<b>Item No.</b> 13.1	<b>Classification:</b> Open	<b>Date:</b> 29 April 2013	<b>Meeting Name:</b> Bermondsey and Rotherhithe Community Council
<b>Report title:</b>		Cleaner Greener Safer 2013/14: Capital Funding Allocation	
<b>Ward(s) or groups affected:</b>		Grange, Riverside, South Bermondsey, Rotherhithe, Livesey, Surrey Docks	
<b>From:</b>		Head of Public Realm	

## RECOMMENDATION

1. To approve the allocation of funds for the 2013-14 Cleaner Greener Safer capital programme in the Bermondsey and Rotherhithe Community Council area from the list of applications set out in Appendix 1.

## BACKGROUND INFORMATION

2. The Council's Cleaner Greener Safer (CGS) capital programme has been running since 2003.
3. In the first ten years of the CGS programme, £26,633,000 has been allocated to community councils leading to 1,548 projects being approved.
4. In the Bermondsey and Rotherhithe Community Council area, £6,414,769 has been allocated to 324 projects, 297 of which have been completed to date.
5. For 2013/14, community councils have also been able to allocate CGS revenue and applications were invited for both capital and revenue ideas. The allocation of revenue is dealt with by a separate report on this meeting's agenda.
6. Examples of the types of projects that have been funded include:
  - Parks, community gardens, landscaping, tree planting and wildlife areas
  - Children's playgrounds, youth facilities, ball courts and cycle tracks
  - Lighting, security measures, pavements, streets, and tackling 'grot spots'.

## KEY ISSUES FOR CONSIDERATION

7. There is £492,381 for the 2013/14 CGS capital programme for new projects in the Bermondsey and Rotherhithe Community Council area.
8. Eligible proposals must bring about a permanent improvement and make an area cleaner, greener or safer.
9. Proposals with revenue costs, including salaries or computer equipment, feasibility studies, costs for events, festivals, workshops or other one-off events are not eligible for capital funding. CCTV proposals, internal improvements to

housing property, works on schools where there is no access to the general public are also not eligible. Works on private property are not eligible unless there is a long-term guarantee of public access or a demonstrable public benefit.

10. The application form invited expressions of interest for the applicants to deliver projects themselves. A due diligence exercise to ensure that this is both practical and realistic has been undertaken as part of the feasibility process. In such cases, the council would give the funding allocation to the applicant in the form of a capital grant, with appropriate conditions attached.

### **Policy implications**

11. The Cleaner Green Safer programme is fully aligned with the council's policies around sustainability, regeneration and community engagement.

### **Community impact statement**

12. The roles and functions of community councils include the promotion of involvement of local people in the democratic process and taking decision-making closer to local people. Community councils take decisions on local matters including environmental improvement and community safety as well as consultation on a wide range of policies and strategies that affect the area.
13. An explicit objective within community councils is that they be used to actively engage as widely as possible with, and bring together, Southwark's diverse local communities on issues of shared or mutual interest. The Cleaner Greener Safer programme is an important tool in achieving community participation.
14. All ideas for CGS projects come directly from the local community via a simple project nomination form. Specific schemes will then be agreed by Community Councils and will reflect local needs and priorities.

### **Resource implications**

15. The funding for the 2013/14 CGS capital programme was approved by the cabinet and is part of the council's overall capital programme as detailed in the Launch of Cleaner Greener Safer Capital Programme 2013/14 report dated September 2012.
16. All professional fees related to the project are also allowed to be treated as the capital costs of the project. Where projects are awarded as a grant to organisations, the community council award letter will not include the professional fees which will be charged direct to project costs.
17. CGS projects must be completed within two years of award of funding. Projects that are unlikely to be completed within two years will be reported to the community council and available budgets may be reallocated to other projects.
18. After the defects and liability period, or three year maintenance period in the case of planting works, all future maintenance is assumed by the asset owner, for example Housing, Parks, Highways, or in some cases external asset owners. Therefore, there are no revenue implications to the Public Realm

projects business unit as a result of approving the proposed allocation.

### **Consultation**

19. All Cleaner Greener Safer projects require consultation with stakeholders, including the project applicant, local residents, Tenants and Residents Associations and local community groups where appropriate.

### **SUPPLEMENTARY ADVICE FROM OTHER OFFICERS**

#### **Director of Legal Services**

20. This report is recommending that the Bermondsey and Rotherhithe Community Council approve the allocation of funds to the individual projects specified at Appendix 1. The power for this function is derived from Part 3H paragraph 11 of the Constitution which states that Community Councils have the power of "Approval of the allocation of funds to cleaner, greener, safer capital and revenue schemes of a local nature, using the resources and criteria identified by the cabinet".
21. The Cabinet Member for Transport Environment and Recycling approved the funding for the 2013/2014 programme in September 2012 by exercising his powers under Part 3D paragraph 2 of the Constitution; and the community council approval being sought here is therefore the next constitutional step in the process.
22. Community council members also have powers under paragraph 12 of Part 3H of the constitution to oversee and take responsibility for the development and implementation of the local schemes.

#### **Strategic Director of Finance and Corporate Resources**

23. This report recommends approval of the allocation of funds for the 2013/14 Cleaner Greener Safer programme in the Bermondsey and Rotherhithe Community Council area from the list of applications set out in Appendix 1.
24. It is noted that the capital funding for the Cleaner Greener Safer (CGS) programme has been approved and contained within the departmental capital budgets as part of the council's overall capital programme.
25. Officer time and any other costs connected with this recommendation will be contained within existing budgeted revenue resources.

### **REASONS FOR URGENCY**

26. CGS projects are subject to conditions, including a two year delivery deadline. If decisions are not taken in April, projects with planting or greening elements will be subject to a disadvantage. Design and consultation would take place into the autumn and planting may not be possible until the next financial year.

### **REASONS FOR LATENESS**

27. The report could not be circulated five clear working days before the meeting, as detailed internal consultation was necessary on a number of the proposals,

which was not complete in time for the original submission deadline for this meeting.

<b>Item No.</b> 13.2	<b>Classification</b> Open	<b>Date:</b> 29 April 2013	<b>Meeting Name:</b> Bermondsey and Rotherhithe Community Council
<b>Report title:</b>		Cleaner Greener Safer Revenue Fund 2013/14	
<b>Ward(s) or groups affected:</b>		Livesey, Rotherhithe, Surrey Docks, Grange, Riverside, and South Bermondsey	
<b>From:</b>		Stephen Douglass, Head of Community Engagement	

### RECOMMENDATION

1. That the Bermondsey and Rotherhithe Community Council allocate £110,000 of the Cleaner, Greener, Safer (CGS) Revenue Fund 2013-14. The projects to be considered for allocation are set out in Appendix 1.

### BACKGROUND INFORMATION

2. A Cleaner, Greener, Safer Revenue Fund consisting of £210,000 across the borough, with an allocation of £10,000 per ward, was introduced as part of the budget strategy agreed at the council assembly meeting on the 29 February 2012. At the council assembly meeting which took place on the 27 February 2013, it was furthermore agreed to allocate an additional £10,000 per ward making the total Revenue Fund available of £410,000 across the borough resulting in £20,000 per ward.
3. The aim of this fund is to give community councils decision making powers over significant amounts of revenue funding that they can allocate to meet locally determined priorities. It is anticipated that the availability of the revenue fund will enhance and complement the effectiveness of the capital fund.
4. On 1 March 2012 the Leader of the Council delegated the executive function to each community council to take the Cleaner, Greener, Safer Revenue Funding decisions in their areas.

### KEY ISSUES FOR CONSIDERATION

5. The community councils will use the criteria set out below for the allocation of this funding.
  - a. Proposals that make an improvement to an area on the basis of making it cleaner, greener or safer or a combination.
  - b. CGS applications from the capital round which were ruled out because they were revenue applications.
  - c. The revenue fund could be used to meet the revenue costs associated with a CGS capital award.

- d. A community council may choose to allocate some or all of their revenue resources to their CGS capital allocations.
  - e. Subject to the availability of resources, the revenue fund may be used to buy services from the council.
6. While the allocation is based on £20,000 per ward, a community council can, if it chooses, decide to aggregate all or part of the funding and spend more than £20,000 per ward.
  7. Community councils will be free to indicate whether they would like expenditure to be an ongoing commitment over more than one financial year or spending over a fixed timescale for a one-off project. Commitments will be subject to final agreement of the council budget and a decision by each community council on an annual basis.
  8. As with any executive decision taken by community councils this is subject to the council's existing scrutiny arrangements.

### **Delivery**

9. Once the community council has made their selections by the method of their choice they will be designed and delivered as soon as possible in 2013/14. Any under spends or projected overspends will be reported back to community council for resolution or reallocation.

### **Community Impact Statement**

10. The roles and functions of community councils include the promotion of involvement of local people in the democratic process. Community councils take decisions on local matters including environmental improvement and community safety as well as consultation on a wide range of policies and strategies that affect the area.
11. An explicit objective within community councils is that they be used to actively engage as widely as possible with, and bring together, Southwark's diverse local communities on issues of shared or mutual interest. The Cleaner Greener Safer programme is an important tool in achieving community participation.
12. In fulfilling the above objectives that community councils have of bringing together and involving Southwark's diverse local communities, consideration has also been given to the council's duty under The Equality Act 2010 which requires the council to have due regard when taking decisions to the need to:
  - a. Eliminate discrimination, harassment, victimisation or other prohibited conduct;
  - b. Advance of equality of opportunity between persons who share a relevant protected characteristic and those who do not share it
  - c. Foster good relations between those who share a relevant characteristic and those that do not share it.
13. Of particular regard are issues of age, disability, gender reassignment, pregnancy and maternity, race, religion or belief, sex, sexual orientation.
14. Having due regard to the need to advance equality of opportunity is further defined in S.149 as having due regard to the need of:

- a. Remove or minimise disadvantages connected with a relevant protected characteristic
- b. Take steps to meet the different needs of persons who share a relevant protected characteristic
- c. Encourage persons who share a relevant protected characteristic to participate in public life or any other activity in which they are under-represented.

### **Resource implications**

15. The total cost of the CGS Revenue Fund is part of the Budget process for 2013/14 agreed by Council Assembly. Any costs incurred in implementing this fund will be met within existing resources.

### **Policy implications**

16. The CGS Revenue Fund is fully aligned with the Council's policies toward sustainability, regeneration and community engagement.

### **Consultation**

17. Decisions will reflect longstanding ward priorities and may be complementary to the decisions made in the CGS Capital fund allocation. In this first year of the scheme consultation took place at the Community Council meetings and is therefore now an integral part of the decision making process.

### **Legal Implications**

18. The Local Government Act 2000 [as amended] ('the Act') gives the leader the power to delegate any executive function to whoever lawfully can undertake the function. The allocation of the Cleaner, Greener, Safer revenue fund (CGS) is an executive function.
19. Community councils are 'area committees' within the meaning of the Act and executive functions can be delegated to them by the leader.
20. In allocating funding under the CGS community councils must have regard to the council's equality duties set out in section 149 of the Equality Act 2010. The report author has demonstrated how those duties have been considered in the body of the report at paragraphs 12, 13 and 14 in the Community Impact Statement.

### **REASON FOR URGENCY**

21. The decisions need to be taken at the April community council meeting as a number of projects are dependant on funding to start in time for growing season, so a later decision would endanger the delivery of the projects in this financial year.

### **REASON FOR LATENESS**

22. The report could not be circulated five clear working days before the meeting, as detailed internal consultation was necessary on a number of the proposals, which was not complete in time for the original submission deadline for this meeting.

**Bermondsey and Rotherhithe Cleaner Greener Safer Revenue 2013 Proposals for consideration**

<b>Proposal</b>	<b>Description</b>	<b>Ref No</b>	<b>Ward</b>
Reprint of Rotherhithe Map	Highlighting specific sites of interest has often led to a renewal of attention and refurbishment for greater enjoyment and benefit e.g. the drinking trough in Surrey Quays Rd. Knowing where you are is part of being safe and Rotherhithe is on the whole poorly signed. The map is of great help in making sure that particularly newcomers to the area are aware of their surroundings.	169775	Rotherhithe, Livesey & Surrey Docks
Southwark Run! Athletics Activator	Greater engagement with young people who are at a risk of causing anti-social behaviour or are not engaging in other positive diversionary activities. Also volunteering opportunities for those who wish to develop a career in the sport. Young people can become qualified athletics coaches and fitness trainers.	170695	Rotherhithe, Livesey & Surrey Docks
Introducing Companion Groups	A. Rough sleepers, homeless people and other vulnerable people will improve their well being, social networks and independence (measured using The Outcomes Star). Also, formerly homeless people visiting Companions Groups will be less likely to return to life on the streets (return rate will be compared with figures from the CHAIN database). B. By creating small scale communities of mutual support Companions Groups will remove some of the barriers to inclusion in wider society faced by homeless and newly housed people. Social inclusion will also be enhanced through the relationships built up within the groups. C. Housing Justice already works alongside and in partnership with the Faith Groups Coordination Project based at The Passage. One of the key roles of the Companions Groups will be to signpost people to statutorily funded services and to provide advocacy support to clients and potential clients.	173453	Boroughwide
St Anne's Church Young Youth Group	Start a young youth club in St Anne's Church that would need 5 CRB helpers & some stock so we can have a homework club, a beauty section & a drawing section. The Club will give the children hope, friendship & direction.	300023	South Bermondsey
Bede House - (Part-time) youth worker	A part-time Outreach Youth Worker just for South Bermondsey, based on an experienced worker from their team who knows the neighbourhood very well, especially the Blue.		South Bermondsey

Proposal	Description	Ref No	Ward
Bermondsey Traders Association	We plan to hold a one off music / community event in the market place at the Blue. We would work with local TRA's, youth groups, local charities and local business to give local kids and performers the chance to perform and showcase the positive music talent in the area. To be held on 18/08/2013		South Bermondsey
The Salmon Street Bike Project (Outreach)	The street bike project will take place for 3 weeks in 4 different estates engaging 80 young people (YP). The aim of the project will be to: Provide basic bike maintenance on estates around Bermondsey. To provide 4 x 3 week AQA bike maintenance course in Salmons Bike workshop. To provide 3 bike trips for YP. The project will tackle anti social behaviour, unhealthy lifestyles, road safety, and help to up-skill YP. We will target BAME (British, Asian and Minority Ethnic), deprived and hard to reach groups where access to cycling is limited by income, equipment, health, ability, skills or information. It will encourage people to cycle as a means of transport.	173561	Grange, Riverside & South Bermondsey
'Blooming Southwark!'	The importance of promoting and supporting local community action around 'growing & greening' to enhance the urban environment and support the quality of life and wellbeing of residents in Bermondsey & Rotherhithe. To establish a 'growing & greening' network in B&R. More info available	173586	Surrey Docks
Community consultation for The Aristotle Project,	To build an interactive website to facilitate community consultation for Aristotle project. An alternative arts centre where visiting artists who exhibit or perform at night will do workshops for children and the public during the day. We wish to offer creative animation classes based on the history of the local area and explore Nano technology and micro science using creative animation. Linking to the nature reserve around this area, we will develop the knowledge of what goes on inside the seeds and cells. Working with local groups and schools to make the space work throughout the day and as an inspirational after school venue.	173538	Surrey Docks or Rotherhithe
Kids@ Stave Hill Mosaic signs at Stave Hill Ecology Park entrance	During the spring half term, Kids@Stave Hill will invite the 1st St James Brownies, Rainbows & Guides to help create two mosaic signs for Stave Hill Eco Park. These signs, made by local children, will create a statement entrance to the park, and will add the finishing touch to the gateway area.	172407	Surrey Docks

Proposal	Description	Ref No	Ward
Albion Primary School	Develop a Forest School within the Early years Foundation Stage. Forest schools are a type of outdoor education in which children visit forests/woodlands, learning personal, social and technical skills - to encourage and inspire individuals of any age through positive outdoor experiences.	165107	Rotherhithe
Saving Senior Art Group / Rainbow Arts at Time and Talents	Provide funding for hall hire for Seniors Art group who are residents of Rotherhithe and Bermondsey to continue to meet weekly to socialise and explore their creativity.	173025	Rotherhithe
The Aristotle Project,	An alternative arts centre where visiting artists who exhibit or perform at night will do workshops for children and the public during the day. We wish to offer creative animation classes based on the history of the local area and explore Nano technology and micro science using creative animation. Linking to the nature reserve around this area, we will develop the knowledge of what goes on inside the seeds and cells. Working with local groups and schools to make the space work throughout the day and as an inspirational after school venue.	173525	Surrey Docks or Rotherhithe
Pynfolds Estate Communal Garden Initiative	To encourage the people living in the estate to engage in gardening and related activities, to foster healthier lifestyle, social interaction and awareness of environmental issues.	173297	Rotherhithe
Creation of Living Wall	The boundary wall between the church and the King's Stair Gardens is underutilised and unseemly. The creation of a Living Wall will add character to this area of the King's Stair Gardens and encourage the Gardens attendance and the use of eco-friendly architectural features in our parks.	173319	Rotherhithe
Thyme on our Hands	We wish to work in partnership to bring an underused and overgrown garden back into use and make it accessible to all. During and after the development we will use the garden to improve the health and wellbeing, employment, volunteer and leisure opportunities of people in the local community.	173591	Rotherhithe
DIY Allotment :Family Gardening Sessions	"Grow to Sell" at the DIY Allotment will tackle the issue of adult unemployment in Bermondsey. We have support of Capital Growth Team LB and Southwark Family Learning to deliver a years worth of "Grow to Sell" allotment sessions in Southwark Park. Herbs and vegetables will be sold to a restaurant in Bermondsey.	164449	Rotherhithe

Proposal	Description	Ref No	Ward
Street lights arent just for Christmas!	There are 59 mature trees on Tower Bridge Road, from the Bricklayers Arms roundabout to Tower Bridge itself. As tree lighting depends on electricity supplied by lamp posts, the number of trees which can be used becomes limited due to a smaller number of lamp posts. In addition, certain trees which are very close to obstacles such as bus stops and traffic lights cannot be considered. Furthermore, trees which are more than a certain distance from a power supply cannot be used. Certain areas of Tower bridge Road are already quite well lit and do not require further lighting, therefore the lights will be strategically installed into trees where the impact will be significant. From our preliminary findings, a total of 10 trees have been decided on; 7 of which will occupy the area between the Abbey Street junction and Bricklayers Arms roundabout. The remaining 3 will be positioned between the Druid Street Junction and Abbey Street. This is subject to approval by TFL, who we have been in contact with.	173567	Grange
Leathermarket Community Sculpture Project 2013	Series of free and open workshops to be held on Whites Grounds Estate, which give local people the opportunity to create a stone sculpture which will be shown at an exhibition of all the individual works before becoming part of larger collective sculpture to be composed, assembled and fixed permanently on Whites Grounds Estate. Workshops will run every weekend day throughout June 2013, following launch weekend in Bermondsey Square at late May Bank holiday weekend (secured funding through Bermondsey Square Community Fund).	173556	Grange
Capoeira Community	Bring Capoeira to Bermondsey Street and surrounding areas as there is nothing currently available that offers what Capoeira brings to a community. Capoeira brings people together and instils a sense of common belonging. More info available	173496	Grange
Garden maintenance on Hazel Way Setchell Estate	Garden area behind Boucher School was beautifully planted 5 years ago and maintained by residents. We are mostly pensioners and we would like to purchase 100 litres of fertiliser to enrich the soil, plant spring and summer bulbs, shrubs; employ freelance gardener to carry out maintenance twice a month.	173032	Grange
