558316	David Idowu Foundation	David Idowu Foundation Youth_Ink	<p>Our pilot Project, YOUTH_INK, aims to engage with young people through peer-led youth participation within the community and the criminal justice system to up-skill and inspire young people to participate in their own learning through peer-led personal and social development linked to our Youth_Ink ETL model.</p> <p>The Foundation and Southwark Youth Offending Services will work together to empower people to tell their own story, in their own way and with their own lived experience. The process of doing so will: be peer lead participation, and empowering people with lived experience to share their own story; offer new insight into the lives of people experiencing multiple disadvantages, as well as on the systemic issues that affect them; and communicate clearly and efficiently.</p> <p>Benefits from our work</p> <ul style="list-style-type: none"> •Children, Young People in the Community & criminal justice systems •Improved emotional well being •Improved social and leadership skills •Increased learning understanding of life style and anti-social behaviour •Increased social support and involvement in communities •Reducing crime and anti-social behaviour •Increased inclusion of young people within the community and the Criminal justice system •Empathy and understanding of issues faced by vulnerable young people within the community and the Criminal justice system •Increased understanding between the community generations •Increased participation of young people in the community <p>Local area already has active participation schemes for young people. However feedback we have received from the sector is that excluded and marginalised young people find it difficult to engage and participate in these schemes.</p> <p>The project is divided into 3 key phases:</p> <p>Consultation – 1st May-1st August 2016/Mobilisation – 1st August – 31st March 2017/Through the YOS - 1st August - 31st March 2017</p>	£25,470 (£5,094 each CC area)

558794	Faces in Focus	Counselling and Self-advocacy for Young People 11-25	<p>Face in Focus provides an extremely valuable service for Southwark young people aged 11-25 who would not be eligible to access NHS or other talking therapy services and we receive referrals from every ward in the borough. As well as continuing to provide counselling, we also wish to launch a young people's self-advocacy group or groups, the aim of which will be to provide a welcoming space in which young people can come together and discuss issues such as knife crime, forced marriage, sex, health, sexual health and any other matters on their minds or of concern to them. The groups will explore and attempt to overcome the barriers that inhibit young people across the borough from reaching their full potential. The service and the proposed groups are needed because they offer routes to empowerment and improved self-confidence and also act as a preventative and diversionary measure. Counselling and group sessions will take place weekly. The groups will involve the planning of activities and outings away from the area to provide tasters of activities not normally available to the young people involved. They may also involve art and drama, meetings with officials and even elected Members to facilitate an understanding of the democratic process. They may also plan visits to local community agencies where there may be relevant volunteering or work opportunities. With the groups it is the intention that the content, planning and resulting activities will be decided and led by the young people, facilitated by a sessional employee experienced in working with young people to ensure the groups are focused and have clear outcomes. The results of both the counselling and the groups will be greater engagement of the young people with their local community, a facilitation of understanding between different cultures and generations and less antisocial behaviour.</p>	£25,000 (£5,000 each CC area)

558479	Health Wealth	Health Wealth Community	<p>Health Wealth is a Social Enterprise that has quality of life at the heart of its agenda. The objective is to improve the lifestyles of the infirm, carers, the elderly and lone parents with young children. Health Wealth will liaise with GP Practices in the Southwark area, who have a community gardening scheme in place or can see the value of its patients being involved with one. We will take these referrals and bridge the gap that supports them becoming part of a local community garden and a best life advocate. Isolation and low self-esteem can be the malaise of the long term ill, the elderly and those isolated by an 'at home' existence. This can develop because of ongoing illness and seclusion and simply not having an age appropriate peer group to communicate with. Through Health Wealth we will educate and support our members with a series of e short courses, practical and informative cookery demonstrations and food product design and prototyping. We are developing a framework through which to monitor and evaluate the impact of the project on the health and well being of beneficiaries and the ability of services to become economically self-sustaining.</p>	£7,830 (£1,566 each CC area)

558412	London Bubble Theatre	Rotherhithe Shed: social & creative activities for older ppl	<p>Rotherhithe Shed addresses the social isolation and loneliness of older people and vulnerable adults, problems that are demonstrated to have a serious, long-term and detrimental impact upon their health and wellbeing. Based on the successful Australian Men's Shed movement, it operates out of a well-equipped workshop space with participants working together on a range of making, mending activities, supported by a trained artist/maker. It offers a chance to make new friends, to experience the camaraderie of working with other people or simply putting practical skills to good use. The Shed has been running successfully for over a year at Bubble HQ, and so far has targeted residents of North Southwark and Rotherhithe. We now want to widen the offer across Bermondsey and Rotherhithe and include other wards (particularly Camberwell Green, Peckham and Livesey which have the highest registered population aged 65+ and rate high on the deprivation index). We will connect with agencies working with isolated people by holding launch events in partnership with organisations such as The Black Elderly group and Age UK in Peckham. Rotherhithe Shed directly addresses the adult priorities of Southwark's (2013) Health and Wellbeing Strategy: Building healthier and more resilient communities and tackling the root causes of ill health. Local housing scheme residents report that they often live lonely socially isolated lives, either through poor health, disability or lack of friends and support networks. The project also fits with central government agenda to maintain independence of older people, and chimes with national campaigns such as the Campaign to End Loneliness (2013) that targets loneliness in older people. Over 40 weekly sessions, Rotherhithe Shed will offer a safe creative and social space for 40-50 isolated Southwark residents. Skilled artists and technical experts will be available to support the participants, and participants' ideas will be strongly encouraged.</p>	£6,135 (£1,227 each CC area)

APPENDIX1: Summary of Bermondsey & Rotherhithe Neighbourhoods Fund 16/17 applications

558430	Millwall Community Trust	Girls & Women's Music to Football Programme	<p>Millwall Community Trust has a proven track record of delivering successful social inclusion activities for young people throughout Southwark and Lewisham. Our current and more recent delivery of the Premier League Kicks programme which provides opportunities for young people aged 12-18 has seen Millwall achieve the highest engagement levels for 14 plus year olds nationally. Millwall Community Trust is proud to also have the most sustained young people at this age group, also on a nationally level. In recent month, the partners involved in Premier League Kicks which includes the Metropolitan Police, local youth services and youth offending services and of course the Premier League, have highlighted the need to provide more opportunities for young females to access. There is also a growing concern for young females being targeted into gang related activities both on a national and local level. The idea for the proposed "Girls and Women's Music to Football programme" is to continue working with our current partners and also develop new partnerships with other local agencies to provide structured fun activities on a weekly basis throughout the year which local young females can access for free. The Music to Football activities which is also known as Soccer Size, has recently been developed by the Football League's Female Football Development team where a number of FA qualified female coaches from Millwall Community Trust have been trained. In addition to these activities, a number of educational awareness workshops will be provided to the young females engaged in the programme which include; gender related violence, personal safety, gang related awareness, child exploitation and sexual health.</p>	£5,000 (each CC area)

558650	Peckham Pride Basketball Club	Basketball for everyone	<p>Southwark has a high level of childhood obesity, with 44% of children in year six being classed as overweight or obese. It has also been argued that Southwark has an increasing level of obesity and excess weight in adults, with the Evening Standard recently highlighting Southwark as having the 'worst obesity levels in London'. Unfortunately, the number of people in Southwark being physically active is also decreasing with only 36.0% of adults aged 16+ participating 1 x 30 minutes of physical activity a week. In addition Southwark has a high level of deprivation, with several Lower Super Output Areas fitting into the top 10% most deprived wards in the country. We are looking to run programmes for young people aged 5-21. We run a programme for everyone, with boys sessions, girl's sessions and disability sessions – catering for all abilities, backgrounds and ages. We use Basketball as the vehicle to engage young people into a positive activity. They learn discipline, leadership skills and team work skills, while getting active and healthy. Our programme aims to impact on key local issues, whether it's reducing the levels of childhood obesity by giving young people an accessible and affordable activity, or reducing anti-social behaviour by giving young people a diversionary activity that appeals to marginalised and hard to reach young people, or giving disabled children a chance to play, compete and be involved in an inclusive activity. We believe that basketball can significantly impact on local issues, providing young people with much needed training and development opportunities.</p>	£5,000 (£1,000 each CC area)

APPENDIX1: Summary of Bermondsey & Rotherhithe Neighbourhoods Fund 16/17 applications

556868	Southwark Explorers Club	Southwark Explorers' Club	<p>We organise weekly visits by Southwark Pensioners to places of cultural, artistic and historic interest at affordable cost. We aim to share a wide variety of interesting activities with older people in Southwark. We have no paid staff so that the planning, coordination and delivery of our activities is entirely done by unpaid members. Our members come from a wide range of social, cultural, religious and ethnic backgrounds.</p> <p>Our project is valued by older people who live alone and particularly by those who have been recently bereaved. Our members make friends with each other and visit places in a group which they would never think of visiting on their own. A member of the Committee leads each outing to provide support and make sure members get to the right place. Some people have mobility problems and are very elderly so it is important to pace ourselves accordingly. There is little doubt that our activities contribute to improved emotional and physical health for our members.</p> <p>Most of our visits take us outside Southwark but I have marked the wards above within Southwark which we have visited in the last year.</p>	£4,500 (£900 per CC area)
558392	Southwark Neighbourhood Watch Association	Finding Solutions: Anti Social Behaviour	<p>Antisocial Behaviour and especially noise nuisance is a high volume crime and one of the most issues reported to SNHW, the police, Southwark anti-social behaviour Unit, Ward Panels, Councillors, Southwark Safer Neighbourhood Board affecting very estate and neighbourhood in Southwark. It affects cohesion, seriously damages the social fabric of communities in Southwark and degrades quality of life. How to tackle it and encourage the community to report it remains an important issue. This conference will focus purely on Anti -Social Behaviour and will explore how it can be addressed with "low tech" community solutions in light of radical budgetary cuts to the Council, Police and Social Services. It will bring together all sections of the community - residents from estates and neighborhoods in Southwark, community organisations, TRAs, TMOs, Councillors, Police and Ward Panel representatives from Livesey Ward and North Southwark Wards Southwark Safer Neighbour Board and seek and offer solutions to this problem.</p>	£2150 each CC event

539876	Southwark Playhouse	Elders Company	<p>Weekly drama workshops at Southwark Playhouse, led by a professional facilitator, these will develop participants' skills, confidence and abilities, and provide them with an opportunity to meet others with similar interests. Across the year, we would hope to engage 40 – 60 people, recruiting on a rolling basis. We will predominantly advertise in Southwark, and will also seek referrals from local organisations such as the Blackfriars Settlement and Pembroke House.</p> <p>In 2016, performances will include:</p> <ul style="list-style-type: none"> - Devised pieces, taking a theme and utilising stories and memories. - A piece by Shakespeare, or inspired by him. - A collaboration with our Young Company. <p>We would also look at performing in local schools, as part of a project looking at perceptions of age.</p> <p>The work we create will all be developed out of ideas from group members.</p> <p>The project will not be focused on age. The members will be 65 and over, but the focus will very much be on creating theatre and taking part in fun, enjoyable workshops.</p> <p>As well as all of the activity, we hope to continue to build upon the strong group friendships forged thus far.</p>	£2,700 (£540 each CC area)

558468	Walworth Amateur Sport Programme	Supporting Community Sport Clubs	<p>Walworth Amateur Sport Programme's (Walworth ASP) purpose is to help local sport clubs, from across the central wards of Southwark, in developing their capacity to provide strong, sustainable and cohesive community programmes which will improve the life chances of children and young people through sport. Walworth ASP's objective is to assist more clubs to make sporting opportunities more accessible to children and young people across the central wards of Southwark. It is common knowledge that most community programmes are delivered by local volunteers who are passionate and want to make a difference in their communities and the lives of the young people. However, through lack of information, not having relevant training and qualifications, and limited resources – time, people, financial –, these community champions find it very challenging to continue providing their much needed services in their local communities and eventually stop providing the opportunities for children and young people to participate in organised sport. To be awarded funding by the Community Councils will enable Walworth ASP to continue offering its expert services of establishing and sustaining community clubs, both newly created and/or fledgling organisation which are in need of support and operational guidance. The organisation is currently working with two local clubs, one based in the Newington Ward (Mighty Royals Football Club formed in 2015) and the other in Faraday Ward (Walworth Knights Football Club formed in 2013). Walworth ASP has helped Walworth Knights become a registered club with the London Football Association (FA), have policies and operating procedures installed, and helped create a football development plan which is monitored using the FA's activity management system named UPSHOT. Walworth ASP provides its services free of charge to clubs and all funds received will be used to help community clubs make sport more accessible to more local residents in Southwark.</p>	£3,518 (£703.6 each CC area)

557694	16th Bermondsey Scouts	Million Hands	We would hope for it to cover all ages Beavers aged 6-8 Cubs aged 8-11 Scouts 11 – 14 and possibly Explorers 14-18. Education. We would hope for all of these young people to have some visits from people, children, speakers, parents by way of both education/ information on disabilities/ special needs etc. Awareness. We might all be involved in doing a survey of local shops, transport, facilities etc to assess access for wheelchairs etc. and present this to the public and authorities. Presentation. We would hope to make this information available to the public/ council/ transport for London via a video, maps, etc. Involvement. We would hope for our young people to meet and do stuff with a small number of young people with a disability on a weekly basis and perhaps run a camp/s, activity day locally with a mixed ability group. The overall Aim of the project would be to make a permanent change in the lives and understanding of both our young people and the disabled young people we meet, and to make a permanent change in our local community.	£1,000 in total
567351	Clir Proposal	Bermondsey In Bloom	This is an annual project that will inspire and encourage the community, schools and pubs to do their gardens in all six categories. this will keep the place not only beautiful and clean but also prevent ASB. School children will learn how to do the garden (planting flowers and vegetables). keep people engaged in activities and healthy also promote wellbeing and engaging with fellow members of the community. we normally allocate five thousands pounds. if all six wards participate then each can contribute £1000 totalling into £6000. This project is carried out by youth from Salmon Youth Centre. Front Gardens, Balcony gardens, Community Gardens, School Gardens, Pub Gardens, Nomination to be sent in June and July 2016 Displayed all nominations at September Community Council for the Community to vote Prizes (1,2 &3) will be given in the next B&R Community Council. all participants will receive a certificate	£6,000 in total
558402	City Hope Church	Bermondsey World Cup	Riding on the success of the Rotherhithe World Cup which took place last year and attracted over 100 people, we would like to run a football tournament that will take place over the month of June that will create a place for local people, living in Bermondsey, from different backgrounds to share a great experience. We would love to see people who may feel disconnected from the community to establish friendships with people in the local area. This project will have the added benefit of promoting a healthy lifestyle! Bermondsey is a complex community. Many people have moved into the area over the last few years. We aim to provide an opportunity for people who to meet and enjoy a common passion. The project we ran last year proves that Football has a unifying effect that brings people from different, backgrounds and ages together. We hope that the Bermondsey World Cup will play it's part in making Bermondsey a Community made up Of many communities!	£1,090 in total

558094	Surrey Docks Farm Provident Society	Green Mentor for Bermondsey & Rotherhithe	<p>We want to build on the success of 'Blooming Southwark' funded by CGS in 2013/14 by getting sufficient funding in place to engage a 2.5 days/week Green Mentor for a year to work in partnership with TRAs, community groups & residents of all ages in Bermondsey and Rotherhithe & to provide materials, equipment & training to make ongoing 'green' improvements to the area and enhance residents' health & wellbeing. We are currently using the £5,000 Neighbourhoods Fund grant for 2015/16 to run a series of workshops on greening, growing & cooking as a lead up to bringing a Green Mentor into post by May (for which we are requesting partial funding from the Neighbourhood Fund) who will:</p> <ul style="list-style-type: none"> (i) Support residents in developing window boxes, balconies, gardens & under-used open spaces. (ii) Develop edible gardens & outdoor cooking areas and support other food growing & diet initiatives (iii) Advise residents & community groups on growing, gardening, health & safety, land ownership, soil contamination, insurance & funding. (iv) Give cooking demonstrations with a portable kitchen and at the Farm on its Outdoor Kitchen fuelled from our bio-digester for free community use. (v) Encourage the involvement of children and young people on estates in 'growing and greening' initiatives and expanding the Green Fingers Growing Club at the Farm, to include 'Come Dine with Me Outdoors' events - with young people inviting their local councillors to dine. (vi) Providing a range of training workshops both on and off site to assist residents in making permanent green improvements and additions to their homes and community - viz bee-keeping; building your own green roof; container growing; processing home grown produce. (vii) Taking groups of residents – who haven't so far visited – on a walk to the Farm (viii) Running a Green Network – newsletter, twitter & Farm events 	£5,000 in total

558318	Alwaysz Kreative	Keeping our Kreativity Alive (K.O.K.A)	The project aims to offer young people a safe space where they can engage in creative arts and videography. Activities include painting, drama, film and music. Activities are based around creative expression with a process designed to achieve therapeutic goals. Through therapeutic creative activities, we aim to equipped young people with a greater sense of self-awareness, improvement of self-esteem, enhancement of expressiveness, better communication and give them a better understanding of conflict resolution. The project will function as a 7 week workshop using creative activities as stimulus to provoke thought, emotion and action. Creative activities are lively and experimental and also help to create an environment where both those participating and the workshop leaders can express themselves without the fear of being judged. The project is needed for various reasons; Young people all have very different situations that cause them to over think, stress or worry, these might include present circumstances of bereavement, separation, or other major life transitions. It could be experiences from the recent past, or distance past such as in childhood trauma. There might be other psychological or behavioural traits which cause young people to think less of themselves, we aim to address this through creative therapy along with, compulsive thoughts or difficulties relating to people due to depression or anxiety. Some young people are just searching for a place where they can create meaning in their lives by undertaking personal and creative development in a safe and supportive environment. Our activities are designed to encourage stress relief and positive personality change, reduce negative thinking, enhance quality of life, promote adaptive functioning in public places/work/school and relationships, increase the likelihood of making healthy life choices which will enable the young person to be more equipped and ready to deal with the world around them.	£5,000.00
552647	ARTISTPAGE	Women in the Arts	A series of events involving talks and live music focusing on Women in the Arts. Events include a speaker presenting a talk on related subjects and live music. The series addresses an important issue within arts industries; that women are under-represented in some areas, including visibility and promotion. Our goal is providing platforms for discussion on surrounding issues and creating welcoming opportunities for SE1 community engagement. We have produced talks and live music events with encouraging results including local community and student attendance, and positive feedback about the opportunity to meet people and the friendly and open environment created.	£4,260.00

APPENDIX1: Summary of Bermondsey & Rotherhithe Neighbourhoods Fund 16/17 applications

557440	Bermondsey Street Area Partnership	Sculpture Project	<p>To hold open and free stone sculpture workshops in a public space where participants will create their own stone sculptures for public exhibition. - foster social cohesion by providing an open-minded opportunity for people to engage collectively & artistically- nurture the connection between people, place & materials through the process of artistic & creative intervention upon materials & environment - demonstrate the strength of the collective voice as expressed through the process of collaborative art making</p> <p>By bringing people together to make and exhibit art, social gaps are bridged and inter-cultural exchanges flourish. Success will be seen as social gain and as physical entities in the sculptures which embody the collective individual expressions of the community.</p> <p>why it is needed</p> <p>BSAP members, local residents, business owners and previous Sculpture Project participants have all clearly stated a need for this uniquely inclusive, engaging Sculpture Project.</p> <p>Our community is potentially very divided by socio-economic realities. It is necessary to offer free, enjoyable, creative processes for everybody to engage in, in order for the community to feel equally involved, important, connected and part of a greater whole.</p>	£5,250.00
558495	Bermondsey Street Area Partnership	Heritage Lives - London Bridge, Shad Thames & Bermondsey St	<p>To engage young adults (our wards have more 25-34 year olds than the average) with our local heritage across all three neighbouring areas, London Bridge, Shad Thames and Bermondsey St. In terms of heritage our areas are richly endowed, and people like it, but somehow only a few manage to engage with it. This project will provide motivation and opportunities for young adults to engage with our history. These adventure trails have been designed in partnership with outdoor arts organisation Fantasy High Street who have delivered a number of similar activities throughout the borough for More London, Broadgate Estates and Nunhead Festivals. They will create 2 different trails to cater to the needs and interests of this particular age group which we are finding it difficult to engage:</p> <ol style="list-style-type: none"> 1. Photography Scavenger Hunt – working in teams of 3-6 people, participants will follow clues and orienteering maps to discover some of the historic and architectural features of the area, taking photographs when found. This adventure-style competitive event will culminate in a slide show presentation at the end of the day with small prizes for best images, and encouragement to share images on social media to spread interest of the area further amongst their age group. 2. Food & Drink Adventure Trail – following clues to various pubs and eateries in the areas, audience groups will meet performers along the way who animate each location and explore playful new methods to enjoy fare from local participating businesses. 	£4,850.00

558296	Bethel Christian Development Centre(Outreach Team)	Christmas Winter Project	The Project is to benefit the homeless and the less privileged in the community, we have been providing food to the homeless in the neighbourhood. We provide and cater for them on weekly basis on Sunday morning. Christmas time is a lonely period that is why we focus on providing the project on yearly basis.	£9,800.00
558104	British School of Osteopathy	Clinic for people who are homeless	<p>There can be no more vulnerable people in our society than those who have no home to sleep in. The physical pain that can result from a life that involves sleeping rough is something that the BSO is committed to addressing.</p> <p>The BSO has a long tradition of providing free osteopathy for people who are homeless, and has run a weekly clinic on Wednesdays at the Manna Centre since 1998 - a warm and lively day centre near London Bridge which is attended by up to 220 homeless people each day. The BSO's free osteopathic clinic for homeless people in pain provides help to rough sleepers from across the Bankside area and beyond.</p> <p>The conditions seen in the clinic relate to the difficult lifestyle of people who are homeless – including pain from tense, defensive postures caused by trying to protect themselves and their belongings while rough sleeping; foot injuries from spending so much time walking around London's streets; and musculoskeletal pain in the neck and spine caused by sleeping on hard ground with their bags for pillows.</p> <p>An important aspect of the care provided is the time that the team take to talk to patients who have lifestyle/social problems – and providing referral to other services and healthcare that might be able to provide long term help.</p> <p>The annual cost of running the clinic is £15,000, and the School is dependent on donations and grants to sustain it. A grant of £5,000 would help us pay for the expert tuition and supervision of two qualified and experienced osteopaths for half a day each week, leading a team of students in the Manna Centre as part of their clinical programme. It would also support costs related to the clinic, such as administration and hygiene resources.</p>	£5,000.00

557804	Create (Arts) Limited	More Creative ~ Bede (More Creative)	<p>More Creative is a creative arts project helping to break down barriers, develop shared understanding and encourage social interaction. It addresses the need for positive integration of people with learning disabilities, bringing together 10 participants from Bede House (BH) and 10 children from Grange Primary School (GPS) in Bermondsey, Southwark (20+ total). Create is unaware of similar projects in Southwark.</p> <p>In spring 2017, Create will deliver 8 weekly full-day workshops in an artform/s chosen by BH/GPS (eg dance/film-making/music), facilitated by Create's professional artists. Under the guidance of Create's artists, participants will work in mixed groups to express themselves creatively, while developing group cohesion, peer support, and trust. It will culminate in a sharing of the participants' work.</p> <p>Project need: Disabled people are often socially excluded and 8/10 are bullied. According to the 2015 Index of Multiple Deprivation, Southwark is the 9th most deprived Borough in London. Previous projects with GPS have worked with children entitled to Free School Meals (a key poverty indicator) and those who speak English as an additional language. Children from low-income families often forgo events such as school trips, outings and extracurricular activities. More Creative is tailored to suit the needs and interests of the participants, ensuring maximum impact.</p> <p>Community benefit: Participants will have developed skills that they can take back into their homes, schools, and communities: confidence; empathy; care; positive social interaction; teamwork; communication; new and trusting relationships; shared understanding. It will have given the participants a chance to share their ideas, interact together and perform/exhibit their work to friends, family and invited guests, helping them to feel valued and proud of their achievements. Furthermore, BH/GPS's programme of activities will have been enhanced and enriched by the inclusion of More Creative.</p>	£5,000.00
554960	Leathermarket JMB parents group	Family cultural trips	<p>Our community is situated in the heart of a city known for its arts and culture. Unfortunately few of our residents ever get an opportunity to access what London has to offer. This is because admission is too expensive (especially if you have children); they perceive institutions as unwelcoming or they are unaware of what's on offer. We would like to take a group of (mainly youngsters) to see a child friendly ballet at Sadlers Wells and a trip to see a Shakespeare play at the Globe .</p>	£1,000.00

558362	London School of Osteopathy	Youth back care	<p>Our objective is to help younger members of our local community to healthier and happier lives by reducing a principle cause of chronic pain and disability: back pain. Back pain is extremely prevalent and yet most people do not think about caring for their back until things go wrong. Children spend significant amounts of time hunched over desks, laptops and playstations. If they do have interests in sport, they may well have sustained injuries along the way. As they move into adulthood, there is currently no screening program to pick up minor issues which may be resolved quite simply by an osteopathic intervention and some postural, exercise &/or lifestyle advice. Once patterns become entrenched through early adulthood, they become increasingly difficult to resolve. We want to reach out to young people (16-19 yr olds) and offer them an opportunity to have their musculo-skeletal health screened. One follow up appointment would be available; for those who do not need this, the appointment will be given over to someone else who has more need. The intention is to try and reach those who would not normally consider asking for treatment. In discussions with parents, we find they often do not take teenage posture or back pain seriously – or consider that osteopathy might have something to offer. Also, in an area of social deprivation, it is likely not considered to be a priority.</p> <p>The project would enable 210 young people to be screened and treated. Recruitment would take place via local schools, colleges and youth centres in June / July, and be conducted in July – September to minimise disruption to study or work.</p> <p>Not only would these early interventions potentially change long term health outcomes, it would give people an understanding about self-care and increase awareness of the benefit of early intervention.</p>	£12,475.00

APPENDIX1: Summary of Bermondsey & Rotherhithe Neighbourhoods Fund 16/17 applications

558444	London School of Osteopathy	Life change: chronic back pain and the unemployed	<p>An intensive intervention package for chronic back pain in the long term unemployed. Research confirms that people with chronic pain are more likely to struggle to sustain employment. The unemployed are more likely to suffer from depression and chronic pain. Whilst there is much debate over which elements are causative and which are the resultant effect, we know that single interventions are largely unsuccessful.</p> <p>This project would provide intensive physical and mental intervention strategies over a twelve week period, to try and turn around the lives of those stuck in the chronic pain / unemployed cycle. 10 participants per cycle could be accommodated.</p> <p>Each week the participant would receive an individual osteopathic treatment, and participate in two 1 hour group classes. One of these classes would be body / fitness orientated; the other would be mind / relaxation / communication orientated. In addition, each participant would have three 1 hour individual sessions around behavioural change and motivation, with the explicit goal of returning to work / gaining employment embedded.</p> <p>Encouragement would be given for the group to start to form their own 'support network', which could continue to provide peer support and interaction beyond the direct scope of the project.</p> <p>Whilst this programme could be considered expensive in terms of personnel costs, the cost savings in terms of reduced visits to other healthcare providers, medication, and peripheral support costs could be significant. The impact on the individual person's life, and that of their families, could also be very significant. Re-engaging people in their local community may have a positive impact not just on themselves, but on the wider community.</p>	£12,410.00

558438	Make-it-to-the-mat	Community yoga classes for Elderly, Children and Post-natal	<p>I live on Setchell estate and would like to provide affordable community yoga classes in our hall for the following 3 groups of people.</p> <ol style="list-style-type: none"> 1) "Young at Heart" yoga for people aged 55-80 years. 2) Postnatal class for Mum's with children aged between 6 weeks and 4 years. 3) Yoga for children aged 4 - 10 years. <p>1) "Young at Heart" yoga is already up and running on Mondays at the Setchell and Longfield TRA Hall. Those attending are between 35-70 years. The younger group have taken up yoga - at the recommendation of their Doctor's - for specific health problems. The charge is £2 for the class and it is proving popular amongst a diverse group of people. Setchell TRA pay for the class, and can do so only for a limited period, hence this application for funding.</p> <p>2) Postnatal yoga:</p> <p>A class intended to counter the onset of Post-natal depression. Regular yoga practice calms the mind, tones the body and improves overall wellbeing.</p> <p>This would be a family friendly class for Mum's where babies are welcome and can be attended to by their parents when the need for a feed or simply a cuddle arises.</p> <p>I have 3 children myself and know how isolating it can be, and your own health gets sidelined when attending to babies needs.</p> <p>3) Children's yoga:</p> <p>Classes are particularly beneficial for children with Attention deficit disorder, or who are highly strung. Details about what the session involves can be found at www.make-it-to-the-mat.co.uk. Ideally the classes would run back to back on a week day morning / afternoon when the hall is otherwise empty.</p> <p>Example of a Schedule: 9.30 to 10.30 Postnatal yoga 10.30 to 11.15 is tea and sharing child rearing tips. 11.30 to 12.30 Young at heart yoga 16.15-17.15 Story time yoga</p>	£2,920.00

558462	OBC Youth Club	OBC Youth Summer Outreach Programme	<p>The purpose of this grant would be to provide a wide spread of estate based summer youth activities across the Grange & South Bermondsey wards of the Community Council Area for young people 7-19+yrs throughout the 6 weeks summer holidays between 25th July to 1st September 2016.</p> <p>The programme will offer young people a holiday provision of 'Positive Diversions Activities' aimed at preventing antisocial behaviour and reducing the risk of young people falling into negative behaviour patterns and reducing the barriers to participation in coordinated service provision.</p> <p>The OBC Youth Club provides youth provision under a Local Authority core grant for 45 weeks of the year. Summer youth provision is additional to this service however is extremely important in order to prevent young people falling into negative pastimes during the school holiday period and to sustain relationships built during term time provision. OBC staff will work in partnership with local T&RA's and young people to coordinate outreach activities from a number of estates within the Grange & South Bermondsey Wards. Targeted outreach will be undertaken to encourage participation within the activities programme which will include; Physical wellbeing - Coordinated Sports Activities facilitating enjoyment through exercise.</p> <p>In house and externally coordinated competitive activities will be arranged aimed at reducing the barriers to participation and facilitating personal achievement. In-house activities will include Vocational Skills Development opportunities to gain accreditation in Digital Music Production, Rap/Vocals and Lyric Writing. Targeted issue based information Advice & Guidance incorporating groupwork and 1 to 1 support on issues relevant to the needs of young people.</p> <p>The OBC programme fulfils the every child matters outcomes framework of :</p> <p>BE HEALTHY / STAY SAFE / ENJOY & ACHIEVE / ACHIEVE ECONOMIC WELLBEING and MAKING A POSITIVE CONTRIBUTION.</p>	£3,704.00

553055	Bede Youth Adventure Project	Buzz on the B&B and the Blue 2	<p>The Bede Youth Adventure Project will provide out of school activities, personal, social and educational developmental opportunities for children and young people aged 11 to 19 years, with a strong emphasis on safety and community. This project aims to continue to engage young people who live on or near the Boname and Bramcote estate. Some of these young people may be involved in antisocial behaviour or criminal activity on the estate and also on the Blue Market. The youth workers will continue to work with the young people on the streets, in clubs and settings outside of Bermondsey, in both discussion and diversionary activities, to address their current views, antisocial attitudes and behaviour. With previous funding we were able to work intensively with 10/15 young people to help change attitudes and reduce antisocial behaviour, thereby improving life for families on the estate. We are an established youth project with good local connections and are able to start work immediately. The project is still needed as there are still continued worries about bullying and drug dealing amongst parents. Educational attainment is low and aspirational expectations continue to be low. Our aim is to cement our work in the changing the attitudes of core groups of young people who can then inspire future generations to aim higher.</p>	£14,674.00

558042	Bermondsey Community Kitchen	Bermondsey Community Kitchen	<p>Bermondsey Community Kitchen is a community led project which operates a free training facility providing a Level 1 and 2 City and Guilds Professional Cookery qualification, for long term unemployed 16 to 24 year olds who are not in any other training or education, this includes single parent's, young offenders and young people with both physical and mental disabilities. Our project will provide our students with work experience, work placements and supporting them into employment once qualified. Our support of the students will not end once they have achieved the qualifications they need as we believe that qualifications only form the basics of helping people back into employment. The project will also focus around providing the students with boosting their confidence, enhancing their communication and life skills and building CV's and enhancing interview skills. Our training facility has capacity for 32 students at any one time. Training officially began in September 2015 and the first Level 1 students are expected to qualify by March 2016. This would then allow for more students to join the course and therefore we need funding for these students. The Neighborhood Funding, if provided, would cover the costs of two students from Liversey ward to participate in our program, there training would begin in April and would be completed within 6 to 7 months. There is a clear opportunity for this type of project as there is no longer a college nearby that meets these needs as Southwark College Bermondsey was shut down. This project will link up with both the South Bermondsey Partnership and the Business Improvement District (B.I.D) both of which are aiming to improve the area of Bermondsey and greatly support our project.</p>	£5,000.00
559149	Bonamy/Bramcote	St.George's Day	<p>In 2016 we will be celebrating our 11th yr. It is an event that attracts over 400 people and is looked forward to. It brings together young and old various religions and nationalities. We hope to encourage people to take part in the community to feel they belong and to be proud of living in the area we are in. Many people help on the day and other estates often join us. The Mayor of Southwark usually opens the event and our local councillors always attend. The local football team Millwall join in with a beat the goalie competition. The fire brigade come with an engine for the children to enjoy. We have entertainment and food and we all have a good time and feel we have happily achieved our goal.</p>	£2,180.00

558153	MPLOYME	The Business Enterprise Fair	<p>The Business Enterprise Fair to achieve the following:</p> <ul style="list-style-type: none"> - Building strong employability networks for local people - Community cohesion for the vulnerable and socially isolated unemployed and low income residents - Partnerships with local businesses/services - Contribute to reducing Southwark's high unemployment rate - Support participants to start up their own businesses - Help local residents access jobs directly with the employer <p>This fair is needed as the benefits system prepares to go through a massive overhaul in 2015, thousands of resident's lives will be negatively impacted. We understand that anti-social behaviour, mental health challenges, substance misuse, being previously incarcerated and pending eviction court cases all contribute to local people finding it difficult to get back into work.</p> <p>We had 153 participants attend our fair in 2015 and we would like to bring it back to our borough and support the local residents of Southwark as this is our office base. Our research indicates 13 million people live below the poverty line in the UK. Interest rates are not rising at the same rate as the cost of living. 18 – 24 year olds are the highest the group that face unemployment. From our previous feedback forms attendees have stated how comfortable they felt and how welcoming our team was, this made it easy for them to access advice on employability and business start-up.</p> <p>The benefits to the local community will be:</p> <ul style="list-style-type: none"> - Accessibility to services that can secure them jobs - Advice and guidance on business start up which can enable them to sign off job seekers allowance - Improved CV for those attending our CV Clinic - Increased confidence and self-esteem for job interviews via our master classes - Improved project Management skills obtained in our masterclass - Create a safe space and forum to express career concerns 	£4,995.00
557210	St Helena and Oldfield TRA	Tai Chi Sessions	<p>This is a continuation of Tai Chi sessions to make classes available to as many people as possible for holistic benefit of their mental and physical health. Studies have been done on how the mind affects the body and Tai Chi benefits both. We currently run a class once a week with the last funds we received and its about to run out which means the classes would have to stop and we have a core group who attend regularly who have all benefited in come way from these exercises . We also want to extend this core group and will be delivering leaflets within the community.</p>	£1,400.00

558495	Bermondsey Street Area Partnership	Heritage Lives - London Bridge, Shad Thames & Bermondsey St	<p>To engage young adults (our wards have more 25-34 year olds than the average) with our local heritage across all three neighbouring areas, London Bridge, Shad Thames and Bermondsey St. In terms of heritage our areas are richly endowed, and people like it, but somehow only a few manage to engage with it. This project will provide motivation and opportunities for young adults to engage with our history. These adventure trails have been designed in partnership with outdoor arts organisation Fantasy High Street who have delivered a number of similar activities throughout the borough for More London, Broadgate Estates and Nunhead Festivals. They will create 2 different trails to cater to the needs and interests of this particular age group which we are finding it difficult to engage:</p> <ol style="list-style-type: none"> 1. Photography Scavenger Hunt – working in teams of 3-6 people, participants will follow clues and orienteering maps to discover some of the historic and architectural features of the area, taking photographs when found. This adventure-style competitive event will culminate in a slide show presentation at the end of the day with small prizes for best images, and encouragement to share images on social media to spread interest of the area further amongst their age group. 2. Food & Drink Adventure Trail – following clues to various pubs and eateries in the areas, audience groups will meet performers along the way who animate each location and explore playful new methods to enjoy fare from local participating businesses. 	£4,850.00

552718	Caryl Jenner Productions Ltd	Unicorn Play Club (UP Club)	<p>UP Clubs were founded in as a means of inviting the local community into the building at no cost to them, encouraging creativity and play between members, friends and other participants. They were designed to encourage local families to feel ownership of the building, to get to know the staff and the foyer space and encourage repeat visits. UP Clubs run every Saturday from midday, between September and July, and offer a varied diet of creative activities, including painting, puppet making and drama workshops often linked to a theme from one of our productions.</p> <p>In the first two years, the UP Club mailing list has attracted over 3,200 members (translating to at least 3,200 parents or carers and 3,200 children) with many more local residents taking part in the clubs informally. The greatest proportion of the mailing list (a minimum of 800 participants) are Southwark residents, with the remainder coming from across London. In addition to local families, community groups from local Southwark estates who work on projects throughout the year with the Unicorn via our Community Projects' Director attend UP Clubs which encourage these groups into the theatre and introduce the young residents to the facilities available at the Unicorn.</p> <p>Our aim for UP club in 2016, with the help of increased marketing activities and improved sessions, is to increase the uptake from key groups in our immediate community as well as securing repeat visits from established attendees. We also aim to work with our Community Projects' Director to encourage local community groups working with the Unicorn on other projects to attend UP clubs at weekends, cementing the notion that the Unicorn is a place for members of the local community to enjoy and interact with other Southwark families as well as families from further afield.</p>	£4,248.00

557660	Riverside Parents & Carers Association	Soft Play	<p>Our group provides a safe environment for under 5s to play and get much needed exercise as well as fosters connections and combats isolation for parents.</p> <p>Many of the families in the area live in flats with limited play areas and no outdoor space. Our sessions provide young children with a unique opportunity to run and play in a large, safe indoor environment.</p> <p>Held in a full-sized gymnasium set up with soft play equipment, our sessions provide a space where under-5's can exercise and explore in an unrestrained environment, regardless of the weather. Children can develop their gross motor skills through the climbing frames, kicking balls, stepping stones, hula hoops, running etc</p> <p>Southwark has a poor record for childhood obesity and our sessions play a part in helping young children get important exercise three times per week.</p> <p>Babies benefit from improved motor skills and happier connected parents. Toddlers also develop social skills and learn to respect others. By having a mix of ages at the sessions (babies, toddlers, & pre-schoolers) children as well as parents learn how to interact with others in a respectful way.</p> <p>Parents overcome isolation by building their own local support group; networking takes place at every session. Parents also learn from guest speakers about health, nutrition, financial and education issues. The sessions have also provided an example of positive parenting for families who lack parenting skills and who have been directed to soft play by social services.</p> <p>Our Special events sessions help further with community engagement and harmonization by combining fun, health and activity. The Sport, NHS Oral Health and Nutrition weeks each provide a focus on healthy habits for children to develop. Our Halloween and Christmas parties have been very popular (with over 100 children/party) bringing great fun for both kids and adults.</p>	£9,530.00
556655	Shad Thames Residents Association	Cleaner Shad Thames	<p>To continue work with the Council's cleaning department to improve the overall cleaning of Shad Thames and the surrounding streets by delivering more cleaning (at weekends and evenings) with better monitoring and management.</p>	£7,930.82

558489	Shared Intense Support Service	SIS Social & Business Academy	<p>SIS would like to improve the social behaviour and increase the numbers of women in employment within Southwark. Working with high risk women, SIS would like to expand our business and social school across Southwark so we are able to reach more women. We aim to run 18 weeks of intensive workshops, that will address 24 key areas including education, ICT, business etiquette, employability skills, living skills etc.</p>	£4,200.00
558298	Southwark Park Cricket Club	Community Cricket Coaching & Development	<p>Southwark Park Cricket Club's aim is to bring cricket back to the park and to get local people playing in the Park and beyond. In 2014, as part of the park's 150th Anniversary celebrations, Friends of Southwark Park sponsored the inaugural 'Guvnors Cup' match in honour of Blue Plaque holder Bobby Abel's memory. This is an annual fixture between SPCC and our neighbour Burgess Park Cricket Club. SPCC became a constituted organisation in 2014 and has its first full season in 2015, playing matches against other Southwark teams. See http://www.southwarkpark.cc/results for details. SPCC has a mailing list of 35 people and over 150 Twitter followers. The majority of our team are Southwark residents or Southwark council staff.</p> <p>Our aim is to get more of the community involved in playing sport and to improve the facilities available for them to do so. We are working with FOSP and the park manager on improving the ground and we will promote SPCC at the Rotherhithe Festival. Our application is to fund three members to undertake a Level 2 coaching course run by Surrey Cricket Club, which would enable them to be qualified to teach young people to play and enjoy the game. In 2016 we will run regular public training sessions in the park throughout the summer. We will also use the funds to buy basic equipment for the club to enable more people to participate safely.</p>	£2,400.00
556651	STAMP (Shad Thames Area Management Partnership)	Shad Thames Trail: Points of View	<p>STAMP has been operating effectively for nearly 2 years. It has held regular, well-attended events and has established a reputation for bringing the Shad Thames area to life. This project will build on our success and offer the local community more opportunities to celebrate and get involved in Shad Thames. There will be interactive activities and walks with a focus on the industrial heritage. We aim to link up again with London Festival of Architecture (LFA theme for June 2016 is Community) and with Totally Thames (September 2016). We will also continue to work with Team London Bridge and Bermondsey Street Area Partnership on joint heritage projects. This approach will give our events greater impact, widen the number of people we reach and increase awareness of Shad Thames within a wider context. STAMP events will bring together a range of local people and encourage them to explore and enjoy Shad Thames, whatever their backgrounds and interests.</p>	£1,965.00

557861	The Salmon Youth Centre	Leap into Life Project	<p>The Leap Into Life project will engage 400 disadvantaged young people, including disabled young people who are under-achieving in school and have little parental support, in accessible non-traditional adventure based activities to</p> <ul style="list-style-type: none"> •Improve their levels of confidence, motivation and engagement in other activities •Achieve physical challenges and quick youth work outcomes without much prior skill or ability •Develop skills around communication, team-working, safe risk-taking •Share unique experiences that strengthen relationships and improve self-esteem. <p>There will be 7 adventure sessions per week, at least one running every evening, starting from April 2015. An experienced adventure worker will run the sessions and provide additional training to staff/volunteer leaders, to maintain our 100% safety record. Young people can gain accreditation/certification in each of the adventure activities, and eventually work towards an AQA award in climbing/abseiling if interested. These activities are often inaccessible to low-income families in Bermondsey because of the inner city location and the cost of accessing adventure activities privately outside of the borough. As a result, adventure activities are perceived as exciting and adventurous. They also provide an alternative healthy activity for those young people who are generally not interested in traditional team sports, such as football, because of levels of physical dexterity and general fitness levels and provide the opportunity and space for key one-to-one conversations with young people (which are more difficult in team sport activities). This type of youth work is particularly effective because it is accessible to all abilities and requires different types of skill and mental ability from traditional sports, with some quick/straightforward gains in terms of achievements and outcomes.</p>	£10,000.00

557472	Brunel Museum	Brunel Museum Summer Play scheme	<p>This free play scheme will directly benefit 40 local children, 40-80 parents/carers, and over five thousand local people will enjoy the gardens created by the children. Schools, head teachers, Tenants Associations, parents and children have expressed a need for holiday activities for young children. Time & Talents' survey 'A Divided Community' identified a lack of provision locally. School play schemes are expensive and Brunel's is the only free scheme in the area. Local teachers run the scheme and organise workshops in garden sculpture, clay modelling, sports, games, dance, drama and music. At the end of each week the children prepare an inspiring performance for their parents/carers.</p> <p>Children work in new friendship groups in rehearsals and learn valuable life skills like working together. They are also making a new garden: a few years ago the area around the museum was a grot spot, daubed with graffiti and used only by dog owners. Each year the children help make an attractive garden for local people.</p> <p>In this way we aim to: Provide local children with healthy activities that are educational as well as fun. Create a garden & public amenity on this heritage site. Engage our local community in a performance and celebration of the history of the area.</p>	£1,000.00
559046	Canada Estate TRA	Canada Estate Fund Day	<p>To bring together all the community on the Canada Estate, which is a multicultural estate so it is good to get the tenants together. It helps build a community spirit. We did this last year and it went so well. We had tenants who have never been out of the borough going for a great day out which forges friendship and a sense of belonging to the community. It strengthens the belonging to the TRA.</p>	£1,000.00

557804	Create (Arts) Limited	More Creative ~ Bede (More Creative)	<p>More Creative is a creative arts project helping to break down barriers, develop shared understanding and encourage social interaction. It addresses the need for positive integration of people with learning disabilities, bringing together 10 participants from Bede House (BH) and 10 children from Grange Primary School (GPS) in Bermondsey, Southwark (20+ total). Create is unaware of similar projects in Southwark.</p> <p>In spring 2017, Create will deliver 8 weekly full-day workshops in an artform/s chosen by BH/GPS (eg dance/film-making/music), facilitated by Create's professional artists. Under the guidance of Create's artists, participants will work in mixed groups to express themselves creatively, while developing group cohesion, peer support, and trust. It will culminate in a sharing of the participants' work.</p> <p>Project need: Disabled people are often socially excluded and 8/10 are bullied. According to the 2015 Index of Multiple Deprivation, Southwark is the 9th most deprived Borough in London. Previous projects with GPS have worked with children entitled to Free School Meals (a key poverty indicator) and those who speak English as an additional language. Children from low-income families often forgo events such as school trips, outings and extracurricular activities. More Creative is tailored to suit the needs and interests of the participants, ensuring maximum impact.</p> <p>Community benefit: Participants will have developed skills that they can take back into their homes, schools, and communities: confidence; empathy; care; positive social interaction; teamwork; communication; new and trusting relationships; shared understanding. It will have given the participants a chance to share their ideas, interact together and perform/exhibit their work to friends, family and invited guests, helping them to feel valued and proud of their achievements. Furthermore, BH/GPS's programme of activities will have been enhanced and enriched by the inclusion of More Creative.</p>	£5,000.00
557274	Hawkstone Tenants Association	Plants for Jarman House	Plants to go outside Jarman House to enhance the flats now that they have been refurbished	£5,800.00

558508	The Mayflower TRA	Rotherhithe children music festival workshops	Collaborating with Bizzie Bodies for the music children festival happening in July at the Dockland Settlements to raise awareness about music which will lead to an introduction to musical workshops in the local area.	£1,940.00
543327	three4all theatre	Politic Man	The final stage of development of a major writing project on the life of Dr Alfred Salter and his wife Ada. Using actors, musician, director and film maker and rehearsing entirely in Bermondsey, the project will invite participation from Schools and Bermondsey Residents to share their "ownership" of the Salters' legacy. This will take the form of open rehearsals, discussion, workshops and Q and A with cast and writer. The play will then tour non theatre spaces in London. The Salters are admired by many in the area as can be seen by the huge fundraising effort for the new statues unveiled on November 30th 2014. Their history is an important part of the lives of the Community and the company is aiming to reach a wide audience to share, celebrate and learn from their achievements.	£1,500.00
558395	Time & Talents	T&T Gardening: Pitch-Ins and Teach-Ins	Building on/ learning from our previous award-winning B&R gardening work, T&T Pitch-Ins will comprise open-access, drop-in volunteer gardening on local estates, encouraging people to regularly 'pitch-in' on estate green spaces. T&T has created outstanding and award-winning community gardening 'leaders' with high levels of commitment/ skill; however, other community members say time availability, skills and confidence (which differ across class, culture, age, physical ability) form barriers to taking a 'leadership' role. Also, as residents change, leaders can be lost. Residents report difficulty subsequently continuing activities, and request greater accountability/ organisational leadership for community gardening to maintain momentum/ participation. T&T will provide more sustainable leadership and continuity, with a paid Community Gardening Lead heading up a volunteer task-force to hold 'Pitch-Ins'. Leading volunteers developed in previous T&T activities, (and new members), more 'open' activities will bring 100 people from *all* parts of the community together whatever their ability, time commitment or confidence, contributing in ad-hoc, day-to-day ways. By running Pitch-Ins regularly, door knocking, and meet ups, the CGL will be the friendly face everyone knows, helping to build community capacity/ social capital, creating new friendships/ relationships as a 'host' as well as a teacher/ leader. Additionally, we'll curate a range of outreach 'Teach-Ins' including with our partner New Leaf to provide a diverse programme building gardening interests, alongside fostering socialisation in outside spaces. A 90% outreach, estate-based gardening programme, it will offer 35 Pitch-Ins (seasonal), 10 Teach-Ins, community engagement activity (door knocking etc) and year-round coaching for volunteers. The programme will continue strong relationships with LBS services eg. Squadron, Tenants/Residents officers, and integrate with their work.	£5,337.00

APPENDIX1: Summary of Bermondsey & Rotherhithe Neighbourhoods Fund 16/17 applications

558456	TunedIn.London	Tuned In London Music Performances for Children	<p>To provide a chance for local young children & their parents/carers to attend high quality music performances designed for children. The aim is to provide 6 shows in the year, in the cinema at Sands Films, (capacity about 65, more when children can sit on their parents' laps). Potentially 400 children/parents could benefit. Although this weekend morning programme would be put together with children in mind, this would also be for adults. Many parents with young children cannot attend midweek evening performances due to prohibitive babysitting costs.</p> <p>One of these shows could be part of a one day music event being proposed by Emilie Mendy of Bizzie Bodies. If another SE16 Arts Festival is organised (subsequent to the upcoming festival Feb 2016), one of these concerts could be part of it.</p> <p>Currently TunedIn.London brings top musicians to Rotherhithe. This is made possible through much passion and just enough ticket sales. Children's shows cannot be financed through ticket sales alone. Music is an important part of children's development. This is not about offering music in a classroom, but about exposing local children to the environment of a professional performance in an accessible, intimate & inspiring venue.</p> <p>Attending the current programme regularly is a way to discover the world. Some of the musicians I collaborate with have shows specifically designed for a younger audience. I myself heard an Andean band perform when aged 12/13. I went on to study Spanish and travel widely: it was a key moment. I hope others can have this type of opportunity from an early age.</p> <p>10 days' work is needed and I propose to give much of my time to make it possible, as I currently do for the main TunedIn.London programme. I have been bringing musicians to the local community for over 4 years now.</p>	£2,870.00
559284	What's On in Rotherhithe Group	Reprint of the Rotherhithe Map	<p>The map, begun in 2008 as an inclusive community project has had several updates & reprints funded by Southwark. It is very successful and we want to continue to make it available to local residents as well as national and international visitors. A small reprint will keep us going until the next major revision to co-incide with Canada Water completion and Mayflower 2020 celebrations</p>	£500.00

SOUTH BERMONDSEY WARD

Reference	Name of your group	Name of your project or idea	Describe what the project is trying to achieve, why it is needed and how it is going to benefit the local community.	How much requesting [£]
558203	(Markaz) MAN UK	Sport Day/A day family event	<p>To organise sport activity for 300-350 peoples. The activities will include football, 100m race, 50m race, face paints, bouncing castle, sack race, egg and spoon, 3 legged race.</p> <p>The project will achieve the following:</p> <ul style="list-style-type: none"> - Building confidence. - Enhance community cohesion. - Having sense of improvement and accomplishment. - Sharing love. - Enriching the social wellbeing of the community. 	£5,850.00
557591	Astley & Coopers Road TRA	Astley & Coopers Estate Fun Day	<p>We would like to hold a fun day in Late July for the people of our estate. We would like this event to bring our community together and build on what we have already started in building bridges between the different cultures.</p> <p>The fun day is needed because we need to continue to break down barriers between the different age groups in the area. To do this at the fun day we will be encouraging the elderly and the young kids to work together to make the day a success. This will benefit our community as the neighbours will get to know one another and build a better community.</p>	£2,000.00
558376	Avondale Community Events	Picnic on the Green	<p>This project is aimed at bringing the diverse community of Avondale Estate and surrounding estates together. We will share food and laughter as a common ground. We will ask the community to bring food to share with others in the community giving everyone the chance to try food from each others cultures, share recipes and learn more about each other. Intergenerational activities will be available allowing those of different ages to enjoy one another's company and help to bridge the generation gap. We wish to run this event during the Queen Elizabeth's 90th Birthday celebrations as this would be an ideal opportunity for us to show case British values of working together and having and respect and tolerance for all backgrounds. We feel it is important to come together as a community at every given opportunity as this enables us take away the mystery/fear that often is created through the lack of knowledge of each others backgrounds. For all of the reasons given this type of event can only benefit the community we live in and share and will be of great benefit to the community as a whole as we get to know each other and our neighbours.</p>	£818.00

APPENDIX1: Summary of Bermondsey & Rotherhithe Neighbourhoods Fund 16/17 applications

553055	Bede Youth Adventure Project	Buzz on the B&B and the Blue 2	<p>The Bede Youth Adventure Project will provide out of school activities, personal, social and educational developmental opportunities for children and young people aged 11 to 19 years, with a strong emphasis on safety and community. This project aims to continue to engage young people who live on or near the Boname and Bramcote estate. Some of these young people may be involved in antisocial behaviour or criminal activity on the estate and also on the Blue Market. The youth workers will continue to work</p> <p>with the young people on the streets, in clubs and settings outside of Bermondsey, in both discussion and diversionary activities, to address their current views, antisocial attitudes and behaviour.</p> <p>With previous funding we were able to work intensively with 10/15 young people to help change attitudes and reduce antisocial behaviour, thereby improving life for families on the estate. We are an established youth project with good local connections and are able to start work immediately.</p> <p>The project is still needed as there are still continued worries about bullying and drug dealing amongst parents. Educational attainment is low and aspirational expectations continue to be low. Our aim is to cement our work in the changing the attitudes of core groups of young people who can then inspire future generations to aim higher.</p>	£14,674.00

557952	Bermondsey Community Kitchen	Bermondsey Community Kitchen	<p>Bermondsey Community Kitchen is a community led project which operates a free training facility providing a Level 1 and 2 City and Guilds Professional Cookery qualification, for long term unemployed 16 to 24 year olds who are not in any other training or education, this includes single parent's, young offenders and young people with both physical and mental disabilities. Our project will provide our students with work experience, work placements and supporting them into employment once qualified. Our support of the students will not end once they have achieved the qualifications they need as we believe that qualifications only form the basics of helping people back into employment. The project will also focus around providing the students with boosting their confidence, enhancing their communication and life skills and building CV's and enhancing interview skills. Our training facility has capacity for 32 students at any one time. Training officially began in September 2015 and the first Level 1 students are expected to qualify by March 2016. This would then allow for more students to join the course and therefore we need funding for these students. The Neighborhood Funding, if provided, would cover the costs of two students from that ward to participate in our program, there training would begin in April and would be completed within 6 to 7 months. There is a clear opportunity for this type of project as there is no longer a college nearby that meets these needs as Southwark College Bermondsey was shut down. This project will link up with both the South Bermondsey Partnership and the Business Improvement District (B.I.D) both of which are aiming to improve the area of Bermondsey and greatly support our project.</p>	£5,000.00
559614	Bermondsey Community Kitchen Food Outreach Project	Bermondsey Community Kitchen Food Outreach Project	<p>Bermondsey Community Kitchen with this grant will provide free healthy meals to those who need it most through delivering to established food banks in the area. Our project has already made contact with local food banks such as City Hope Church and Bede House, both of which are in support of our idea and would love to be able to feed more people in need. Currently our project receives donations from a local restaurant supplier and therefore the food they supply that may not be needed for the students City and Guilds Professional Cookery Qualification is made up into healthy nutritious soups and meals. This therefore works towards eliminating waste in our local area on two levels. Our project will provide those who are most in need such as the homeless, those in hostels, sheltered or temporary accommodation, refugees, for people facing sudden crisis such as redundancy, benefit delay, illness or even an unexpected bill, vulnerable people and families such as domestic violence victims, and those on low incomes with free healthy, nutritious, hot meals. Our project wants to face the issue of every day parents skip meals to feed their children and people who are forced to choose between paying the rent or eating. Our project will tackle two urgent issues in Southwark, food poverty and food waste.</p>	£4,206.21

558518	Blue Bermondsey BID	Blue car park	To put picture graphic on the security shutters in the car park to make it look better and also advertise businesses and council services	£3,955.00
558509	Carnaval del Pueblo Association	Salsa for all - Old Kent Road	<p>Salsa for All aims to introduce authentic Colombian salsa classes to the local community to achieve: encourage 20+ local people to come together in a shared past time inspired by the Latin American culture to stimulate participatory, intergenerational activity to create understanding and new friends amongst people with different back grounds to create an awareness of Latinos in the area and prepare to participate in and support its Burgess Park event</p> <p>Need identified:</p> <p>The Old Kent Road Community Forum and Southwark Council (Kevin Dykes) are aware of the growing number of Latin American businesses and their community in the Old Kent Road so aim to release their potential for contributing to the well being of the community. The project benefits include:</p> <p>Producing mutual interest and friendships with Latinos via the dance teachers and the wider community alike. It will begin to encourage communication and bring people together with Latinos, often marginalised and provide a platform for Latino teachers to shine via their cultural heritage and skills and get noticed locally and be valued and share their knowledge to uplift others. This need was identified by Carnaval at Old Kent Road Forum meetings where Latinos were not, represented, and Carnaval pointed out the presence of a popular Latin Night Club nearby only attracting Latinos.</p> <p>Links:</p> <ul style="list-style-type: none"> with Las Congas Night Club (visit) and Cali Swing dance teachers (appoint) <p>Time line for project:</p> <ul style="list-style-type: none"> April: Recruit staff, agree SMART aims, agree timetable and marketing strategy and grant applications to do - recruit participants and enrol - begin classes May: Deliver classes, organise costumes, schedule Congas Night Club visit, capture evaluation information, stop reflect and make adjustments to keep project on track. June: Deliver classes, Las Congas visit, capture information, encourage wider look at Latino offer i Old Kent Road. Fund raise and submit End of Project report 	£5,000.00
556896	Longfield Tenants and Residents Association	Pensioners Afternoon Dance	To bring elderly people together and to make friends, with a general exercise in dancing on a Sunday afternoon as Sundays is a very lonely time for Pensioners.	£1,200.00

546094	Millwall for All Trust	Girls Football Project (7-11)	<p>Millwall for All aim to deliver 2 two hour sessions for 80 girls who are aged between 7-11 years old only. The sessions will be delivered by female coaches from Millwall's female Centre of Excellence, Millwall Lionesses and Millwall for All Trust. This will ensure that all participants have a female role model who has progressed within football to an elite level. The sessions will also be geared to improving female participation in football and ensure that all participants are made aware of the opportunities available to female football players and coaches at grassroots and professional level of the game. The project will focus on engaging young girls from Astley Cooper, Avondale Square, Ledbury and Bromyard, Bonamy and Bramcote estates as well as the following schools such as Cobourg Primary, Ilderton Primary, St Francis School, Phoenix School and Camelot Primary Schools. By the end of this project we aim to have increased the participation levels of all young girls interested in playing football as well as ensure access to opportunity to girls wanting to develop in football.</p>	£13,440.00

555432	South Bermondsey Community Choir	Community Choir 2015-16	<p>We are aiming for residents of all ages and nationalities from estates off the Old Kent Road to come together to produce choral music that they can perform to family, friends and other settings, and for the number of residents in the choir to rise from the current 20 to 40. The group gives a chance to meet new people of different cultural backgrounds eg Ghana, Sierra Leone, Nigeria, Bulgaria, as well as native English, to have fun practising and performing music together and to create community around the shared activity of singing.</p> <p>Our estate and those around it are among the 10% most deprived in England. In the past year, the choir has improved members' wellbeing and confidence, through working on rehearsing together each week then standing up in front of an audience. Members can rightly take pride in their performances, and audience members (eg the group sang to 100 at the Big Local Champions' Day, 40 at the Bede AGM, 30 at the local Sheltered Housing Christmas Party, 50 Christmas shoppers in ASDA, 40 at a carol concert in the Church) benefit from the pleasure of listening.</p> <p>Many choir members had never sung before, but now having been nervous but then enjoyed performing together in public, there is a strong desire for the group to continue and expand in numbers. There are other arts projects in the locality eg craft clubs, but currently no other choir. We hope to link up with the New Covenant Church choir when it reconvenes in the Spring.</p> <p>Choir members learn about different types of music, with repertoire chosen from different cultures, languages and musical genres. They learn about vocal technique and listening skills through singing in unison, harmony and by ear. Young people gain affirmation and encouragement from older members.</p>	£1,125.00
558111	Stevenson Crescent Estate TRA	Stevenson Crescent Summer outing	<p>A fun day at the seaside open to all residents of our community from different backgrounds and ages. This will allow the residents of our inner city estate to enjoy the seaside, talk to each other, socialise, children to play together, and for everyone to interact and have a good time. Some of the families living on the estate are on low income and do not have opportunities to go to the seaside. We recognise there is a need for such trips and for people to get to know each other and strengthen the community spirit.</p>	£1,150.00

558381	The Quay Players	Half Term Youth Workshops	<p>Our project aims to make the performing arts accessible to children within the Southwark area by providing free workshops during half term and school holidays to those interested in developing a wide range of theatre skills. We seek funding to cover the costs associated with hosting such workshops throughout the year as we are passionate about providing quality theatre to all who are interested, without financial barriers.</p> <p>Our project will benefit children within the community as the skills learnt and developed at such workshops are highly transferable. Participants will have the opportunity to improve their communication skills, self esteem and confidence. Attending workshops will encourage self discipline, focus and commitment. We hope that participants will gain a real sense of achievement and empowerment from working together as a team. We enjoy working with children of all abilities and pride ourselves on creating a welcoming, friendly atmosphere for children to flourish in. The workshops give children the opportunity to make like minded friends and learn from talented workshop leaders who excel in their respective fields.</p> <p>Furthermore, the workshops can act as a taster for larger projects. If participants enjoy the workshops they are invited to take part in a larger production of Oliver! to be performed at the Greenwood Theatre in July 2016 or a pantomime to be performed at the same venue in December 2016.</p>	£1,940.00

557296	Dockland Settlements	Nellie's Flower Club	<p>"Nellie's has changed my life I never knew that I could be so creative"</p> <p>Weekly floristry tutorial delivered by Debbie Western, a qualified local florist. Our target participants are elderly/retired residents from Rotherhithe. The project aims include</p> <p>Tackling social isolation, learning new skills, increasing confidence and self-esteem, increasing feelings of usefulness and motivation, being more active citizens within the community and benefiting mental and physical health.</p> <p>Creating a Club that leads to creating friendships, day trips, support and more active citizens within the community.</p> <p>The club has 15 registered members. Prior to the Club's set up, members had visited the Dockland Settlement, where the club is housed requesting activities "for them" due to "not having much to do". Requests were for activities that would provide opportunities to learn new skills, be creative, feel useful and make friends. We responded to the need and Nellie's Flower Club was established in September 2015. The Club quickly reached its target group of 60+ years Rotherhithe residents and fulfilled optimum membership numbers within weeks of opening. We hope to secure funding to continue and develop this highly successful community resource.</p> <p>Development will be by "giving back" to the community. We have consulted within the group and the feedback is they would like to demonstrate their new skills to benefit the community. We have three sheltered housing schemes within the Club's vicinity. Some of our members are residents at one of the schemes. We will rotate between the schemes, donating free floral arrangements a month made at the Club. We will make links with the local library and donate floral arrangements to link in with key events: book week, themed events i.e. children's activities, "Meet the Author", "Adult Learners Week" etc.</p>	£3,792.00

553222	SOUNDCAMP	30 Years of Urban Ecology at Stave Hill in Docklands	<p>SHEP is effectively the world's first ecological park, the site of a 30 year community project that has transformed a bleak post-industrial area into a biodiversity hotspot and vital open space. There is almost no information available about these experiences. For the 30th anniversary in 2016, soundCamp propose a programme of collaborative research, training and public engagement to fill this gap.</p> <p>Programme - Central to this, we are seeking support for four seasonal workshops. Workshops will be enjoyable while enabling serious learning. They offer opportunities to work with international artists and experts, and practical training in oral history, archives, recording, birdsong, plant and insect identification, landscape and photography. Each workshop will lead to a seasonal walk, documented in booklets and online for future visitors to explore.</p> <p>Audience: We will work directly with 110 participants, 10 workshop assistants and 12 work experience students. 200 additional visitors will attend a May celebration event. We have letters of support from local CBO's, Southwark Ecology, MP Neil Coyle, Bacon's College, and are building more contacts via CAS. 80% of those involved will be local residents.</p> <p>Outcomes</p> <p>Participants will learn about SHEP's ecological heritage, by studying its wildlife and landscape.</p> <p>Training in oral history, archiving and recording will build local skills, allowing residents to collaborate in documenting the site's legacy, making it publicly available for the first time.</p> <p>New seasonal walks with printed and online guides will bring this material together for existing and future visitors.</p> <p>New people will discover the Park and existing users will engage with it differently, maybe as regular volunteers or Friends. These will include young people with relatively few points of contact with the Park.</p> <p>Together these activities will contribute to the Park's value as a community asset and its future security.</p>	£1,600.00
