Reasons for granting planning permission.

This planning application was considered with regard to various policies including those in the Core Strategy, but not exclusively:

a] Core Strategy (April 2011)

Strategic Policy 12 – Design and conservation: Requires development to achieve the highest standard of design for buildings and public spaces, and to help create attractive and distinctive spaces.

Strategic Policy 13 – High environmental standards: Requires development to comply with the highest possible environmental standards, including in sustainability, flood risk, noise and light pollution and amenity problems.

b] Saved Southwark Plan Policies [July 2007]

Policy 3.2 (Protection of amenity) advises that permission will not be granted where it would cause a loss of amenity. Policy 3.12 (Quality in design) requires new development to achieve a high quality of architectural and urban design.

Particular regard was had to the impact on the appearance of the building and the use of upvc, but given that the building is not listed or in a conservation area, and is of modern construction, it was found that the appearance of the building and the area would be preserved. It was therefore considered appropriate to grant planning permission having regard to the policies considered and other material planning considerations.
