

<b>Item No.</b> 13.	<b>Classification:</b> Open	<b>Date:</b> 12 February 2014	<b>Meeting Name:</b> Peckham and Nunhead Community Council
<b>Report title:</b>		Cleaner Greener Safer: Funding Reallocation	
<b>Ward(s) or groups affected:</b>		Peckham, Peckham Livesey, Nunhead	
<b>From:</b>		Head of Public Realm	

## RECOMMENDATION

1. That Peckham and Nunhead Community Council approve the re-allocation of a total of £26,864 to projects in the 2014/2015 cleaner greener safer programme.

## BACKGROUND INFORMATION

2. Cleaner greener safer (CGS) is part of the council's capital programme. Between 2003 and 2013 £7.45m has been made available local residents to apply for awards to make Peckham and Nunhead a better place to live. The programme attracts hundreds of proposals ranging from a few hundred pounds for bulb planting to brighten up open spaces to tens of thousands of pounds to create community gardens. These projects often introduce new ideas such as outdoor gyms in public spaces, community gardens, public art and energy saving projects which not only make the borough cleaner, greener and safer but greatly contribute to a sustainable public realm by involving residents in the funding process and in the delivery of projects.

## KEY ISSUES FOR CONSIDERATION

3. Appendix 1 highlights five projects with a total underspend of £26,864.
4. It is recommended that £10,000 under spend from the completed project Shards Mews environmental improvements, project reference [02175], is reallocated to projects where additional expenditure is required.
5. It is recommended that the £4,000 under spend from the completed project Marmont Road/Dunstall House grot spot lighting, project reference [105874], is reallocated to projects where additional expenditure is required.
6. It is recommended that the £5,000 under spend from the completed project Lighting at Caroline Gardens, project reference [105623], is reallocated to projects where additional expenditure is required.
7. It is recommended that the £3,064 under spend from the completed project Nunhead and Peckham Rye Smart Meter scheme, project reference [01896], is reallocated to projects where additional expenditure is required.
8. It is recommended that the £4,800 under spend from the completed project A safe crossing for Brockley Way, project reference [105593], is reallocated to projects where additional expenditure is required.

## **Policy implications**

9. None.

## **Community impact statement**

10. The roles and functions of community councils include the promotion of involvement of local people in the democratic process. Community councils take decisions on local matters including environmental improvement and community safety as well as consultation on a wide range of policies and strategies that affect the area.
11. An explicit objective within community councils is that they be used to actively engage as widely as possible with, and bring together, Southwark's diverse local communities on issues of shared or mutual interest. The cleaner greener safer programme is an important tool in achieving community participation.
12. In fulfilling the above objectives that community councils have of bringing together and involving Southwark's diverse local communities, consideration has also been given to the council's duty under The Equality Act 2010 which requires the council to have due regard when taking decision to the need to:
  - a. Eliminate discrimination, harassment, victimisation or other prohibited conduct.
  - b. Advance of equality of opportunity between persons who share a relevant protected characteristics and those who do not share it.
  - c. Foster good relations between those who share a relevant characteristic and those that do not share it.
13. Of particular regard are issues of age, disability, gender reassignment, pregnancy and maternity, race, religion or belief, sex, sexual orientation.
14. Having due regard to the need to advance equality of opportunity is further defined in s.149 as having due regard to the need of:
  - a. Remove or minimise disadvantages connected with a relevant protected characteristic.
  - b. Take steps to meet the different needs of persons who share a relevant protected characteristic.
  - c. Encourage persons who share a relevant protected characteristic to participate in public life or any other activity in which they are under-represented.

## **Resource implications**

15. This is the reallocation of existing CGS funding that was originally awarded in 2009/10, 2012/13 and 2013/14. CGS funding is devolved to community councils to spend on suitable projects. Management of the reallocation of the funding will be contained within existing budgets.

16. Management of the reallocation of the funding will be contained within existing budgets. The reasons for variances to the individual projects spend and their proposed reallocation are set out in Appendix 1 to this report.
17. The total expenditure and sources of funding for CGS schemes will be monitored and reported on as part of the overall capital programme.

### **Consultation**

18. All Cleaner Greener Safer projects require consultation with stakeholders, including the project applicant, local residents and tenants and residents associations where appropriate.

### **Legal implications**

19. The allocation of the cleaner greener safer capital fund (CGS) is an executive function, delegated by the Leader to community councils.
20. Community councils are 'area committees' within the meaning of the Act and executive functions can be delegated to them by the Leader.
21. This report is recommending that the Peckham and Nunhead community council approve the reallocation of available funds from the 2009/2010, 2012/2013 and 2013/2014 programmes as specified at appendix 1 to the 2014/15 capital funding allocation. The power for this function is derived from Part 3H paragraph 11 of the constitution which states that community councils have the power of "approval of the allocation of funds to cleaner, greener, safer capital and revenue schemes of a local nature, using the resources and criteria identified by the cabinet".
22. The cabinet member for transport environment and recycling approved the funding for the 2013/14 programme in October 2012 and the 2014/2015 programme in October 2013 by exercising his powers under Part 3D paragraph 2 of the constitution. Where funding needs to be reallocated the community council approval being sought here is therefore the appropriate constitutional step in the process.
23. Community council members also have powers under paragraph 12 of Part 3H of the constitution to oversee and take responsibility for the development and implementation of the local schemes.
24. In allocating funding under the CGS community councils must have regard to the council's equality duty set out in section 149 of the Equality Act 2010. The report author has demonstrated how those duties need to be considered in the body of the report at paragraphs 14 to 17 in the community impact statement.

### **SUPPLEMENTARY ADVICE FROM OTHER OFFICERS**

#### **Strategic Director of Finance and Corporate Services**

25. The report requests the approval of Peckham and Nunhead community council for the re-allocation of a total of £26,864 to projects in the 2014/2015 cleaner greener safer programme, as set out in Appendix 1.
26. The strategic director of finance and corporate resources notes the resource

implications contained within the report, and confirms that the capital funding for the CGS programme has been approved as part of the overall council capital programme.

27. Officer time and any other costs connected with this recommendation will be contained within existing budgeted revenue resources.
