Dear Sir/Madam

Kaspas, 321-323 Walworth road, London SE17 2TG

Police are in receipt of an application from the above for a New Premises Licence. Police would like to see the following control measures placed on the premise licence to address the prevention of crime and disorder licensing objective.

1. That a CCTV system be installed at the premises and be maintained in good working order and be continually recording at all times the premises are in use under the licence. The CCTV System must be capable of capturing a clear facial image of every person who enters the premises.
2. That all CCTV footage shall be kept for a period of thirty one (31) days and shall, upon request, be made immediately available to Officers of the Police and the Council

The Following is submitted for your consideration, Police would welcome the opportunity to conciliate should the need arise.

Dear Graham,

Please see the applicants email below.

Would you be happy to withdraw your representations under the circumstances below in the applicants email.

I have asked the applicant to confirm that she is removing LNR from Sunday through to Monday, and change the hours for Thursday, Friday, Saturday to finish at 00:00.

The opening hours will follow suit.

You will see at the bottom also that they already have CCTV. (I know that they have installed this when they were refurbishing the premises, as the bulider told me when I visited to investigate, that vandals had damaged their electric box which is outside in the side alley to the premises).

With kind regards

Jayne

Hi Jane,

After having discussed the objections with my husband and business partner, we have decided that we are quite happy to trade Sunday through to Wednesday until 11pm and only on a Thursday, Friday and Saturday night would like to trade until 12pm ..

As discussed previously, we only applied for the extended hours due to the other food establishments nearby offering a 24 hour service and felt this may be required for us too. Having only traded a week, we have revised our position and feel there will be no need to be open for extended hours daily.

Should you feel we still need to have a meeting on the 16th April, then pls let me know.

Also, with regard to the police injection, we already have CCTV cameras installed (13 in total) which record activities and are stored on DVD at the moment. Keeping the recordings for 31 days should not prove to be a problem.

Please let me know what the next course of action is.

Kind regards,

Nayyer Noor
