<b>Report title:</b>		Members' Question Time	
<b>Ward(s) or groups affected:</b>		All	
<b>From:</b>		Strategic Director of Communities, Law & Governance	

## BACKGROUND INFORMATION

In accordance with council assembly procedure rule 2.8 member's question time shall not exceed 30 minutes. During this time, members may not question any one executive member or committee chair for longer than fifteen minutes.

Members are limited to one question at each meeting.

Questions to the leader will be taken first, followed by questions to other executive members and on the portfolio for education and school attainment. The order in which the different political groups ask questions of the leader will be rotated. Questions to executive members will be taken in the order of receipt and portfolio. The order of portfolios will be rotated at each meeting such that the executive member answering questions immediately after the leader will be the last executive member to answer any questions at the next meeting of council assembly.

Executive members and committee chairs have discretion to refer a question to another executive member if this is appropriate.

Responses to member's questions will be circulated on yellow paper around the council chamber on the evening of the meeting.

The Mayor will ask the member asking the question if they wish to ask one supplemental question to the member to whom the question was asked. The supplemental question must arise directly out of the original question or the reply. Therefore, supplemental questions to the leader or other executive members are not free ranging.

No question shall be asked on a matter concerning a planning or licensing application.

**Note:** In accordance with council assembly procedure rule 2.8 (12) & (13) (prioritisation and rotation by the political groups) the order in which questions to the leader appear in this report may not necessarily be the order in which they are considered at the meeting.
