19. MOTIONS REFERRED FROM COUNCIL ASSEMBLY

RESOLVED:

Schools, Standards and Places

That the motion referred from council assembly as a recommendation to cabinet, set out below, be noted:

That council assembly:

1. Welcomes the good progress being made by the council in keeping pace with the increased demand for primary and secondary school places and in driving up standards for educational achievement.

2. Recognises the incredible work of Southwark schools, where results and performance are rising and scores continue to be above the national average.

3. Recognises the work that this administration has done to create new school places within the challenging context of the government’s free schools programme, working with communities and providers to open new schools that parents want in areas of high demand.

Standards

4. Welcomes the increase in the number of schools in the borough that are rated either Good or Outstanding, which has risen to 91%, from 64% in 2010, with no schools in Southwark rated inadequate.

5. Notes that:
   - Southwark’s performance is higher than the national and London averages at foundation stage is narrowing the gap with London average for Key Stage 1 performance
   - Southwark ranks in the top quartile nationally for Key Stage 2 results
   - Southwark is in the top quartile nationally for GCSE results and was ranked joint 20th in the country, an improvement of 43 places since 2013
   - Southwark is one of the most improved and high performing London boroughs at secondary level and continues to outperform other neighbouring boroughs in results at GCSE, English Baccalaureate and A Levels.

6. Applauds Southwark secondary schools for record levels of improvement achieved in GCSE results and calls on cabinet to continue supporting schools and protecting school improvement work in the face of vicious government cuts, to achieve even more and meet the council’s ambitious target of 70% of our young people achieving five or more A* to C grades at GCSE or equivalent by 2016.

Places

7. Recognises that demand for school places in Southwark, particularly in the north
of the borough, continues to rise. Following the Liberal Democrats’ admission that there was a ‘school places crisis’ when they ran the council, Council assembly welcomes the steps taken by this administration to ensure additional school places to meet this demand.

8. Calls on the cabinet to continue the practice of the last five years of expert and well researched places planning, and investment in high quality education facilities in popular, well performing schools.

9. Welcomes the work undertaken by the council to create 1,690 additional primary school places since 2010 and commends the current expansion programme, and the two new free school projects Belham and Galleywall, which will provide additional school places to meet forecast demand for September 2016.

10. Also welcomes the council’s work to assist and facilitate expansion in oversubscribed secondary schools and to open a new Charter School in East Dulwich. Council assembly calls on cabinet to work with the community and providers to open an outstanding secondary school on the former Southwark Fire Station site, to meet demand for secondary school places in the north of the borough.

11. Believes that there should always be a requirement to consult with parents about the school their child is attending. Council assembly therefore condemns the proposals in the Education and Adoption Bill, which will scrap the requirement for academy sponsors to consult locally on whether they should take over schools. Council assembly calls on cabinet to challenge the government to explain what possible benefits there are in forcing a school to go through the academy process at the moment they are rated inadequate, when local experience in Southwark shows that intensive support from a local authority can help a struggling school get back on track.

Save Southwark Woods

That the motion referred from council assembly as a recommendation to cabinet, set out below, be noted:

1. That council assembly is proud of Southwark being one of the greenest boroughs in London and believes that woods in Southwark are a vital part of our borough. The council invests approximately £130,000 every year in valuable woodlands such as Dulwich Upper Wood, Sydenham Hill Wood and Russia Dock Woodland - a combined 55 acres of woodland - and also maintains many dedicated wildlife sites, nature gardens and Sites of Importance for Nature Conservation around the borough, to provide a habitat for wildlife and open space for residents to enjoy.

2. That council assembly notes that at no stage prior to the submission of this motion have Liberal Democrat councillors sought to comment on or engage with the council on its cemeteries strategy and condemns any party seeking to “play politics” with this important issue.

3. That council assembly regrets that inaccurate claims have been made about the council’s cemeteries strategy and notes its concern that these claims have led to
residents being misinformed about the council’s plans to bring two pieces of
designated burial ground, one of which is currently inaccessible, into use in
Camberwell Old and New Cemeteries. The areas proposed for development
measure less than one acre in total.

4. That council assembly recognises the challenge the council faces in securing
sustainable burial space in the borough and notes that if the council takes no
action, burial space in Southwark will run out in early 2017.

5. That council assembly believes that it is important to recognise the wishes of
those residents who want to have the option to bury their loved ones locally and
who for financial reasons would struggle to travel to visit a cemetery outside the
borough.

6. That council assembly notes that an extensive public consultation was undertaken
in 2011 on the future of Southwark’s cemeteries and that the local community has
also been given the opportunity to review detailed plans for the next phase of the
Cemetery Strategy and contribute feedback over the last seven months.

7. That council assembly calls on the cabinet to:
   • Maintain the status of Camberwell Old and New Cemeteries as Sites of
     Importance for Nature Conservation
   • Continue to work with the London Wildlife Trust, the Forestry Commission
     and the local community to ensure that the plans for managing the
cemeteries enhance the existing biodiversity and ecology of the area
   • Continue to engage with the local community on the council’s plans for
cemeteries throughout the process of implementing the cemeteries strategy
   • Continue to protect green spaces throughout the borough, as well as
     providing burial space for the future, to create quality open space for local
     people alongside a respectful place for the deceased.

Right to Buy

That the motion referred from council assembly as a recommendation to cabinet, set out
below, be noted:

1. That council assembly welcomes this administration’s commitment to building
11,000 new council homes to meet growing demand for affordable housing in the
borough, with the first 75 of these new homes recently being built at Willow Walk.

2. That council assembly notes however that the council’s ambitious house-building
programme is at serious risk from the government’s right to buy proposals, which
could lead to up to 500 council homes a year in Southwark being sold, as well as
forcing the sale of new council homes as soon as they are built.

3. That council assembly believes these proposals will have a devastating effect on
council housing in Southwark and could effectively stop the local authority from
building much-needed new council homes, particularly in the north of the borough.

4. That council assembly believes that at a time when London boroughs are facing a
hiring crisis, it is an utter disgrace for the 12,000 people on Southwark's housing waiting list for the government to force the sale of desperately needed council homes. Council assembly also believes that is wrong for council housing to be sold in London, where there is a massive housing shortage, to fund the sale of housing association properties outside the capital.

5. That council assembly calls on the cabinet to work with other London boroughs to lobby the government to reconsider these preposterous plans and to push for an exemption to new build homes, to ensure that the government’s plans do not jeopardise the council’s ambitious council house building programme.

Children Missing from Care

That the motion referred from council assembly as a recommendation to cabinet, set out below, be noted:

That council assembly:

1. Puts on record its concern about the issue of young people in Southwark and throughout London going missing from care, which can put already vulnerable people at further risk of exploitation, abuse or other serious harm.

2. Notes that in 2014/15 there were 249 recorded incidents of children going missing from care in Southwark.

3. Recognises that this is a complex issue and thanks council officers and care home staff who have been working to support young people in care and reduce the number going missing.

4. Welcomes the council’s decision to commission the St Christopher’s Charity to provide home visits for all young people reported missing, building trust and working with the young people to understand the reasons behind why they go missing, which is successfully reducing repeat missing episodes.

5. Welcomes the close analysis of the impact of this work by the corporate parenting committee over the last year, by meeting with St Christopher’s and considering the early data produced and the feedback from young people.

6. Welcomes the work being done by the council to respond to the reasons why children are going missing from care, and to find innovative ways to improve outcomes for children and young people at risk of family breakdown, to strengthen parenting and rebuild relationships between young people and their parents and to help keep more families together.

7. Welcomes the council’s recruitment drive to increase the number of local foster carers through exempting them from council tax so that when children do need to be taken into care they are able to stay close to family and friends.

8. Also welcomes the work of the Safer London Project working with young people who are at risk of sexual exploitation, to build relationships with some of our most vulnerable young people and ensure that safety plans are put in place to reduce
9. Welcomes the work done on this issue by politicians on all sides, including the ‘Looked-After Children: Missing In Care’ report by Caroline Pidgeon AM published in June 2015, which looked at the problem across London.

10. Recognises that this is a problem that should be acknowledged and understood by all councillors in order to highlight the issue, work towards reducing the number of recorded incidents in future years and ensure there is no complacency whatsoever where the welfare of looked-after children is concerned.

11. Notes that the council has a weekly report on children missing from care and that all children are offered a missing from care interview undertaken by St Christopher’s to find out if the young person is at risk, or if there are any problems with their placement.

12. Notes that corporate parenting has responsibility for monitoring data on children missing from care and has a membership of cabinet member, backbenchers and independent members, is cross-party and has regular attendance not only from officers but also other agencies such as health as well as contributions from Speakerbox, our award-winning Children in Care Council.

13. Notes that corporate parenting committee is not only well placed to scrutinise the issue of children missing from care and the council’s response but is actively doing so.

14. Also notes the on-going scrutiny of this issue by the multi-agency Children’s Safeguarding Board.

15. Welcomes any request for further scrutiny by education and children’s services scrutiny sub-committee.

16. Calls on the cabinet to continue to tackle the problem of children missing from care by:

- Monitoring each of the recommendations included in the corporate parenting committee’s statutory guidance on children who run away or go missing from home or care
- Receiving a report on the work commissioned from St. Christopher’s and the council’s response to the feedback captured from our young people
- Working closely with the police and all other key partners from the Children’s Safeguarding Board on missing children and those at risk of sexual exploitation.

Revitalising the Blue

That the motion referred from council assembly as a recommendation to cabinet, set out below, be noted:

That council assembly:
1. Believes that while high streets are at the heart of the economic and civic renewal of many of our neighbourhoods, the challenges of online competition, redeveloped shopping centres and prevalent retail uses that take money out of a neighbourhood mean that creative solutions are required for their future vitality.

2. Welcomes the investment Southwark Council has made through the Investing In Local Retail Environment (ILRE) and High Street Challenge programmes across the borough, including the improvements made to shop fronts and public realm at the Blue and Southwark Park Road and the support provided to help establish the Blue Bermondsey business improvement district.

3. Supports the Blue Bermondsey BID’s efforts to drive new investment into the area in a way that directly benefits local people and welcomes the establishment of a “Commonplace” survey to identify what kinds of shops, stalls, attractions and general amenities local people want.

4. Notes that the balance of shops around the Blue and Southwark Park Road does not serve local residents well, with 4 betting shops, 8 fast food takeaways, and 12 general grocer/late night off licences in the immediate area.

5. Notes that the Southwark Park Road/Market Place town centre has a very high concentration of retail units under council ownership and management.

6. Calls on cabinet to develop a new lettings strategy or charter for the parade, in dialogue with the Blue Bermondsey BID, local residents and landlords, which takes a holistic view on the maximisation of revenue income from the parade by creating over time the full variety of retail uses serving all parts of the local community and establishing the Blue as a cultural and retail destination for people in Bermondsey and beyond.

**Albion Primary School**

That the motion referred from council assembly as a recommendation to cabinet, set out below, be noted:

1. That Southwark faces a significant challenge in meeting the growing demand for school places across the borough. Council assembly therefore welcomes the redevelopment of Albion Primary School, which will provide new school facilities and enable the school to expand to add an additional class, providing education to more Southwark children.

2. That council assembly welcomes the leadership being provided by Albion Primary School in meeting the challenge of growing places and building an innovatively designed new school, which makes the best possible use of outdoor space.

3. That council assembly further applauds Albion Primary School for taking the brave decision to release a portion of land on the site for housing, helping to meet the council’s ambitious pledge to build 11,000 new council homes while also enabling the school to build a state of the art building with fantastic facilities.

4. That council assembly believes the redevelopment of Albion Primary will deliver a
genuinely world class school for Southwark children, make a huge contribution to
the regeneration of the area and provide high quality facilities for the local
community.

20. ADULT SOCIAL CARE, FAIRER CONTRIBUTIONS POLICY - OUTCOMES OF
CONSULTATION EXERCISE AND IMPLEMENTATION

It was not possible to circulate this report five clear days in advance of the meeting. The
chair agreed to accept as urgent because the proposals in the report were intended to
modernise the council’s approach to charging for social care and, in a time of financial
austerity, to ensure its approach to charging for services was sustainable for the local
authority in the long term. If the proposals were accepted income raised will be used to
fund care services. Any delay in implementing the policy would adversely affect this
income stream. If the income stream is affected then other services may suffer as the
difference will need to be found.

RESOLVED:

1. That the responses to the consultation on the proposed changes to the Fairer
Contributions Policy as set out within the report and in Appendix 2: “Fairer
contributions policy consultation responses summary” be noted.

2. That the equality and impact analyses set out in Appendix 1 of the report: “Equality
and impact analysis – Fairer Contributions Policy” be noted.

3. The information contained within the report and its appendices were considered and
the adoption of the proposed changes to the charging policy agreed:

- To change the level of available income after financial assessment below
which a service user will not be charged anything for their care from £2 to £3 a
week

- To charge up to 100% of available income, after financial assessment,
increasing this from up to 80%

- To ask all eligible service users, who are assessed as financially able to
contribute, for a contribution toward their care costs

- To simplify charging, so that all services, including respite care, meals and
telecare services currently charged at a flat rate, are included within a financial
assessment so that service users will only pay what they can afford

- To assess and charge non-residential care services in the same way that we
assess residential care, so that non-residential care service users with savings
or capital above £23,250 no longer have their care subsidised by the council

- To introduce a discount scheme for social care customers paying by direct
debit.

4. That the proposed changes to be adopted in a new Fairer Contributions Policy to be
applied from October 2015 be agreed.

EXCLUSION OF PRESS AND PUBLIC

That the press and public be excluded from the meeting for the following items of business on the grounds that they involve the likely disclosure of exempt information as defined in category 3 of paragraph 10.4 of the access to information rules of the Southwark Constitution.
