1. Council assembly notes that 3,729 young people in Southwark in 2009/10 are in receipt of Education Maintenance Allowance (EMA) and is concerned about the effects of withdrawing EMA on these young people and their families.
2. Council supports every young person who wants to stay in education after their GCSEs and believes that support should be targeted on those from deprived backgrounds, especially when available support is limited due to the previous government bringing our country to the brink of bankruptcy.
3. Council recognises the need to support disadvantaged young people in education and will only support the removal of EMA if it is replaced by a more effective alternative system which delivers targeted support for young people from deprived backgrounds.
4. Council welcomes the enhanced Discretionary Learner Support Fund and the government's plans to increase educational places for 16 to 19 year olds.
5. Council believes that helping the most disadvantaged children out after GCSEs isn't enough and we need to support children at a young age too, therefore welcomes the Pupil Premium which will help to ensure that children from disadvantaged backgrounds are given the best possible educational opportunities.
6. Council welcomes the new role for one of our borough's MPs, Simon Hughes, as Special Advocate for Access to Higher Education, and the opportunities which this creates for the borough's residents.
7. Council encourages Southwark residents, students and councillors to work constructively with Simon Hughes MP in designing a fairer scheme which best helps young people on low incomes obtain the support, equipment and means to further their education.

That where exceptional circumstances occur, and the council is required to carry out more than one programme of major works on an individual estate in one financial year, the current repayment schedule of 36 months will be extended to 48 months and capped to £10,000 so that those affected leaseholders are better placed to budget for the additional financial burden.

9.4 CHOICES THAT COUNT (see pages 33 – 34 of the main agenda)

AMENDMENT D

Moved: Councillor Veronica Ward

Seconded: Councillor Mark Glover

1. Council notes that London 2012 Olympics and Paralympics are now only a few months away. It notes that 2012 offers our residents and particularly our young people a unique opportunity to become involved - from volunteering at a big art institution or theatre to sports and dance events and learning new skills. It believes that 2012 is about London as a world city and that Southwark reflects the world in our communities. It believes it is an opportunity not to be missed.
2. Council notes that the administration has recognised the importance of 2012 and set up a modest structure to coordinate the priority areas we have identified:
 - Engaging young people
 - Getting active, being healthy
 - Promoting volunteering and providing opportunities for business and employment
 - Offering the Southwark experience - our world class arts and culture centres linking with the community
 - Communications
 - Public services operations.
3. Council believes that to succeed in setting up specific memorable projects, key organisations in the borough should be involved and that these relationships are important for the promotion of Southwark and its economy. It notes that the Olympic Legacy Fund is being set up with the intention of raising further outside money to fund capital projects which will improve access to and increase participation in physical activity and keep Olympic values alive after 2012. It notes that the community will be asked to submit ideas for high profile projects.
4. Council believes that the community games is important for our young people and for our aspirations for 2012.
5. Council is determined to maximise the benefits of 2012 against a backdrop of Government cutbacks to sport – which it believes are incredible in themselves as we build up to the Olympic year. It notes that the cuts include:
 - Working Neighbourhood Fund which funded part of the community games
 - The Schools Sports Partnership
 - The end of free swimming for young people
 - Cuts to sporting bodies.
6. Council notes that the authority also faces unprecedented cuts to its settlement from government, forcing serious cuts across all services.

7. Council notes, however, that a substantial sum has been identified to secure the games and to build up young peoples' sports for 2012 events. It notes that the administration will seek funding sources to secure the games for the future beyond 2012.
