Item No: 5	Classification: Open	Date: 17 September 2013	Meeting Name: Planning Committee
Report title:		Addendum Late observations, consultation responses, and further information.	
Ward(s) or groups affected:		Surrey Docks	
From:		Head of Development Management	

PURPOSE

- 1 To advise Members of observations, consultation responses and further information received in respect of the following planning applications on the main agenda. These were received after the preparation of the report and the matters raised may not therefore have been taken in to account in reaching the recommendation stated.

RECOMMENDATION

- 2 That Members note and consider the late observations, consultation responses and information received in respect this item in reaching their decision.

FACTORS FOR CONSIDERATION

- 3 Late observations, consultation responses, information and revisions have been received in respect of the following planning applications on the main agenda:
 - 3.1.1 **Item 5.1: FORMER MULBERRY BUSINESS PARK, LAND BOUNDED BY CANADA STREET, QUEBEC WAY AND HARMSWORTH QUAYS PRINT WORKS, LONDON SE16**
 - 3.2 No additional representations have been received.
 - 3.3 Amend paragraph 166 of the officer report as follows:
 - 3.4 As the site is not located in a CPZ there is no opportunity to control overspill parking from the development at present. However, it is recommended that a clause be included in the s106 agreement preventing future occupiers of the student accommodation and affordable housing from being able to obtain parking permits in the event that that a CPZ is designated. This has been discussed with the applicant who agrees to this in relation to the student housing, but does not consider that it should be required for the affordable housing units. However, officers consider that this would be necessary and would be consistent with the approach taken at a recent permission on Quebec Way Industrial Estate. It is therefore recommended that a clause to this effect be included within the s106.
 - 3.5 Add the following to paragraph 254 of the officer report:

- 3.6 Clauses are to be included in the s106 to secure the affordable units as affordable in perpetuity, including the tenure split, ~~and~~ nominations rights for the Council, occupation of no more than 50% of the student housing before the affordable housing has been completed and handed over.

- 3.10 Amend condition 12 as follows:
- 3.11 Prior to the ~~commencement of above grade works~~ occupation of the student housing, details of a strategy for the management of the move-in and move-out of student occupiers of the development detailing how disruption to the highway network and disturbance to neighbouring occupiers would be minimised shall be submitted to and approved in writing by the Local Planning Authority. REASON FOR LATENESS

4. The comments reported above have all been received since the agenda was printed. They all relate to an item on the agenda and Members should be aware of the objections and comments made.

REASON FOR URGENCY

5. Applications are required by statute to be considered as speedily as possible. The application has been publicised as being on the agenda for consideration at this meeting of the sub-committee and applicants and objectors have been invited to attend the meeting to make their views known. Deferral would delay the processing of the applications/enforcements and would inconvenience all those who attend the meeting
