aims to bring 2 sides together for dialogue, challenging misconceptions and understanding each other's perspective. Although the area falls on 2 borough boundary lines, Millwall football club is locally adopted by Southwark young supporters, in conjunction with the Lions Community Centre The day will be hosted by Millwall and culminate in a Police versus youth football tournament. Students with emotional learning difficulties from several Southwark schools are invited, likewise 2 schools from Lewisham. It will comprise a series of workshops relating to Rights and Responsibilities in being Stopped and Searched by the Police, including roleplays and legal rights. This cohort of young people is affected more often and need to understand the process better. They will be able to explain this to family members who will reduce concerns about their wellbeing, and they will have more knowledge about how to deal with Police in a negative encounter.	£1,050

733717	Ascension Trust - Southwark Street Pastors	Southwark Street Pastors	Street Pastors as an initiative of Ascension Trust began in 2003 and has gained considerable experience and credibility as a result of our engagement with the vulnerable and disadvantaged and because of their well- developed network of relationships with the Police, local councils, statutory and voluntary organisations and the wider community. Across Southwark we operate in teams of 4-6. Each team operates from a local base, e.g., church, room, CCT monitoring office etc. and is briefed by the local police officer who highlights any situations they should be aware of. The Police are kept informed of who is patrolling and where. Street Pastors engage sensitively with a view to caring, listening and helping and signpost those in need to other services. They also identify the most vulnerable and seek to ensure a safe passage home or away from trouble. Examples are lone females being shown attention by unwanted male admirers or those that require immediate first aid. Street Pastors engage with business owners, shop keepers, night club owners, bus drivers and other members of the general public and contribute to the sense of community and general safety on the streets. Street Pastors sit on the Safer Neighbourhood Teams and work closely with local councils and are sometimes asked to provide a presence on local estates to look out those missing or vulnerable.More so now than ever before, they are recognised as an additional tactic to reduce crime and the fear of crime and to prevent anti-social behaviour.	£2,413
722556	Bermondsey Colts FC	Bermondsey Colts Football Club	My project is trying to achieve bringing the young teenagers/adults from off the streets and back playing the beautiful game that they enjoy whether it may be through playing or coaching, I have previously done this at a younger age but took a few years break, I feel this urgently needed but can only work with significant funding for it to be successful.	£10,000

735016	Bizzie Bodies CIC	Musical Magic	Musical Magic will enable musicians to share their talents with parents and children between 6 and 11 years of age. Skills for playing internationally popular string and electronic instruments will be taught with a view to producing two end of year and summer celebratory performances. Some changes aim to achieve will be improved interaction and strengthening of families and the local community; improved speech, language, communication and achievement through music and French language participation. Musical Magic will take place in Rotherhithe and Surrey Docks, an area of both cultural diversity and socio-economic disparity in terms of housing, employment and education. The sessions will take place at the Dockland Settlements. Our survey undertaken with 121 homes of various cultural and linguistic backgrounds in the area identified a need and market for affordable music sessions for children locally that could also be similar to the Midi Music Company project. We will aim to provide using French language instruction and traditional music from franco-phone Africa and Europe a total of 30 weeks of 4 workshops each (1 ukulele, 1 guitar and 2 keybords) for a capacity of 60 children, 2 events similar to Musical Magic pilot that welcomed 80 children in total who attended with their parents and a local nursery.	£6,000
733541	Cycle Training UK	Open Cycle Workshop	The aim of the Open Cycle Workshop is to empower local people to fix their own cycles and learn new skills. This will minimise a barrier to cycling and potentially help a young person consider developing their mechanic skills further.Cycle Training UK would open a cycle workshop (located just off Southwark Park Road) to local residents to enable them to work on their own bikes. Participants can use the workshop tools and an instructor mechanic will be on hand to offer advice. Workshop would take place at the weekend 10am - 2pm . We would offer use of 4 work-stands over 4 hours. Each week we can accommodate up to 12 people popping in over the 4 hours. People in the community can use the workshop to fix their own cycles or come with their cycles to practice and learn new mechanics skills from our trained cycle instructors.	£2,400

734096	Dockland Settlements	Adult Disability Zumba	The project will provide an organised, weekly, inclusive sports activity (zumba) for disabled adults based in Southwark in partnership with Bede House for whom we already provide a weekly adult disability football session. We will also get support from Southwark Council Disability Forum, of which Dockland Settlements is a member. The session will provide a fun, enjoyable, regular, sociable activity for disabled adults who might not normally take part in many sports or healthy activities. We will offer and promote the session to women but men will not be excluded if they wish to take part. I believe this will benefit an often ignored part of the local community - female disabled adults, improving their health, confidence and giving them something fun to take part in. Although there are already sports activities for disabled adults but many seem to be male dominated. The Southwark Disability Forum have said this activity we have plans for would be unique and popular and Bede House have also expressed an interest and think many of their clients will want to take part.	£2,580
734908	Faces In Focus	Therapeutic Groups and Family Therapy	We will provide therapeutic and recovery groups for children and young people aged 11-25 plus family therapy sessions. The groups and family therapy will be an extension to our one to one counselling service. The groups will cover things such as anxiety, depression, bullying, gang related issues and avoidance, forced marriage, abusive relationships, drug and alcohol abuse, family problems all of which are issues which can be positively dealt with in a group work setting. There is a real need for therapeutic groups and family therapy to be available for people in the 11-25 age range, particularly those who do not meet the strict requirements for NHS and other statutory services. The local community will benefit from extended access to therapeutic groups delivered at an early stage, providing a positive and beneficial intervention and so, for many, avoiding problems later on in life.	£5,000

734088	London Bubble Theatre	Primary	Primary', is our 6th intergenerational project that will explore one of our most important and universal rites of passage: the first years at school. The project will challenge our group of community participants (who will be working with professional artists) to stretch their creative muscles to imagine, explore, interpret and reflect on the role of schools, teachers, the method and art of teaching and; what being a teacher, a parent or pupil feels like today. The aim is to co-create a site-specific contemporary performance piece in Autumn 2017 with a multi-generational cast and choir. It will involve residents of BRCC wards as story tellers/ transcribers/ performers / volunteers/ choristers. We expect 60 -70% of all participants to be Southwark residents.The project will bring together people of different ages through the stages of interviewing, workshops and performance and would include a community choir. Working intergenerationally is incredibly important in today's society as both young people and older people can feel very cut off and isolated within their communities. There aren't many natural engagement models for the younger and older generation to get together but once they do, there are multiple benefits.	£6,500
734936	Mayflower 2020 Steering Group	Interpretation Boards	The 1620 departure from Rotherhithe of the Mayflower, with its Rotherhithe captain, Christopher Jones, & crew, will be celebrated in 2020. A Mayflower trail is being planned as part of a national trail and significant sites require interpretation boards: Christopher Jones statue Christopher Jones Square	£5,000---the test etc. will be provided by the group
734968	Mayflower 2020 Steering Group	Interpretation Boards	Provide information on historic sites to local and international visitors	£5,000
734898	Millwall Community Trust	Walking Sports for Older People	Millwall's Walking Sports for Older People programme is unique to other programmes available to older people. With over one years' experience now of delivering the newly formed activity in Southwark, the programme is now working in partnership with Southwark Alzheimer's Society, Southwark Pensioners Centre and Southwark Public Health to support older people and those with dementia or limited mobility. The two hour weekly activities offer older people the opportunity to meet other people whilst having fun, provide regular exercise through fun sporting activities which stimulate the mind, develop balance and hand-eye co-ordination, may support people with dementia to stay fit and healthy and support those with mental health difficulties and those with limited mobility. ". The activities have proved that stimulating the mind through exercise has had success with people with Alzheimer's which has not been previously recognised.	£6,104

730557	Rainbow Arts and Crafts Group	Enhancing our local Art Group	We are a local Community Art Group organised by volunteers and dependent on funding for accommodation, tutoring and materials. We meet once a week offering older people the opportunity to develop their creative talents and to engage with others in their community in a non threatening and social atmosphere. Exploring different aspects of Arts and Crafts provides a platform for creative expression helping improve both physical and mental wellbeing.	£795
731676	Ropemaker Road Community Group	Community Street Party and Traditional Seaside Beano	We are a local community group of residents working together to put on events that will encourage a sense of belonging and inclusiveness in the neighbourhood.We organised our first street party two years ago, it was enormously successful with over a 100+ people attending. Our neighbourhood is diverse with families from over 30 countries and cultures. We were able to come together and take part in a community building event where we shared food, music, dancing and various children's activities establishing a closer sense of community. The feedback was exceptionally positive, with many families expressing their wish for further events as previously they had felt a sense of isolation and exclusion within the neighbourhood. In response to this we organised a Christmas Celebration which was also well attended and enabled people to build on the sense of community that had been initiated at the first summer event. This year we are hoping to continue with our traditional British Street Party theme, encouraging everyone who attends to bring a cultural dish native to their cultural heritage. This will give many of the children attending to taste a wide range of food that they would not normally eat. Continuing the heritage theme, we would also like to offer an opportunity for residents to experience a traditional Cockney bus trip to the seaside. This will allow our elderly residents to reminisce about the past and share some of their memories with other families and young children.	£2,350
728787	Southwark Explorers' Club	Southwark Explorers' Club	We organise weekly visits by Southwark Pensioners to a wide variety of places of cultural, artistic and historic interest. We aim to make our outings affordable for all by subsidising entrance fees and tickets e.g. for theatre, concert or cinema. A new departure this year has been to take advantage of live relays at East Dulwich Picturehouse. We have no paid staff so that the planning, coordination and delivery of our activities is entirely done by unpaid members. Our members come from a wide range of social, cultural, religious and ethnic backgrounds. Our project is particularly valued by people who live alone and especially after being widowed. Our members socialise with each other on our outings and often meet up at other times. A member of the Committee leads each outing to provide support, particularly for less mobile people, and make sure members get to the right	£1,300

1234567	SOUNDCAMP	Soundcamp 2017	Soundcamp celebrates the Dawn Chorus on the Rotherhithe Peninsula. It attracts new audiences to Stave Hill Ecological Park with a weekend of workshops, performances, outdoor camping, food, a bat walk and a dawn chorus walk with expert guides. These activities provide diverse audiences of different ages with unusual points of contact with the natural environment, inviting us to think ecologically about our neighbourhoods, the city and the wider world. Soundcamp is an ongoing project of public engagement and collaborative exploration, drawing attention to an exceptional place with important things to say about how we live in the city with others. People have told us they value the mix of activities, the diversity of the audience and programme, and the fact it repeats each year. Our aim is for soundcamp to continue as a free annual event. In 2017 we expect 500 visitors, 70% local residents, including elders from Time and Talents and young farmers from Surrey Docks Farm. We are collaborating with the Rotherhithe Shed DIY group to make a permanent listening room for and beyond the event.	£2,000

733718	BSAP (Bermondsey Street Area Partnership)	People define Place	Placemarks shape the character of our areas. They can be views, buildings, open spaces, trees, public art, street furniture, rights of way, signs, names and other things. Three local organisations, Team London Bridge, STAMP (Shad Thames) and BSAP (Bermondsey Street Area Partnership) are working together to find out what placemarks local people think define the characters of our areas.The programme of engagement will include walks and roadshows to solicit input and feedback from people. Comments will be collected using a web-based tool for ease of recording and later analysis. Team London Bridge has experience of using Commonplace to collect comments from 800 people during the consultation on the local plan. Another tool, Stickyworld is in use in Honor Oak Park to collect comments on a neighbourhood plan. The tool for this project has yet to be selected.The output will be a comprehensive Placemark Listing for each of our three areas, to be used in considering planning applications, creating events and developing cultural activities.	£5,500
735001	Construction Youth Trust	Budding Builders Bermondsey	We help young people facing barriers to enter construction training/employment. Our staff will run a one year project from our Bermondsey training facility with 6 local young people aged 16-30. We work with local partners (e.g. Peabody, Southwark Works, Lambeth Working) to identify suitable participants. From Apr to Aug 2017 participants will undertake 40 hours of guided learning with our qualified Construction Trainers: Participants will create items needed by the Bosco Centre in Southwark. The Bosco Centre is a registered charity that provides a safe, educational setting for babies, young children and young people in Southwark. This community contribution promotes respect and consideration for other local residents and gives participants the opportunity to improve their local area. Participants have the opportunity to gain the following recognised qualifications: -Level 1 Health & Safety in the Construction Environment accredited by the Open College Network (OCN) -a Construction Skills Certification Scheme (CSCS) Health & Safety card (a requirement for employment on a construction site)	£4,939

732816	Create (Arts) Limited]	More Creative ~ Bede (More Creative)	More Creative is a creative arts project, which helps break down barriers, develop shared understanding and encourage social interaction by bringing together 10 participants from Bede House (BH) and 10 children from Grange Primary School (GPS), Bermondsey. In spring 2018, Create will deliver eight weekly full-day workshops in an artform(s) chosen by BH/GPS (eg dance/drama/music). Guided by Create's professional artists, participants will work in mixed groups, encouraging group cohesion, peer support, trust while exploring creative means of self-expression. The project will culminate in a performance/sharing of their work.Need: More Creative addresses the need for positive integration of people with learning disabilities, as identified through consultation with community partners and research. Disabled people are often socially excluded and 8/10 are bullied. A report by Scope revealed that 2/3 of the British public feel uncomfortable talking to disabled people. The report argues that the discomfort people feel about disability may stem from a lack of understanding. More Creative will enable disabled adults and primary schoolchildren to work together in collaborative activities that enable them to break down barriers, learn new skills and develop shared understanding.Benefit: Participants will have developed skills that they can take back into their homes, school, and community: confidence; empathy; positive social interaction; teamwork; communication; shared understanding. It will have given the participants a chance to share their ideas, interact together and perform/exhibit their work to friends, family and invited guests, helping them to feel valued and proud of their achievements. Feedback from the 2016 project demonstrates its impact and benefit: 100% of participants said that they enjoyed taking part in the project; while 100% of BH and GPS staff rated the project successful overall. Create is unaware of similar projects in Southwark.	£5,000
733541	Cycle Training UK	Open Cycle Workshop	The aim of the Open Cycle Workshop is to empower local people to fix their own cycles and learn new skills. This will minimise a barrier to cycling and potentially help a young person consider developing their mechanic skills further. Cycle Training UK would open a cycle workshop (located just off Southwark Park Road) to local residents to enable them to work on their own bikes. Participants can use the workshop tools and an instructor mechanic will be on hand to offer advice. Workshop would take place at the weekend 10am - 2pm . We would offer use of 4 work-stands over 4 hours. Each week we can accommodate up to 12 people popping in over the 4 hours. People in the community can use the workshop to fix their own cycles or come with their cycles to practice and learn new mechanics skills from our trained cycle instructors.	£2,400

734457	Detra	Party, noticeboards and table tennis	We would like to apply for 3 projects first of all we would like to have a major reopening party at the hall following its refurbishment to reintroduce it to th community, we would also like to apply for 40 noticeboards to put up in every block across the estate to improve the communication given to all residents as we have had mixed responses to our local noticeboards on the main roads not being seen and also to our regular newsletters that seem to be disregarded and disposed off without being read so are hoping that with noticeboards in each block tenants will see more and take the time to read. Finally we would also like to apply for 4 table tennis tables for outdoor use with proposed sites of Haredale House, Wrayburn, Peter Butler, Wickfield, Tupman, Ridge and Puckwick we would canvas if successful with tenants to see which areas are the most favoured.	As much as possible if not full amount
733796	Exchange Theatre	French through Drama to primary schools	Our project brings an hour of French and Drama to KS2 children to the two primary schools over 8 weeks and an hour of interactive storytelling to KS1 and EYFS.This is a new approach to learning languages. Through drama (games, improvisations and texts), the children will enjoy playing and exploring words without realising they are learning a new language. They will feel confident and enthusiastic speaking a foreign language. A child possesses many aptitudes which should be developed and nurtured, especially their capacity to adapt and assimilate. (For example, a child is able to hear and reproduce foreign sounds identically.) .-Some children are familiar with French but cannot speak it (African Francophile families have chosen to speak English to be part of the community, dismissing their native language). The project will bring them back to their roots, which parents would love to do but don't have the skills. -It is the kind of activities OFSTED want to see in the MFL programme to give a higher rating. Benefits for Southwark community-We aim to reach around 500 kids at school and 300 families living in Southwark. -The pupils will be more aware of other cultures and willing to open up towards other groups. -Drama will promote teamwork and reduce shyness. It will help children to increase their self-confidence, to get to know themselves and others better.	£4,120
734908	Faces In Focus	Therapeutic Groups and Family Therapy	We will provide therapeutic and recovery groups for children and young people aged 11-25 plus family therapy sessions. The groups and family therapy will be an extension to our one to one counselling service. The groups will cover things such as anxiety, depression, bullying, gang related issues and avoidance, forced marriage, abusive relationships, drug and alcohol abuse, family problems all of which are issues which can be positively dealt with in a group work setting. There is a real need for therapeutic groups and family therapy to be available for people in the 11-25 age range, particularly those who do not meet the strict requirements for NHS and other statutory services.	£5,000

			The local community will benefit from extended access to therapeutic groups delivered at an early stage, providing a positive and beneficial intervention and so, for many, avoiding problems later on in life.	
734425	Friche	Diaspore	Diaspore is an exhibition and participatory project space which focuses on ideas of ecology (is), ecosystems and their communities. Our aims is to offer a new platform acting as a bridge between art, design, science, cooking, writing amongst other forms of expression and involves various community groups to share ideas on what is means to exist together. Diaspore is run by Friche studio an art and design studio working towards the conception of eco-structures for urban communities. This year's programme, 'Friche Broadcasts', is explored through 6 modules: Mycelium, Hearing, Nervous system, Electric field, Airborne and Genetic transfer - looking at plant communication as a metaphor for social interaction. The events are led by artists, designers, scientists, chefs, community groups and all who wish to get involved. Alongside our programme of exhibitions and events, we want to organize outreach events taking place in local business and public-community spaces. For instance we are planning a 'Favour Bank' in which people can sign up and exchange favours every month. We would like to launch this project by organizing a meal, inviting participants to cook together in order to meet and exchange. We are currently discussing the possibility of hosting this event at the 'Bermondsey Community Kitchen' space.One of our commitments as a cultural space is to deliver educational workshops for schools in response to our programme of exhibitions and events. We believe that our creative and practical workshops will offer new opportunities to learn about ecology in a new exciting way by connecting it with art, design, science and cooking amongst other things and be engaging and nurture new vocations.	£2,000

734765	Glot Fashion Design Sewing Workshop	Glot Fashion Sewing Workshop	Glot Fashion Workshop is a dressmaking and sewing workshop. It teaches Fashion, Sewing Skills and Textile Design training through embedded learning, particularly for people living in North Southwark, Bermondsey and Rothehithe area, who would otherwise not leave their homes and be isolated. Beneficiaries- The unemployed, the elderly, Single parents, Refugees People:- Seeking qualification and an interest in dressmaking Isolated through culture or language barrier Who would like to develop basic skills in dressmaking and gain confidence to support their families and themselves. There would be 15 direct and about 50 indirect beneficiaries Why it is needed There is no other provider of this kind of opportunity in this area Southwark Borough in general is a very economically, deprived area with a high level of unemployment and economically inactive groups. Many of the families in this area are on low paid and having difficulties in finding an affordable source of traditional dress and has been denied the chance to learn the specialist techniques due to family, educational and social circumstances. Most of them English is their second language and therefore have difficulties in reading and understanding the conventional dress making patterns. The project cares passionately about helping people to be creative and bring out their hidden talent so it will teach freehand cutting techniques (sewing with out pattern)	£4,740
734752	Good Health Wealth Org	Community Abundance	What Community Cultivation is going to continue doing in 2017 is connecting and helping single people aged between 40 and 70 with or approaching chronic illnesses to better health. We use our out-reach programme from GP's, Libraries and community gardens to target those that will benefit mostly from our programmes. We facilitate our members firstly with placing them if not already in pop up and community gardens in Bermondsey and Rotherhithe. We offer all our members a free online course FoodCures168 that enables them to learn about the best foods to help them to physical betterment. . We also tackle isolation by running a batch cookery club Karmic Kitchen where we give our members the opportunity to cook healthily together sharing the meals and freezing them for personal use therefore adding variety and building on knowledge about which foods might best serve them. To round off our programme we run a product design course called Karmic Pantry which encourages our members to design, produce and make food products that incorporate most of the knowledge they've learnt with us. We will sell these at farmers and community markets enabling us to foster at local level on going community	£8,150

			abundance and programme sustainability.	
734088	London Bubble Theatre	Primary	Primary', is our 6th intergenerational project that will explore one of our most important and universal rites of passage: the first years at school. The project will challenge our group of community participants (who will be working with professional artists) to stretch their creative muscles to imagine, explore, interpret and reflect on the role of schools, teachers, the method and art of teaching and; what being a teacher, a parent or pupil feels like today. The aim is to co-create a site-specific contemporary performance piece in Autumn 2017 with a multi-generational cast and choir. It will involve residents of BRCC wards as story tellers/ transcribers/ performers / volunteers/ choristers. We expect 60 -70% of all participants to be Southwark residents. The project will bring together people of different ages through the stages of interviewing, workshops and performance and would include a community choir. Working intergenerationally is incredibly important in today's society as both young people and older people can feel very cut off and isolated within their communities. There aren't many natural engagement models for the younger and older generation to get together but once they do, there are multiple benefits.	£6,500
725416	Potters Fields Park Management Trust	The Big Picnic	The primary aim of the project is to engage with the local community and encourage them to enjoy and use our parks. The surrounding population is extremely diverse from varied demographics. This ranges from the affluent Shad Thames area to the social housing dominated Fair Community properties. These distinct groupings don't have many opportunities to meet and build social cohesion in the community. This project is designed to fill that void by creating an event to help bring together those diverse groups in an outdoor fun way. We have called our event in 2017 the 'Big Picnic'. The primary aim of this free event is for the local community to come to the parks with their own picnics and to share them with their neighbours and friends. The event will host local stalls from the likes of Brigade restaurant, The Bridge Lounge, Bee Urban, Southwark Brewery, Tower Bridge education team, Divine Chocolate, Gavin Jones gardening and Holly & Lill to name a few. There will also be local musicians and buskers, Punch & Judy, Face painting, roving entertainers and a City Farm in the children's area. The production of the event will be managed by Connection Crew, who area a local social enterprise that train up homeless people to become event professionals. They are extremely proficient in all health and safety.	£3,500

730557	Rainbow Arts and Crafts Group	Enhancing our local Art Group	We are a local Community Art Group organised by volunteers and dependent on funding for accommodation, tutoring and materials. We meet once a week offering older people the opportunity to develop their creative talents and to engage with others in their community in an non threatening and social atmosphere.Exploring different aspects of Arts and Crafts provides a platform for creative expression helping improve both physical and mental wellbeing. In order to continue and develop we are applying for some funding to 'Enhance our Creative Experience' we are applying for funding to visit Exhibitions, Galleries, Museums and Stately Homes together in order to develop our knowledge, build confidence and expand our horizons.	£795
734710	Riverside Parents and Carers Association	Events and sessions at Soft Play	Our group provides a safe environment for under 5s to play and get much needed exercise as well as fosters connections and combats isolation for parents. Many of the families in the area live in flats with limited play areas and no outdoor space. Our sessions provide young children with a unique opportunity to run and play in a large, safe indoor environment. Held in a full-sized gymnasium set up with soft play equipment, our sessions provide a space where under-5's can exercise and explore in an unrestrained environment, regardless of the weather. Children can develop their gross motor skills through the climbing frames, kicking balls, stepping stones, hula hoops, running etc. Southwark has a poor record for childhood obesity and our sessions play a part in helping young children get important exercise three times per week. Our Special events sessions will add on different skills and bring the community together under special themes activities that we organise throughout the year. For example: Sports week, Oral Health Week, Nutrition week, etc...	£6,204
734063	Shad Thames Residents Association	Cleaner Shad Thames	This project aims to continue to provide funding for additional cleaning (via the Council's cleaning contract) in the Shad Thames area, ensuring a cleaner environment for residents, businesses and visitors alike. Extra cleaning will be provided to address the problem of discarded cigarette ends and other waste bin rubbish at weekends and bank holidays, and in addition to the standard Council cleaning service. The impact is a cleaner environment for residents, visitors and businesses in the area, and a strong statement that the people who live in the area care about keeping the environment up to	£5,000

			a standard to be expected of an historic Conservation Area.	
728787	Southwark Explorers' Club	Southwark Explorers' Club	We organise weekly visits by Southwark Pensioners to a wide variety of places of cultural, artistic and historic interest. We aim to make our outings affordable for all by subsidising entrance fees and tickets e.g. for theatre, concert or cinema. A new departure this year has been to take advantage of live relays at East Dulwich Picturehouse. We have no paid staff so that the planning, coordination and delivery of our activities is entirely done by unpaid members. Our members come from a wide range of social, cultural, religious and ethnic backgrounds. Our project is particularly valued by people who live alone and especially after being widowed. Our members socialise with each other on our outings and often meet up at other times. A member of the Committee leads each outing to provide support, particularly for less mobile people, and make sure members get to the right place.	£1,300
728460	SOUTHWARK HELPING HANDS	Exercise And Dance Programme	Improve overall health and mobility of people with learning and physical disabilities. And the local elderly community	£1,500
731917	STAMP (Shad Thames Area Management Partnership)	Tales and Trails: Shad Thames Stories	STAMP has a proven track record, having organised eight successful community events in Shad Thames since June 2014. This project will build on our success by creating a longer-term programme to strengthen the local community's sense of place and its active involvement with the Shad Thames area and nearby. The approach will be inclusive, encouraging everyone who lives and/or works in or near the area to learn about, take pride in and celebrate what makes this area distinctive. Following on from the continuing collaboration between STAMP, Team London Bridge and BSAP (Bermondsey Street Area Partnership), we will organise events to highlight what makes a positive contribution to the identity and character of Shad Thames. Local people will be involved in exploring the area and sharing their personal perspectives; everyone's views will be welcomed. The programme of events will include collecting and hearing the stories of local residents and businesses; interactive walks and social media; community conversations; and panel-led discussions. The time periods covered will be comprehensive, including heritage and the past; people's recent and current experience of the area; and expectations and aspirations for future. As in previous years, events will be tied in with London Festival of Architecture (in June, with the theme for 2017 being "memory") and Totally Thames (in September).	£1,885

734985	The Friends of Southwark Park	The Friends of Southwark Park Summer Programme 2017	To provide a programme of summer activities for the community and supporting publicity materials: 1x Bobby Abel Cricket Cup for Primary Schools-May 1xSouthwark Park Football Cup for children-June 1x Primary Schools Athletics Festival-June 1xBermondsey Carnival Tennis Day in Southwark Park for adults and children-July. 1xBermondsey Carnival Traditional Children's Games-July 1x Bee Experience day at Southwark Park-date tbc 1xGuided Tour. Ada Salter Garden,Southwark Park, July 10,000xtree walk leaflets to provide information about the many specimens in Southwark Park. 1xGuided Tour: Kings Stairs Gardens. June 10,000 events programme flyers. The flyer will go online on website. All the activities to be free of charge. In order to encourage the community to enjoy and gain knowledge about their local parks	£4,820
730560	The Salmon Youth Centre	Bermondsey in Bloom 2017	Bermondsey in Bloom is a gardening competition for all our community within all our wards. The Salmon Youth Centre has been running the gardening competition over the last three years. Young people design and then distribute posters in March to advertise the competition. They then design the application forms and send it out to all our networks using social media and our website. In the summer young people head around our applicants to take pictures of their garden. They may also come across gardens that they want to nominate. The photos are then laminated and brought to the community council in September for members of the public to vote in each of the 6 categories'. -Residents will enjoy vibrant gardens and window boxes throughout their communities. -Young people will be involved in designing and running a community project. -Young people will learn how to use a camera, learn how to design posters and help distribute 80 of these. -Young people will learn about gardening. -We aim to get 30 local residents taking part in the competition. -Young people present at the community council and engage in local community council	£5,000

			meetings.	
730507	The Salmon Youth Centre	Leap into Life	The Leap Into Life project will engage 400 disadvantaged young people, including disabled young people who are under-achieving in school and have little parental support, in accessible non-traditional adventure based activities to•Improve their levels of confidence, motivation and engagement in other activities •Achieve physical challenges and quick youth work outcomes without much prior skill or ability•Develop skills around communication, team-working, safe risk-taking•Share unique experiences that strengthen relationships and improve self-esteem The Centre has developed an 8 event indoor ropes course (Leap of faith, bungee trampoline, the giant trapeze, the flying squirrel, Jacob's ladder, the cargo net and the hurricane) that enables young people to climb up or abseil down a 12m climbing wall, leap off balconies and swing across the sports hall as if flying in a challenging yet safe environment.There will be 7 adventure sessions per week, at least one running every evening, starting from April 2015. An experienced adventure worker will run the sessions and provide additional training to staff/volunteer leaders, to maintain our 100% safety record. Young people can gain accreditation/certification in each of the adventure activities, and eventually work towards an AQA award in climbing/abseiling if interested.	£10,000
733634	Two towers TMC	Community boat trip to Kew Gardens	We are applying for the neighbourhood fund to facilitate a residents' boat trip to Kew Gardens. We would like to apply for £1500 for this trip. Our residents live in two tower blocks and do not get the opportunity to interact with their neighbours and we are hoping that this trip will be an opportunity for people to know their neighbours and to get more involved in the tenant management group. This trip is designed to inspire people to join our proposed gardening club, which we hope to start in the spring, to look after the plants and flowers on the estate and share their skills and interests with people to brighten and improve their neighbourhood and become more involved in their community. The costing's are based on group bookings for 30 adults and 20 children	£1,500
