

Item No. 14.	Classification: Open	Date: 10 September 2014	Meeting Name: Dulwich Community Council
Report title:		Local traffic and parking amendments	
Ward(s) or groups affected:		All wards within Dulwich Community Council	
From:		Head of Public Realm	

RECOMMENDATION

1. It is recommended that the following local traffic and parking amendments, detailed in the appendices to this report, are approved for implementation subject to the outcome of any necessary statutory procedures:
 - Alleyn Road – install double yellow lines adjacent to a planned and existing vehicle crossover. The planned crossover is to provide a second vehicular access point to No. 79
 - Alleyn Road – install double yellow lines adjacent to a planned vehicle crossover that will provide access to No. 102

BACKGROUND INFORMATION

2. Part 3H of the Southwark Constitution delegates decision making for non-strategic traffic management matters to the community council.
3. Paragraph 16 of Part 3H of the Southwark Constitution sets out that the community council will take decisions on the following local non-strategic matters:
 - the introduction of single traffic signs
 - the introduction of short lengths of waiting and loading restrictions
 - the introduction of road markings
 - the setting of consultation boundaries for consultation on traffic schemes
 - the introduction of destination disabled parking bays
 - statutory objections to origin disabled parking bays.
4. This report gives recommendations for three local traffic and parking amendment, involving traffic signs, waiting restrictions and road markings.
5. The origins and reasons for the recommendations are discussed within the key issues section of this report.

KEY ISSUES FOR CONSIDERATION

Alleyn Road, No. 79

6. The Council's asset management team have received, considered and approved in principle (subject to this decision and statutory consultation) the construction of a second dropped kerb and vehicle crossover leading to No. 79 Alleyn

7. Road. This will provide an in- and out- driveway arrangement.
8. Double yellow lines prohibit waiting (generally referred to as parking) 'at any time' however loading and unloading is permitted.
9. It is noted that double yellow lines are now the council's standard restriction for crossovers. This is part of a wider objective to reduce sign clutter and to improve comprehension of restrictions at the point of parking.
10. It is recommended, as shown in Appendix 1, that 7 metres of double yellow line is installed outside No.79 Alleyn Road. It is also recommended for consistency that the existing crossover has double yellow lines installed.

Alleyn Road, No. 102

11. The Council's asset management team have received, considered and approved in principle (subject to this decision and statutory consultation) the construction of dropped kerb and vehicle crossover leading to No. 102 Alleyn Road.
12. Double yellow lines prohibit waiting (generally referred to as parking) 'at any time' however loading and unloading is permitted.
13. It is noted that double yellow lines are now the council's standard restriction for crossovers. This is part of a wider objective to reduce sign clutter and to improve comprehension of restrictions at the point of parking.
14. It is recommended, as shown in Appendix 2, that 7 metres of double yellow line is installed outside No.102 Alleyn Road.

Policy implications

15. The recommendations contained within this report are consistent with the policies of the Transport Plan 2011, particularly
 - Policy 1.1 – pursue overall traffic reduction
 - Policy 4.2 – create places that people can enjoy.
 - Policy 8.1 – seek to reduce overall levels of private motor vehicle traffic on our streets

Community impact statement

16. The policies within the Transport Plan are upheld within this report have been subject to an Equality Impact Assessment.
17. The recommendations are area based and therefore will have greatest affect upon those people living, working or traveling in the vicinity of the areas where the proposals are made.
18. The introduction of yellow lines at junctions gives benefit to all road users through the improvement of inter-visibility and therefore road safety.
19. There is a risk that new restrictions may cause parking to be displaced and,

indirectly, have an adverse impact upon road users and neighboring properties at that location. However this cannot be entirely preempted until the recommendations have been implemented and observed.

20. With the exception of those benefits and risks identified above, the recommendations are not considered to have a disproportionate affect on any other community or group.
21. The introduction of blue badge parking gives direct benefit to disabled motorists, particularly to the individual who has applied for that bay.
22. The recommendations support the council's equalities and human rights policies and promote social inclusion by:
 - Providing improved access for key services such as emergency and refuge vehicles.
 - Improving road safety, in particular for vulnerable road users, on the public highway.

Resource implications

23. All costs arising from implementing the recommendations will be fully contained within the existing public realm budgets.

Legal implications

24. Traffic Management Orders would be made under powers contained within the Road Traffic Regulation Act (RTRA) 1984.
25. Should the recommendations be approved the council will give notice of its intention to make a traffic order in accordance with the Local Authorities Traffic Order (Procedure) (England and Wales) Regulations 1996.
26. These regulations also require the council to consider any representations received as a result of publishing the draft order for a period of 21 days following publication of the draft order.
27. Should any objections be received they must be properly considered in the light of administrative law principles, Human Rights law and the relevant statutory powers.
28. By virtue of section 122, the council must exercise its powers under the RTRA 1984 so as to secure the expeditious, convenient and safe movement of vehicular and other traffic including pedestrians, and the provision of suitable and adequate parking facilities on and off the highway.
29. These powers must be exercised so far as practicable having regard to the following matters
 - a) the desirability of securing and maintaining reasonable access to premises
 - b) the effect on the amenities of any locality affected including the regulation and restriction of heavy commercial traffic so as to preserve or improve amenity
 - c) the national air quality strategy

- d) facilitating the passage of public service vehicles and securing the safety and convenience of their passengers
- e) any other matters appearing to the Council to be relevant.

Consultation

- 30. Where public or stakeholder consultation has already been completed, this is described within the key issues section of the report.
- 31. The implementation of changes to parking requires the making of a traffic order. The procedures for making a traffic order are defined by national regulations which include statutory consultation and the consideration of any arising objections.
- 32. Should the recommendations be approved the council must follow the procedures contained within Part II and III of the Regulations which are supplemented by the council's own processes. This process is summarised as:
 - publication of a proposal notice in a local newspaper (Southwark News)
 - publication of a proposal notice in the London Gazette
 - display of notices in roads affected by the orders
 - consultation with statutory authorities
 - making available for public inspection any associated documents (eg. plans, draft orders, statement of reasons) via the council's website or by appointment at 160 Tooley Street, SE1
 - a 21 day consultation period during which time any person may comment upon or object to the proposed order
- 33. Following publication of the proposal notice, any person wanting to object must make their objection in writing, state the grounds on which it is made and send it to the address specified on the notice.
- 34. Should an objection be made that officers are unable to resolve so that it is withdrawn, it will be reported to the community council for determination. The community council will then consider whether to modify the proposals, accede to or reject the objection. The council will subsequently notify all objectors of the final decision.

Programme timeline

- 35. If these items are approved by the community council they will progressed in line with the below, approximate timeframe:
 - Traffic orders (statutory consultation) – October to November 2014
 - Implementation – December 2014 to January 2015
