

<b>Item No.</b> 6.	<b>Classification:</b> Open	<b>Date:</b> 28 January 2016	<b>Meeting Name:</b> Health and Wellbeing Board
<b>Report title:</b>		Health and wellbeing strategy: alcohol, drugs & sexual health	
<b>Wards or groups affected:</b>		All	
<b>From:</b>		Ruth Wallis, Director of Public Health Aarti Gandesha, Healthwatch Southwark	

## RECOMMENDATIONS

1. The board is requested:
  - a) To note the update on alcohol, drugs and sexual health (Appendices 1 & 2)
  - b) To note the proposed actions for 2016 as summarised in Tables 1 of the appendices for alcohol, drugs and sexual health
  - c) To consider the menu of potential outcome and performance indicators being proposed in Tables 2 of the appendices and agree the selection of indicators for target setting and monitoring
  - d) To note the summary of the findings from Healthwatch Southwark's engagement on sexual health.

## EXECUTIVE SUMMARY

2. The Health and Wellbeing Board received the refreshed Health and Wellbeing Strategic framework in 2015 and has requested regular thematic updates. This update is on the alcohol, drugs and sexual health themes of the Health and Wellbeing Strategy.
3. The Health and Wellbeing Board has also requested that a range of indicators are proposed from which a selection would be made for target setting and monitoring purposes.
4. The refresh of the Health and Wellbeing Strategy was informed by the 1,000 Lives engagement exercise which was chaired by Southwark Healthwatch. Appendix 3 is a summary of further Healthwatch engagement on sexual health which will feed into the redesign of sexual and reproductive health services.

## Policy implications

5. Southwark council and the Southwark CCG have a statutory duty under the 2012 Health and Social Care Act to produce a health and well being strategy for Southwark. The health and wellbeing board leads the production of the strategy. Local health and wellbeing commissioning and service plans have to pay due regard to the health and wellbeing strategy.

## Community impact statement

6. The health and wellbeing strategy and associated action plans seek to improve

the health of the population and to reduce health inequalities. It is acknowledged that some communities and individuals are less likely to access or make use of the services offered and targeted support or initiatives are expected to address this.

### Legal implications

7. The board is required to produce and publish a joint health and wellbeing strategy on behalf of the local authority and clinical commissioning group. The proposals and actions outlined in this report will assist the board in fulfilling this requirement and will support the strategy's implementation.

### Financial implications

8. There are no financial implications contained within this report. However, the priorities identified in the health and wellbeing strategy will have implications for other key local strategies and action plans and the development of commissioning intentions to improve the health and wellbeing of Southwark's population.
