c] PPS 5 Planning and the historic environment

Particular consideration was given to the impact of the proposed development to the adjoining residential properties located at 4 and 8 Beauval Road, however It was considered that there would be no detrimental impacts such that would erode the level of amenity currently enjoyed such that would warrant refusal of planning permission. Consideration was also had on the impact of the proposal on the Dulwich Village Conservation Area, where it was felt that the scheme would satisfy the criteria as set out in PPS 5. It was therefore appropriate to grant planning permission having regard to the policies considered and other material planning considerations.
