

# Peckham and Nunhead Community Council

*Theme: Revitalised neighbourhoods, community spaces and homes*

Monday 23 March 2015

7.00 pm

Harris Academy Peckham, 112 Peckham Road, London SE15 5DZ

## Membership

Councillor Johnson Situ (Chair)  
Councillor Cleo Soanes (Vice-Chair)  
Councillor Evelyn Akoto  
Councillor Jasmine Ali  
Councillor Fiona Colley  
Councillor Sunil Chopra  
Councillor Nick Dolezal  
Councillor Gavin Edwards

Councillor Renata Hamvas  
Councillor Barrie Hargrove  
Councillor Richard Livingstone  
Councillor Victoria Mills  
Councillor Jamille Mohammed  
Councillor Sandra Rhule  
Councillor Michael Situ

---

Members of the committee are summoned to attend this meeting

**Eleanor Kelly**

Chief Executive

Date: Friday 13 March 2015

## Order of Business

**Item  
No.**

**Title**

1. INTRODUCTION AND WELCOME
2. APOLOGIES
3. DISCLOSURE OF MEMBERS' INTERESTS AND DISPENSATIONS

Item No.	Title	Time
	Members to declare any interests and dispensation in respect of any item of business to be considered at this meeting.	
<b>4.</b>	<b>ITEMS OF BUSINESS THAT THE CHAIR DEEMS URGENT</b>	
	The chair to advise whether they have agreed to any item of urgent business being admitted to the agenda.

	A public question form is included on page 9.	
	This is an opportunity for public questions to be addressed to the chair.	
	Residents or persons working in the borough may ask questions on any matter in relation to which the council has powers or duties.	
	Public questions submitted will be announced by the chair.	
	Any questions submitted in advance will receive responses at the meeting or a future meeting.	
15.	<b>COMMUNITY COUNCIL QUESTION TO COUNCIL ASSEMBLY</b>	9.30 pm

<b>Item No.</b>	<b>Title</b>	<b>Time</b>
-----------------	--------------	-------------

Each community council may submit one question to a council assembly meeting that has previously been considered and noted by the community council.

Any question to be submitted from a community council to council assembly should first be the subject of discussion at a community council meeting. The subject matter and question should be clearly noted in the community council's minutes and thereafter the agreed question can be referred to the constitutional team.

The community council is invited to consider if it wishes to submit a question to the ordinary meeting of council assembly.

<b>16.</b>	<b>LOCAL PARKING AMENDMENTS</b> (Pages 70 - 84)	9.40 pm
------------	-------------------------------------------------	---------

**Note:** This is an executive function.

Members to consider the recommendations in the report.

#### **OTHER REPORTS**

Ivydale Traffic Calming Review – report to follow.

Date: Friday 13 March 2015

## **INFORMATION FOR MEMBERS OF THE PUBLIC**

---

**CONTACT:** Beverley Olamijulo, Constitutional Officer, Tel: 020 7525 7234 or email: [beverley.olamijulo@southwark.gov.uk](mailto:beverley.olamijulo@southwark.gov.uk)  
Website: [www.southwark.gov.uk](http://www.southwark.gov.uk)

---

### **ACCESS TO INFORMATION**

On request, agendas and reports will be supplied to members of the public, except if they contain confidential or exempted information.

### **ACCESSIBLE MEETINGS**

The council is committed to making its meetings accessible. For further details on building access, translation and interpreting services, the provision of signers and other access requirements, please contact the Constitutional Officer.

Disabled members of the public, who wish to attend community council meetings and require transport assistance in order to attend, are requested to contact the Constitutional Officer. The Constitutional Officer will try to arrange transport to and from the meeting. There will be no charge to the person requiring transport. Please note that it is necessary to contact us as far in advance as possible, and at least three working days before the meeting.

### **BABYSITTING/CARERS' ALLOWANCES**

If you are a resident of the borough and have paid someone to look after your children or an elderly or disabled dependant, so that you can attend this meeting, you may claim an allowance from the council. Please collect a claim form from the Constitutional Officer at the meeting.

### **DEPUTATIONS**

Deputations provide the opportunity for a group of people who are resident or working in the borough to make a formal representation of their views at the meeting. Deputations have to be regarding an issue within the direct responsibility of the Council. For further information on deputations, please contact the Constitutional Officer.

**For a large print copy of this pack,  
please telephone 020 7525 7234.**

<b>Item No.</b> 11.	<b>Classification:</b> Open	<b>Date:</b> 23 March 2015	<b>Meeting Name:</b> Peckham and Nunhead Community Council
<b>Report title:</b>		Cleaner Greener Safer: Funding Reallocation	
<b>Ward(s) or groups affected:</b>		The Lane	
<b>From:</b>		Head of Public Realm	

## RECOMMENDATION

1. That Peckham and Nunhead Community Council approve the re-allocation of a total of £15,000 as part of the 2015/2016 programme, as set out in Appendix 1.

## BACKGROUND INFORMATION

2. Cleaner Greener Safer (CGS) is part of the London Borough of Southwark's capital programme. Between 2003 and 2014, £7.85m has been made available to local residents in Peckham and Nunhead Community Council area, to apply for awards to make their local area a better place to live. The programme attracts hundreds of proposals ranging from a few hundred pounds for bulb planting to brighten up open spaces to tens of thousands of pounds to create community gardens. These projects often introduce new ideas such as outdoor gyms in public spaces, community gardens, public art and energy saving projects which not only make the borough cleaner, greener and safer but greatly contribute to a sustainable public realm by involving residents in the funding process and in the delivery of projects.

## KEY ISSUES FOR CONSIDERATION

3. Appendix 1 shows two projects which cannot be implemented and recommends the two projects are cancelled.
4. It is recommended that Copleston Road, project reference [106335], is cancelled and the funding of £7,000 is reallocated to projects where additional funding is required. A traffic survey was commissioned and this showed the average traffic speeds recorded did not support the installation of speed bumps.
5. It is recommended that Atwell Road Urban Forest, project reference [106333], is cancelled and the funding of £8,000 is reallocated to projects where additional funding is required. The proposed art installation was opposed by the police who reported there was regular anti-social behaviour taking place in the area and there had been an incident of arson in the recent past.
6. It is recommended that the total of £15,000 is reallocated as part of the 2015/2016 CGS programme.

### **Policy implications**

7. There were none.

### **Community impact statement**

8. The roles and functions of community councils include the promotion of involvement of local people in the democratic process. Community councils take decisions on local matters including environmental improvement and community safety as well as consultation on a wide range of policies and strategies that affect the area.
9. An explicit objective within community councils is that they be used to actively engage as widely as possible with, and bring together, Southwark's diverse local communities on issues of shared or mutual interest. The cleaner greener safer programme is an important tool in achieving community participation.
10. In fulfilling the above objectives that community councils have of bringing together and involving Southwark's diverse local communities, consideration has also been given to the council's duty under The Equality Act 2010 which requires the council to have due regard when taking decision to the need to:
  - a. Eliminate discrimination, harassment, victimisation or other prohibited conduct;
  - b. Advance of equality of opportunity between persons who share a relevant protected characteristics and those who do not share it;
  - c. Foster good relations between those who share a relevant characteristic and those that do not share it.
11. Of particular regard are issues of age, disability, gender reassignment, pregnancy and maternity, race, religion or belief, sex, sexual orientation.
12. Having due regard to the need to advance equality of opportunity is further defined in s.149 as having due regard to the need of:
13.
  - a. Remove or minimise disadvantages connected with a relevant protected characteristic;
  - b. Take steps to meet the different needs of persons who share a relevant protected characteristic;
  - c. Encourage persons who share a relevant protected characteristic to participate in public life or any other activity in which they are under-represented.

### **Resource implications**

14. This is the reallocation of existing CGS funding of £15,000 that was originally awarded in 2014/2015. CGS funding is devolved to community councils to spend on suitable projects.
15. All professional fees related to the project are also treated as the capital costs of the project. Where projects are awarded as a grant to organisations, the community council award letter will not include the professional fees which will be charged direct to project costs.

16. CGS projects must be completed within two years of award of funding. Projects that are unlikely to be completed within two years will be reported to community council and available budgets may be reallocated to other projects. Revenue costs not covered by maintenance or the contractual liability period will fall upon the asset owner. The business unit will be notified of the likely costs before the scheme proceeds, in order to secure permission to implement the scheme.
17. After the defects and liability period, or three year maintenance period in the case of planting works, all future maintenance is assumed by the asset owner, for example Housing, Parks, Highways, or in some cases external asset owners. Therefore, there are no revenue implications to the Public Realm projects business unit as a result of approving the proposed allocation.
18. The total expenditure and sources of funding for the scheme will be monitored and reported on as part of the overall capital programme.

### **Consultation**

19. All cleaner greener safer projects require consultation with stakeholders, including the project applicant, local residents and tenants and residents associations where appropriate.

### **SUPPLEMENTARY ADVICE FROM OTHER OFFICERS**

#### **Director of Legal Services**

20. The allocation of the cleaner Greener Safer capital fund ('CGS') is an executive function, delegated by the Leader to community councils.
21. Community councils are 'area committees' within the meaning of the Act and executive functions can be delegated to them by the Leader.
22. This report is recommending that the Peckham and Nunhead Community Council approve the reallocation of available funds from the 2014/2015 programme as specified at appendix 1 to the 2015-16 capital funding allocation. The power for this function is derived from Part 3H paragraph 11 of the constitution which states that community councils have the power of "Approval of the allocation of funds to cleaner, greener, safer capital and revenue schemes of a local nature, using the resources and criteria identified by the cabinet".
23. The cabinet member for Transport Environment and Recycling approved the funding for the 2010/2011 programme in October 2009, the 2012/2013 programme in October 2011, the 2013/2014 programme in September 2012 and the 2014/2015 programme in October 2013 by exercising his powers under Part 3D paragraph 2 of the constitution. Where funding needs to be reallocated the community council approval being sought here is therefore the appropriate constitutional step in the process.
24. Community council members also have powers under paragraph 12 of Part 3H of the constitution to oversee and take responsibility for the development and implementation of the local schemes.
25. In allocating funding under the CGS community councils must have regard to the council's equality duty set out in section 149 of the Equality Act 2010. The report

author has demonstrated how those duties need to be considered in the body of the report at paragraphs 14 to 17 in the community impact statement.

### Strategic Director of Finance and Corporate Services

26. The report requests the Peckham and Nunhead Community Council to approve the re-allocation of a total of £15,000 to projects as part of the 2015/16 Cleaner Greener Safer programme, as set out in Appendix 1.
27. It is noted that the re-allocation of the funding will be contained within the existing departmental cleaner greener safer capital budgets allocated as part the council's capital programme.
28. Staffing and any other costs connected with this recommendation to be contained within existing departmental revenue budgets.

<b>Item No.</b> 12.	<b>Classification:</b> Open	<b>Date:</b> 23 March 2015	<b>Meeting Name:</b> Peckham and Nunhead Community Council
<b>Report title:</b>		Allocation of Neighbourhoods Fund 2015/16	
<b>Ward(s) or groups affected:</b>		Peckham, Peckham Rye, Nunhead, The Lane and Livesey wards	
<b>From:</b>		Head of Community Engagement	

## RECOMMENDATION

1. That the Peckham and Nunhead Community Council allocates a total of £137,268 of the Neighbourhoods Fund 2015/16 from the list of applications outlined in appendix 1. This amount consists of two elements, namely £135k available for 2015/16 and £2,268 of unallocated funding carried forward from previous years revenue programmes, known as Cleaner, Greener, Safer Revenue (CGS Revenue) and Community Council Fund (CCF).

## BACKGROUND INFORMATION

2. The neighbourhoods fund is a new funding programme, which was created by the merger of two former revenue programmes known as cleaner, greener, safer revenue and community council fund.
3. The CGS revenue fund was established in February 2012, initially consisting of £210k borough-wide funding budget with an allocation of £10k per ward. In February 2013, council assembly agreed to increase the funding programme to £420k, each ward receiving £20k.
4. The purpose of introducing the CGS revenue fund in 2012 was to give community councils decision making powers over significant amounts of revenue funding, that they could allocate to meet locally determined priorities, and also to enhance and complement the effectiveness of the CGS Capital funding programme.
5. Community councils also took decisions on the community council fund and awarded revenue grants of between £100 and £1k for community projects. The total fund available borough-wide for projects in 2014/15 amounted to £122k.
6. Both the CGS Revenue and CCF will cease on 31 March 2015 as separate funding programmes and will be replaced by a single neighbourhoods fund. During the 2015/16 budget setting process, a further £88k was allocated to the neighbourhoods fund, bringing the allocation per ward to £30k. The criteria for the new fund will, in the main, remain the same as previous programmes but have been streamlined to reflect the new brand.

## KEY ISSUES FOR CONSIDERATION

7. The cabinet member for Communities, Employment and Business authorised the amalgamation the CGS Revenue fund and CCF, into a single funding programme to create a new Neighbourhoods Fund for the 2015/16 round and onwards. This decision (IDM) was taken on 12 December 2014.
8. Each ward will have £30K of revenue grants to allocate. It is proposed that any unallocated funds from both CGS revenue and CCF are to be carried forward from previous rounds (years) and added to the financial year commencing 1 April 2015.
9. The community councils will use the criteria set out below for the allocation of this funding.
  - a. Creating opportunities for people from different backgrounds to get on well together; (e.g. community cohesion)
  - b. Establishing projects which treat each other with respect and consideration (e.g. being a good neighbour, inter-generational contacts)
  - c. Encouraging residents to be responsible for their own neighbourhood (e.g. community clean-ups; volunteering initiatives)
  - d. Specific measures to enhance a neighbourhood's environment (e.g. increased cleaning)
10. A community council may choose to allocate some of their neighbourhoods fund resources to their CGS capital allocations.
11. Subject to the availability of resources, the neighbourhoods fund may be used to 'buy' services from the council.
12. As with any executive decision taken by community councils this is subject to the council's existing scrutiny arrangements.

## Community Impact Statement

13. The roles and functions of community councils include the promotion of involvement of local people in the democratic process. Community councils take decisions on local matters including environmental improvement and community safety as well as consultation on a wide range of policies and strategies that affect the area.
14. An explicit objective within community council is that they be used to actively engage as widely as possible with, and bring together, Southwark's diverse local communities on issues of shared mutual interest. The merger of CGS Revenue and CCF will not adversely affect groups who normally apply for these funding streams.
15. The allocation of the Peckham and Nunhead neighbourhoods fund will, in the main, affect the people living in the Peckham and Nunhead community council area. However, in making the area a better place to live and improving life chances for local people, Peckham and Nunhead Neighbourhoods Fund activities will have an impact on the whole of Southwark.
16. The neighbourhoods fund is an important tool in achieving community participation and cohesion.
17. In fulfilling the above objectives that community councils have of bringing together and involving Southwark's diverse local communities, consideration has also been given to the council's duty under The Equality Act 2010 which requires the council to have due

regard when taking decisions to the need to:

- a. Eliminate discrimination, harassment, victimisation or other prohibited conduct;
  - b. Advance of equality of opportunity between persons who share a relevant protected characteristic and those who do not share it
  - c. Foster good relations between those who share a relevant characteristic and those that do not share it.
18. Of particular regard are issues of age, disability, gender reassignment, pregnancy and maternity, race, religion or belief, sex, sexual orientation. In this process there are no issues that contravene the Equality Act 2010.
19. Having due regard to the need to advance equality of opportunity is further defined in s.149 as having due regard to the need of:
- Remove or minimise disadvantages connected with a relevant protected characteristic.
  - Take steps to meet the different needs of persons who share a relevant protected characteristic.
  - Encourage persons who share a relevant protected characteristic participate in public life or any other activity in which they are under- represented.
  - Due consideration was given to equalities impact assessment during the design of this awards process and no adverse impact was evident.

Due consideration was given to equalities impact assessment during the design of this awards process and no adverse impact was evident.

### **Resource implications**

20. There were none.

### **Consultation**

21. Neighbourhoods fund projects may require consultation with stakeholders, including the project applicant, local residents and tenants and residents associations where applicable.

### **Financial implications**

22. The Peckham and Nunhead Neighbourhoods Fund has been allocated a total of £135k for 2015/16. In addition to this, funds totaling £2,268 remain unallocated from previous years' allocations and thus also available to allocate.
23. It is recommended that community councils set aside some of the unallocated funds from previous years in order to prevent an over allocation of funds, as well as act as a contingency from which urgent or incidental requests can be funded throughout the year. It must also be noted that the unallocated figures reported in the previous paragraph represent current best estimates as the 2015/16 funding round is only finally over on 31 March 2015.
24. Projects that are unlikely to be completed within the year will be reported to the community cCouncil and available funding may be allocated to other projects or carried over to the following financial year.

### **SUPPLEMENTARY ADVICE FROM OTHER OFFICERS**

### **Director of Legal Services**

25. The Local Government Act 2000 ('the 2000 Act') gives the Leader the power to delegate any executive function to whoever lawfully can undertake the function. The allocation of the Neighbourhoods Fund is an executive function.
26. Community councils are 'area committees' within the meaning of the 2000 Act and executive functions can be delegated to them by the Leader.
27. The Localism Act 2011 gives councils a general power of competence whereby they have power to do anything that individuals generally may do. This power can be used even if legislation already exists that allows a local authority to do the same thing. However the general power of competence does not enable a local authority to do anything which is was restricted or prevented from doing under the previous legislation.
28. The general power of competence includes the power to:
  - (a) incur expenditure
  - (b) give financial assistance to any person
  - (c) enter into arrangements or agreements with any person
  - (d) co-operate with or facilitate or co-ordinate the activities of any person
  - (e) exercise on behalf of any person any functions of that person; and
  - (f) provide staff, goods, services or accommodation to any person.
29. The provision of funding under the Neighbourhoods Fund falls within the scope of the kind of activities the council can undertake under the general power of competence as this includes the power to give financial assistance to any person.
30. In allocating funding under the Neighbourhoods Fund community councils must have regard to the council's equality duties set out in section 149 of the Equality Act 2010. The report author has demonstrated how those duties have been considered in the body of the report at paragraphs 17, 18 and 19 of the report.

### **Strategic Director of Finance and Corporate Services**

31. The 2015/16 budget allocation for the new Neighbourhoods fund has been agreed by council assembly. It stands at £30k per ward and thus £135k has been awarded to Peckham and Nunhead community council. A further £2k has been carried forward from previous years and is thus also available for allocation.

Reference:	Name of Group:	Name of Project:	Describe what the project is trying to achieve in less than 200 words?	Funding applied for [£]:
415951/ PNCC/15/1	Basic Business Initiative UK (BBI UK)	Southwark Enterprise Minds (SEM)	SEM will help 100 unemployed young people into employment or self employment, providing support services including: Survey of support needs; Finance and marketing training, free business start up mentoring, and learning practical skills, confidence and motivation The estimated running cost is £65,000 at a unit cost of £650 per beneficiary.	£49,850.00
415970/PNCC/15/2	Faces in Focus	Solution Based Counselling	Development and implementation of solution focused counselling to enable early intervention and the prevention of mental health problems in young people across Southwark and to help and improve their emotional and physical wellbeing. A key aim is to reduce the number of young people who end up in acute mental health care and to reduce the number of young people with initial signs of mental health issues becoming involved later with the criminal justice system and acute services, by building on their capabilities so they can engage positively in their community, make informed choices about and fulfil their potential.	£4,813.90
410920/BBW D&PN/15/1	Kinetika Bloco	Kinetika Bloco Summer School	The project is trying to achieve engagement of 100 young people aged 14-25 in exciting creative activity that will improve their social and educational conditions of life and develop skills, capacities and capabilities to enable them to participate in society as mature and responsible individuals. We will recruit in schools through May-July 15 then deliver 10 days of training in drumming, brass/woodwind, steel pan and dance in August 15 and the participants will create a show which will perform at the Southbank Centre, the Elephant and the Nun Festival, Notting Hill Carnival, Bestival and many other events	£33,900

**Peckham and Nunhead Community Council Neighbourhoods Funds 2015/16 Applications**

			continuing through to Oct 15 and potentially beyond. The participants will increase their creative skills alongside personal and social skills as they come together as a group with many different backgrounds to create something that is much bigger than any individual part. They will perform to over 1 million audience members demonstrating a positive representation of young people in London, particularly those from Southwark and Lambeth. They will also take what they have learnt back to their local communities – schools, colleges, estates and be able to share the positive impact there.	
414790/PNCC/15/3	Golden Hope	Access To Work For All	We wish to develop a new generation of Black entrepreneurs by bringing together unemployed, failed and active African businesses, young adult graduates and other community leaders and businesses to meet, socialise, share knowledge, skills and expertise. We aim to assist and improve the welfare of French speaking black and ethnic minority communities living in Southwark particularly within the Elephant and Castle, Walworth, Bermondsey, Camberwell and Peckham area and strengthen the local economy and encourage investment.	£2962
415025/PNCC/15/4	Iconic Steps	A Moving Image	Working with 12 - 24 young people aged 16 – 25, resident in South London and from disadvantaged backgrounds, Iconic Steps will run a two-week intensive video production-training course that will run alongside the creation of a feature film in Peckham, exploring the effects of gentrification in south London communities. In partnership with The Bussey Building, National Film and Television School (NFTS), 2Inspire and Aim Image. They will create their own two, 3 min documentaries about the community using the skills and knowledge they have learned.	£ 5,500.00
408712/PNCC/15/5	Leaders of Tomorrow	Young Leaders in	This project will develop leadership skills in children and	£5,000.00

**Peckham and Nunhead Community Council Neighbourhoods Funds 2015/16 Applications**

	(LOT)	Training	young people from Black and Minority Ethnic communities. Through a combination of discipline, clear parameters and tough love, we help disadvantaged children and young people grow in confidence and maturity to achieve in their personal, social and academic development. LOT provides one to one/group mentoring support to help them regain focus, build confidence and address inappropriate and anti-social behaviour. In addition, our project will be able to provide extra coaching to those who show academic promise but lack the confidence to apply to prestigious educational institutions. We will be able to help them prepare personal statements, CVs, hone study skills and interview techniques. In summary, we have a track record in turning around BME students.	
414104/PNCC/15/6	New Covenant Church	Celebrating Southwark Mass Choir and Dance	The project aims to bring peace and joy to East Walworth, Livesey, Peckham, South Bermondsey and other Southwark wards by preparing a group of 250 singers and 50 dancers from the local community, to perform at the Elephant & Nun Festival. It also aim to reduce crime by unveiling career prospects in art and media to local people.	£4716.31
414493/PNCC/15/7	Pempeople Bike Club	London To Brighton Bike Ride	To get young people aged 16-21 to complete the London to Brighton Bike Ride and get a sense of achievement.	£1,400.00
414114/PNCC/15/8	Playdagogy (whole borough application)	Playdagogy - whole borough project	The project uses education and capacity building to increase the inclusion and participation levels of disabled children (aged 8-12) in sport. Playdagogy is underpinned by the social model of disability and will develop and reinforce inclusion, understanding, accepting and adapting for the different needs of everyone in society through children's active learning. Those who are usually inactive will be strongly encouraged to participate not only by the open and	£4,844.92

			inclusive method of the games but also by enhancing their peers' attitude towards them and through gaining a positive experience of achievement in sport.	
414663/PNCC/15/9	Southwark Community Festival	Summer Festival	This outreach event, Summer Festival, would be a springboard to promote and encourage a better community life where everyone feels welcomed. This will be an opportunity for us to interact with the community, share, entertain and teach some skills. Our ultimate goal is to equip, encourage team work and develop community cohesion.	£ 3745.00
414808/PNCC/15/10	Southwark Muslim Youth Society	what I know about Islam	this project aims to campaign against radicalisation and educate Muslim youth in understanding the true Islam and how young Muslim can contribute in the borough	£ 1200.00
413611/PNCC/15/11	Victory Youth Group	Where U Going ? Project	The aim of the project is to get young people to think and ask themselves the question "Where U Goin' with your life?". Using performing arts, real life testimonials and more, we aim to get young people thinking positively about life; especially theirs. Our work in the borough has taught us that many have family problems, peer pressure, gang affiliated problems, teenage pregnancy, depression, addictions, lack of direction in life amongst others and this project aims to motivate them to believe that regardless of the problem, they have the power within them to make (positive) things happen in their lives. We aim to educate them on making right choices and we have had prior success at this through our events such as 'In Too Deep', 'Hooked', 'Heart Break Estate' (which all drew hundreds of youths to it; the biggest being over 600 youths)	£4,858.00

## Peckham and Nunhead Community Council Neighbourhoods Funds 2015/16 Applications

414805/PNCC/15/13	Yoruba Awareness Foundation	School Exclusion Project-Alternative agenda	To engage with young people who may have been excluded from mainstream education with a view to examining alternate educational support program program from a cultural and language perspective	£ 4832

### Multiple community council areas applications (not Boroughwide):

Reference:	Name of Group:	Name of Project:	Describe what the project is trying to achieve in less than 200 words?	Funding applied for [£]:
413227/BBW&PN/15/1	Mulberry Career Development Services (MCDS)	Business Start - Up	Project train participant and encourages peoples from different background to work together and start their own Business.	£ 5,000.00
413869/C&PN/15/2	Southwark Pensioners Centre	Sheltered & Safe	We would like to encourage older adults living in sheltered housing units and older peoples blocks to stay fit and healthy both in mind and body.	£ 8,000.00
413481/PN&C/15/3	Poverty Eradication International	GREEN COLLECTION TO GREEN JOBS	This project intends to make our local community sustainable through recycling waste materials. The project does not only make our neighbourhood clean, it goes a long way to equip youths with abilities and skills that would enable them to be financially sustainable. It will also help to curb anti-social behaviour and truancy. About 35 youths, most excluded citizens and adults, will collect recyclable waste materials from the streets as our raw materials for the final products. They will be taught how to use these waste materials to recycle them into beautiful jewellery, purses, paper bags and household items such as placemats, doormats, blinds.	£ 30,000.00

Peckham and Nunhead Community Council Neighbourhoods Funds 2015/16 Applications

414798/C&PN/15/1	London Tribes and Tongues	Festac 2015	London Black and African Festival of Arts and Culture, is a festival that is designed to be an annual event. It will be a spectacle of cultural diversity that will attract thousands of visitors from within and outside the Borough. It will showcase music, dance, drums and culture from several African countries. Known as the "Festival in the Park", it will also feature a massive "kid zone" and "Mami Market". Arrangements are being made for the festival to be partnered by several African Embassies and High Commissions here in London. The main benefit of this festival is that it presents the general public an opportunity to see what it really means to live in a Multi-Cultural Society.	£ 116,905.00
414793/BR&PN/15/1	Pempeople	Pempeople Community Hub	Help local residents create better community cohesion outcomes, deliver projects and upskill themselves and the community, leverage funding from external sources	£ 5,000.00
377890/CGS/BR, Cam. &PNCC/15/12	Volunteer Centre Southwark	Mud Kitchens for Southwark	Build 6 mud kitchens in schools and nurseries with parent involvement. A mud kitchen is a permanent timber structure for outdoor play. It helps develop language skills, social play and improves math and science skills and supports healthy eating.	£ 2278.00 per school
413853/BBW&C&PN/15/1	Capoeira Academy UK	2nd Capoeira Charity Festival	We would like to deliver our next grading festival this year with increased numbers of our community projects participating in the free event. Increasing community participation in a family orientated activity increasing the activity levels of children and their parents in Camberwell & Peckham areas. With specialist capoeira and Brazilian folklore dance workshops for parents and children participating in classes we hope to encourage the community audience to participate in the regular capoeira classes thus increasing the physical activity levels of Southwark residents. Specialist capoeira and Brazilian folklore dance workshops for parents and children participating in the Camberwell & Peckham classes	£ 4,522.00

Peckham and Nunhead Community Council Neighbourhoods Funds 2015/16 Applications

414510/BR&PN/15/1	MCSASUK	COMMUNITY IT-TRAINING & DEVELOPMENT COURSE"	To engage with 40 vulnerable and disadvantaged young people aged 13 to 24 years and living in Peckham, Nunhead, Camberwell, South Bermondsey and Old Kent Road areas. To bring a change to child poverty in Southwark, we must deliver this project MCSAS will provide useful hands-on-work experience and qualification in IT to young people. Those with no qualifications and are unemployed or economically inactive in Southwark can obtain new life-skills required to enter into employment/self-employment.	£5000.00
419249/C D&PN/15/2	Southwark Explorers Club	Southwark Pensioners' Club	We organise visits by Southwark Pensioners, weekly on average, at affordable cost to places of cultural, artistic and historic interest. We aim to share a wide variety of interesting activities with older people in Southwark. We have no paid staff, all the work involved being done by unpaid members. Our members come from a wide range of social, cultural, religious and ethnic backgrounds.	£ 4,500.00
414882/BBW C&PN/15/1	Wells Way Pop Up	Wells Way Pop Up - arts & community participation programme	We want to develop our successful pilot at Wells Way Pop Up (Sept 14 – Mar 15) of an arts and social space in the former Old Library, Wells Way. We will focus on offering activities to local residents during the school summer holidays, half terms (May & October) and regular weekends. Our vision is to breathe life and inspiration back into the building to encourage a wider conversation about bringing it back into more permanent use. We aim to enhance park life for local residents linking with events such as Fun Palaces, Open House, Camberwell Arts Festival, Elephant & Nun, involving residents in arts events, gigs, workshops and exhibitions, as well as offering a work & meeting space in our cafe.	£ 4,999.20

**Peckham and Nunhead Community Council Neighbourhoods Funds 2015/16 Applications**

(CGS) PN and Cam	Friends of Goose Green	Goose Green Gardening & Planting	Continued development of the green space at Goose Green with a community planting session and a children's gardening club. Planning to replant the daffodils and add in some seasonal plants for extra colour on the green.	£ 1000.00
416118/C,D&PN/15/1	Southwark Eid (South) Team	Southwark Eid 2015	The aim of the project is to celebrate the festival of Eid which is inclusive to all communities of faith and no faith and strengthening the diversity and harmony in the London Borough of Southwark. Sadly there is a lack of understanding of the Muslim community and the Islamic faith. As a result, this is causing friction and disharmony between communities. Southwark Eid (SE) is a platform to bring people of different faith and no faith in Southwark together to better understand the diversity of Southwark. SE will increase the bond and solidarity between communities through various activities and events and increase the community cohesion in the borough.	£ 954.99
377890/CGS/PNCC/15/12	Volunteer Centre Southwark	Mud Kitchens for Southwark	Build 6 mud kitchens in schools and nurseries with parent involvement. A mud kitchen is a permanent timber structure for outdoor play. It helps develop language skills, social play and improves math and science skills and supports healthy eating.

			and training opportunity will include Computer Literacy and Customer Service Skills Training. This workshop and training will help create youth opportunity skills for work experience.	
415676	Northfield House TRA	Food/Nature/Music Xchange	Provide opportunities to skill share and learn about nature using our grounds, a site of Importance for Nature Conservation (SINC). Providing information to make use of the abundant natural assets to gather and learn about its importance, encouraging local residents to ensure increasing awareness and guardianship of the area. Making use of the seasons will provide an arena for celebrations of different cultures and enable us to show the different ways that the natural environment compliments and promotes sharing of natural and human assets. Food is the great community activity that all enjoy. Deprivation in our community means we need to make use of local assets and this project will promote this. Local people and experienced local musicians together will meet in a series of workshops over one week, sharing skills and working together to write original songs, which will then perform live at our Meadow celebrations	£ 5,455
414767	Nunhead Community Choir	Summer Community Choir Festival	We aim to bring together the local community, focusing on families, in a fun, summer celebration of singing together. We want to showcase what ordinary Nunhead people, from all walks of life, can achieve by singing together with their friends and neighbours. We hope to encourage people to participate in NCC and other local choirs and encourage their children to get involved in singing at schools. In addition, we aim to raise funds for a local charity in voluntary entrance donations and raffles.	£ 2,236
408947	Peckham Park Road Baptist Church	Children's Gardening Club	To provide local children with the experience of gardening, including learning about growing vegetables, fruits and herbs. They will also have the opportunity to develop team work skills through collaboratively maintaining the garden.	£ 2,280
414466	Peckham Platform	Youth Platform	Youth Platform will engage 15 disadvantaged young people ages 14 – 24 years from Peckham in free creative learning activity to help them unlock creative potential, engage them in	£ 5,000

Peckham and Nunhead Community Council Neighbourhoods Funds 2015/16 Applications

			<p>the local community, whilst encouraging personal aspiration and attainment. Bespoke tutor led sessions delivered at Peckham Platform will provide hands-on creative activity that will have a direct impact on their surrounding environment and enable them to engage directly in the current Peckham Square Co-Design process. Regular bi-weekly meetings over one year will enable group to concept test architectural ideas / proposals to help shape the co-design process enabling them to collaborate and get their voice heard.</p> <p>A responsive youth forum will be formed to influence decision-making at Peckham Platform and drive future content, relevant to younger audiences. Participants from Youth Platform will fill a range of future roles promoted at Peckham Platform and participants will have direct contact with members of staff and artists to support them.</p>	
414908	Peckham Vision	Peckham community planning project	<p>Peckham Vision has developed an information and communication system using social and digital media, face to face encounters and using a mobile exhibition, on the planning process for Peckham town centre and linking to Peckham Vision events on planning and Council consultations. This community planning project builds on that experience and aims to:</p> <ul style="list-style-type: none"> <li>• develop a more structured approach to the provision of the education and training aspects.</li> <li>• widen the reach to include younger ages, more ethnicities and across religions.</li> <li>• spark an interest in the urban environment and civic community engagement opportunities.</li> <li>• develop ways of local people collaborating together across age, ethnic and faith groups.</li> </ul>	£ 4,035

414356	Nunhead's Voice Ltd	Older Peoples Celebration Day	We aim to achieve an event where older people have an enjoyable memorable day. To provide an opportunity for older people to network and to give people who feel isolated and lonely the opportunity to meet with other people and to find out what is available for them in their community. To give older people in our community the opportunity to have their say in what is happening in the area in which they live and to express their concerns about services provided to them.	£ 1,000
414861	Nunhead's Voice Ltd	The Green, Nunhead (Community Centre)	The project aims to launch the new Nunhead Community Centre 'The Green' to become a thriving, well managed and financially sustainable resource for all members of our community. One-off project funding will allow Nunhead's Voice to get the Centre open and running. It will cover initial salary, operating and programme costs, enabling The Green to begin generating the income that will make it self sustaining in future years and will enable us to offer an active summer programme of opening events that will continue the spirit of the Nunhead Festivals operated in recent years. This will include the Big Lunch, Free Film Festival and Nunhead Arts Trail. The Centre will be independent and responsive to the demands and needs of local people in Nunhead. It will have an open access policy, so that local businesses, groups and individuals can make use of the space to run commercial, community and private events and meetings.	£ 25,000
412040	Peckham & Nunhead Free Film Festival	Peckham & Nunhead Free Film Festival 2015	Set up in 2010, the festival is as much about community as it is about film. Using the power of film to cross boundaries and bring people together. The festival is entirely run by volunteers with a commitment to the SE15 area. Our events allow people to discover new community venues and resources too, watching a film in a park, shop, car park or community space is an opportunity to experience that venue in a whole new way, alongside other people to celebrate SE15. Our programme includes Busseywood - a one day Free African Film & Music	£ 5,000

Peckham and Nunhead Community Council Neighbourhoods Funds 2015/16 Applications

			Festival (the largest in London).	
CGS not awarded PNCC 2015	Peckham & Nunhead Free Film Festival (from CGS Revenue application)	Power to the People	Over the last 5 years we have held a successful free film festival in Peckham and Nunhead to bring the community together and allow people access to site specific free film showcasing unusual locations. Some of the sites we would like to use do not have power.	£ 4000
414519	Peckham Coal Line	Peckham Coal Line: Community Engagement Phase	The Coal Line aims to re-connect Peckham's neighbourhoods by creating a new linearlink park between Queens Road Peckham & Rye Lane by using the disused Rickettcoal sidings which were decommissioned in the 1950's. The 1km elevated urban parkwould cut through the heavily built up ex-industrial area providing a precious greenopen space; a place to enjoy nature, amble, cycle, relax or play.This grassroots initiative is fuelled by a growing group of committed local residents. Ourcollective ambition is to harness our wider communities, ideas, skills and enthusiasm torealise the idea. Beyond the potential connection of the physical link we are alreadyconnecting networks of residents around this common interest creating a stronger, open and more resilient community connected and able to engage in wider Peckham initiatives.	£ 4,944
414466	Peckham Platform	Youth Platform	Youth Platform will engage 15 disadvantaged young people ages 14 – 24 years from Peckham in free creative learning activity to help them unlock creative potential, engage them in the local community, whilst encouraging personal aspiration and attainment. Bespoke tutor led sessions delivered at Peckham Platform will provide hands-on creative activity that will have a direct impact on their surrounding environment and enable them to engage directly in the current Peckham Square Co-Design process. Regular bi-weekly meetings over one year will enable group to concept test architectural ideas / proposals to help shape the co-design process enabling them to collaborate and get their voice heard. A responsive youth forum will be formed to influence decision-making at Peckham Platform and drive future content, relevant	£ 5,000

			To make people understand the message of Diwali festival-victory of good over evil, light over darkness and knowledge over ignorance	
401754	The Peckham Society	Peckham War Horse Project	<p>During WWI the Royal Field Artillery (Camberwell Division) housed their horses on the premises of Gordon's Brewery in Chadwick Road, Peckham. On 30th July 1915 the horses were moved into Lyndhurst Road (now Lyndhurst Way) to allow the stables to be sterilised. This unusual event was captured by local photographer Frederick Alfred Finch and is now a well-known archival image. As well as soldiers and stable hands, local civilians gather, standing on their front steps or on the pavement beside the road. The gun carriages are in the picture too, the very same guns used on the battlefields in WWI. Peckham War Horse Project plans to recreate this photograph in collaboration with local residents, community groups, schools and the horses, officers and soldiers from The King's Troop. This art event will be the focal point for discovery and learning about WWI, war horses and Peckham's history. As well as staging a re-enactment of the photograph, we plan to provide an opportunity for children from local primary schools to participate in the project and achieve First World War Special Edition Arts Award certificates through workshops and talks. We have two specific aims for the project: community engagement with a local project that deepens understanding of WWI and the creation of a lasting image of Peckham with a powerful visual impact.</p>	£ 4,963.00

413244	All Saints Church	'Making space for good in Peckham'	We have an established track record of providing free, expert and impartial help to local people of all faiths and none. This project, 'Making space for good in Peckham', is about turning the church building into a one-stop shop of advice, care and practical help, initially one day per week, so that this work is developed further. Our aim is to open up the space of All Saints church in the week so it can be a resource for the neighbourhood by becoming a 'Community Hub'. Specifically, we are seeking to build on our long-standing work as a debt advice centre and our relationship with Pecan and the local Foodbank to offer relevant services which our community audit has shown Peckham needs. We plan to provide a range of services for local people needing help with debt counselling, food provision via FoodBank, money advice from Credit Union, access to computers to search for jobs, benefit entitlement or for preparing CVs - all in the context of a welcoming café space which would be open to anyone and free of charge.	£ 4,970
414991	Bellenden Craft project	Bellenden Craft Project	The project will enable the students to develop their creative ability. Develop a great sense of achievement on completion which will give them the ability to use this skill and decorate venues for celebration thus a positive impact and enhance their self-esteem and a great sense of well-being. They will develop their concentration skills using their hands and eye coordination, basic balloon skills and planning techniques. Enhance their team building skills and develop and gain confidence.	£ 1,000

Peckham and Nunhead Community Council Neighbourhoods Funds 2015/16 Applications

	Residents Association		a shared experience, as well as giving people on low incomes the chance to do something they may not ordinarily be able to afford. Specifically, this is travel to the seaside for a day for families, and subsidised entry to West End musicals.	
414746	Consort Tenants and Residents Association	Consort estate fun day	Bring together residents on the estate to get to know each other and work together to improvements to the local area, through community gardening activities on the estate.	£ 2,000
414990	Copleston Centre	My Copleston	<p>The project is trying to achieve a better understanding of the community centre within the local community, with participation of its current service users. And an event to reach new members of the community that might not know of the services offered by their local community centre.</p> <p>The project aims to listen to the members of our local community and create a cohesive identity for who we are, including an identifiable visual identity for the Centre and its local members. Those who have been surveyed will also be encouraged to join in discussions about the final visual identity to ensure that they are truly represented in the final outcome.</p> <p>The project will initially consult the people that use the Centre, an average of 400 people per week, regarding the identity of the Centre. It will then work with a local small design firm to help create a unified image of our Community Centre. And finally it will hold a Community Event to help move the word out.</p>	£ 3,370
414903	GoodGym Southwark	GoodGym Southwark	<p>Reducing isolation and loneliness for older people. We reach the most isolated and lonely older people and make sure they get regular visits. Increasing community cohesion by supporting people into volunteering and introduce them to new projects and people in their area. Getting people fit with exciting free fitness sessions lead by qualified fitness leaders that keep people motivated to improve their fitness, and improving public space by getting people involved in looking after their neighbourhoods with weekly volunteering and fitness sessions.</p> <p>(If deemed useful by the community council, our group runs will support with the maintenance of the proposed Peckham Rye</p>	£5000

			Station Square; keeping it tidy and maintaining any planters and shrubbery. We can also prioritise work on areas that were identified in the Cleaner, Greener, Safer work and focus on areas that require more work or on going maintenance.	
414981	London Wildlife Trust	Dirt to Dinner	Dirt to Dinner is planning to kick-start the creation of five new community growing groups on five social housing estates across Peckham. The project will inspire Peckham residents to learn about food growing, construction, healthy lifestyles and gardening through engagement with their communities. Funding from the communities fund will allow us to promote our work to get as many people from across the estates involved as possible, buy seeds and tools for each estate, buy education materials so young and old can learn together and build 18 raised beds across three of the estates. The project will allow residents to transform neglected areas of their neighbourhood into thriving community gardens. Using sustainable materials and permaculture techniques, we will train volunteers in how to develop their community gardens and learn the skills required to ensure that the five new community groups continue beyond our involvement. London Wildlife Trust, through part of the wider Dirt to Dinner project funded by the City Bridge Trust has already worked with nine Peckham estates to grow food since May 2014, using a needs led approach to develop regular volunteering sessions and educate residents about sustainability via organic growing on an individual and community-wide scale.	£4964

**Peckham and Nunhead Community Council Neighbourhoods Funds 2015/16 Applications**

407903	MCSAS-HEARTS OF LOVE	YOUTH DEVELOPMENT PROJECT	<p>We would be holding a Life Skills and Employment Training Workshop for young people aged 16-19 during Summer and Spring</p> <p>The Training Workshop project would address youth crime and violence problems in and around Peckham and Nunhead area. Young people would learn to develop their artistic talents and create to help create jobs. The project would engage with youth who are currently involved with any type of crime. The workshop and training opportunity will include Computer Literacy and Customer Service Skills Training. This workshop and training will help create youth opportunity skills for work experience.</p>	£1980
414190	Pecan	Peckham Traders Training	<p>We are aiming to improve relationships and understanding between independent traders and customers in the Rye Lane area. To up-skill owners and staff in small businesses in the area to ensure their businesses stay relevant and legal for the changes in customers and legislation.</p> <p>We aim to achieve this through employing a traders relations officer to build trust and promote cooperation between traders. They will coordinate a regular training programme for traders and traders meetings. The training and traders meetings will focus on customer service, trading standards, crime reduction and safety.</p>	£31050
412040	Peckham & Nunhead Free Film Festival	Peckham & Nunhead Free Film Festival 2015	<p>Set up in 2010, the festival is as much about community as it is about film. Using the power of film to cross boundaries and bring people together. The festival is entirely run by volunteers with a commitment to the SE15 area. Our events allow people to discover new community venues and resources too, watching a film in a park, shop, car park or community space is an opportunity to experience that venue in a whole new way, alongside other people to celebrate SE15. Our programme includes Busseywood - a one day Free African Film &amp; Music Festival (the largest in London).</p>	£ 5000
414519	Peckham Coal Line	Peckham Coal Line: Community Engagement	<p>The Coal Line aims to re-connect Peckham's neighbourhoods by creating a new linearlink park between Queens Road Peckham</p>	£ 4,944

		Phase	& Rye Lane by using the disused Rickettcoal sidings which were decommissioned in the 1950's. The 1km elevated urban park would cut through the heavily built up ex-industrial area providing a precious green open space; a place to enjoy nature, amble, cycle, relax or play. This grassroots initiative is fuelled by a growing group of committed local residents. Our collective ambition is to harness our wider communities, ideas, skills and enthusiasm to realise the idea. Beyond the potential connection of the physical link we are already connecting networks of residents around this common interest creating a stronger, open and more resilient community connected and able to engage in wider Peckham initiatives.	
414804	Peckham High street Islamic and cultural centre	we are one	islamic after school teaching and weekend teaching in french language for women and children. quarterly children outing and youth activities. Eid celebration	£ 3,975
415869	Peckham In Flux	PIFSE15	Through a series of workshops the project will bring together artists working in different media and people on the Pelican Estate. Our particular aim is to develop a project which from start to finish takes into consideration the input of residents and artists alike and has clear benefits for both. Our ultimate aim is to build sustainable relationships within the estate and outside of the gallery framework. We are trying to bring creative projects to people who may not otherwise have had access to them and, in particular, to leave people with new skills which they are able to use in their own time, with the materials around them.	£ 680
414466	Peckham Platform	Youth Platform	Youth Platform will engage 15 disadvantaged young people ages 14 – 24 years from Peckham in free creative learning activity to help them unlock creative potential, engage them in the local community, whilst encouraging personal aspiration and attainment. Bespoke tutor led sessions delivered at Peckham Platform will provide hands-on creative activity that will have a direct impact on their surrounding environment and enable them to engage directly in the current Peckham Square Co-Design process. Regular bi-weekly meetings over one year will enable	£ 25000

			empowering them to turn their life experiences into leadership qualities.	
414703	SIERRA LEONE FRIENDSHIP ASSOCIATION (UK)	SIERRA LEONE FRIENDSHIP ASSOCIATION	The Sierra Leone Friendship Association based its aims in promoting our core values, highlighting important issues affecting our community as well, bringing Sierra Leoneans together for meaningful purposes. The festival programme is aimed at all residents of South East London and beyond and would incorporate the following activities: Storytelling, Music, Dance, traditional drumming, food, traditional children's games, a charity fashion show, "The Tug of Peace", kite flying contests, arts and crafts, and more. We believe this event will help to build a stronger community.	£10,000
414690	Southwark Hindu Centre	To celebrate Diwali( festival of Lights)	Community cohesion, and to spread awareness of Indian culture and festival among Indian community and host community especially to the younger generation. To make people understand the message of Diwali festival-victory of good over evil, light over darkness and knowledge over ignorance	£950
405037	Southwark Sea Cadets	Southwark Sea Cadets First Aid for All	We want to enhance the first aid training we offer to young people and adults as well as providing additional health and safety equipment in terms of a state-of-the-art defibrillator	£ 1668
401754	The Peckham Society	Peckham War Horse Project	During WWI the Royal Field Artillery (Camberwell Division) housed their horses on the premises of Gordon's Brewery in Chadwick Road, Peckham. On 30th July 1915 the horses were moved into Lyndhurst Road (now Lyndhurst Way) to allow the stables to be sterilised. This unusual event was captured by local photographer Frederick Alfred Finch and is now a well-known archival image. As well as soldiers and stable hands, local civilians gather, standing on their front steps or on the pavement beside the road. The gun carriages are in the picture too, the very same guns used on the battlefields in WWI. Peckham War Horse Project plans to recreate this photograph in collaboration with local residents, community groups, schools and the horses, officers and soldiers from The King's Troop. This	£ 4,963

**Peckham and Nunhead Community Council Neighbourhoods Funds 2015/16 Applications**

			art event will be the focal point for discovery and learning about WWI, war horses and Peckham's history. As well as staging a re-enactment of the photograph, we plan to provide an opportunity for children from local primary schools to participate in the project and achieve First World War Special Edition Arts Award certificates through workshops and talks. We have two specific aims for the project: community engagement with a local project that deepens understanding of WWI and the creation of a lasting image of Peckham with a powerful visual impact.

<b>Item No.</b> 13.	<b>Classification:</b> Open	<b>Date:</b> 23 March 2015	<b>Meeting Name:</b> Peckham and Nunhead Community Council
<b>Report title:</b>		Cleaner Greener Safer 2015/16: Capital Funding Allocation	
<b>Ward(s) or groups affected:</b>		Peckham, Peckham, Livesey, Nunhead, Peckham Rye, The Lane	
<b>From:</b>		Head of Public Realm	

## RECOMMENDATION

1. To approve the allocation of funds for the 2015-16 cleaner greener safer capital programme in the Peckham and Nunhead Community Council area from the list of applications set out in appendix 1.

## BACKGROUND INFORMATION

2. The council's cleaner greener safer capital programme has been running since 2003.
3. In the first twelve years of the CGS programme, £30,393,000 has been allocated to community councils leading to 1,973 projects being approved.
4. In the Peckham and Nunhead Community Council area, £7,853,357 has been allocated to 466 projects, 416 of which have been completed to date.
5. Examples of the types of projects that have been funded include:
  - Parks, community gardens, landscaping, tree planting and wildlife areas
  - Children's playgrounds, youth facilities, ball courts and cycle tracks
  - Lighting, security measures, pavements, streets, and tackling 'grot spots'
  - Grants to local groups to self-deliver projects

## KEY ISSUES FOR CONSIDERATION

6. There is £402,857 available for the 2015/16 CGS capital programme for new projects in the Peckham and Nunhead Community Council area.
7. Unallocated funding from previous years' programmes will also be reallocated subject to approval in a separate report.
8. Eligible proposals must bring about a permanent improvement and make an area cleaner, greener or safer.
9. Proposals with revenue costs, including salaries or computer equipment, feasibility studies, costs for events, festivals, workshops or other one-off events are not eligible for capital funding. CCTV proposals, internal improvements to housing property, works on schools where there is no access to the general

public are also not eligible. Works on private property are not eligible unless there is a long-term guarantee of public access or a demonstrable public benefit.

10. The application form invited expressions of interest for the applicants to deliver projects themselves. A due diligence exercise to ensure that this is both practical and realistic has been undertaken as part of the feasibility process. In such cases, the council would give the funding allocation to the applicant in the form of a capital grant, with appropriate conditions attached.

### **Policy implications**

11. The Cleaner Green Safer programme is fully aligned with the council's policies around sustainability, regeneration and community engagement.

### **Community impact statement**

12. The roles and functions of community councils include the promotion of involvement of local people in the democratic process. Community councils take decisions on local matters including environmental improvement and community safety as well as consultation on a wide range of policies and strategies that affect the area.
13. An explicit objective within community councils is that they be used to actively engage as widely as possible with, and bring together, Southwark's diverse local communities on issues of shared or mutual interest. The cleaner greener safer programme is an important tool in achieving community participation.
14. In fulfilling the above objectives that community councils have of bringing together and involving Southwark's diverse local communities, consideration has also been given to the council's duty under The Equality Act 2010 which requires the council to have due regard when taking decision to the need to:
  - a. Eliminate discrimination, harassment, victimisation or other prohibited conduct;
  - b. Advance of equality of opportunity between persons who share a relevant protected characteristics and those who do not share it;
  - c. Foster good relations between those who share a relevant characteristic and those that do not share it.
15. Of particular regard are issues of age, disability, gender reassignment, pregnancy and maternity, race, religion or belief, sex, sexual orientation.
16. Having due regard to the need to advance equality of opportunity is further defined in s.149 as having due regard to the need of:
  - a. Remove or minimise disadvantages connected with a relevant protected characteristic;
  - b. Take steps to meet the different needs of persons who share a relevant protected characteristic;
  - c. Encourage persons who share a relevant protected characteristic participate in public life or any other activity in which they are under-represented.

17. All ideas for CGS projects come directly from the local community via a simple project nomination form available in electronic and paper format.

### **Resource implications**

18. The funding for the 2015/16 CGS capital programme was approved by the cabinet and is part of the council's overall capital programme as detailed in the Launch of Cleaner Greener Safer Capital Programme 2015/16 report dated August 2014.
19. All professional fees related to the project are also treated as the capital costs of the project. Where projects are awarded as a grant to organisations, the community council award letter will not include the professional fees which will be charged direct to project costs.
20. CGS projects must be completed within two years of award of funding. Projects that are unlikely to be completed within two years will be reported to Community Council and available budgets may be reallocated to other projects. Revenue costs not covered by maintenance or the contractual liability period will fall upon the asset owner. The business unit will be notified of the likely costs before the schemes proceeds, in order to secure permission to implement the scheme.
21. After the defects and liability period, or three year maintenance period in the case of planting works, all future maintenance is assumed by the asset owner, for example Housing, Parks, Highways, or in some cases external asset owners. Therefore, there are no revenue implications to the Public Realm projects business unit as a result of approving the proposed allocation.
22. The total expenditure and sources of funding for the scheme will be monitored and reported on as part of the overall Capital Programme.
23. Value for money will be ensured when the contract is procured by following the council's contract standing orders.

### **Consultation**

24. All cleaner greener safer projects require consultation with stakeholders, including the project applicant, local residents, tenants and residents Associations and local community groups where appropriate.

## **SUPPLEMENTARY ADVICE FROM OTHER OFFICERS**

### **Director of Legal Services**

25. The allocation of the cleaner, greener, safer capital fund ('CGS') is an executive function, delegated by the Leader to community councils.
26. Community councils are 'area committees' within the meaning of the Act and executive functions can be delegated to them by the Leader.
27. This report is recommending that the Peckham and Nunhead Community Council approve the allocation of funds to the individual projects specified at appendix 1. The power for this function is derived from Part 3H paragraph 11 of the constitution which states that community councils have the power of

“Approval of the allocation of funds to cleaner, greener, safer capital and revenue schemes of a local nature, using the resources and criteria identified by the cabinet”.

28. The cabinet member for Transport Environment and Recycling approved the funding for the 2015/2016 programme in August 2014 by exercising his powers under Part 3D paragraph 2 of the Constitution; and the community council approval being sought here is therefore the next constitutional step in the process.
29. Community council members also have powers under paragraph 12 of Part 3H of the constitution to oversee and take responsibility for the development and implementation of the local schemes.
30. In allocating funding under the CGS community councils must have regard to the council’s equality duty set out in section 149 of the Equality Act 2010. The report author has demonstrated how those duties need to be considered in the body of the report at paragraphs 14 to 17 in the community impact statement.

### **Strategic Director of Finance and Corporate Resources**

31. This report recommends approval of the allocation of funds for the 2015/16 cleaner greener safer programme in the Peckham and Nunhead Community Council area from the list of applications set out in appendix 1.
32. The strategic director of finance and corporate resources notes the resource implications contained within the report, and confirms that the capital funding for the CGS programme has been approved as part of the overall council capital programme.
33. Officer time and any other costs connected with this recommendation will be contained within existing budgeted revenue resources.

## Peckham and Nunhead Community Council

### Public Question form

**Your name:**

**Your mailing address:**

**What is your question?**

Please give this form to Beverley Olamijulo, Constitutional Officer, or Gill Kelly, Community Council Development Officer

<b>Item No.</b> 17.	<b>Classification:</b> Open	<b>Date:</b> 23 March 2015	<b>Meeting Name:</b> Peckham and Nunhead Community Council
<b>Report title:</b>		Local traffic and parking amendments	
<b>Ward(s) or groups affected:</b>		Peckham Rye and Peckham wards within Peckham and Nunhead Community Council	
<b>From:</b>		Head of Public Realm	

## RECOMMENDATIONS

1. It is recommended that the following local traffic and parking amendments, detailed in the appendices to this report, are approved for implementation subject to the outcome of any necessary statutory consultation and procedures.
2. The Gardens – install double yellow lines adjacent to a planned vehicle crossover that will provide access to the side of No.186 Peckham Rye.
3. Sumner Road – install double yellow lines at the junction with Rosemary Road to improve sight lines.

## BACKGROUND INFORMATION

4. Part 3H of the Southwark Constitution delegates decision making for non-strategic traffic management matters to the community council.
5. Paragraph 16 of Part 3H of the Southwark Constitution sets out that the community council will take decisions on the following local non-strategic matters:
  - the introduction of single traffic signs
  - the introduction of short lengths of waiting and loading restrictions
  - the introduction of road markings
  - the setting of consultation boundaries for consultation on traffic schemes
  - the introduction of destination disabled parking bays
  - statutory objections to origin disabled parking bays.
6. This report gives recommendations for two local traffic and parking amendments, involving traffic signs, waiting restrictions and road markings.
7. The origins and reasons for the recommendations are discussed within the key issues section of this report.

## KEY ISSUES FOR CONSIDERATION

### The Gardens

8. The council's adopted Streetscape Design Manual (SSDM) provides the policy.

framework for the appearance and design of streets where the council acts as Local Highway Authority.

9. The SSDM contains design standards that set out the detailed requirements for construction of highway features. Design standard DS.132 (Appendix 1) explains how any new vehicle crossover must be designed.
10. It is a requirement of that standard that any new crossover must provide no waiting at any time restrictions (double yellow lines) for at least 2 metres on either side of the crossover. This is to ensure a degree of visibility to motorists exiting from the driveway.
11. Double yellow lines prohibit waiting (generally referred to as parking) "at any time" however loading and unloading is permitted.
12. The council's asset management team have received, considered and approved in principle (subject to this decision and statutory consultation) the construction of a dropped kerb and vehicle crossover providing access to the side of No.186 Peckham Rye.
13. It is recommended, as shown in Appendix 2 that double yellow lines are installed so that the vehicle crossing outside the above location may be approved for construction

### **Sumner Road**

14. The council was contacted by a local resident who is concerned about vehicles that are parked at the junction of Sumner Road and Rosemary Road reducing the indivisibility between road users.
15. An officer carried out a site visit, 6 February 2015, at this junction and noted that vehicles were parked within 5 metres of the junction on both Sumner Road and Rosemary Road.
16. Parking at junctions is dangerous and may also be obstructive for larger vehicles (such as fire engines). It is also against Rule 243 of the Highway Code.
17. Two thirds of cyclists killed or seriously injured in 2013 were involved in collisions at, or near, a road junction, with T junctions being the most commonly involved. Children and those in wheelchairs (whose eyelevel is below the height of a parked car) are disproportionately affected by vehicles parked too close to a junction.
18. Sumner Road is on Route 22 of the London Cycle Network. Junction parking has the effect of visually hiding cyclists who are approaching from the upstream side of the junction (southbound heading cyclists).
19. In view of the above it is important that the council is proactive in preventing parking at junctions through the introduction of double yellow lines and enforcement of such restrictions.
20. It is recommended, as shown in Appendix 3, that double yellow lines (7.5m) are installed on the junction of Sumner Road and Rosemary Road to improve visibility at this road junction.

### **Policy implications**

21. The recommendations contained within this report are consistent with the policies of the Transport Plan 2011, particularly

Policy 1.1 – pursue overall traffic reduction

Policy 4.2 – create places that people can enjoy.

Policy 8.1 – seek to reduce overall levels of private motor vehicle traffic on our streets

### **Community impact statement**

22. The policies within the Transport Plan are upheld within this report have been subject to an Equality Impact Assessment.
23. The recommendations are area based and therefore will have greatest affect upon those people living, working or traveling in the vicinity of the areas where the proposals are made.
24. The introduction of yellow lines at junctions gives benefit to all road users through the improvement of inter-visibility and therefore road safety.
25. There is a risk that new restrictions may cause parking to be displaced and, indirectly, have an adverse impact upon road users and neighboring properties at that location. However this cannot be entirely preempted until the recommendations have been implemented and observed.
26. With the exception of those benefits and risks identified above, the recommendations are not considered to have a disproportionate effect on any other community or group.
27. The recommendations support the council's equalities and human rights policies and promote social inclusion by:
- Providing improved access for key services such as emergency and refuge vehicles.
  - Improving road safety, in particular for vulnerable road users, on the public highway.

### **Resource implications**

28. All costs arising from implementing the recommendations will be fully contained within the existing public realm budgets.

### **Legal implications**

29. Traffic Management Orders would be made under powers contained within the Road Traffic Regulation Act (RTRA) 1984.
30. Should the recommendations be approved the council will give notice of its intention to make a traffic order in accordance with the Local Authorities Traffic Order (Procedure) (England and Wales) Regulations 1996.
31. These regulations also require the Council to consider any representations received as a result of publishing the draft order for a period of 21 days following

publication of the draft order.

32. Should any objections be received they must be properly considered in the light of administrative law principles, Human Rights law and the relevant statutory powers.
33. By virtue of section 122, the council must exercise its powers under the RTRA 1984 so as to secure the expeditious, convenient and safe movement of vehicular and other traffic including pedestrians, and the provision of suitable and adequate parking facilities on and off the highway.
34. These powers must be exercised so far as practicable having regard to the following matters
  - a) the desirability of securing and maintaining reasonable access to premises
  - b) the effect on the amenities of any locality affected including the regulation and restriction of heavy commercial traffic so as to preserve or improve amenity
  - c) the national air quality strategy
  - d) facilitating the passage of public service vehicles and securing the safety and convenience of their passengers
  - e) any other matters appearing to the council to be relevant.

### **Consultation**

35. The implementation of changes to parking requires the making of a traffic order. The procedures for making a traffic order are defined by national Regulations which include statutory consultation and the consideration of any arising objections.
  36. Should the recommendations be approved the council must follow the procedures contained within Part II and III of the Regulations which are supplemented by the council's own processes. This process is summarised as:
    - a) publication of a proposal notice in a local newspaper (Southwark News)
    - b) publication of a proposal notice in the London Gazette
    - c) display of notices in roads affected by the orders
    - d) consultation with statutory authorities
    - e) making available for public inspection any associated documents (eg. plans, draft orders, statement of reasons) via the council's website<sup>1</sup> or by appointment at 160 Tooley Street, SE1
    - f) a 21 day consultation period during which time any person may comment upon or object to the proposed order
  37. Following publication of the proposal notice, any person wanting to object must make their objection in writing, state the grounds on which it is made and send it to the address specified on the notice.
  38. Should an objection be made that officers are unable to resolve so that it is withdrawn, it will be reported to the community council for determination. The community council will then consider whether to modify the proposals, accede to or reject the objection. The council will subsequently notify all objectors of the
-

final decision.

39. Where public or stakeholder consultation has already been completed, this is described within the key issues section of the report.

### Programme timeline

40. If these items are approved by the community council they will progressed in line with the below, approximate timeframe:
- Traffic orders (statutory consultation) – May to June 2015
  - Implementation – July to August 2015

## DS.132 Vehicle Crossings

Rev.	Status	Created by	Date	Approved by	Date
A	Final	D.Farnham/R.Mahama	07.02.12	D.Waters	08.02.12
B	Final	D.Farnham	28.09.12	D.Waters	02.10.12
C	Final	D.Farnham	29.01.13	D.Waters	08.02.13
D	Final	D.Farnham	08.12.13	M.Hill	12.12.13

### 1 Introduction

#### 1.1 Notes

- a. This standard explains requirements about the use and the design of crossings over footways and Cycle Tracks to allow motorised vehicles to reach private land from the carriageway (Vehicle Crossings). It does not apply to crossings to allow pedal cyclists access over footways, for which see standard DS.205.
- b. See standard DS.900 for definitions of terms used in this design standard. Note in particular the definitions for 'should', 'will', 'may', 'level 1 departure', 'level 2 departure' and 'approving officer' as used to describe requirements.
- c. See SSDM/TDR drawing LBS/G/010 for typical details for Vehicle Crossings.
- d. See SSDM/PR procedure PC.082 about the status of any revised version of this standard that may be issued during the active life of a project.
- e. See the SSDM webpages at [www.southwark.gov.uk/ssdm](http://www.southwark.gov.uk/ssdm) for a list of frequently asked questions about the design of streets and spaces.

#### 1.2 Discussion

- a. Vehicle Crossings are features that allow vehicles access over footways so that they can reach driveways or other hard standing areas on private land. They have to be appropriately located and designed so that, amongst other things
  - i. the footway is not damaged as vehicles pass over it
  - ii. vehicles do not overhang the Highway when parked on private land or dwell on the Highway when entering/exiting it, so causing an obstruction
  - iii. the visual impact of the Crossing is minimised and, wherever possible, sense of continuity of the footway and pedestrian priority along it is maintained
  - iv. potential conflict with pedestrians (and in the case of emerging vehicles) other vehicles in the carriageway is safely managed

### 2 Use requirements

#### 2.1 Authorisation

- a. New Vehicle Crossings must be designed and approved in accordance with SSDM requirements, including those found in other standards and procedures.

- b. See the 'Sustainable Transport' (Southwark Council, 2010) Supplementary Planning Document for details of the council acting as Local Planning Authority's requirements for the assessment of Applications to create private accesses when this would require a change in land use.

*NOTE: In the event of any difference between SSDM design requirements and those of the Sustainable Transport SPD, the Highway Authority will give precedence to those in the SSDM. The opposite is likely to apply for the council acting as Local Planning Authority.*

- c. Due to the requirement as section 3.7 to introduce No Waiting At Any Time restrictions through and in the vicinity of Vehicle Crossings (and the possible need in some circumstances to make other adjustments to existing parking bays etc....), Authorisation of new Vehicle Crossings will almost always be subject to confirmation of Traffic Management Orders as per statutory and constitutional order making procedures.
- d. See 'b' about the need for legal agreements with the Borough Solicitor. New Vehicle Crossings will not be Authorised by the Highway Authority until these have been concluded.

## **2.2 Vehicle Crossing or road junction**

- a. If combined vehicle movements in and out of an access to private land in any hour are estimated to be
  - i.  $\leq 6$  commercial vehicles movements and/or
  - ii.  $\leq 12$  vehicles movements of any kind

then the access should be designed as a Vehicle Crossing in accordance with the requirements in this standard.
- b. If combined vehicle movements in and out of an access to private land in any hour exceed the values in 'a' then a road junction should be provided instead. The access from private land should be designed and treated as a carriageway, with a Raised Table as standard DS.111 applied at the junction.

## **2.3 Locating Vehicle Crossings**

- a. New Vehicle Crossings should not be located where they will conflict with any of the instances in Table 1.

Instance		New streets and spaces
A	Zig-zag lines	New Vehicle Crossings should not be located within the confines of existing zig-zag lines associated with controlled crossings. Any adjustment of lines is subject to the requirements of standard DS.308
B	Bus stop cages	New Vehicle Crossings should not be located within any bus cage or closer than 10m (on the same side of the road) to one. Any proposal to relocate an existing bus cage is subject to level 1 departure
C	Raised Tables, Speed cushions, Speed humps	New Vehicle Crossings should not be located adjacent to any of these features. The Highway Authority will consider reasonable proposals to relocate existing features at the proponent's expense. However, the requirements of relevant SSDM design standards must be met
D	Existing prescribed parking spaces	New Vehicle Crossings should not be located where they will conflict with existing prescribed parking spaces for waiting or loading (either in respect to the physical location of the proposed access or by obstructing related visibility splays). The Highway Authority will consider reasonable proposals to relocate such bays or, exceptionally, remove them without replacement. However, as this will require existing Traffic Management Orders (TMO) to be adjusted it is subject to statutory and constitutional Traffic Management Order making procedures (see note 1). In order to avoid potential waste of time a level 1 departure is required before such proposals will be considered. Approving officers must be satisfied that the proposals stand a reasonable chance of being approved via those order making processes
E	Close proximity to side roads	On streets that are within a 20mph zone or that have a 20 mph speed limit, new Vehicle Crossings should not be located within 10m of a side road junction to the same side of the road. This should be measured from the projected edge of the nearest kerb of the interfacing road (prior to any corner radii) to the nearest edge of the private access. On Classified Road (A and B roads) and any streets with 30mph speed limits, then the distance should be 20m
F	Locations with poor visibility for road users	New Vehicle Crossings should not be introduced on the inside of bends if the radius of curvature at the centre line of the carriageway is less than 90 metres.
G	Street trees	New Vehicle Crossings should not be introduced where it will require removal of any existing tree or otherwise impact unacceptably upon any existing tree (see note 2). Any proposal to remove a tree is subject to the requirements of standard DS.501.
H	Green verges	New Vehicle Crossings should not be introduced where it will require an existing grassed or planted verge or other area of landscaping to be broken. Any departure request to do so will normally be subject to the provision of compensatory landscaped areas. See also note 3
I	Land Ownership	Private hard standings (and associated visibility splays for vehicle emerging from these onto the Highway – see section 3.6) should normally be within the Applicant's freehold ownership. If this is not the case then the Applicant will need to obtain the consent of the freeholder. See also section 3.1
<p><b>NOTES</b></p> <p>1) These Order making procedures require the public to be consulted. If objections are received then proposals will normally be referred to the members of the relevant Community Council for the final decision, which will be taken at one of their programmed meetings.</p> <p>2) Examples of unacceptable impact include risk of collision with trunks due to the width of the access or damage to the rooting zone of trees due to vehicle overrun. It is unlikely to be permitted to construct Vehicle Crossings over previously soft landscaped areas of a tree's Root Protection Zone. See also note 3.</p> <p>3) As per standard DS.601, the Highway Authority will not normally permit the use of 'no-dig' constructions as a means of allowing <u>existing</u> soft landscaped areas within the Highway to be paved over whilst avoiding impact drainage or root protection areas.</p>		

Table 1 - Location constraints on new Vehicle Crossings

### 3 Design requirements

#### 3.1 Private land owner's responsibilities

- a. When they apply for new Vehicle Crossings, private land owners are responsible for
  - i. covering all costs associated with both
    - works within the Highway to design, build, construct and approve the Vehicle Crossing
    - any necessary legal agreements with the Borough Solicitor (for which see 'b')
  - ii. re-grading their land at the interface with the Highway to accommodate nominated Vehicle Crossing details and prevent risk of vehicle grounding (see section 3.2)
  - iii. providing a hard standing on their land of the dimensions required as 3.2
  - iv. putting in place suitable drainage measures at the limits of the Highway to prevent surface water from their land shedding onto the Highway (see section 3.4)
  - v. (If the Applicant is not the owner of the property) obtaining the written consent of the owner to necessary legal agreements. See 'b' for further information
  - vi. carrying out any other works necessary on private land to make the Vehicle Crossing acceptable (e.g. amending walls or hedge lines to provide adequate visibility, widening accesses)
- b. In addition to the above, private land owners are required to enter into one or more legal agreements with the Borough Solicitor agreeing and undertaking
  - i. not to allow any vehicle parked on their land to overhang the footway. See section 3.2 for further information
  - ii. not to construct any gates over the private drive unless they are set back by  $\geq 6\text{m}$ . See section 3.3 for further information
  - iii. to exit (and in most instances) enter the Vehicle Crossing in forward gear. See section 3.6 for further information
  - iv. not to obstruct visibility splays on their land at the interface between the private hard standing and Highway for vehicle users emerging onto the Highway. See section 3.6 for further information

These agreements will be lodged with local land charges and will form part of the deeds of the property to be transferred if the property is ever sold. If the Applicant is not the land owner then (as discussed above) they will need to obtain their consent. As discussed in section 2.1, the Highway Authority will not Authorisation construction of Vehicle Crossings until these agreements are concluded.

#### 3.2 Hard standings on private land

- a. Vehicle Crossings must lead directly to a hard standing on private land. These must large enough to allow vehicles to park without overhanging the Highway and causing an obstruction in breach of Section 137 of the Highways Act 1980 (in relation to which see also '3.1b') . The size of the area will be considered on a case specific base. Details of the vehicle that will be using the access must be provided. However, the minimum dimensions should be as follows.
  - i. Hard standing for vehicles positioned parallel to street  
2.4m deep by 6m along the street

- ii. Hard standing for vehicles positioned perpendicular to the street
  - For single vehicles - 3m along the street by 5.5m deep
  - For two vehicles - 5m along the street by 5.5m deep for two vehicles
- b. As discussed in 3.1, Applicants are responsible for profiling/grading their private hard standing to interface with the plateaus of Vehicle Crossings. This is an important point of detail as the Highway Authority will not normally lower footways to meet existing private land grades.

### 3.3 Gates on private land

- a. If an Applicant wishes to gate their Vehicle Crossing then those gates
  - i. may not open onto the Highway. This is as per Section 153 of the Highways Act 1980
  - ii. must be set back by  $\geq 6\text{m}$  from the limit of the Highway in order to prevent vehicles from obstructing the footway or carriageway whilst they are opened. This is as per Section 137 of the Highways Act 1980. See also '3.1b' about legal agreements to ensure that these are not introduced in future.

### 3.4 Drainage of private land

- a. As per section 163 of the Highways Act 1980, surface water from private land may not fall or shed onto the Highway. Applicants are solely responsible for carrying out works on their private land to ensure this.

*NOTE 1: The easiest way to achieve this is by profiling private hard standings to fall away from the Highway. However, if this is not possible then it may be necessary to install a linear grid drain or similar along the Highway interface.*

*NOTE 2: Applicants for new Vehicle Crossing should note that, as a Town & Country Planning requirement, hard standings on private land are normally required to use a pervious construction. However, this is not a matter for the Highway Authority.*

### 3.5 Standard Details

- a. Vehicle Crossings should be designed in accordance with the SSDM/TDR drawing LBS/G/010 Details explained in Table 2 (see note). Plateau widths should be as Table 1. Minor modifications to these details may be permitted by Level 1 Departure. Any existing Vehicle Crossings encountered within project areas should be updated in accordance with these requirements.

*NOTE: All of these Details require the footway to remain at grade as it passes over the Crossing plateau (as opposed to dropping down to carriageway level). Interface grades on private land must be designed to allow this.*

Estimated vehicle use		Type of premises served	Detail to be used as per SSDM/TDR drawing LBS/G/010
Designation	No. of combined vehicle movements in and out of private land in any hour		
Occasional use	≤ 3 commercial vehicles or ≤ 6 vehicles of any kind	Residential	Type 1  In existing streets and spaces (but not new) Type 2 detail may be used by Level 1 Departure if ramp width (across the footway) would be either >1250mm or >40% the total width of the footway (though see note)
		Commercial	
Frequent use	> 3 but ≤ 6 commercial vehicles or > 6 but ≤ 12 vehicles of any kind	Residential	Type 3
		Commercial	Type 4
<p><b>NOTE</b> In the case of existing streets and spaces, it must be demonstrated that it would not be feasible to widen the footway in order to avoid the use of a Type 2 detail.</p>			

Table 2 - Typical details to be used for Vehicle Crossings

SSDM/RP Specification Area	Minimum width of pedestrian plateau measured across the footway or cycleway (metres)	
	Existing streets and spaces (see note 2)	New streets and spaces
*World Centre*	1.8m	2.1m
*Town Centre* - Zone A (see note 1)	1.8m	2.1m
*Town Centre* - Zone B (see note 1)	1.5m	1.8m
*Heritage*	1.5m	1.8m
*Village*	1.5m	1.8m
*Docks*	1.5m	1.8m
*General*	1.5m	1.8m
<p><b>NOTE</b> 1) See standard DS.208 for definitions of Zone A and Zone B within *Town Centre* Specification Areas. 2) If new Vehicle Crossings are proposed in existing streets and spaces then (where necessary) footways and other non-carriageway pavements should be widened so that the plateau widths in this Table are achieved. Any Requests for Departure to not do so that widening is not feasible owing to restrictions on street width or engineering constraints.</p>		

Table 3 - Minimum plateau widths for Vehicle Crossings

### 3.6 Visibility for emerging vehicle users

- a. Visibility splays should be provided for emerging vehicle users in accordance with standard DS.114 requirements at
  - i. the interface between the private drive/hard standing area and the Vehicle Crossing. See also '3.1b' about legal agreements to ensure that these are not obstructed in future
  - ii. (where required as standard DS.114 – see note) the interface between the Vehicle Crossing and the carriageway

*NOTE: In general, standard DS.117 only requires visibility splays at carriageway interfaces for Vehicle Crossing located on Classified Roads (A and B roads)*

- b. Vehicles should be able to exit and (wherever possible) enter private land in forward gear. If it is not possible to provide a turning head on private land then, except on Classified Roads (A and B Roads), reversing into the Vehicle Crossing from the carriageway may be acceptable subject to local traffic conditions and safety considerations. If reversing is the proposed solution then
  - i. this should always be made a Point Of Enquiry within a Road Safety Audit (see SSDM/PR procedure PC.040)
  - ii. the legal agreement required as '3.1b' should be varied to require this.

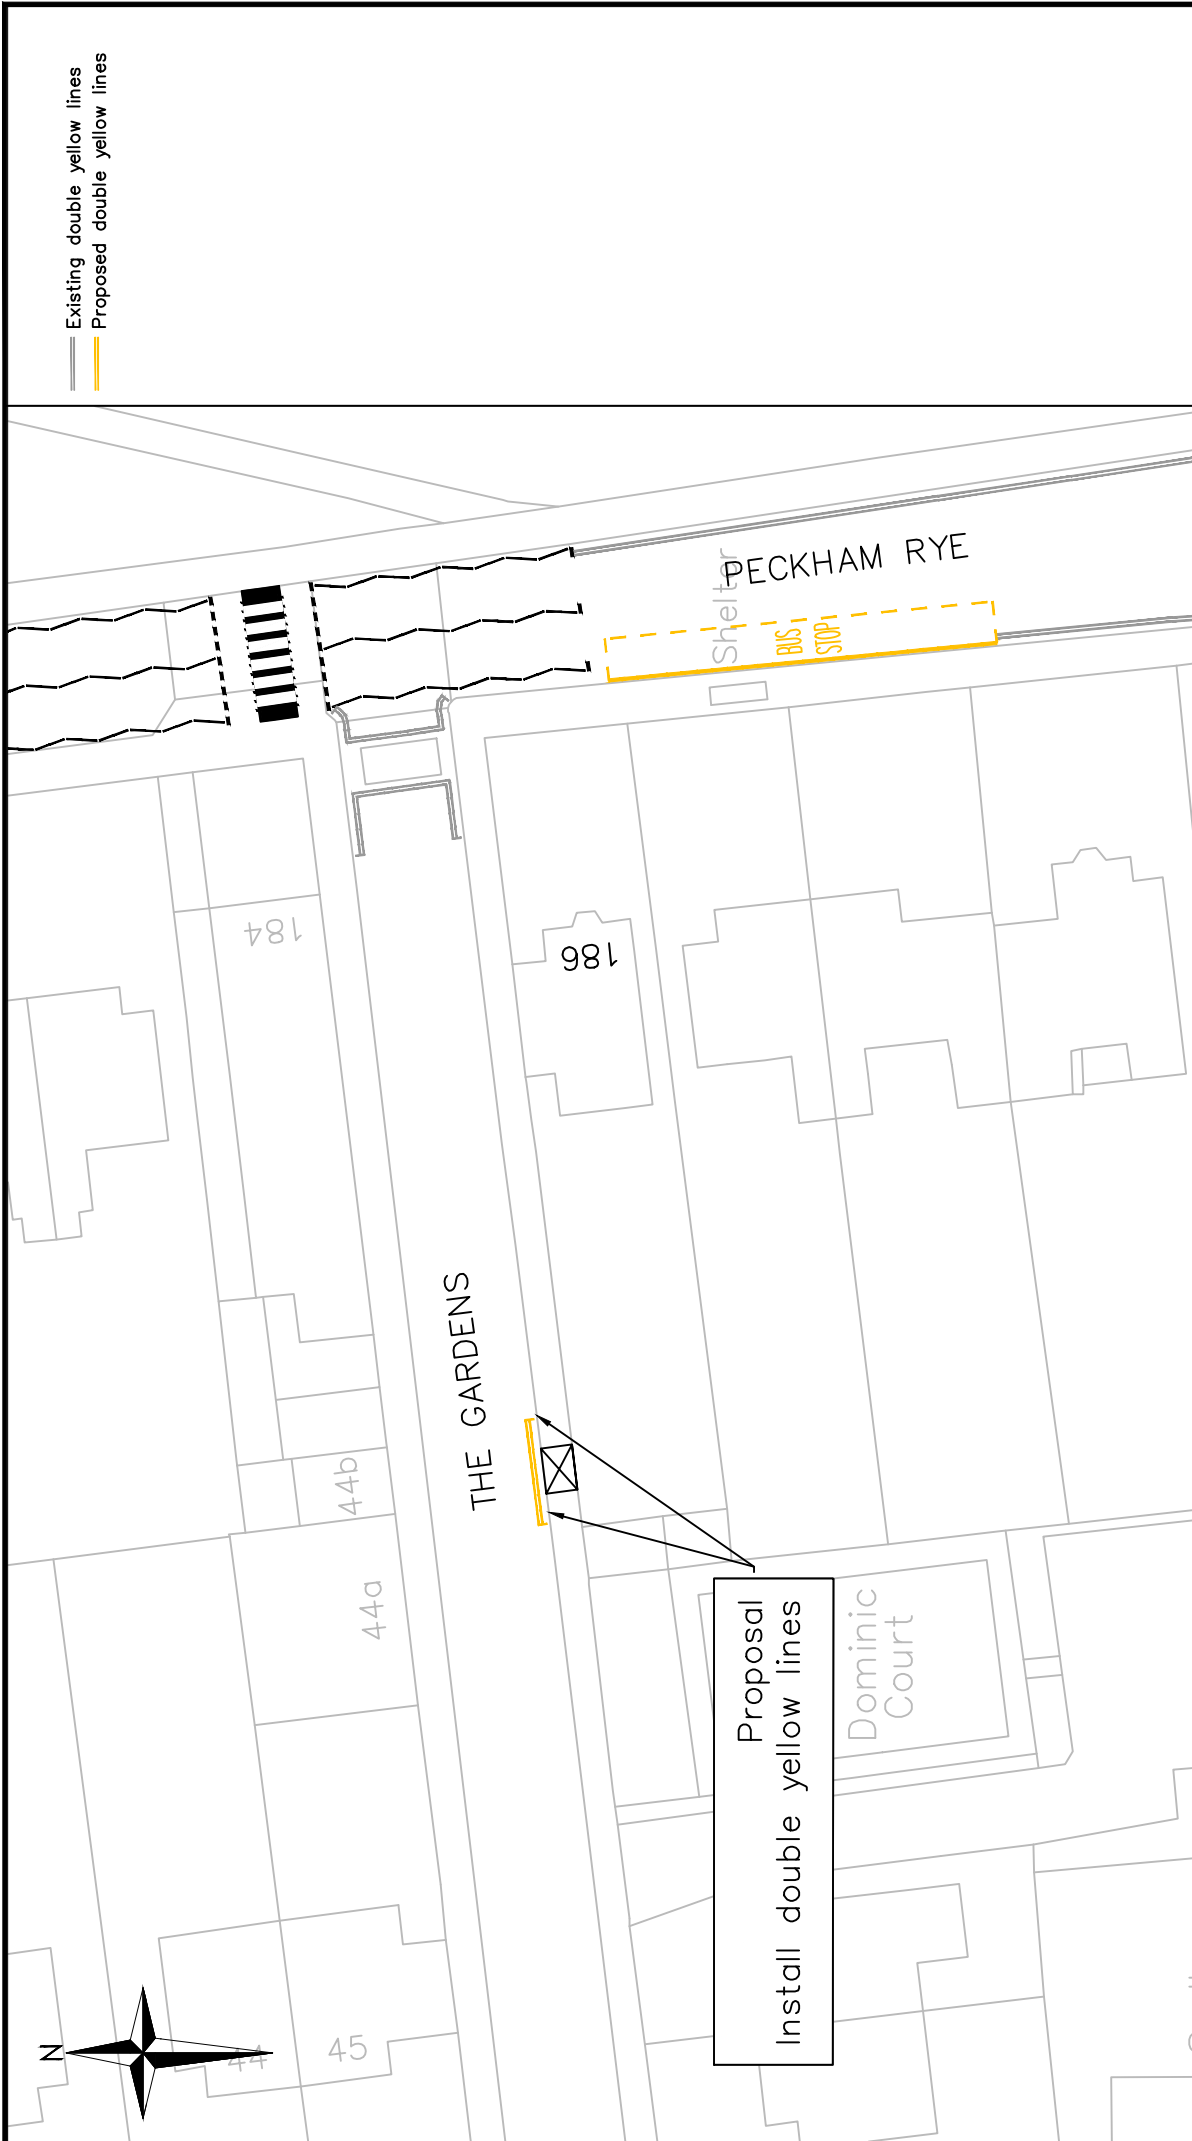

### **3.7 Parking restrictions around Vehicle Crossings**

- a. See standard DS.002 about providing No Waiting At Any Time restrictions through and in the vicinity of Vehicle Crossings.

*NOTE: Broadly, in most instances restrictions are needed through and to 2m either side of each Crossing. However, for Vehicle Crossings on Classified Roads (A and B roads) restrictions are normally needed to the entire extent of related visibility splays (for which see standard DS.114).*

- b. See standard DS.007 about introducing H-Bar markings and treatment of any existing encountered within a project area.

*NOTE: Broadly, H-Bars are not normally permitted and any existing should normally be removed.*
