Proposed Commitments Appendix B

Department	Description of Commitments	2014/15 £'000
Housing and Community Services Community Engagement - VCS Commissioning & Support	Advice Services Contract - requirement to align budget with current contract commitment following non-achievment of savings target over the previous commissioning round. Cost pressure has previously been absorbed through underspends elsewhere within the wider housing general fund, but can no longer be contained.	64
Community Engagement - VCS Commissioning & Support	Leaseholder Advice - Cabinet approved the provision of independent advice service for leaseholders. This falls outside of the existing Advice Service Contract which is overcommitted (see above), and requires the base budget to be aligned. Will form integral part of commissioned service contract going forward.	22
Customer Experience - Coroners Service	The Coroners service operates as a consortium between Southwark, Greenwich, Lambeth and Lewisham and is funded in proportion to their populations. Over time the income budget has become overstated as a result of changes in the relative populations of the consortium members requiring re-alignment to accurately reflect income expectations going forward.	54
