

Item No. 15.	Classification: Open	Date: 27 January 2016	Meeting Name: Dulwich Community Council
Report title:		Local traffic and parking amendments	
Ward(s) or groups affected:		Village and College	
From:		Head of Highways	

RECOMMENDATIONS

1. It is recommended that the following local traffic and parking amendments, detailed in the appendices to this report, are approved for implementation subject to the outcome of any necessary statutory consultation and procedures:
 - 1.1 Village Way – Install double yellow lines adjacent to existing dropped kerb vehicle crossover to provide unrestricted access for resident of No.5.
 - 1.2 Alleyn Park – Install double yellow lines at four locations to restrict parking and improve traffic flow and safety for all road users.
 - 1.3 Dulwich Village – Install double yellow lines at the junction with Aysgarth Road and single yellow line outside Nos.96 to 94
 - 1.4 Wood Vale – install double yellow lines adjacent to the vehicle entrance to Woodlands Court to provide access for waste collections vehicles
 - 1.5 Village Way/Dulwich Village - install school keep clear markings adjacent to main pupil entrance to James Allen's Preparatory School and double yellow lines adjacent to entrance to park and school car park to improve inter-visibility and safety.
2. It is recommended that the objections received against a non-strategic traffic management matter are considered and determined as follows:
 - Lordship Lane – that the six objections made against the proposal to install double yellow lines to prevent parking adjacent to the three new planned vehicle crossovers, as detailed in drawing, be considered and rejected. The restrictions are proposed to ensure visibility for vehicles entering and exiting the vehicle crossovers. Officers shall be instructed to proceed and make the traffic order, notify the objectors and implement the works.
 - Woodwarde Road/Eynella Road – that the objection made against the proposal to install double yellow lines to prevent parking at the junction, as detailed in drawing, be considered and rejected, since the original intention of and the proposals was on highway safety ground. Officer shall be instructed to proceed and make the traffic order, notify the

objector and implement the works.

BACKGROUND INFORMATION

3. Paragraph 15 of Part 3H of the Southwark Constitution sets out that the community council will take decisions on the following local non-strategic matters:
 - the introduction of single traffic signs
 - the introduction of short lengths of waiting and loading restrictions
 - the introduction of road markings
 - the setting of consultation boundaries for consultation on traffic schemes
 - the introduction of destination disabled parking bays
 - statutory objections to origin disabled parking bays
 - determination of objections to traffic management orders that do not relate to strategic or borough-wide issues
4. This report gives recommendations for five local traffic and parking amendments, involving traffic signs, waiting restrictions and road markings and seeks determination of objections to traffic management orders on two non-strategic issues.
5. The origins and reasons for the recommendations are discussed within the key issues section of this report.
 - details of the background to the submission of the report
 - any previous decisions taken in relation to the subject matter

KEY ISSUES FOR CONSIDERATION

6. A local parking amendment (LPA) is small project to change an existing parking restriction or to introduce a new one.
7. These tend to be carried out in locations where we have had a request to look at dangerous or obstructive parking and where small lengths of restrictions could provide a solution.
8. Local parking amendments are batched together and carried through a quarterly programme. During the third quarter of 2015/16, the council is proposing five LPAs as summarised in figure 1.
9. The rationale for each proposal is discussed in the associated appendix. A detailed design of the proposal is included.

Location	Proposal	Appendix
Village Way - outside No.5	To install double yellow lines adjacent to existing dropped kerb vehicle crossover to provide unrestricted access for resident of No.5.	1
Alleyn Park at the following locations: <ul style="list-style-type: none"> • Outside and opposite No.84, • Outside and opposite the post office delivery office. • Outside No.37a • Outside No. 38 	To install double yellow lines adjacent to restrict parking and to improve traffic flow and improve safety for all road users.	2
Dulwich Village, junction of Aysgarth Road to outside No.94	To install double yellow lines at the junction with Aysgarth Road and single yellow line outside Nos.96 to 94 to provide a loading facility and improve junction safety	3
Wood Vale outside Woodlands Court	To install double yellow lines adjacent to the vehicle entrance of Woodland Court to provide access for waste collection vehicles	4
Village Way / Dulwich Village	To install school keep clear road markings adjacent to main pupil entrance to James Allen's Preparatory School and double yellow lines adjacent to entrance to park and school car park to improve inter-visibility and safety	5

Figure 1

- Statutory consultation has recently been carried out on items approved by the community council on 9 September 2015. During the statutory consultation, objections to the proposal were received.
- The detail of the objections is summarised in figure 2. The associated appendix contains detail on the objection and a detailed design of the proposal.

Location	Proposal	Appendix
Lordship Lane	To install double yellow lines adjacent to planned vehicle crossovers to improve access, inter-visibility and safety	6
Woodwarde Road/Eynella Road	To install double yellow lines at the junction of Woodwarde Road and Eynella Road to improve inter-visibility and safety	7

Figure 2

Policy implications

- The recommendations contained within this report are consistent with the policies of the Transport Plan 2011,

- Policy 1.1 – pursue overall traffic reduction
- Policy 4.2 – create places that people can enjoy.
- Policy 8.1 – seek to reduce overall levels of private motor vehicle traffic on our streets

Community impact statement

13. The policies within the transport plan are upheld within this report have been subject to an equality impact assessment
14. The recommendations are area based and therefore will have greatest affect upon those people living working or traveling in the vicinity of the areas where the proposals are made.
15. The introduction of yellow lines at junctions gives benefit to all road users through the improvement of inter-visibility and therefore road safety.
16. There is a risk that new restrictions may cause parking to be displaced and, indirectly, have an adverse impact upon road users and neighbouring properties at that location. However this cannot be entirely preempted until the recommendation have been implemented and observed.
17. With the exception of those benefits and risks identified above, the recommendations are not considered to have a disproportionate effect on any other community or group.
18. The recommendations support the council's equalities and human rights policies and promote social inclusion by:
 - Providing improved access for key services such as emergency and refuse vehicles.
 - Improving road safety, in particular for vulnerable road users, on the public highway.

Resource implications

19. All costs arising from implementing the recommendations will be fully contained within the existing public realm budgets

Legal implications

20. Traffic Management Orders would be made under powers contained within the Road Traffic Regulation Act (RTRA) 1984.
21. Should the recommendations be approved the council will give notice of its intention to make a traffic order in accordance with the Local Authorities Traffic Order (Procedure) (England and Wales Regulations 1996).
22. These regulations also require the council to consider any representations received as a result of publishing the draft order for a period of 21 days following publication of the draft order.
23. Should any objections be received they must be properly considered in light of administrative law principles, Human Rights law and relevant statutory powers.

24. By virtue of section 122, the council must exercise its powers under the RTRA 1984 so as to secure the expeditious, convenient and safe movement of vehicular and other traffic including pedestrians, and provision of suitable and adequate parking facilities on and off the highway.
25. These powers must be exercised so far as practicable having regard to the following matters
 - a. The desirability of securing and maintaining reasonable access to premises.
 - b. The effect on the amenities of any locality affected including the regulation and restriction of heavy commercial traffic so as to preserve or improve amenity.
 - c. The national air quality strategy.
 - d. Facilitating the passage of public service vehicles and securing the safety and convenience of their passengers.
 - e. Any other matters appearing to the council to be relevant.

Consultation

26. Where public or stakeholder consultation has already been completed, this is described within the key issues section of the report.
27. For the items in paragraph 1 above, the implementation of changes to parking requires the making of a traffic order. The procedures for making a traffic order are defined by national Regulations which include statutory consultation and the consideration of any arising objections.
28. Should the recommendations be approved the council must follow the procedures contained with Part II and III of the Regulation which are supplemented by the council's own processes. This process is summarised as:
 - a) publication of a proposal notice in a local newspaper (Southwark News)
 - b) publication of a proposal notice in the London Gazette
 - c) display of notices in roads affected by the orders
 - d) consultation with statutory authorities
 - e) making available for public inspection any associated documents (eg. plans, draft orders, statement of reasons) via the council's website or by appointment at 160 Tooley Street, SE1
 - f) a 21 day consultation period during which time any person may comment upon or object to the proposed order
29. Following publication of the proposal notice, any person wanting to object must make their objection in writing, state the grounds on which it is made and send to the address specified on the notice.
30. Should an objection be made that officers are unable to resolve so that it is withdrawn, it will be reported to the community council for determination. The community council will then consider whether to modify the proposal, accede to

or reject the objection. The council will subsequently notify all objectors of the final decision.

31. For the items in paragraph 2 above, this report is to determine objections received as part of that statutory process.

Programme Timeline

32. If these item are approved by the community council they will be progressed in line with the below, approximate timeline:

- Traffic orders (statutory consultation) – March to April 2016
- Implementation – May to June 2016
