413943/BB W-CA/15/15	Gateway Foyer	Resident President	<p>We are a supported accommodation for 116 young homeless people (aged 18-25). We are trying to get as many young people engaged in politics and are running a voter registration drive and have a number of political events planned in the run up to the Election in May.</p> <p>Alongside this, I would like to run the 'Resident President' Project. This would entail is allocating the grant to a group of young people – which they could use on a project for the community/hostel. The project must be positive and beneficial to the Gateway or Wider community. For instance they may choose to use the funds on our communal area or to run an event at the hostel for each other.</p> <p>We would allow the young people to propose their idea, support them to budget and help them create campaign materials such as posters and badges. We would then have a campaign that runs alongside the general election campaign to elect the winner i.e. The Resident President. This would include debates amongst each candidate. By doing this I hope to link in awareness to the General Election. By holding our election on May 6th (with pollings cards and mock ballot boxes) we hope to then take our young people down to vote in the General Election. The winner would then be able to implement their project (with other residents).</p>	£500
414935/BB W-N/15/16	Southwark Cathedral	Restoration of the Memorial Garden Within The South Churchyard	Southwark Cathedral would like to restore the Memorial Garden, an area of the South Churchyard of the Cathedral in which cremated remains are interred, and which has as its centrepiece the Mohegan Memorial sculpture, through alterations to the landscape and planting, in order to provide a beautiful and maintainable garden for the benefit of all who enter the Churchyard and	£11,005

Borough, Bankside & Walworth Community Council Neighbourhoods Funds 2015/16 Additional Applications

			including the relatives of those whose ashes are interred there. The Churchyard is open from 7.30am until 6.30pm every day of the year except Christmas Day, and is an important public amenity space adjacent to the busy Borough Market.

			The Cathedral Architect and landscape architects J & L Gibbons have developed proposals for the area in consultation with the Cathedral Archaeologist, and it is anticipated that the works would begin within 90 days of the funds for the project being raised. The remedial landscaping scheme would re-instate low planting around the Memorial, and would include de-compaction of the soil, composting and planting. This work would be Phase I of a longer term project to re-design the landscape of the Churchyard.	
414846/BB W-N/15/17	Southwark Cathedral Education Centre	Southwark Cathedral Education Centre – 80 Trails For Southwark Schools	<p>We provide high-quality, out-of-the-classroom learning experiences that support the National Curriculum for primary and secondary students of all abilities and backgrounds. Programmes are built on hands-on and experiential learning – stimulating engagement and learning through doing. On our history trails, this might mean primary school students learning about the Reformation by acting out – in costume – the work of monks in the Priory of St Mary Overie or on our maths trail using the architecture of the Cathedral itself to try new calculations and measurements. On our RE trails it might mean using objects, music, pictures and textiles to explore a range of concepts – laying a table for the Eucharist, lighting candles and breaking bread. Across the curriculum, our programmes help to consolidate children’s learning and bring subjects alive.</p> <p>We are asking the Neighbourhoods Fund to help support the trails we run for Southwark schools, which reach 2719 children in the Borough.</p> <p>Core funding for the Centre comes from the Cathedral itself and other donors. We are asking the Fund to make a £4,350 award to cover our delivery costs</p>	£4,350
