<b>Item No.</b> 7.	<b>Classification</b> Open	<b>Date:</b> 11 March 2020	<b>Meeting Name:</b> North East Multi-Ward Forum
<b>Report title:</b>		Cleaner Greener Safer Capital Programme 2020-21	
<b>Ward(s) or groups affected:</b>		North Bermondsey, Rotherhithe, South Bermondsey, Surrey Docks	
<b>From:</b>		Head of Service – Highways	

## RECOMMENDATIONS

1. To approve the reallocation of underspent funds carried forward from previous years underspend, current programme underspend and current programme project cancellations.
2. To approve the allocation of funds for the 2020-201 Cleaner Greener Safer (CGS) capital programme in the North East multi-ward area from the list of applications set out in Appendix 1.

## BACKGROUND INFORMATION

3. The council's CGS capital programme has been running since 2003.
4. £1.88 million has been allocated every year since 2003 for capital projects within the borough.
5. Funding is allocated to individual wards based on a per councilor calculation.
6. Examples of the types of projects that have been funded include:
  - Parks, community gardens, landscaping, tree planting and wildlife areas
  - Children's playgrounds, youth facilities, ball courts and cycle tracks
  - Lighting, security measures, pavements, streets, and tackling 'grot spots'
  - Grants to local groups to self-deliver projects

## KEY ISSUES FOR CONSIDERATION

7. There is £ 358,095 available for the 2020-21 CGS capital programme for new projects in the North East Multi Ward area.
8. There is £ 135,044 in additional funding from previous years underspend, current programme underspend and current programme project cancellations.
9. Eligible proposals must bring about a permanent improvement and make an area cleaner, greener or safer.
10. Proposals with revenue costs, including salaries, costs for events, festivals, workshops or other one-off events are not eligible for capital funding. CCTV proposals and internal improvements to housing property and works on schools where there is no access to the general public are also not eligible. Works on private property are not eligible unless there is a long-term guarantee of public

access or a demonstrable public benefit.

11. The application form invited expressions of interest for the applicants to deliver projects themselves. A due diligence exercise to ensure that this is both practical and realistic has been undertaken as part of the feasibility process. In such cases, the council would give the funding allocation to the applicant in the form of a capital grant, with appropriate conditions attached.

### **Policy implications**

12. The CGS programme is fully aligned with the council's policies around sustainability, regeneration and community engagement.

### **Community impact statement**

13. The roles and functions of multi-ward areas include the promotion of involvement of local people in the democratic process.
14. An explicit objective within multi-ward areas is that they be used to actively engage as widely as possible with, and bring together, Southwark's diverse local communities on issues of shared or mutual interest. The CGS programme is an important tool in achieving community participation.
15. In fulfilling the above objectives of multi-ward areas to bring together and involve Southwark's diverse local communities, consideration has also been given to the council's duty under The Equality Act 2010 which requires the council to have due regard when taking decision to the need to:
  - a. Eliminate discrimination, harassment, victimisation or other prohibited conduct;
  - b. Advance of equality of opportunity between persons who share a relevant protected characteristics and those who do not share it;
  - c. Foster good relations between those who share a relevant characteristic and those that do not share it.
16. Of particular regard are issues of age, disability, gender reassignment, pregnancy and maternity, race, religion or belief, sex, sexual orientation.
17. Having due regard to the need to advance equality of opportunity is further defined in s.149 as having due regard to the need of:
  - a. Remove or minimise disadvantages connected with a relevant protected characteristic;
  - b. Take steps to meet the different needs of persons who share a relevant protected characteristic;
  - c. Encourage persons who share a relevant protected characteristic participate in public life or any other activity in which they are under-represented.
18. When undertaking the duties under section 149 the council must ensure:
  - a. The duty must be fulfilled before the decision in question is enacted;
  - b. The duty must be exercised in substance with 'rigour and an open mind'; it is not a matter of ticking boxes and;
  - c. The duty is continuing; it does not end with the completion of any EIA and due regard must be had as policy evolves and is implemented

19. Ideas for CGS projects come from the local community, the majority via a simple project nomination form available in electronic and paper format.

### **Resource implications**

20. The funding for the CGS capital programme from 2011 to 2021 was approved by the cabinet and is part of the council's overall capital programme as detailed in the Capital Programme 2011–2021 report dated 21 June 2011.
21. The allocation of funding per ward for the CGS capital programme was approved by the cabinet member for transport environment and recycling as detailed in the launch of CGS Capital Programme 2015-16 report dated 6 August 2014.
22. The funding for the 2019-20 CGS capital programme was approved by the cabinet member for environment, transport management and air quality as detailed in allocation of funds to wards via CGS and devolved highways programmes report dated 20 December 2018.
23. All professional fees related to the project are also treated as the capital costs of the project. Where projects are awarded as a grant to organisations, the award amount announced at community council includes professional fees. The community council award notification to grant recipients details the grant amount only, excluding these fees.
24. CGS projects must be completed within two years of award of funding. Projects that are unlikely to be completed within two years will be reported to multi-ward forum and available budgets may be reallocated to other projects. Revenue costs not covered by maintenance or the contractual liability period will fall upon the asset owner. The department will be notified of the likely costs before the schemes proceeds, in order to secure permission to implement the scheme.
25. After the defects and liability period, or three year maintenance period in the case of planting works, all future maintenance is assumed by the asset owner, for example Housing, Parks, Highways, or in some cases external asset owners. Therefore, there are no revenue implications to the Highways division as a result of approving the proposed allocation.
26. The total expenditure and sources of funding for the scheme will be monitored and reported on as part of the overall capital programme.
27. Value for money will be ensured when the contract is procured by following the council's contract standing orders.

### **Consultation**

28. All CGS projects require consultation with stakeholders, including the project applicant, local residents, tenants and residents associations and local community groups where appropriate.

## **SUPPLEMENTARY ADVICE FROM OTHER OFFICERS**

### **Director of Law and Democracy**

29. The Local Government Act 2000 ('the 2000 Act') gives the Leader the power to delegate any executive function to whoever lawfully can undertake the function. The allocation of the CGS capital fund is an executive function.
30. Multi-ward areas are 'area committees' within the meaning of the 2000 Act and executive functions can be delegated to them by the Leader. The terms of the delegation are set out in part 3H of the council's constitution.
31. This report recommends that the North East multi-ward area approves the allocation of funds to the individual projects specified at Appendix 1. Paragraph 14, Part 3H of the Constitution enables Multi Ward areas to approve "the allocation of funds to CGS capital and revenue schemes of a local nature, using the resources and criteria identified by the cabinet".
32. Multi-ward areas have further have powers under Part 3H of the Constitution to oversee and take responsibility for the development and implementation of the local schemes.
33. In allocating funding under the CGS programme, Multi-ward areas must have regard to the council's equality duty set out in section 149 of the Equality Act 2010. The report author has demonstrated how those duties need to be considered in the body of the report at paragraphs 12 to 17 in the community impact statement.

#### **Strategic Director of Finance and Governance**

34. This report seeks the approval of the North East multi-ward area for the allocation of funds (£358,095+ £135,044 reallocated) for the 2020-21 CGS programme in the East Central multi-ward area from the list of applications set out in Appendix 1.
35. The strategic director of finance and governance notes the resource implications in the report and that the proposed allocations will be contained within the CGS element of the council's capital programme.
36. It is also noted that officers' time and any other costs connected with this recommendation will be contained within existing departmental revenue budgets.

<b>Item No.</b> 8.	<b>Classification:</b> Open	<b>Date:</b> 11 March 2020	<b>Meeting Name:</b> North East Multi-Ward Forum
<b>Report title:</b>		Allocation of Neighbourhoods Fund 2020-21	
<b>Ward(s) or groups affected:</b>		North Bermondsey, Rotherhithe, South Bermondsey and Surrey Docks	
<b>From:</b>		Director of Communities	

## RECOMMENDATION

1. That the North East multi-ward area allocates a total of £120,000 of the Neighbourhoods Fund 2020-21 to the list of applications outlined in Appendix 1.

## BACKGROUND INFORMATION

2. The Neighbourhoods Fund (NsF) was introduced in 2015 by merging two former revenue programmes known as Cleaner, Greener, Safer revenue (CGS) and Community Council Fund (CCF). The cabinet member for communities, employment and business authorised the amalgamation the CGS revenue fund and community council fund, into a single funding programme to create a new Neighbourhoods Fund for the 2015-16 round and onwards. This decision was taken on 12 December 2014.
3. The NsF has a borough-wide funding budget of £630,000 with an allocation of £10,000 per councillor, for each ward. This is subject to annual budget setting process.
4. The purpose of introducing the NsF was to give local areas decision making powers over significant amounts of revenue funding, that they could allocate to meet locally determined priorities.

## KEY ISSUES FOR CONSIDERATION

5. Each ward will have £10,000 per councillor of revenue grants to allocate and it is proposed that any unallocated funds from the previous rounds (years) are to be carried forward and added to the financial year commencing 1 April 2020.
6. The multi-ward areas will use the criteria set out below for the allocation of this funding.
  - a. Creating opportunities for people from different backgrounds to get on well together; (e.g. community cohesion)
  - b. Establishing projects which treat each other with respect and consideration (e.g. being a good neighbour, inter-generational contacts)
  - c. Encouraging residents to be responsible for their own neighbourhood (e.g. community clean-ups; volunteering initiatives)
  - d. Specific measures to enhance a neighbourhood's environment (e.g. increased cleaning).
7. A Multi-ward area may choose to allocate some of their NsF resources to their CGS capital allocations.

8. Subject to the availability of resources, the NsF may be used to 'buy' services from the council.
9. As with any executive decision taken by multi-ward areas, this is subject to the council's existing scrutiny arrangements.

### **Community impact statement**

10. The roles and functions of multi-ward meetings include the promotion of involvement of local people in the democratic process. Multi-ward meetings take decisions on local matters including environmental improvement and community safety as well as consultation on a wide range of policies and strategies that affect the area.
11. An explicit objective within the Empowering Communities Programme (ward and multi-ward meetings) is that they be used to actively engage as widely as possible with, and bring together, Southwark's diverse local communities on issues of shared mutual interest.
12. The allocation of the 2020-21 NsF North East multi-ward area will in the main, affect the people living in the North East multi-ward area. However, in making the area a better place to live and improving life chances for local people, the North East multi-ward area NsF activities will have an impact on the whole of Southwark.
13. The NsF is an important tool in achieving community participation and cohesion.
14. In fulfilling the above objectives that multi-ward meetings have of bringing together and involving Southwark's diverse local communities, consideration has also been given to the council's duty under The Equality Act 2010 which requires the council to have due regard when taking decisions to the need to:
  - a. Eliminate discrimination, harassment, victimisation or other prohibited conduct
  - b. Advance of equality of opportunity between persons who share a relevant protected characteristic and those who do not share it
  - c. Foster good relations between those who share a relevant characteristic and those that do not share it.
15. Of particular regard are issues of age, disability, gender reassignment, pregnancy and maternity, race, religion or belief, sex, sexual orientation. In this process there are no issues that contravene the Equality Act 2010.
16. Having due regard to the need to advance equality of opportunity is further defined in s.149 as having due regard to the need of:
  - Remove or minimise disadvantages connected with a relevant protected characteristic.
  - Take steps to meet the different needs of persons who share a relevant protected characteristic.
  - Encourage persons who share a relevant protected characteristic participate in public life or any other activity in which they are under- represented.

- Due consideration was given to equalities impact assessment during the design of this awards process and no adverse impact was evident.
17. When undertaking the duties under section 149 the council must ensure:
- The duty must be fulfilled before the decision in question is enacted;
  - The duty must be exercised in substance with ‘rigour and an open mind’; it is not a matter of ‘ticking boxes’; and
  - The duty is continuing; it does not end with the completion of any EIA and due regard must be had as policy evolves and is implemented.

### **Resource implications**

18. There are no resource implications.

### **Consultation**

19. The NsF projects may require consultation with stakeholders, including the project applicant, local residents and tenants and residents associations where applicable.

### **Financial implications**

20. The North East multi-ward NsF has been allocated a total of £120,000, for 2020-21.
21. It is recommended that multi-wards set aside some unallocated funds from previous years in order to prevent an over allocation of funds, as well as to act as a contingency from which urgent or incidental requests can be funded throughout the year. It must also be noted that the unallocated figures reported in the previous paragraph represent current best estimates as the 2019-20 funding round is only finally over on 31 March 2020.
22. Projects that are unlikely to be completed within the year will be reported to the North East multi-ward and available funding may be allocated to other projects or carried over to the following financial year.

## **SUPPLEMENTARY ADVICE FROM OTHER OFFICERS**

### **Director of Law and Democracy**

23. The Local Government Act 2000 (“the 2000 Act”) gives the Leader the power to delegate any executive function to whoever can lawfully undertake the function. The allocation of the neighbourhoods fund is an executive function.
24. Multi-ward meetings are ‘area committees’ within the meaning of the 2000 Act and executive functions can be delegated to them by the Leader.
25. The delegation can be found in Part 3H of the Constitution, which enables area committees to approve “the allocation of funds to cleaner, greener, safer capital and revenue schemes of a local nature, using the resources and criteria identified by the cabinet”. This is therefore a decision that the multi-ward meeting is empowered to take.
26. The Localism Act 2011 gives councils a general power of competence whereby they have power to do anything that individuals generally may do. This power can be used

even if legislation already exists that allows a local authority to do the same thing. However the general power of competence does not enable a local authority to do anything which is was restricted or prevented from doing under the previous legislation.

27. The general power of competence includes the power to:
- (a) incur expenditure
  - (b) give financial assistance to any person
  - (c) enter into arrangements or agreements with any person
  - (d) co-operate with or facilitate or co-ordinate the activities of any person
  - (e) exercise on behalf of any person any functions of that person; and
  - (f) provide staff, goods, services or accommodation to any person.
28. The provision of funding under the NsF falls within the scope of the kind of activities the council can undertake under the general power of competence as this includes the power to give financial assistance to any person.
29. In allocating funding under the NsF multi-wards must have regard to the council's equality duties set out in section 149 of the Equality Act 2010. The report author has demonstrated how those duties have been considered in the body of the report at paragraphs 14, 15, 16 and 17 of the report.
30. This report is recommending that the multi-wards approve the allocation of monies from the NsF 2020-21 as specified at Appendix 1.

#### **Strategic Director of Finance and Governance**

31. The 2020-21 budget allocation for the neighbourhoods fund will be agreed by council assembly as part of the budget setting process. The report notes the allocation is £10,000 per councillor by ward and thus £120,000 should be awarded to the North East multi Ward.
32. Paragraph 21 notes the need to maintain a contingency element from the funding available for urgent or incidental requests. This is a prudent measure to assist in the effective running of the Neighbourhoods Fund.

1316658	S.E.T.R.A (Setchell TRA)	Improving mobility & reducing Lower Back pain with Yoga	<p>2 Classes:</p> <p>1) Young At Heart community Yoga has been running in the hall for 3 years now at cost of £1 to participants. All participants have reported increased mobility and pain relief.</p> <p>2) YHLB (Yoga for Healthy Lower Backs) is a new 12 week course. Participants will attend 1 class a week. It is safe, effective, simple to understand, easy to practise at home with everyday props, gradually-progressing (Pain Relief, postural awareness to begin with and more challenging poses that help with mobility and strength of whole body for returning to hobbies, e.g. sport, gardening etc.) Plan to run this 3 x PA so 36 sufferers benefit.</p>	£5,310.00
1316480	Construction Youth Trust	Construction into Schools	<p>We want to facilitate positive interaction between young people in local schools and employers involved in local regeneration projects, to raise awareness of local career pathways and create a pipeline of young people entering employment. Employer engagement was found to reduce the likelihood of young people becoming NEET and improve future earning potentials of young people. We will focus on supporting young people least likely to receive careers education support.</p> <p>Southwark has the 2nd highest rate of youth unemployment in London. Young Londoners are in danger of long term unemployment as they lack the technical skills employers seek. With labour markets shifting from high to low skilled jobs, Southwark youths are at risk of not achieving their career potentials. Southwark is currently undergoing massive regeneration which will create a pipeline of education/training/employment opportunities for thousands of young people over the next 10-15 years.</p> <p>Our aim is to use the construction industry as a powerful tool of social mobility. Construction is one of UK's largest sectors with a plethora of career pathways and progression routes. Yet, there is a lack of understanding of these careers. Research found that 50% of young people were given career advice on construction opportunities. Past funding from Southwark Neighbourhood Funds has enabled us to engage over 5,000 young people since 2017. 88% of participants have increased their knowledge of the built environment sector.</p>	£7,500.00

1316477	Rotherhithe and Bermondsey Choral Society	The Mayflower Pilgrims by Clive Jenkins concert performance	<p>As part of the Mayflower 2020 celebrations, the Rotherhithe and Bermondsey Choral Society will give a large scale musical account, with classical orchestra, (composed in 2005, in an accessible style) of the voyage of the Mayflower ship with its safe arrival.</p> <p>As the only classical music group in north Southwark that performs large scale classical music pieces, with amateur local singers and young professional instrumentalists, we gives residents the unique opportunity to experience such a genre which they would otherwise not have in the area.</p> <p>Importantly we do not charge any entrance fees at our events, only a voluntary retiring collection, which gives a complete outreach to all concert goers.</p> <p>Children are welcome and the venue is fully accessible, so all can experience our performance project.</p> <p>The music is written for an open-access, community choir, which RBCS is, so that the music can include all levels of ability. It lasts approximately 50 minutes and includes the choir, a Solo Baritone singer with a medium sized orchestra.</p>	£ 2,780.00
1316406	Millwall For All	1st Touch Football Project	<p>Millwall for All aim to deliver 1 two hour session for 40 boys and girls who are aged between 8-15 years old. These sessions will be delivered by both male and female coaches from Millwall's football club, this will ensure that all participants have gender specific role model. The project will focus on engaging young from Four squares estate. The session will focus on a different age group. Four Square's session will be aimed at 8-11 years old for the first hour 12-15 years old for the second hour. By the end of this project we aim to have increased the participation levels of all young interested in playing football as well as ensure access to opportunity for young people wanting to develop in football.</p> <p>Providing structured football sessions will help young people's health and wellbeing. Sports improve physical and mental health and help lower obesity rates. Our activity programme will also enable all young people to build their confidence and skills, also there has been a significant and rising problem with drugs and knife crime, including stabbing, this project will ensure that young people have positive role models and move them away from gangs.</p>	£ 5,760.00

Improve their levels of confidence, motivation and engagement in other activities.</li> <li>2. Achieve physical challenges and quick youth work outcomes without much prior skill or ability</li> <li>3. Develop skills around communication, team-working, safe risk-taking.</li> <li>4. Share unique experiences that strengthen relationships and improve self-esteem.</li> </ol> <p>The Centre has developed an indoor ropes course that enables young people to climb up a 12m climbing wall, leap off balconies and swing across the sports hall as if flying in a challenging yet safe environment.</p> <p>We will partner with Climbing Tuition to deliver 55 x two hour sessions throughout the year. Each age group and disabled group will be able to access 6 weeks of climbing and adventure activities on rotation throughout the year. The project will start from April 2020. An experienced adventure worker will run the sessions and provide additional training to staff/volunteer leaders, to maintain our 100% safety record. Young people can gain accreditation/certification in each of the adventure activities, and eventually work towards an AQA award in climbing if interested.</p>	£ 4,800.00

This project aims to engage young people who live near The Blue Market or attend the surrounding schools. By providing a safe place to talk about their fears we will be supporting vulnerable and disadvantaged young people to break through negative perceptions, express their voices and continue their journey to fulfilling their potential.</p> <p>The youth workers will work with the young people at the crossroads of five academies in both discussion and fun activities. in this case we will bring a fully fitted mobile music studio to the market. Young people may develop their creativity, skills and self-esteem and resilience. There will be plenty of opportunities to engage with the local community and the businesses along the Blue Market to increase community cohesion.</p>	£10,200.00
1316158	Nigeria National Community Group	Youth engagement, care of elderly, cultural shows summer bond	<p>As a community group, our activities for the youth are important in teaching them about culture and how to be a good citizen in society. This is also linked to knife crime and awareness where we invited stakeholders in the community to speak on the causes and remedies to prevention of knife crime in the community. We held summit on knife crime on the 5th may 2018, where councillors from South Bermondsey neighbourhood police and service providers were in attendance. Care of our elderly in the community where they are able to interact whilst teaching them their local and healthy living. Organise cultural day where community showcase their rich cultural display and summer bonding at the sadside. 1315949	Riverside Parents and Carers Association	Soft Play sessions and Events	This is an ongoing project whereby our group provides: a safe and clean environment for under 5s to get independent and social play, as well as much needed exercise; fosters connections and combats isolation for parents; and provides occasional on-site access to representatives from groups such NHS Oral Health & Nutrition, Speech and language Therapist and working in partnership with Children centre also offering Community Family worker. Most families in the area live in flats with limited play areas and/or no designated safe indoor or outdoor spaces. We provide children the best start to a healthy & active lifestyle with a unique opportunity to run and play in a large and safe indoors environment. Held in a full sized gymnasium set up with soft play equipment this area provide space where under 5's can exercise and explore in an unrestrained space regardless of the weather conditions. Children can develop their gross motor skills using the various equipment set up such as climbing frames, stepping stones, hula hoops, mini-trampolines, kicking balls, running etc. Southwark has a poor record for childhood obesity and our sessions play a pivotal part in helping the young children who attend get important exercise up to 4 times a week. Our special events sessions organised throughout the year, are specifically aimed at focusing on different skills for the children, as well as the added benefit of bringing the community together.	£ 6,132.52
1315902	Bermondsey Spa Residents Association	Funding for Bermondsey Spa Residents Association	Bermondsey Spa Residents Association ( BSRA ) is a community project that has been going on for 10 years since the Bermondsey Spa development has been built. It takes active approach in dealing with multitude of issues that residents of the 17 buildings have, ranging from building and grounds maintenance, issues related to service charges and mismanagement by the freeholder. BSRA holds monthly meetings with the freeholder, organises up to 4 residents meetings a year, including AGM and maintains a residents website, all without any outside funding. Grant that would cover running costs for a year would help us continue doing the good work and overcome lack of available funds for all the activities we are committed to do.	£1,000.00

This training program will be repeated six times throughout the year with a two week recruitment and review period. Our immediate area is in the top 10% of the most deprived neighbourhoods in the country, outlining the need for a course like ours that will produce sustainable change in people’s lives, offering support around lifestyle, self-awareness, wellbeing and/or personal finance/benefits advice, in order to sustain a job or apprenticeship. The course will focus on employability skills, work experience, CV’s, money management, customer service, interview skills and the next steps to employment. There will also be follow up opportunities for participants to gain advice benefits and welfare support. We believe this training will result in genuine life changing skills and support for local residents to get back in to positive and productive work. Our project has successfully run long term catering training for several years however we have identified a need in our local community through liaising with other community groups approaching us for support and also individuals requesting a varied range of courses for short term training from 1 to 5 days. Our project will be delivering courses from the Chartered Institute of Environmental Health including the Level 1 Introduction to Food Safety certificate aimed at those new to food safety and will train participants in food preparation and contamination health risks and controls. The Level 2 Foundation to Food Safety certificate will be aimed at those looking to develop their skills or small enterprises starting their own businesses. The Level 3 Intermediate to Food Safety certificate is aimed at those who will be supervising and managing others in a food environment. These courses will benefit residents through improving their employability and employment opportunities. The project will work with numerous other local community groups to recruit participants for the courses.</p> <p>The courses will work with 12 people every month for a year, supporting them through Level 1, 2 and 3 in Food Safety. This will take approximately 7 days each month spread across four weeks. Therefore, we will support 144 people through all three levels over the course of a year.</p>	£ 3,942.20

1294873	Southwark	House & Feed the Homeless for Winter	The project aims to improve the quality of life of carers and young carers from a wide range of backgrounds. The activities that we are proposing for this project are: Yoga and meditation We engage carers that are at risk of social exclusion. We will encourage carers to increase participation in Sport by offering free yoga classes to promote healthier and more active lives. We base our project in research that proves that in recent years, there has been evidence of disturbingly high rates of mental ill-health among carers as well as risk of social isolation, money worries and physical health problems. With our project, we aim to alleviate some of the physical, mental and social problems that being a carer can cause. Research has indicated that physical activity can contribute to the reduction of problematic levels of anxiety and depression. A range of evidence suggests that for carers, sports and physical activities are positive features of their achievements. Our project aims to support vulnerable carers to improve their well-being and to have healthier and more active lifestyles, which in return will help them in reducing their levels of stress and anxiety, get rid of their frustration and anger and increase their self-esteem as well as in their integration in the society and development of sense of belonging to a group. The classes will be free of charge, which means that the carers will save some money while they are having fun and meeting new people.	£5,550.00
1312129	Shad Thames Residents Association (STRA)	Cleaner Shad Thames	This project aims to continue to provide funding for additional cleaning (via the Council's cleaning contract) in the Shad Thames area, ensuring a cleaner environment for residents, businesses and visitors alike. 1314802	The Bermondsey Artists' Group managing Southwark Park Gallery	Drop-in Gardening Sessions for Disadvantaged Families	Our project is a programme of free weekly drop-in gardening sessions for local disadvantaged families with pre-schoolers from the local estates surrounding Southwark Park within the North East Area, in our beautiful Community Allotment in the gallery courtyard, situated in Southwark Park. Pre-schoolers learn the benefits of healthy eating for life, giving them the best possible start to their food journey. Parents, grandparents and carers work with their children to grow, harvest and eat fresh fruit and vegetables in this idyllic allotment. The families we work with live on the nearby densely populated social housing estates where the proportion of residents living in flats in the nearby social housing estates is 61% higher than the national average and the present focus on new high-density housing in the area is only expected to cause a further shortage of garden spaces. The area suffers from one of the highest rates of child obesity in England, with 30% of 10-11 year olds in Bermondsey and Rotherhithe diagnosed as obese. This is significantly higher than the national average of 19%. We have an upgraded Community Allotment with better access to young gardeners, prams, buggies and wheelchairs thanks to winning the local popular vote and receiving funding from Tesco Bags of Help in 2017 and securing additional capital Cleaner Greener Safer.	£ 6,072.00
1313855	Breath of Life	Breath of Life	People with breathing difficulties are taught breathing and associated muscle exercises as well as singing. By strengthening the muscles around the chest, tummy, neck, throat & face, as well as being taught techniques to improve breathing out, we become more knowledgeable and able to manage our own breathing problem. This means we are no longer fighting for each breath so the stress and panic which comes from feeling you cannot breathe can be managed. Singing gives a feel good factor, releasing endorphins - 'happy hormones', and can reduce the impact of anxiety and depression. The air in this part of London is polluted because of the amount of traffic. The medical faculty are talking about 'social prescribing' - we have realised that we offer a form of holistic medicine which could help. Long	£ 5,690.00

We will focus on supporting young people least likely to receive careers education support.</p> <p>Southwark has the 2nd highest rate of youth unemployment in London. Young Londoners are in danger of long term unemployment as they lack the technical skills employers seek. With labour markets shifting from high to low skilled jobs, Southwark youths are at risk of not achieving their career potentials. Southwark is currently undergoing massive regeneration which will create a pipeline of education/training/employment opportunities for thousands of young people over the next 10-15 years.</p> <p>Our aim is to use the construction industry as a powerful tool of social mobility. 1316034	City Hope Wonderful Wednesdays	City Hope Wonderful Wednesdays	“Wonderful Wednesdays” is an umbrella term for the community events that are held at the church on a weekly basis. We have been running a Southwark Foodbank session and free community cafe for 6 years and Life Skills courses for 3 years on Wednesdays. We have seen a big increase in attendance over the last 2 years, with a rise in people coming who are living in long term poverty, often due to chronic long term health needs. Many need help in managing the stress of living on a low income. We also have seen an increase in people struggling with controlling habits and addictions such as smoking and drinking. To help this, this year we trained and started to run the CAP Fresh Start Course, which is a course designed to help people find release from life controlling habits. So we are currently alternating running the Life Skills and Fresh Start courses to empower people with the necessary skills to help themselves and each other. Most importantly, we have seen first-hand how Wonderful Wednesdays are helping to alleviate social isolation by becoming a friendly and inclusive community, where everyone is welcome and real friendships are built. We are seeing an increase in interest in our courses as evidenced by having 25 people attend the first session of our new Life Skills course last week. We are also feeding around 60 people a hot meal on a Wednesday and have recently started a monthly hot meal on a Sunday to further build community and family.	£3,200.00

1317498	Herbs and Spaces	The Big Half marathon for Herbs and Spaces	In 2019 Herbs and Spaces had 21 runners for the Big Half. In preparation to the marathon we had daily workshops for preparing t-shirts for all runners. For the Big Half 2020 we have been given 33 places and following on the previous experience we can build a good local running team, raise awareness for the scheme and get even more people involved.	£ 4,900.00
1316537	The Fabric Swatch	Sewing Circle	I started the sewing circle in 2013, a group of people with a common interest in sewing meet up and socialise while sewing. Open for beginners and experts alike. The Sewing Circle aims to encourage sewing and handmade items and eliminate loneliness and isolation by encouraging interaction with new people. We have relaunched our workshops with The Fabric Swatch, and have a new aim, to encourage people to be aware of how clothes and household items are made by teaching simple sewing machine skills and leaving the session with a complete product.	£ 4,880.00

1316149	Central Southwark Community Hub	Holiday Club	<p>The aim of the project is to provide a range of social and fun activities that will promote the physical, emotional and economic well being of those families with young children in the local area.</p> <p>Also, enhance healthy eating, create social inclusion and address the challenges of food insecurity, and Holiday Hunger for families. The project will provide volunteering opportunities and support for those looking to find further development, employment, training and education opportunities. The Activities will include Arts and Crafts, Music Workshops, Games, Sports, Trips, Farm activities etc.</p> <p>There is more demand for the service as families are more socially isolated and CSCHub in partnership with other agencies and organisations is communicating to helping address the need of those families.</p> <p>We will be working in partnership with Surrey Docks Farm to run the project to widen and encourage a more diverse range of visitors to the farm and to allow our families to have the opportunity to utilise the farm where they may not typically have previously.</p>	£ 5,650.00
1316114	Soundcamp	Workshops for Soundcamp 2020	<p>Soundcamp (2014-19) is a microfestival at Stave Hill Ecological Park on International Dawn Chorus Day. It aims to give a wide and varied local audience a way to experience the dawn chorus in their own neighbourhood.</p> <p>In 2020 we would like to run a series of workshops with local groups before, during and after the Soundcamp event. These will introduce participants to the Park through the seasons by paying attention to its sounds, including those of birds, insects and amphibians.</p> <p>We will work with young people to build DIY audio equipment and involve them in the Reveil 24 hour radio broadcast of the Dawn Chorus. We will combine these with birdsong ID, soundwalks, a bat walk, and other activities, some led by local experts.</p> <p>We will showcase this work in a new colourful lightweight structure commissioned as part of a 3 year project co-funded by Creative Europe and Arts Council England, which will be set up at Stave Hill for the soundcamp this year and in future editions.</p> <p>Soundcamp is an annual free event with strong local support, now in its 7th year. It creates unusual, memorable ways for audiences to encounter urban nature at Stave Hill Ecological Park through an inclusive and varied program of workshops, walks, performances and art works.</p> <p>Support from Southwark through the Neighbourhoods Fund helps us build contacts with local organisations to maintain and develop the local participation that is key to the project.</p>	£ 2,400.00

1315843	Millwall Community Trust	Millwall Walking Sports Club	<p>Millwall Community Trust will provide free open access weekly sports activities for 48 weeks and 2-day trips for a full year funded programme. The Millwall Walking Sports Club has run for over three years in Southwark and has been successfully delivered in many different settings and locations such as TRA halls, community and leisure centres, estate ball courts, parks and Guys Hospital. The programme helps bring older people from different backgrounds together through taking part in fun walking sports activities which also helps reduce stress, isolation and loneliness.</p> <p>The activities help support older people who are currently inactive and support those with two or three limiting long-term health conditions, including dementia, mental health, limited mobility to stay fit and healthy. 30 minutes before each activity, refreshments are provided along with local newspapers to encourage individual and open table conversations.</p> <p>The structured sports activities include the use of throwing, catching, rolling and striking the ball techniques which provide participants to have fun, stimulate the mind, develop balance and hand-eye coordination. The weekly sessions help take away the stress for those living with someone who has dementia for the time they are at the programme which is often all they might normally get. Weekly telephone conversations also help regular communication going which reduces people feeling lonely away from the sessions.</p>	£ 5,010.00
1315023	The Bermondsey Artists' Group managing Southwark Park Gallery	Drop-in Gardening Sessions for Disadvantaged Families	<p>Our project is a programme of free weekly drop-in gardening sessions for local disadvantaged families with pre-schoolers from the local estates surrounding Southwark Park within the North East Area (North Bermondsey, Surrey Docks and Rotherhithe), in our beautiful Community Allotment in the gallery courtyard, situated in Southwark Park. Pre-schoolers learn the benefits of healthy eating for life, giving them the best possible start to their food journey.</p> <p>Parents, grandparents and carers work with their children to grow, harvest and eat fresh fruit and vegetables in this idyllic allotment.</p> <p>The families we work with live on the nearby densely populated social housing estates where the proportion of residents living in flats in the nearby social housing estates is 61% higher than the national average and the present focus on new high-density housing in the area is only expected to cause a further shortage of garden spaces.</p> <p>The area suffers from one of the highest rates of child obesity in England, with 30% of 10-11 year</p>	£ 6,072.00

Our project has successfully run long term catering training for several years however we have identified a need in our local community through liaising with other community groups approaching us for support and also individuals requesting a varied range of courses for short term training from 1 to 5 days. Our project will be delivering courses from the Chartered Institute of Environmental Health including the Level 1 Introduction to Food Safety certificate aimed at those new to food safety and will train participants in food preparation and contamination health risks and controls. The Level 2 Foundation to Food Safety certificate will be aimed at those looking to develop their skills or small enterprises starting their own businesses. The Level 3 Intermediate to Food Safety certificate is aimed at those who will be supervising and managing others in a food environment. These courses will benefit residents through improving their employability and employment opportunities. The project will work with numerous other local community groups to recruit participants for the courses.</p> <p>The courses will work with 12 people every month for a year, supporting them through Level 1, 2 and 3 in Food Safety. This will take approximately 7 days each month spread across four weeks. Therefore, we will support 144 people through all three levels over the course of a year.</p>	£ 3,942.20
1305573	Restorative Justice for All International Institute	Restorative Justice & Culture (RJC)	<p>Our Ward is rapidly developing from being a dock-focused community of working families to one of London's most wanted property areas, attracting young professionals and investors. These changes are slowly creating divisions between the area's established and new residents. Recent EHRC statistics show that hate incidents are increasing (e.g. MPS recorded an increase of 44% of hate incidents). Cultural awareness is low, while tensions and frustration are increasing.</p> <p>As we believe that long term change can happen by starting with young people, we want to carry out a local restorative justice project working directly with disadvantaged children and their families to prevent the reasons that lead to community divisions. <b>Item No.</b> 9.	<b>Classification:</b> Open	<b>Date:</b> 11 March 2020	<b>Meeting Name:</b> North East Multi-Ward Forum
<b>Report title:</b>		Devolved Highway 2020-21: Capital Funding Allocation	
<b>Ward(s) or groups affected:</b>		North Bermondsey, Rotherhithe, South Bermondsey, Surrey Docks	
<b>From:</b>		Head of Highways	

### RECOMMENDATIONS

1. To approve the reallocation of underspent funds carried forward from previous years underspend, current programme underspend and current programme project cancellations.
2. To approve the allocation of funds for the 2020-2021 Devolved Highways capital programme in the North East multi-ward area from the list of applications set out in Appendix 1.

### BACKGROUND INFORMATION

3. The council's non-principal road investment programme prioritises works on non-principal roads on a borough-wide basis and this investment forms the largest part of the annual investment programme.
4. Multi-ward forums are allocated a devolved fund of £800,000 each year from the total annual programme to spend on their priorities for highway renewal and maintenance that may not be prioritised as part of the borough-wide programme.
5. The financial provision for each multi ward forum is pro-rata by ward, as published in the Highways Capital Investment Programme 2014-15 report.
6. Commencing in 2017-18, the scope of the fund has been widened to permit the full range of minor traffic and highway capital schemes rather than solely like-for-like repair and replacement. Examples of the types of works which can now be funded include:
  - Footway and carriageway resurfacing;
  - Traffic calming;
  - Localised repairs;
  - Accessibility improvements;
  - Footway buildouts;
  - Cycle hangars.

### KEY ISSUES FOR CONSIDERATION

7. There is £152,380 available for the 2020-2021 Devolved Highways programme for new projects in the North East multi-ward area.

8. There is £57,600 in additional funding from previous years underspend, current programme underspend and current programme project cancellations.

### **Policy implications**

9. N/A

### **Community impact statement**

10. The roles and functions of multi-ward areas include the promotion of involvement of local people in the democratic process.
11. An explicit objective within multi-ward areas is that they be used to actively engage as widely as possible with, and bring together, Southwark's diverse local communities on issues of shared or mutual interest. The devolved highways programme is an important tool in achieving community participation.
12. In fulfilling the above objectives of multi-ward areas to bring together and involve Southwark's diverse local communities, consideration has also been given to the council's duty under The Equality Act 2010 which requires the council to have due regard when taking decision to the need to:
- a. Eliminate discrimination, harassment, victimisation or other prohibited conduct;
  - b. Advance of equality of opportunity between persons who share a relevant protected characteristics and those who do not share it;
  - c. Foster good relations between those who share a relevant characteristic and those that do not share it.
13. Of particular regard are issues of age, disability, gender reassignment, pregnancy and maternity, race, religion or belief, sex, sexual orientation.
14. Having due regard to the need to advance equality of opportunity is further defined in s.149 as having due regard to the need of:
- a. Remove or minimise disadvantages connected with a relevant protected characteristic;
  - b. Take steps to meet the different needs of persons who share a relevant protected characteristic;
  - c. Encourage persons who share a relevant protected characteristic participate in public life or any other activity in which they are under- represented.
15. Ideas for devolved highway projects come from the local community, the majority via a simple project nomination form available in electronic and paper format.

### **Resource implications**

16. The total expenditure and sources of funding for the scheme will be monitored and reported on as part of the overall capital programme.

## Consultation

17. All devolved highway projects require consultation with stakeholders, including the project applicant, local residents, tenants and residents associations and local community groups where appropriate.

## SUPPLEMENTARY ADVICE FROM OTHER OFFICERS

### Director of Law and Democracy

18. The Local Government Act 2000 ('the 2000 Act') gives the Leader the power to delegate any executive function to whoever lawfully can undertake the function. The allocation of the devolved highways programme capital fund is an executive function.
19. Multi-ward areas are 'area committees' within the meaning of the 2000 Act and executive functions can be delegated to them by the Leader. The terms of the delegation are set out in part 3H of the council's constitution.
20. This report recommends that the North East multi-ward area approves the allocation of funds to the individual projects specified at Appendix 1. Paragraph 14, Part 3H of the constitution enables multi-ward areas to approve "the allocation of funds to devolved highway schemes of a local nature, using the resources and criteria identified by the cabinet".
21. Multi-ward areas have further have powers under paragraph 16, Part 3H of the constitution to oversee and take responsibility for the development and implementation of the local schemes
22. In allocating funding under the devolved highways programme, multi-ward areas must have regard to the council's equality duty set out in section 149 of the Equality Act 2010. The report author has demonstrated how those duties need to be considered in the body of the report at paragraphs 12 to 14 in the community impact statement.

### Strategic Director of Finance and Governance

23. This report seeks the approval of the North East multi-ward area for the allocation of funds £209,980 for the 2020-21 devolved highways programme in the North East multi-ward area from the list of applications set out in Appendix 1.
24. The strategic director of finance and governance notes the resource implications in the report that the proposed allocations will be contained within the council's capital programme.
25. It is also noted that officers' time and any other costs connected with this recommendation will be contained within existing departmental revenue budgets.
