Glossary

Introduction

The council allocates resources for both capital and revenue purposes. The council has systems to monitor expenditure and income on an accruals basis and to monitor accounting commitments on both revenue and capital budgets. All references to income and expenditure in the financial standing orders and financial regulations include accrued income and expenditure in addition to cash receipts and payments. A short glossary of other terms is appended to the financial standing orders for ease of reference.

References in these standing orders to “the cabinet” should be taken to include decisions taken by the whole cabinet, decisions by any committee of the cabinet and decisions by individual members of the cabinet. Delegations to the cabinet are set out elsewhere in the constitution.

As set out in article 1, the finance director may make minor changes (see Glossary) to the financial standing orders, after consultation with the strategic director of communities, law & governance.

The postholder must ensure that the council’s financial affairs are administered in a proper manner, in compliance with all relevant professional codes of practice, and all statutory obligations.
- ii) All matters connected with the financial administration of the council’s affairs are the delegated responsibility of the finance director, except any matters which are delegated to other officers or reserved to committees of council members, the cabinet, or to the council itself. The finance director may authorise other officers to carry out matters delegated to him/her except the section 151 responsibilities.

Strategic directors must maintain adequate systems of internal control over financial operations and processes and secure the accuracy and integrity of financial information and systems operating within their departments. Strategic directors must ensure compliance with procedural instructions on financial administration issued by the finance director. Strategic directors must set and maintain a departmental scheme of management setting out the levels of authorisation and standards for the department.

~~The Money section of the Source (the council's business managers' handbook) for the purposes of these financial standing orders is the council financial regulations.~~

4. Setting the annual budget and the council tax

5. Monitoring and control of the revenue budget

a) Budget spending

Following approval by the council of the annual revenue estimates, strategic directors may spend within the agreed budget for their departments. They must ensure that the net expenditure for their departments does not exceed the approved budget. They must also ensure that they do not incur expenditure on budgets outside their departmental budget without first getting approval from the relevant strategic director.

b) Monitoring

- i) Strategic directors must:
 - ensure that there are adequate systems to monitor and audit the resources allocated to services.

 - present reports containing up to date summary projections to the relevant cabinet member each month.
- ii) The finance director must report on the overall financial position of the council to the cabinet on a quarterly basis. This report will include any concerns he/she may have about the outturns projected by strategic directors or about financial controls within departments.

c) Budget adjustments/virements within a directorate

Strategic directors may vire budget provision between services as set out in the budget book (cost centre groups) within their department, subject to the following:

- i) The authority for all virements must comply with each department's scheme of management.
- ii) Provisions included within departmental budgets on the instructions of the finance director as per the schedule of corporately controlled budgets maintained by the finance director, (e.g. insurance, capital charges, leasing costs, service level agreements, FRS 17, planned maintenance etc) may not be vired for other purposes without the written consent of the finance director.
- iii) If the virement is in excess of £250,000, it cannot be actioned until the strategic director has notified it to the finance director who will report it to the cabinet at the earliest opportunity. This rule applies where there is movement of an approved budget from one service to another and to adjustments between subjective categories of income and expenditure such as to reflect additional grant or other income and associated expenditure.

d) Budget adjustments/virements between directorates

- i) Where responsibility for a service is transferred from one department to another and the annual cost transferred exceeds £250,000, the relevant strategic director(s) must obtain written consent from the finance director who will obtain the approval of the cabinet.
- ii) Subject to paragraph 13 of Part 3A of the Constitution "matters reserved to council assembly", the cabinet may at any time during a financial year, having considered a report of the finance director, vary the departmental approved budget either:
 - to require mid-year savings to compensate for a projected corporate overspend
 - to allocate to departments sums included within corporate provisions or budgets, excluding those which form part of the schedule of corporately controlled budgets maintained by the finance director.

e) Treatment of overspends and underspends

The finance director may, on consideration of the overall financial position of the council at the end of a financial year, recommend to the cabinet whether overspends by departments should be set off against budgets in the subsequent financial year and whether underspends by departments can be made available for specific projects or carried forward to the subsequent financial year, or otherwise accounted for, in line with the medium term resources strategy.

f) Accuracy of accounts

It is the responsibility of strategic directors, having regard to any guidance which may be issued by the finance director, to ensure that all items are correctly accounted for, and that all expenditure and income is charged to a revenue account in the first instance, in accordance with proper accounting practices. 7. Preparation of the capital programme

a) Capital strategy and programme

Council assembly will, on consideration of reports at least every four years and as necessary in the event of a significant change in circumstances from the finance director, agree the capital strategy and programme. The reports

from the finance director will consider the compliance of proposed schemes in the programme with the medium term resources strategy, the capital resources available to the council, the revenue implications of the proposed capital expenditure, and any other relevant information.

b) Financing of schemes

Within the overall approved capital programme, the finance director will decide the method by which any particular scheme will be financed in consultation with the cabinet member for finance and resources.

- up to £250,000 – strategic director
- over £250,000 – cabinet member for finance and resources, after consultation with the relevant cabinet member.

d) Major overspends and underspends

Strategic directors must report to the finance director who will report to the cabinet on any schemes in progress, which are forecast to overspend or underspend by ~~15%~~ 10% or more compared to the approved budget unless the overspending or underspending amounts to less than £250,000. The report must give the reasons for the overspending or underspending.

e) Accuracy of accounts

It is the responsibility of strategic directors, having regard to any guidance which may be issued by the finance director, to ensure that all items are correctly coded and only expenditure classified as capital expenditure in accordance with proper accounting practices or as defined as such under the Local Government Act 2003 (and subsequent regulations) is charged to capital.

9. Leases

a) Capital accounting considerations

The taking or granting of a lease on any asset may form part of the council's capital expenditure or receipts, and must, therefore, be provided for.

b) Consent

Strategic directors are required to consult with the finance director as early as possible in order to obtain advice on the correct assessment of a lease (as 'finance' or 'operating') and to obtain written permission from ~~the finance director~~ him before taking or granting a lease on any asset. The exceptions to this are:

- i) the granting of short term leases on property within the commercial property portfolio managed by the head of property services
- ii) the granting of leases on housing revenue account dwellings under the right to buy provisions of the Housing Act 1985.

10. Schools financial framework

Glossary

Budget adjustments/virements	A budget adjustment or virement is a movement of an approved budget from one budget heading or service to another. It will be self-balancing and will be in response to either a change in the level of service (increased or decreased) or additional net costs or benefits within a service. It includes changes to expenditure and income budgets to take account of new grants or other income and associated expenditure including movements between subjective categories of income and expenditure and also corrections to budgets which were set on the basis of incomplete information. It may recognise movements to and from reserves and balances, which may only be actioned by the finance director.
Capital programme	The capital programme is a medium term statement of the council's proposals for capital expenditure, including leasing, having regard to the likely level of resources.
CIPFA	The Chartered Institute of Public Finance and Accountancy (CIPFA) is the body with responsibility for issuing guidance on how accounting standards are to apply to local authorities.
Financial regulations	Financial regulations are such procedures that the finance director shall issue from time to time as part of the financial standing orders. Currently these are contained within the Money section of the Source (the council's business managers' handbook) and all complementary or otherwise similar procedures issued. They are available on the Source.
Minor changes	Minor changes are defined as: <ul style="list-style-type: none">• typographical/presentational/explanatory changes• changes in statutory framework, i.e. references to new or updated legislation• changes in titles, names or terminology• changes consequential to other constitutional changes already made.

Partnership	A partnership is an agreement between the council and one or more parties to work together to enable the service provider to give the client the best possible service. The council may not always be the lead provider and the agreement may take a number of forms: it may be contractual, but involve a more integrated, consultative and interactive working relationship or there may be no contract, no formal specification and no competitive process. As a minimum, there should be a service level agreement. Partnerships include joint arrangements, joint committees, joint venture companies and any other special purpose vehicles.
Profiles of expenditure/resources	Profiles of expenditure and resources are estimated patterns of expenditure and income through the year. For capital projects, these will often span more than one financial year. The construction of profiles enables the accurate monitoring of actuals and commitments each month which is essential to ensure that resources are used effectively.
Prudential indicators	Prudential indicators are indicators set by each local authority under CIPFA's prudential code for capital finance to help demonstrate that capital investment plans are affordable, prudent and sustainable and that treasury management (see below) decisions are taken in accordance with good practice. Examples of indicators are ratios of financing costs to net revenue streams; estimates of the incremental impact of capital investment decisions on council tax and levels of external debt.
Treasury management	Treasury management is the management of the council's long term borrowing and short term cash surpluses and deficits in line with its debt and investment strategies.
