377890/CGS/ B&R/15/12	Volunteer Centre Southwark	Mud Kitchens for Southwark	Build 6 mud kitchens in schools and nurseries with parent involvement. A mud kitchen is a permanent timber structure for outdoor play. It helps develop language skills, social play and improves math and science skills and supports healthy eating.	£4556.00
408712/ B&R/15/5	Leaders of Tomorrow (LOT)	Young Leaders in Training	<p>LOT was established in 2002 to provide a mentoring service, develop leadership skills; particularly in children and young people from Black and Minority Ethnic communities by empowering them with unbridled opportunities. Through a combination of discipline, clear parameters and tough love, we help disadvantaged children and young people grow in confidence and maturity to achieve in their personal, social and academic development. LOT provides one to one/group mentoring support to help them regain focus, build confidence and address inappropriate and anti-social behaviour. Our structured weekly leadership, mentoring and enrichment programme will provide a safe meeting place where we will be able to give advice in confidence and provide positive alternatives to those at risk from joining gangs and being excluded from school. We aim to build their self-esteem and work with life coaches, health and drug professionals to promote healthy life styles and prevent drug and substance misuse. LOT will also enable parents/carers to foster good relationships with schools and the home. Our programme of activities will help change the mind-set and develop leadership skills in young people, provide volunteering and work placement opportunities and give them international exposure to business and the wider world of work at the USA September 2015 Orlando Business Education conference. In addition, our project will be able to provide extra coaching to those who show academic promise but lack the confidence to apply to prestigious educational institutions. We will be able to help them prepare personal statements, CVs, hone study skills and interview techniques. In summary, we have a track record in turning around BME students. Our volunteers will be focusing on those who are harder to reach. I am confident that we will succeed.</p>	£5,000.00

413611/ B&R/15/11	Victory Youth Group	Where U Going ? Project	<p>The project is a continuation of a work that has been in process for a while across parts of the country where there is a Victory Youth Group situated. Its aim has and will be to get young people to think and ask themselves the question “Where U Goin’ with your life?”. Using performing arts, real life testimonials and more we aim to get young people thinking positively about life; especially theirs. Our work in the borough has taught us that many have family problems, peer pressure, gang affiliated problems, teenage pregnancy, depression, addictions, lack of direction in life amongst others and this project aims to motivate them to believe that regardless of the problem, they have the power within them to make (positive) things happen in their lives. We aim to educate them on making right choices and we have had prior success at this through our events such as 'In Too Deep', 'Hooked', 'Heart Break Estate' (which all drew hundreds of youths to it; the biggest being over 600 youths)</p>	£4,858.00
414104/ B&R/15/6	New Covenant Church	Celebrating Southwark Mass Choir and Dance	<p>The project aims to bring peace and joy to East Walworth, Livesey, Peckham, South Bermondsey and other Southwark wards by preparing a group of 250 singers and 50 dancers from the local community, to perform at the Elephant & Nun Festival. It also aim to reduce crime by unveiling career prospects in art and media to local people. To achieve these aims we have set ourselves some realistic targets such as good response rates to flyer distribution, retention of volunteers for the duration of the project, measuring the level of motivation of volunteers by attendance to rehearsals. The following will be measured: The project's ability to unite the neighbourhood through the mix of ethnicities who participate in the project, and the promotion of lifelong singing journeys through the number of volunteers who go on to participate in future singing or dance activities in the community. Milestones include: • 50% response rate to 1,000 flyers to be distributed • 50% retention of 500 auditioning volunteers • 98% attendance to rehearsals and the final performance, monitored by a weekly register • 63% white, 16% black African and 8% black Caribbean volunteers to represent the demographics in Southwark, monitored by a diversity survey at the beginning and end of the project • Final performance at Elephant and Nun Festival and hopefully at other events in the Borough later. • 55% of volunteers returning for future singing or dance projects in the community</p> <p>The project timeline is as follows: • April – Recruitment of volunteers, printing of flyers, press and marketing through newspaper and radio campaigns • May – Auditions and start rehearsals • June – Further rehearsals • August – Final rehearsals and performance</p>	£4,716.31

415970/ B&R/15/2	Faces in Focus	Solution Based Counselling	<p>Faces in Focus works with young people across Southwark and all Community Council areas and wishes to develop and put in place solution focused counselling to enable early intervention and the prevention of mental health problems to help and improve their emotional and physical wellbeing. A key aim is to reduce the number of young people who end up in acute mental health care and, by this early prevention initiative, to reduce those young people with initial signs of mental health issues becoming involved later with the criminal justice system and acute services. The aim is to enable young people to become equipped to overcome difficulties and eventually to lead positive and fulfilled lives. The project will aim to build on the capabilities of young people so they can engage positively in their community, make informed choices about and fulfil their potential. We will achieve this through the delivery of solution focused counselling which will challenge and empower young people to find their own positive solutions to problems and help prevent family breakdown; consequent homelessness, reduced further decline in their mental and physical health and assist them to access education, employment and training.</p>	£4,813.90

More Creative intended impact: Participants will have developed new trusting relationships and shared understanding; the adults and children will have developed teamwork, communication and dance skills, and explored new ways of creative self-expression; the project will have given the adults and children a chance to share their ideas, interact together and perform their original dance piece to friends, family and invited guests, helping them to feel valued and proud of their achievements. "I feel more confident to dance and to speak to people." (Participant)	£5,000.00
414205	Vitrine	Sculpture at Bermondsey Square – Public Sculpture Commission and Engagement Programme - OPEN CALL COMMISSION	The Sculpture at Bermondsey Square project aims to bring a new public sculpture to a Southwark square. Following two sculpture commissions supported by Arts Council England (Sept 14 – March 15 & March – Sept 15), this phase of the project will commission a 3rd sculpture through an Open Call, inviting UK artists (with a focus on local artists through Ideas Tap's application procedures and aims) to submit a proposal to produce a public sculpture to be displayed on Bermondsey Square between September 2015 – February 2016. Launching for Bermondsey Street Festival. This presents artists with a unique opportunity to work on a major public artwork. Responding to notions of public space and the conventions of sculptural practices, applicants will be challenged to create an innovative and engaging proposal within an open critical framework. The project aims to engage with a broad section of the community by offering them the chance to submit a proposal; by placing public art in a busy thoroughfare frequented by local residents and workers; and through our public engagement programme. Working with partner organisations Pangaea Sculptors' Centre and Team London Bridge, VITRINE will present a series of public engagement activities, Talks, workshops and a publication to accompany this ambitious project. VITRINE will work with local groups including youth groups, a retirement home and a local school to ensure that our efforts reach those who may not normally encounter art in a structured and nurturing environment. This programme will include a family "Make and Take" Day at the launch of the sculpture, during Bermondsey Street Festival 2015.	£3,000.00

414670	Millwall Community Trust	Multi-Sports Central	We will be using sport as a tool to support and encourage young Southwark residents to enjoy being more physically and socially active and learning in their community. We're purposely targeting young people, so that they can play a role within the development and success of a facility which lies at the centre of their community and more importantly that they benefit on a more physical and social interactive outcome. We will also provide education and advice on employment and training pathways and workshops on gangs, knife and gun crime, conflict management and making the right decisions. MCT have a large number of staff, volunteers and coaches in place who have a vast amount of knowledge and expertise with regards developing programmes that are required to meet tight and stringent timeframes. Were more than confident that we can have these sessions in place and established within advance of the starting date. The strong links that MCT have established in the 30 years that they've been in Southwark ,is also another major reason why were ideally placed to achieve our targets and aims and objectives.We want to use this programme to highlight that sport and physical activity can play a major role in a young person's life on a physical, social and life-long learning outcome.	£5,000.00
414843	AlwaysKreative	Be Kreative	The project aims to offer young people a safe space where they can engage in creative arts and videography. Activities include painting, drama, dance & music. Activities are based around creative expression with a process designed to achieve therapeutic goals. Through therapeutic creative activities, we aim to equipped young people with a greater sense of self-awareness, improvement of self-esteem, enhancement of expressiveness, increased communicativeness and give them a better understanding of conflict resolution. The project will function as a 10 week workshop using creative activities as stimulus to provoke thought, emotion and action. Creative activities are lively and experimental and also help to create an environment where both those participating and the workshop leaders can express themselves without the fear of being judged. Visual and dramatic arts are used partly to promote transparency between the workshop leaders but they also serve as a guideline for creative expression within the workshops. There will be an event organised for the young people at the end of the 10 weeks to display the work, within this event also be an award ceremony where the young people will be given certificates such as AQA's, and Arts Awards.	£4,000.00

414784	Silwood Community Youth Project @ St Katharines	My Community Youth Project by young people at Silwood Estate	<p>The project is trying to achieve young people's involvement in the estate such as to bring young people together on a regular basis and provide opportunities for social interaction and spiritual development. To remind young people of good values and morals and to provide them with opportunities to undertake initiatives that are based on their core beliefs. To help young people to realise their potential and to work with the diverse community at the Silwood Estate. We are planning and preparing the young people to enter a written competition which will raise awareness about the changes they will like to see in their communities. The project will start in April and end in March 2016. Within that one year period, young people will have the opportunity to attend community meetings and also the youth community council so they can have more say in decisions that have been made that will impact their lives.</p>	£3,500.00

413756	Bermondsey Community Kitchen	Bermondsey Community Kitchen	Bermondsey Community Kitchen is a community led project with a main aim of training long term unemployed 16 to 23 year olds including single parents and young offenders, in a Level 2 professional Cookery City & Guilds qualification to help them into full time employment. Our support of the students will not end once they have achieved the qualifications they need as we believe that qualifications only form the basics of helping people back into employment. The project will also focus around providing the students with work experience, boosting their confidence, enhancing their communication and life skills and building CV's and enhancing interview skills. We will continue to support students in finding employment once they have gained their qualification and continue to support them in job retention. The project has secured all equipment needed from United St Saviours and the first course is aiming to begin in April for 10 months which would include 32 young people aged 16 to 23 from Southwark. Furthermore we aim to be a community hub and support centre for other community led organisations such as as the Bede Centre, Un-ltd and Homes for Heroes can use our office and kitchen facilities for their 'outreach' programs. This is something that has already come in effect but we expect the amount of organisations using our facilities to grow. In addition we will be setting up our Friends of Bermondsey Community Kitchen program will be led by the local community to build relationships between our ethnically diverse communities.	£5,000.00

It was designed and painted with the young people from the Estate and was really successful in generating a sense of participation and community. The mural still looks great -- has not been vandalised -- and everyone is really proud of it. We would like to arrange a similar project to produce another mural on the other side of the estate.	£5,100.00
414338	Millwall Community Trust	Football for All within Our Community	We will be using sport as a tool within a newly opened facility to lobby, support and encourage local and Southwark residents to enjoy being more physically and socially active on their doorsteps. Were purposely targeting a wide range of ages for the sessions planned, so that they can all play a role within the development and success of a facility which lies within the centre of their community and more importantly that they benefit on a more physical and social interactive outcome. MCT have a large number of staff, volunteers and coaches in place who have a vast amount of knowledge and expertise with regards developing programmes that are required to meet tight and stringent timeframes. Were more than confident that we can have these sessions in place and established in advance of starting delivery. The strong links that MCT have established in the 30 years that they've been in Southwark is also another major reason why were ideally placed to achieve our targets and aims and objectives.	£5,850.00
