273063	Tayo Situ Foundation	Recognition Awards Night 2014	Cross ward	Recognition awards night (RAN) is an initiative by TSF to recognise and celebrate the outstanding effort of the youths in southwark council. Looking through different organisations and community groups that work with youths, we aim to reward the contribution of the youths' effort in positively influencing southwark community. As part of the recognition process, we leave the nomination of youths in the hands of members of the community. RAN is a night that not only celebrates the most outstanding, also recognises youths that are making a change and difference in the community by presenting them with an award presented by high achievers within the community, for example, the Mayor of Southwark. This event aims to reach out to youths in different area; academically, socially and their entrepreneurial skills. In the long term, this event would motivate more youths within the community to strive and aim to achieve the best in different areas of their lives. 272831	Volunteer Centre Southwark	Southwark Stars	Cross ward	We would like to hold a special Southwark Stars awards event to celebrate volunteering within Bermondsey and Rotherhithe. The event would offer local groups the chance to nominate their volunteers to receive special awards presented by the Mayor. Volunteers are key to supporting local communities, and in tough economic times their work is even more important, yet being a volunteer can be a thankless task. This event will showcase the importance of recognizing volunteers, and give local groups the opportunity to take 3 of their volunteers to an event as a special way of saying thank you. This will increase volunteer retention through greater motivation. This work builds on past events where we have found that 93% of award recipients providing feedback from the event said that receiving an award made them feel more motivated to volunteer and 87% of respondents stated that the event was important in supporting volunteering. As well as being an awards event it would be a local celebration of volunteering with music, refreshments and a chance to meet other people.		All groups nominating volunteers would be from across the community council area, venue tbc	Local voluntary groups and charities would benefit from being able to nominate their volunteers for awards, then attending with up to 3 of their volunteers. Local residents (previously SHACCA T&RA) have directly requested that the club remain open throughout the summer to provide young people with a place to go and things to do. We believe that a continuation of weekly provision would offer best value for money and enable a greater impact to the lives of young people and wider community in reducing the risk of anti social behaviour within the area during the holiday period. Remaining open throughout the summer holiday period would add value to the work of the OBC Youth Club allowing for staff to continue their support for young people who are most at risk of falling out of EET and falling into negative use of recreational time.</p>		The Project would take place in and around the Oxford & Bermondsey Club which is located within the Grange Ward.	<p>The main target group would be young people between the ages of 7 – 19 yrs. 272633	Yalding Healthy Living Centre	Christmas Party 2014	Grange	<p>The Yalding Healthy Living Centre is open all older persons in Southwark who is aged over 55. We exist because older people in these boroughs suffer from increased levels of social isolation and loneliness, which has severe negative impact on their health and wellbeing. In order to combat these negative impacts, we offer a range of social activities at the Centre in a supportive and welcoming environment.</p> <p>At the Yalding Centre we always try to make Christmas a special time of year for the people we support. Many of our older people find themselves feeling particularly isolated at this time, as they often have few friends nearby and in many cases their families have moved out of the area or even out of London altogether. At a time of year when everything around them is full of seasonal cheer it can be especially hard to be alone, so we offer our annual Christmas dinner and dance. We decorate the Centre and serve a traditional Christmas dinner, we give all the older persons that attend a gift, then later there is singing and dancing and we set up a buffet table.</p>		Yalding Healthy Living Centre, 95 Southwark Park Road, SE16 3TY Grange Ward	<p>Our Christmas parties are always very popular. 270987	Bonamy and Bramcote TRA	We R One - St George's Day	Livesey	The original event was started to counteract the rise of BNP marches in our area which tried to cause racial divide. We decided to use St George's Day as a means of uniting people in our area, celebrating diversity but also to unite under our common flag with a patron saint who is a patron for many different countries. The BNP marches stopped but we continue the event not just because people look forward to it, but because we do not want to open a window to let similar racists groups into our area again. It is needed now more than ever with new immigrants coming into the area, limited housing available, pressure on schools and health service and jobs limited in the work market. 273029	STRA (Shad Thames Area Residents Association)	STAMP Shad Thames Area Management Plan	Riverside	The Shad Thames Area Management Plan sets out a framework to protect, enhance and celebrate the features in and around Shad Thames which gave rise to its designation as a conservation area. It aims to strengthen the area's distinctive identity and make it attractive for a range of community, cultural and leisure activities. To do this we are forming a partnership between stakeholders in the area, including local residents, community groups and local businesses, as well as working with Southwark Council. Shad Thames Residents Association has taken a lead and we have already had preliminary consultations with several representatives from all these groups. The proposed event would formally launch the project. It would take place over several hours on one day/evening during the summer and would include activities and information focusing on the local area. The goal would be to encourage the widest number of stakeholders to become actively involved in the project in a way that interests them. The trip will also include going to watch the first team play a match and the team will also get the chance to go and meet the players and be presented on the field on match day. This will be a great opportunity for the local children and give them something to strive for in their sporting careers. 272701	Friends of Lavender Pond	Discovering nature at Lavender Pond	Surrey Docks	<p>Working in conjunction with The Conservation Volunteers at Lavender Pond, we hope to run a series of activity afternoons at weekends or during school holidays. Each event would focus on a different area of wildlife or habitat at the reserve and would have art and craft activities alongside educational ones. For example, one focused on the pond and marsh, with pond-dipping and activities based around dragonflies, frogs etc.</p> <p>The purpose of these sessions would be to provide an opportunity for children and families living in an urban area to learn more about the natural environment around them and how they can encourage it. We would also hope to raise the profile of Lavender Pond as a space for people to learn about nature, something which it may be less associated with since the closure of the Pumphouse Museum</p>		Lavender Pond Nature Reserve, Rotherhithe	Local children and families would benefit. We would hope to attract around 10-20 families to each event, so hopefully 80-120 people across the project. Survey equipment and remaining materials would be donated to Lavender Pond for further events/educational activities, which would ensure further people would benefit in the future.	100%	£970

272091	Stave Hill Ecology Park, The Bee Centre	Bee-keeper Suits for children	Surrey Docks	The Bee Centre at Stave Hill has been a huge success with visiting classes. We would like to have some Stave Hill bee suits, so classes can visit the hives with the beekeeper and see what the bees are doing in their homes. At the moment we have to borrow suits, and this is not always possible. The children love getting up close and personal with the bees, and the experience has really helped with lessons on foodgrowing, insect life, plants and pollination. 272811	Surrey Docks Farm	Farm Fairs	Surrey Docks	<p>Surrey Docks Farm is applying for funds to enhance and improve it's three annual fairs – the Spring Fair in May, Harvest Festival in September and the Christmas Fair in December. These are one day events that are free and accessible for all the local community to attend. The fairs offer local people the opportunity to see sheep shearing demonstrations, get close up to a wide range of farm animals, chat to the beekeeper and take home local honey, wander around stalls selling farm crafts, produce and meat. Most importantly the visiting public are given the opportunity to get involved and take part in craft activities such as making their own wreaths, having a go at spinning wool, taking a turn pressing apples to make apple juice. Other community groups bring their produce or information and hold stalls (in the past groups have included: Southwark Greenpeace, Southwark Friends of the Earth, local churches, girl guiding groups etc). It is a fundraising and publicity opportunity for the Farm, but the real focus is on creating a positive community event that appeals to all and</p>		Surrey Docks Farm, SE16 5ET in Surrey Docks Ward	Based on previous events we would anticipate visitor numbers of 4,000 (Spring Fair 1,500; Harvest Festival 1,500; Christmas Fair 1,000) of all ages and backgrounds from the local area. We will also engage 50 volunteers in the planning and delivery of each event. Giving them the opportunity to learn and develop new skills and bring existing volunteers closer together.	80%	£1,000
