### **What are some of the key issues that you would like the review to look at?**

In November 2018, the Health and Wellbeing Board discussed the findings of the Joint Review of Emotional Wellbeing and CAMHS Services and 'set a shared ambition to meet 100% target of children and adolescents with MH needs and that they would aim to achieve this by 2020', followed by a later decision in June this year to adopt the Thrive Mode:

<http://moderngov.southwark.gov.uk/documents/s83473/Report%20Children%20and%20Young%20Peoples%20Mental%20Health%20and%20Wellbeing.pdf>

In the context of the above the review intends to particularly focus on these two areas; where the Commission could best add value:

- prevention in schools ( e.g Early Help and the work of organisations such as Place2Be)
- community engagement and mobilisation ( particularly around the work of Partnership Southwark on ACEs)

The review will also look at two cross cutting issues:

BAME and male; given the poorer mental health outcomes for BAME people and the higher suicide rate of boys & men.

**Who would you like to receive evidence and advice from during the review?**

Health and Social Care on delivery of the joint all age (cradle to grave) Mental Health strategy here:
