

We want your views

It is important for all consultees to respond to the consultation. We would be grateful if you could take the time to review the proposals outlined in this document and provide a response using the pre-paid envelope and questionnaire provided by **16th August 2013**.

Your views are essential for us to understand your requirements for the proposal and form a fundamental part of the scheme development process, whether you use public transport, cycle, walk or drive a private vehicle.

Alice Street and Green Walk Streetscape Improvement Scheme

What happens next?

As you will appreciate Southwark Council receives many comments from consultations and therefore are unable to respond personally to specific issues raised. However all comments and suggestions will be taken into consideration before a decision is made.

The responses to the questionnaire will be analysed and taken into account in the final design of the proposed works.

Should you require any further information regarding the proposed scheme please do not hesitate to contact Chris Mascord on 020 7525 5385. Alternatively you can email to:

chris.mascord@southwark.gov.uk.

To arrange a translation of this leaflet and the other consultation documents, or for other assistance, please take it to:

Have your say

Southwark Council is holding a consultation to receive residents and key stakeholder's comments regarding proposals to improve the streetscape in Alice Street and Green Walk.

Background

In 2010, the council implemented a successful streetscape improvement scheme for Rothsay Street. Following requests from local residents and stakeholders, the council intends to extend elements of the Rothsay Street scheme into Alice Street and Green Walk to improve the streetscape, pedestrian accessibility and parking provision.

What are the proposed changes?

It is proposed that the following measures be implemented to improve the streetscape of Alice Street and Green Walk:

- New footway surfacing on Alice Street and Green Walk to match Rothsay Street.
- Eastern footway of Alice Street (adjacent to new development) to be rebuilt to provide a more even surface.
- Footway widening with tree planning at end of parking bays to improve the visual quality of the streetscape.
- Majority of existing resident / pay and display parking to bay to remain, with an additional resident parking bay created on the eastern side of Alice Street.
- New carriageway raised table at junction of Green Walk and Alice Street to improve pedestrian accessibility and reduce traffic speeds.
- Removal of redundant street clutter.
- Carriageway to be resurfaced.
