

## ALL WARDS

Reference	Name of group:	Name of project / activity:	Describe what the project is trying to achieve, why it is needed and how it is going to benefit the local community.	Funding requested [£]:	Proposed Award
558316	David Idowu Foundation	David Idowu Foundation Youth_Ink	<p>Our pilot Project, YOUTH_INK, aims to engage with young people through peer-led youth participation within the community and the criminal justice system to up-skill and inspire young people to participate in their own learning through peer-led personal and social development linked to our Youth_Ink ETL model. The Foundation and Southwark Youth Offending Services will work together to empower people to tell their own story, in their own way and with their own lived experience. The process of doing so will: be peer lead participation, and empowering people with lived experience to share their own story; offer new insight into the lives of people experiencing multiple disadvantages, as well as on the systemic issues that affect them; and communicate clearly and efficiently.</p> <p>Benefits from our work</p> <ul style="list-style-type: none"> <li>•Children, Young People in the Community &amp; criminal justice systems</li> <li>•Improved emotional well being</li> <li>•Improved social and leadership skills</li> <li>•Increased learning understanding of life style and anti-social behaviour</li> <li>•Increased social support and involvement in communities</li> <li>•Reducing crime and anti-social behaviour</li> <li>•Increased inclusion of young people within the community and the Criminal justice system</li> <li>•Empathy and understanding of issues faced by vulnerable young people within the community and the Criminal justice system</li> <li>•Increased understanding between the community generations</li> <li>•Increased participation of young people in the community</li> </ul> <p>Local area already has active participation schemes for young people. However feedback we have received from the sector is that excluded and marginalised young people find it difficult to engage and participate in these schemes.</p> <p>The project is divided into 3 key phases:            Consultation – 1st May-1st August 2016/Mobilisation – 1st August – 31st March 2017/Through the YOS - 1st August - 31st March 2017</p>	£25,470 (£5,094 each cc area)	

Reference	Name of group:	Name of project / activity:		Funding requested [£]:	Proposed Award
558794	Faces in Focus	Counselling and Self-advocacy for Young People 11-25	<p>Face in Focus provides an extremely valuable service for Southwark young people aged 11-25 who would not be eligible to access NHS or other talking therapy services and we receive referrals from every ward in the borough.</p> <p>As well as continuing to provide counselling, we also wish to launch a young people's self-advocacy group or groups, the aim of which will be to provide a welcoming space in which young people can come together and discuss issues such as knife crime, forced marriage, sex, health, sexual health and any other matters on their minds or of concern to them. The groups will explore and attempt to overcome the barriers that inhibit young people across the borough from reaching their full potential. The service and the proposed groups are needed because they offer routes to empowerment and improved self-confidence and also act as a preventative and diversionary measure.</p> <p>Counselling and group sessions will take place weekly. The groups will involve the planning of activities and outings away from the area to provide tasters of activities not normally available to the young people involved. They may also involve art and drama, meetings with officials and even elected Members to facilitate an understanding of the democratic process. They may also plan visits to local community agencies where there may be relevant volunteering or work opportunities.</p> <p>With the groups it is the intention that the content, planning and resulting activities will be decided and led by the young people, facilitated by a sessional employee experienced in working with young people to ensure the groups are focused and have clear outcomes. The results of both the counselling and the groups will be greater engagement of the young people with their local community, a facilitation of understanding between different cultures and generations and less antisocial behaviour.</p>	£25,000 (£5,000 each cc area	

Reference	Name of group:	Name of project / activity:		Funding requested [£]:	Proposed Award
558479	Health Wealth	Health Wealth Community	<p>Health Wealth is a Social Enterprise that has quality of life at the heart of its agenda. The objective is to improve the lifestyles of the infirm, carers, the elderly and lone parents with young children. Health Wealth will liaise with GP Practices in the Southwark area, who have a community gardening scheme in place or can see the value of its patients being involved with one. We will take these referrals and bridge the gap that supports them becoming part of a local community garden and a best life advocate. Isolation and low self-esteem can be the malaise of the long term ill, the elderly and those isolated by an 'at home' existence. This can develop because of ongoing illness and seclusion and simply not having an age appropriate peer group to communicate with. Through Health Wealth we will educate and support our members with a series of e short courses, practical and informative cookery demonstrations and food product design and prototyping. We are developing a framework through which to monitor and evaluate the impact of the project on the health and well being of beneficiaries and the ability of services to become economically self-sustaining.</p>	£7,830 (£1,566 each cc area)	

Reference	Name of group:	Name of project / activity:		Funding requested [£]:	Proposed Award
558412	London Bubble Theatre	Rotherhithe Shed: social & creative activities for older ppl	<p>Rotherhithe Shed addresses the social isolation and loneliness of older people and vulnerable adults, problems that are demonstrated to have a serious, long-term and detrimental impact upon their health and wellbeing. Based on the successful Australian Men's Shed movement, it operates out of a well-equipped workshop space with participants working together on a range of making, mending activities, supported by a trained artist/maker. It offers a chance to make new friends, to experience the camaraderie of working with other people or simply putting practical skills to good use. The Shed has been running successfully for over a year at Bubble HQ, and so far has targeted residents of North Southwark and Rotherhithe. We now want to widen the offer across Bermondsey and Rotherhithe and include other wards (particularly Camberwell Green, Peckham and Livesey which have the highest registered population aged 65+ and rate high on the deprivation index). We will connect with agencies working with isolated people by holding launch events in partnership with organisations such as The Black Elderly group and Age UK in Peckham. Rotherhithe Shed directly addresses the adult priorities of Southwark's (2013) Health and Wellbeing Strategy: Building healthier and more resilient communities and tackling the root causes of ill health. Local housing scheme residents report that they often live lonely socially isolated lives, either through poor health, disability or lack of friends and support networks. The project also fits with central government agenda to maintain independence of older people, and chimes with national campaigns such as the Campaign to End Loneliness (2013) that targets loneliness in older people. Over 40 weekly sessions, Rotherhithe Shed will offer a safe creative and social space for 40-50 isolated Southwark residents. Skilled artists and technical experts will be available to support the participants, and participants' ideas will be strongly encouraged.</p>	£6,135 (£1,227 each cc area)

558430	Millwall Community Trust	Girls & Women's Music to Football Programme	<p>Millwall Community Trust has a proven track record of delivering successful social inclusion activities for young people throughout Southwark and Lewisham. Our current and more recent delivery of the Premier League Kicks programme which provides opportunities for young people aged 12-18 has seen Millwall achieve the highest engagement levels for 14 plus year olds nationally. Millwall Community Trust is proud to also have the most sustained young people at this age group, also on a nationally level. In recent month, the partners involved in Premier League Kicks which includes the Metropolitan Police, local youth services and youth offending services and of course the Premier League, have highlighted the need to provide more opportunities for young females to access. There is also a growing concern for young females being targeted into gang related activities both on a national and local level. The idea for the proposed "Girls and Women's Music to Football programme" is to continue working with our current partners and also develop new partnerships with other local agencies to provide structured fun activities on a weekly basis throughout the year which local young females can access for free. The Music to Football activities which is also known as Soccer Size, has recently been developed by the Football League's Female Football Development team where a number of FA qualified female coaches from Millwall Community Trust have been trained. In addition to these activities, a number of educational awareness workshops will be provided to the young females engaged in the programme which include; gender related violence, personal safety, gang related awareness, child exploitation and sexual health.</p>	£5,000 (each cc)	

Reference	Name of group:	Name of project / activity:		Funding requested [£]:	Proposed Award
558650	Peckham Pride Basketball Club	Basketball For Everyone	<p>Southwark has a high level of childhood obesity, with 44% of children in year six being classed as overweight or obese. It has also been argued that Southwark has an increasing level of obesity and excess weight in adults, with the Evening Standard recently highlighting Southwark as having the 'worst obesity levels in London'. Unfortunately, the number of people in Southwark being physically active is also decreasing with only 36.0% of adults aged 16+ participating 1 x 30 minutes of physical activity a week. In addition Southwark has a high level of deprivation, with several Lower Super Output Areas fitting into the top 10% most deprived wards in the country.</p> <p>We are looking to run programmes for young people aged 5-21. We run a programme for everyone, with boys sessions, girl's sessions and disability sessions – catering for all abilities, backgrounds and ages.</p> <p>We use Basketball as the vehicle to engage young people into a positive activity. They learn discipline, leadership skills and team work skills, while getting active and healthy. Our programme aims to impact on key local issues, whether it's reducing the levels of childhood obesity by giving young people an accessible and affordable activity, or reducing anti-social behaviour by giving young people a diversionary activity that appeals to marginalised and hard to reach young people, or giving disabled children a chance to play, compete and be involved in an inclusive activity. We believe that basketball can significantly impact on local issues, providing young people with much needed training and development opportunities.</p>	£5,000 (£1,000 each cc area)	

Reference	Name of group:	Name of project / activity:		Funding requested [£]:	Proposed Award
556868	Southwark Explorers Club	Southwark Explorers' Club	<p>We organise weekly visits by Southwark Pensioners to places of cultural, artistic and historic interest at affordable cost. We aim to share a wide variety of interesting activities with older people in Southwark. We have no paid staff so that the planning, coordination and delivery of our activities is entirely done by unpaid members. Our members come from a wide range of social, cultural, religious and ethnic backgrounds. Our project is valued by older people who live alone and articularly by those who have been recently bereaved. Our members make friends with each other and visit places in a group which they would never think of visiting on their own. A member of the Committee leads each outing to provide support and make sure members get to the right place. Some people have mobility problems and are very elderly so it is important to pace ourselves accordingly. There is little doubt that our activities contribute to improved emotional and physical health for our members. Most of our visits take us outside Southwark but I have marked the wards above within Southwark which we have visited in the last year.</p>	£4,500 (£900 each cc area)	
558392	Southwark Neighbourhood Watch Association	Finding Solutions: Anti Social Behaviour	<p>Antisocial Behaviour and especially noise nuisance is a high volume crime and one of the most issues reported to SNHW, the police, Southwark anti-social behaviour Unit, Ward Panels, Councillors, Southwark Safer Neighbourhood Board affecting very estate and neighbourhood in Southwark. It affects cohesion, seriously damages the social fabric of communities in Southwark and degrades quality of life. How to tackle it and encourage the community to report it remains an important issue. □ This conference will focus purely on Anti -Social Behaviour and will explore how it can be addressed with "low tech" community solutions in light of radical budgetary cuts to the Council, Police and Social Services. It will bring together all sections of the community - residents from estates and neighbourhoods in Southwark, community organisations, TRAs, TMOs, Councillors, Police and Ward Panel representatives from Livesey Ward and North Southwark Wards Southwark Safer Neighbour Board and seek and offer solutions to this problem.</p>	£2,150 (each cc event)	

Reference	Name of group:	Name of project / activity:		Funding requested [£]:	Proposed Award
539876	Southwark Playhouse	Elders Company	<p>Weekly drama workshops at Southwark Playhouse, led by a professional facilitator, these will develop participants' skills, confidence and abilities, and provide them with an opportunity to meet others with similar interests.</p> <p>Across the year, we would hope to engage 40 – 60 people, recruiting on a rolling basis. We will predominantly advertise in Southwark, and will also seek referrals from local organisations such as the Blackfriars Settlement and Pembroke House.</p> <p>In 2016, performances will include:</p> <ul style="list-style-type: none"> <li>- Devised pieces, taking a theme and utilising stories and memories.</li> <li>- A piece by Shakespeare, or inspired by him.</li> <li>- A collaboration with our Young Company.</li> </ul> <p>We would also look at performing in local schools, as part of a project looking at perceptions of age.</p> <p>The work we create will all be developed out of ideas from group members.</p> <p>The project will not be focused on age. The members will be 65 and over, but the focus will very much be on creating theatre and taking part in fun, enjoyable workshops. As well as all of the activity, we hope to continue to build upon the strong group friendships forged thus far.</p>	£2,700 (£540 each cc area)	

Reference	Name of group:	Name of project / activity:		Funding requested [£]:	Proposed Award
558468	Walworth Amateur Sport Programme	Supporting Community Sport Clubs	<p>Walworth Amateur Sport Programme's (Walworth ASP) purpose is to help local sport clubs, from across the central wards of Southwark, in developing their capacity to provide strong, sustainable and cohesive community programmes which will improve the life chances of children and young people through sport. Walworth ASP's objective is to assist more clubs to make sporting opportunities more accessible to children and young people across the central wards of Southwark. It is common knowledge that most community programmes are delivered by local volunteers who are passionate and want to make a difference in their communities and the lives of the young people. However, through lack of information, not having relevant training and qualifications, and limited resources – time, people, financial –, these community champions find it very challenging to continue providing their much needed services in their local communities and eventually stop providing the opportunities for children and young people to participate in organised sport.</p> <p>To be awarded funding by the Community Councils will enable Walworth ASP to continue offering its expert services of establishing and sustaining community clubs, both newly created and/or fledgling organisation which are in need of support and operational guidance. The organisation is currently working with two local clubs, one based in the Newington Ward (Mighty Royals Football Club formed in 2015) and the other in Faraday Ward (Walworth Knights Football Club formed in 2013). Walworth ASP has helped Walworth Knights become a registered club with the London Football Association (FA), have policies and operating procedures installed, and helped create a football development plan which is monitored using the FA's activity management system named UPSHOT.</p> <p>Walworth ASP provides its services free of charge to clubs and all funds received will be used to help community clubs make sport more accessible to more local residents in Southwark.</p>	£3518 (£1003.60 each cc area)	

## LIVESEY SOUTH

558310	From THAT to THIS	Skill For Life	<p>We ran a very successful project at Thurlow Lodge which included a fashion show with clothing made and modelled by the students. The aim is to continue to help the homeless and disadvantaged people in the area to learn a new skill and turn old into new, the sewing training will teach how to transform old clothes using a sewing machine. The project will show that when they re-cycle the clothing provided by the community it builds their confidence so that they will be able to interact with the community which will promote social interaction, improve their self-esteem and confidence building thus making the service users more confident when applying for work or training as they will be adequately clothed and have better social skills.</p>	<p><b>£10,100</b></p>	

Reference	Name of group:	Name of project / activity:		Funding requested [£]:	Proposed Award
557294	Burgess Park Food Project	Glengall Wharf Garden	<p>Festival of Community Gardening</p> <p>We want to hold a weekend festival of community gardening to promote Glengall Wharf Garden and community gardening in Southwark.</p> <p>There are many thriving community gardens in the borough, but no platform to bring all together to share expertise, passion and knowledge. New gardeners starting up don't know who to ask for advice, and established groups have expertise and abundant knowledge to share.</p> <p>No one is currently showcasing or supporting community gardening in the borough, yet many people want to find out more, get advice, be inspired and talk to like minded people.</p> <p>We want to</p> <ul style="list-style-type: none"> <li>- Promote the benefits of community gardening</li> <li>- Promote GWG</li> <li>- Promote food growing locally</li> <li>- Start to build a supportive network of local food growers</li> <li>- Share local knowledge and expertise</li> <li>- Develop further ideas for increasing food growing in Southwark</li> </ul> <p>The festival will be a go-to event for anyone in the borough who is already involved in community gardening and wants to help develop a stronger network, or anyone who wants to get their own project going. We will host stalls from local and London wide organisations eg London Permaculture, Capital Growth, Brockwell Greenhouses and others so Southwark residents can find out more and develop confidence to grow and maintain their own project.</p> <p>We will have key note speakers eg Incredible Edible Lambeth, practical activities and hands – on workshops, kids activities, skillshares, info stands, evening activities eg moonlight storytelling and an evening food feast to celebrate local food.</p> <p>We'll also design a giveaway handbook for aspiring borough gardeners.</p> <p>We will engage an event organiser to coordinate the whole event and support our own volunteers in helping to organise.</p>	£4,200

559346	Kings Grove Community Garden	KG Garden Bamboo Cull	The community garden was established over 10 years ago. It was been maintained by residents with the input of CGS funding, over time. 10 years ago bamboo was planted - how invasive it is wasn't quite so well known then - it is now spreading throughout the garden, raising flagstones and poking through Tarmac. We would like to remove it.	<b>£400</b>	
557912	Ledbury TRA	Queen's 90th Celebration	We are trying to achieve building our community, which it will bring elderly, young, different cultures, different religions. Help the poor and needy bringing them into contact with groups who can help them. Opening up the estate the community gather together and we also learn new things from one another. Our area is also one of the most deprived in the north of Southwark	<b>£2,000</b>	
558371	Lindley Estate Tenants & Residents Association	Building Community Spirit in Lindley	The aim is to promote community inclusion, action and participation within the membership of Lindley TRA. We are a new TRA and would like to reach out to more residents and raise the awareness of the benefits associated to being actively involved in their TRA and neighbourhood issues. The need for our project stems from feedback gathered during our first year of operation and running small community based events/activities, which enabled families from a diverse range of cultures, ages and backgrounds to join together and share their experiences, concerns and solutions to local housing issues. <input type="checkbox"/> It is anticipated that our project will benefit up to 150 residents, including families, young people, the elderly and children. We would like funding towards activities costs for our Family and Children Clubs, including tutor fees and workshop space to run a series of workshops that engages and inspire young people to achieve their educational, social and personal goals; encourage those who feel isolated, to become more active in their local area, and funding	<b>£5,000</b>	
567378	Livesey Ward Cllrs	Additional street cleaning	This will continue the work carried out in recent years to keep the area outside the shops on Peckham Park Road clean, as well as the area alongside Leyton Square Park £2514. PLUS To undertake litter picking 3 times a week (Mon, Weds & Fri) from 6 am – 7am, for one hour = £3710.20 per ann. on Commercial Way	<b>£6,224</b>	

Reference	Name of group:	Name of project / activity:		Funding requested [£]:	Award
546094	Millwall for All Trust	Girls Football Project (7-11)	<p>Millwall for All aim to deliver 2 two hour sessions for 80 girls who are aged between 7-11 years old only. The sessions will be delivered by female coaches from Millwall's female Centre of Excellence, Millwall Lionesses and Millwall for All Trust. This will ensure that all participants have a female role model who has progressed within football to an elite level. The sessions will also be geared to improving female participation in football and ensure that all participants are made aware of the opportunities available to female football players and coaches at grassroots and professional level of the game. The project will focus on engaging young girls from Astley Cooper, Avondale Square, Ledbury and Bromyard, Bonamy and Bramcote estates as well as the following schools such as Cobourg Primary, Ilderton Primary, St Francis School, Phoenix School and Camelot Primary Schools. By the end of this project we aim to have increased the participation levels of all young girls interested in playing football as well as ensure access to opportunity to girls wanting to develop in football.</p>	£13,440	

Reference	Name of group:	Name of project / activity:		Funding requested [£]:	Award
558308	Parent Research Group	African Caribbean Parents Report Launch	<p>The event would be the launch of the research report, findings and recommendations to the community. The primary aim of the report was to document the experiences and expectations of Caribbean parents/carers living in Peckham, Southwark. The report was initially commissioned by the Community Engagement Team and we are now at the stage of implementing some of the recommendations in the report. One of which, was to set up an African Caribbean Parents' Network in Southwark. The report identified a lack of parents/carers' knowledge of the assessment systems used in schools and of the resources/organisations who could support them and their children. The Launch Event would be open to all Southwark parents/carers, their children, teachers and Senior Managers from Southwark primary schools and community organisations who support families in Southwark. The main benefactors would be the parents/carers as the event would; give parents/carers more knowledge to further enhance their child/ren's educational attainment,</p> <ul style="list-style-type: none"> <li>- enable parents, carers to gain a better understanding of the educational system, through conversations and presentations and workshops.</li> <li>- the opportunity to develop the support network.</li> </ul> <p>As far as we know, there is not a Southwark wide support network for African Caribbean parents/carers. Once the report has been launched, a support network would be established and termly meetings/workshops would take place where Southwark based groups, education professionals and national organisations/charities would be invited to present their expertise and resources.</p>	£2,910	

Reference	Name of group:	Name of project / activity:		Funding requested [£]:	Award
558242	Peckham weeklies	Peckham weeklies	<p>The peckham weeklies is a multi-disciplinary, multi-age, free range community group that come together every Tuesday evening. Substantially assisted by the wisdom of existing community groups, it has generated an inclusive and productive framework for meetings: through its focus on devising and publishing magazines about Peckham, it has provided a valuable forum for debate which, in turn, has brought about a deeper understanding of and engagement with issues of planning, the local economy and identity.</p> <p>The weeklies team has co-created a series of content-rich magazines, harnessing the talents of local volunteers to delve into the architecture and activities that make Peckham such a distinctive and interesting place. Weeklies meetings have proved fertile ground, sparking new ideas, research proposals and links with local and national groups.</p> <p>The Peckham weeklies group proposes to create a mapping of the community infrastructure in the Peckham and Nunhead Community Council Area using the online engagement tool Commonplace. Currently there is a lack of knowledge about what community infrastructure exists and what is missing. We would like to engage a broad section of the community into thinking about what constitutes community infrastructure, where it is located and where it is missing. This creative mapping exercise seeks to support the development of proposals for the Community Infrastructure Levy List. In this way we hope to inform priorities for spending during the area's development, so that the growth of facilities, residents and businesses enhances community cohesion and culture rather than fragments and dissipates it.</p> <p>Peckham weeklies is planning to focus one of its magazine publications on community infrastructure. As part of the weekly meetings and in order to engage a wide range of local groups with the Commonplace mapping, the weeklies will seek to invite and visit community groups in the Peckham and Nunhead Area.</p>	£3,000	

Reference	Name of group:	Name of project / activity:		Funding requested [£]:	Award
558280	Small Trades	Small Trades Peckham and Nunhead	<p>The project will build community cohesion by raising awareness and sharing understanding of the nature and extent of self employment in the Nunhead and Peckham area. This will be achieved by celebrating the people who work in small trades in the form of a documentary portrait project that will show the diversity of the sector in terms of gender, age, ethnicity and type of trades carried on by self employed people in Peckham and Nunhead. Approximately 15% of the workforce works as self employed, mostly in construction trades and as taxi drivers. This project will reveal some of the stories behind the statistics and show more of the real diversity of the sector. Black and white portraits of tradespeople will show them with dignity and respect in their working clothes and with the tools of their trade. Participants will also be interviewed to gather their insights into working in this way, the challenges they face and the benefits they gain from being self employed. An exhibition of their portraits with extended captions gleaned from the interviews will be produced and shown in community venues, restaurants and cafes (and possibly schools) in Peckham, Nunhead and East Dulwich. Discussion events on the experience of working as a self employed tradesperson will also be arranged to coincide with the showings of the exhibition.</p>	£4,474	

Reference	Name of group:	Name of project / activity:		Funding requested [£]:	Award
555432	South Bermondsey Community Choir	Community Choir 2015-16	<p>We are aiming for residents of all ages and nationalities from estates off the Old Kent Road to come together to produce choral music that they can perform to family, friends and other settings, and for the number of residents in the choir to rise from the current 20 to 40. The group gives a chance to meet new people of different cultural backgrounds eg Ghana, Sierra Leone, Nigeria, Bulgaria, as well as native English, to have fun practising and performing music together and to create community around the shared activity of singing.</p> <p>Our estate and those around it are among the 10% most deprived in England. In the past year, the choir has improved members' wellbeing and confidence, through working on rehearsing together each week then standing up in front of an audience. Members can rightly take pride in their performances, and audience members (eg the group sang to 100 at the Big Local Champions' Day, 40 at the Bede AGM, 30 at the local Sheltered Housing Christmas Party, 50 Christmas shoppers in ASDA, 40 at a carol concert in the Church) benefit from the pleasure of listening.</p> <p>Many choir members had never sung before, but now having been nervous but then enjoyed performing together in public, there is a strong desire for the group to continue and expand in numbers. There are other arts projects in the locality eg craft clubs, but currently no other choir. We hope to link up with the New Covenant Church choir when it reconvenes in the Spring.</p> <p>Choir members learn about different types of music, with repertoire chosen from different cultures, languages and musical genres. They learn about vocal technique and listening skills through singing in unison, harmony and by ear. Young people gain affirmation and encouragement from older members.</p>	£1,045	

## NUNHEAD

Reference	Name of group:	Name of project / activity:		Funding requested [£]:	Award
558523	Aquarius Golf Club	Aquarius Festival 2016	<p>Every year, hundreds of the local community attend this event, now in its 7th year. The project intends to provide the community with a fabulous day out, with a festival feel - live music on 3 stages, plenty of healthy activities, including coaches from Southwark Sports/England Athletics and a PGA professional from Kent Golf Union. It is the only event of its type in the local calendar, and is always keen to link with other community groups in the area.</p>	<b>£4,800</b>	
555707	Astbury Road Area Residents Association	TRA Community Street Party	<p>Our aim is to continue to foster excellent relationships within our Multi-Cultural community.</p> <p>Social Cohesion is the key factor in promoting a great feeling amongst all residents in our area irrespective of Race, Colour or Creed.</p> <p>We know by the participants at our 2015 Community Street Party and our monthly General Meetings of which we hold eleven each year that we are achieving this. However, we will never be complacent or satisfied with our achievements and will strive to continue to involve as many residents in our activities as possible. We target new comers to our area and have achieved success in this area as well.</p> <p>Recently we have arranged for twelve residents to attend a variety of courses at the Thomas Calton Centre.</p> <p>Just recently we distributed Christmas Gift Parcels to the elderly and housebound residents.</p> <p>Advice has been given to a cross section of people on such matters as Housing Repairs and dealt with various departments within the Council. Our reputation has grown and a friendly atmosphere exists in our Community so much so that two residents, who live locally but do not belong to a TRA have joined ARARA and one of them has come on our committee. I think this speaks volumes for what ARARA stands for. WE ARE HERE FOR EVERYONE.</p>	<b>£1,300</b>	

Reference	Name of group:	Name of project / activity:		Funding requested [£]:	Award
543045	Brayards Estate Tenants & Residents Association (BETRA)	BETRA health and educational club for over 50's	<p>Project shall involve senior members of the local community in healthy and educational activities. Project activities shall include walking, swimming, reiki, massage, exercise sessions, learning healthy cooking / eating, basic IT lessons and trips within Southwark to community projects and TRA groups. Sessions will have great benefit on the participant's health whilst increasing social networks. Activities shall be run with participants teaching each other, guest speakers invited, and nearby school St Thomas The Apostle College shall provide their swimming coach and pool for free. The computer sessions shall teach participants basic computer skills, setting up emails, Skype and word processing. To help vulnerable / lonely to broaden their contact with family and friends and access services such as 'My Southwark' in order to pay for services online.</p> <p>Project visits will increase the social network of participants and knowledge shall be learned / shared with other groups. St Thomas The Apostle College shall provide their 14 seat coach for free. Residential meetings were held inviting them to discuss opportunities for all ages. At these meetings residents have expressed the need for workshops for elderly. They expressed the need to reduce the isolation that senior members experience and a large interest was expressed in proposed activities. BETRA spoke to senior members and majority asked stated the proposed activities would be of great benefit.</p>	£4,007

556993	BRIMTONROY TENANTS & RESIDENTS ASSOCIATION	AFTER SCHOOL CLUB	<p>Junior After School Club is for school children age 5 year to 11 years, currently attending primary education. We are in a community with more than 300 primary school children, many, facing same dilemma and stand to benefit a great deal from this project. This project is designed to offers a threefold benefits to the community as follows-□(1) The Children: - The outcome would mean improved performance for the children in Maths, English and Sciences, with better result in the KS1; KS2; GCSE and College exams. □(2) The Parents: - The Parents would have a guaranteed facility to provide their children these extra tutorials needed to improve their performance in these subject areas. □(3) The Community: - The Council Authorities, School Authorities and other Stake-Holders within the local authorities responsible to the education and training of our children would achieve better results in the school exams and overall quality of education offered to our children. □The Management Committee take full responsibility of identifying this project and all other projects run in our TRA. □We started this project last year and it has been a tremendous success both in registration, attendance as well as performance measured at the end of year result of last year. The Children and Parents made a big presentation at the AGM in November last year in show of how the children have progressed from the project. □As the “Pilot Project” success attained from the “Junior” After School Club prompted the older children currently in secondary school to demand the expansion of the project to make room for the secondary children “Senior”. We can do it if we have the funding; hence we are making this application with the extra demand for funding the new project.</p>	£11,520	
556139	Buchan Tenants' & Residents' Association	Buchan T&RA Community Fun Day	<p>To create an education and fun day for children with their families in the area of benefit namely the Barset Estate and the surrounding streets. It is our stated aim to create facilities for community involvement and cohesion.</p>	£800

558469	Cossall TRA	Cossall Cabaret Social	<p>The aim of the "Cossall Cabaret Social" project is to offer a regular family-friendly event that gives our community the opportunity to get together and access various forms of Art and Entertainment within a local friendly environment.</p> <p>The idea came from our experience with The Purple Ladies End of year Circus shows held at the Cossall hall. More than 50 parents and residents attended the events and, each time, unanimously expressed a great enthusiasm in having more events of that kind at the hall. At the moment, there are no such facilities within the area, and as survey suggests, this is one of the community the least likely to take part in every category of arts and culture( 3rd most deprived area of Southwark – Index of multiple deprivation September 2015 /Southwark023D– source open data communities). With the inclusion of participating local artists and groups, this project will benefit at least 70 people from any age groups and background and engage them with the arts . The event will take place early in the evening. To finish by 9pm and provide a light snack to allow families to attend. The form and recurrence of the event is also a key element to implement the building of a strong community hub. There will be 7 events over 12 months, therefore giving the opportunity for the event to get a reputation and for any local residents and artists to take part. We already had interest from local artist such as Michael de Souza, writer of Rasta Mouse and there will be a regular call out for local writers, poets, spoken word artist, comedians, circus performers, puppeteers.., as well as a 15mn open mic within the evening to encourage self-expression from the participating audience. These events will encourage creative and artistic resources locally and strengthen a sense of community.</p>	£4,896

557834	Fantasy High Street	Art in Nunhead	<p>Fantasy High Street would like to deliver Art in Nunhead - a creative project in the community including a public art installation, free art workshop and adventure trail around Nunhead throughout 2016. Our specialism is in creating installation-based artworks and trails that respond to the character and heritage of a local area, and involving local organisations and residents in its delivery and enjoyment.</p> <p>Our work is often nature-themed and we would be interested in pursuing this further through our 2016 Art in Nunhead project, incorporating imagery of flowers, animals and fruit/vegetables into our work wherever possible. Every 4 weeks over 3 months between May-July 2016 we would select one book from Nunhead Library's collection (3 books in total over the whole project), and would use that particular piece of literature to inform the artistic response which would include: a community arts workshop, a bespoke adventure trail of clues around Nunhead and a temporary art installation within the library itself. The community workshop would provide a creative arts activity for local children and residents to enjoy in the artform we have selected, which could range from paper art to creative writing.</p> <p>We have existing contacts and experience of delivering arts events in the area. In summer 2014 our 'Adventures in Nunhead' programme, funded by Southwark Council, included 3 separate arts events in Nunhead high street in partnership with local businesses and community groups: a pop-up edible garden with performers in partnership with AG Flowers, a Mad Hatter's Tea Party for children with games, storytelling and food in partnership with Ayres Bakery, and a Bike Powered Cinema on Nunhead Green with live musical score to Belleville Rendezvous delivered with Nunhead Film Festival and Rat Race Cycles.</p>	£2,130

558107	Link Age Southwark	Communities Reducing Social Isolation for Older People	<p>We are seeking funds to recruit, induct, support and retain ten volunteers from the local community to provide volunteer transport and help to deliver two activity groups to benefit 30 older people in the Peckham and Nunhead CC Area. The groups are based in St. Mary's Church, Peckham, and in Lime Tree House, Dundas Road. The groups promote physical health, mental stimulation, creativity, friendship and social interaction.</p> <p>Services are co-ordinated by paid staff but delivered by local volunteers from diverse backgrounds. Our co-ordinator recruits volunteers and matches their skills and availability to the location, needs and interests of our service users. Some volunteers make it possible for older people to engage in activities including reminiscence, reading and art, others make refreshments. Our work promotes a stronger, richer and age-friendly local community.</p> <p>Our volunteer drivers provide escorted transport for those who can't travel alone, ensuring that older people are able to remain active and engaged in their community and can participate in our groups as well as other activities outside the home. Older people, particularly men, are vulnerable to social isolation and loneliness as mobility reduces, health deteriorates and family and peers move away or die. Over half of all older people consider television as their main form of company and 10% have contact with friends, family and neighbours less than once a month.</p> <p>Loneliness brings risks of serious physical and mental health problems. Our groups reduce loneliness and isolation, improving quality of life and health and wellbeing. They promote mental stimulation, friendship and social interaction. Our work promotes a stronger, richer and age-friendly local community. Our groups are the only social interactions that many of our users have outside the home. The average age of our users is 82 and over 20% are over 90 years old.</p>	£2,177

558291	Little People's World	Summer Support Activities for Families with Children	<p>Little People's World (LPW) project is: To run a programme of activities organised by parents from our group. The programme will include:</p> <ol style="list-style-type: none"> <li>1. Arts and crafts activities e.g. - pottery, card making, collage, jewellery making etc</li> <li>2. Face painting activity</li> <li>3. Sport activities e.g. kickboxing, dance, Zumba etc</li> <li>4. Healthy Cooking sessions</li> <li>5. Trips to a theme park, mini trips e.g. Coram's Field, Horniman Museum, Mudchute Park/Farm</li> </ol> <p>Our project is needed in order to:</p> <ol style="list-style-type: none"> <li>1. Reduce families' feelings of isolation;</li> </ol> <p>Many families attending our sessions are isolated. They do not know anyone either because they are new to the area/ country. These activities will help bring families together by providing opportunities to develop friendships through taking part in practical activities together and visiting places of interest as a group.</p> <ol style="list-style-type: none"> <li>2. Improved sense of community and belonging; The programme helps people to learn new skills, enjoy experiences through visiting places of interests. Parents will become more aware of their surroundings and what happens where they live therefore strengthening their families and the community.</li> <li>3. Increase volunteering opportunities and job ready skills; There will be many programme tasks that parents can volunteer for which will help improve their skills in planning, organising, budgeting, working in a team and research. These skills can also be used to increase their prospects for future employability. Our project will benefit the local community by: <p>Reaching approximately 80 families with young children who have little or no financial resources to spare, have a great indoor and outdoor fun activities organised over the summer holidays.</p> </li></ol>	£2,000

556523	London Senior Social	Local people helping local people	<p>The aim of the project is to provide a series of 24 creative workshops. These workshops will be delivered in blocks of 8 and will cover Art, Music and Dance.</p> <p>The Art workshop will be facilitated by the Artist Bridget Virden of Senior Art School. Bridget has worked extensively with older people over the years and won awards for her outstanding contribution to art.</p> <p>The dance workshop will be led by a local choreographer Jean Hadden. Jean Hadden's dance group specialises in expressive retro dance. Her style of choreography is extremely popular with older people igniting pleasant memories from their youth.</p> <p>The music workshop will be facilitated by music composer and lyricist Becky Rea who will capture special moments from their past and jointly transform these stories into lyrics and a musical composition.</p> <p>These series of workshop will be run from the lime trees house. I have been working closely with the service delivery manager and members at Lime tree house. We have jointly identified that their members will benefit from accessing more creative activities and that is how I was able to identify the need.</p> <p>I have also spoken to neighbouring shelter houses such as Fred Frances and Lew Evans who have expressed an interest in participating in these workshops.</p> <p>The project proposed targeted group will be a diverse group from Shelter Houses 50 Lime Tree 25 Fred Frances 30 Lew Evans participants</p> <p>I have researched the market, London Senior Social is the only organisation offering a diverse range of creative activities catering exclusively to the needs of older people.</p> <p>Some of the benefits to participants include: Better community cohesion, building new friendships, learning new skills promote inclusiveness, improved mental and physical wellbeing of the participants.</p>	£3,760

557989	MCSAS-HEARTS OF LOVE	"YOUTH MODERN FINE-ARTS ON CANVAS"	<p>MCSAS has been successfully providing services and projects within the Peckham Ward for approximately fifteen years. Its aim is to engage with vulnerable and disadvantaged young people aged 13 to 19 at risk of offending, being excluded or excluded from school, the community and family. We will reach out to social excluded young adults in Peckham particularly those in the not in training or education group (NEET's). MCSAS will provide developmental and educational programmes aimed at reducing involvement in crime, anti-social behaviour, raise social awareness issues, well-being/health issues, and youth engagement within the community. In September and October 2015, we conducted face to face street interviews with more than 200 young people aged 13-19 across Peckham, Nun-Head, Camberwell, Walworth road and Old-Kent road Community wards: We asked them to complete simple questionnaires about participating in "YOUTH MODERN FINE-ARTS ON CANVAS" project. The results showed that 88% of 13-19 year old want this art project; 67% of 13-15 year old said, they had nothing to do after school, so the project would help; 99% of 13-19 year olds want to change the general public's perception on the idea... "that all youth are violent gang members"; 59% of 17-19 year old who falls within NEET had no adequate support. □ The project would help improve the local physical environment by reducing unwanted graffiti arts on walls, cars, public properties which are currently considered an eye-sore. Peckham community will benefit physically and socially when young people have this arts project to involved in rather than remaining socially isolated.</p> <p>Fourth year in a row. Nunhead comes together on the July the 4th Weekend to let people know we live in Nunhead. We parade around Nunhead, singing songs about local historical events, highlighting what is amazing about Nunhead. Each year more and more people walk with us giving health benefits, and adding to community inclusion. Nunhead, Nunhead, Nunhead Forever.</p>	<b>£5,000</b>

556388	Nunheads Voice Ltd	Older Peoples Celebration Day	<p>We aim to achieve an event where older people have an enjoyable memorable day. To provide an opportunity for older people to network and to give people who feel isolated and lonely the opportunity to meet with other people and to find out what is available for them in their community. To give older people in our community the opportunity to have their say in what is happening in the area in which they live and to express any concerns they may have about the services provided to them. We have held this event annually since 2006 and it has proved to be really popular. We are often asked if we could hold more than one a year and we are told that people look forward to it. We cater for a considerable number of very vulnerable elderly, and with the assistance of agencies such as Age UK we facilitate them getting to the venue.</p>	£1,000	

Reference	Name of group:	Name of project / activity:		Funding requested [£]:	Proposed Award
558077	Nunheads Voice Ltd	Sunshine Club	<p>The project aims to offer a mixed programme of regular activities for older people to promote physical and mental well being and overcome social isolation. We have been approached by older people who expect Nunheads Voice to be actively organising activities for older people in the Community Centre. Their needs are not being met by the groups approaching us to hire the Centre.and this would help to replace the extremely popular 'Sunshine Club' that met in the original Nunhead Green Community Centre. Older people have said they want to see regular free activities in the Centre that will make it a place for "someone like me." <input type="checkbox"/>We're seeking funding for 6 hours a week of mixed activities, running for 48 weeks a year. This would include a social club with games, providing mental stimulation and challenge; a monthly film club; a weekly fitness class; and regular bingo sessions. There would also be scope to use the social club for talks on health and wellbeing topics and for consultation purposes. <input type="checkbox"/>Nunhead's Voice will contribute volunteer time to manage and run all activities, with the exception of the Fitness Class, which would be led by a qualified instructor. We will aim to have an average participation rate of 40-50 people. <input type="checkbox"/>Although there are some organised activities for older people in the Nunhead area we would like to offer a mixed community setting that will create more interaction between older people and other age groups. Targeted activities for older people will bring them into the Centre where they may also access other activities. <input type="checkbox"/>We will seek to work in partnership with relevant agencies, in particular with Age UK with whom we already have a good working relationship.</p>	<b>£4,910</b>	
558535	Outside the Box	Late Bloomers - Healthy Ageing project	<p>The project is aimed at improving the health and <input type="checkbox"/> wellbeing of local people by reaching out to vulnerable members of the community. <input type="checkbox"/>The services would be based at the new community centre in Nunhead. As it grows it is <input type="checkbox"/>hoped that a mobile service could also be provided in order to include members of the community unable to come to the centre. <input type="checkbox"/>This would include reflexology and reiki which reduce stress, improve mood and help to encourage more flexibility.</p>	<b>£1,545</b>	

Reference	Name of group:	Name of project / activity:		Funding requested [£]:	Proposed Award
558308	Parent Research Group	African Caribbean Parents Report Launch	<p>The event would be the launch of the research report, findings and recommendations to the community. The primary aim of the report was to document the experiences and expectations of Caribbean parents/carers living in Peckham, Southwark. The report was initially commissioned by the Community Engagement Team and we are now at the stage of implementing some of the recommendations in the report. One of which, was to set up an African Caribbean Parents' Network in Southwark. The report identified a lack of parents/carers' knowledge of the assessment systems used in schools and of the resources/organisations who could support them and their children.</p> <p>The Launch Event would be open to all Southwark parents/carers, their children, teachers and Senior Managers from Southwark primary schools and community organisations who support families in Southwark. The main benefactors would be the parents/carers as the event would;</p> <ul style="list-style-type: none"> <li>- give parents/carers more knowledge to further enhance their child/ren's educational attainment,</li> <li>- enable parents, carers to gain a better understanding of the educational system, through conversations and presentations and workshops.</li> <li>- the opportunity to develop the support network.</li> </ul> <p>As far as we know, there is not a Southwark wide support network for African Caribbean parents/carers. Once the report has been launched, a support network would be established and termly meetings/workshops would take place where Southwark based groups, education professionals and national organisations/charities would be invited to present their expertise and resources.</p>	£2,910

555670	Peckham & Nunhead Free Film Festival	Free Film Festival 2016	<p>Run entirely by volunteers, we are as much about community as about film – using the power of film to cross boundaries and bring people together. Our aims are:</p> <ul style="list-style-type: none"> <li>• Community cohesion and engagement: bringing together a wide range of local residents and local groups (reflecting the diverse demographic of the area) through film screenings</li> <li>• Skills development: to run projection workshops and filmmaking events</li> <li>• Intergenerational working: to promote intergenerational working by bringing together people of different ages with a shared interest in films and filmmaking</li> <li>• Support local filmmaking talent: creating opportunities for filmmakers to reach wider audiences</li> </ul> <p>We achieve an audience capacity of 3 - 4,000 people a year though events programmed in Peckham &amp; Nunhead over 10 days including the largest UK 1 day African film and music event - Busseywood.</p> <p>Need – Our events bring films to audiences who might otherwise never have the chance to experience them. Our free events are accessible to everyone in the community. They enable families and groups of friends to experience an occasion together for free, whatever their incomes. This compares to the cost of taking a family of five to the cinema which may be £50 or more and taking the same family to a similar outdoor film experience run by a commercial company would cost around £90.</p> <p>Benefit – Deepening an attachment to the SE15 area, celebrating it's culture and history – bringing residents together on estates and unusual venues to share an experience together.</p> <p>Programming and event spaces are chosen to reflect the diversity of the area. Local people of all ages can get involved as a volunteer, get technical training, make a film or offer their skills or a venue.</p>	£10,475

558222	Peckham Coal Line w FoCP&KNR	A community Fayre( Communi-tea)	<p>To further engage the community in Peckham Coal Line, (a project supported by all sectors of the community via their funding to date for the feasibility study). Rye Oak School invited us to the school as their students had seen news reports on the Line. They were very excited but none of them knew what coal is! John Donne School at the other end of the Line has asked to work with us, we are to commence on 22nd Jan. We aim to involve local residents including those in the Sheltered housing,(often excluded) to research the history of Peckham's coal merchants and the Line, leading on to their input for the development of the new Coal Line. BigFoot Arts Education will lead workshops to research with the students then develop and present a performance at a community event in Kirkwood nature Reserve. All will be invited to contribute at the final event which will include also face painting, music (provided by local residents), circus skills, Tea and Beer Tent, (Coal Line cakes, Coal Line beer,) Pickling Penny(foraging) Bee Urban, Woodcraft Group, John Donne Choir. Bug Hunts, plant sales, Coal Line walks: Something for everyone. Peckham companies are involved linking residents with local businesses, providing safe places in the open is essential for the health of the community.</p> <p>We plan to run the project from April with the final event in August/September</p>	£4,700

558242	Peckham weeklies	Peckham weeklies	<p>The peckham weeklies is a multi-disciplinary, multi-age, free range community group that come together every Tuesday evening. Substantially assisted by the wisdom of existing community groups, it has generated an inclusive and productive framework for meetings: through its focus on devising and publishing magazines about Peckham, it has provided a valuable forum for debate which, in turn, has brought about a deeper understanding of and engagement with issues of planning, the local economy and identity.</p> <p>The weeklies team has co-created a series of content-rich magazines, harnessing the talents of local volunteers to delve into the architecture and activities that make Peckham such a distinctive and interesting place. Weeklies meetings have proved fertile ground, sparking new ideas, research proposals and links with local and national groups.</p> <p>The peckham weeklies group proposes to create a mapping of the community infrastructure in the Peckham and Nunhead Community Council Area using the online engagement tool Commonplace. Currently there is a lack of knowledge about what community infrastructure exists and what is missing. We would like to engage a broad section of the community into thinking about what constitutes community infrastructure, where it is located and where it is missing. This creative mapping exercise seeks to support the development of proposals for the Community Infrastructure Levy List. In this way we hope to inform priorities for spending during the area's development, so that the growth of facilities, residents and businesses enhances community cohesion and culture rather than fragments and dissipates it.</p> <p>Peckham weeklies is planning to focus one of its magazine publications on community infrastructure. As part of the weekly meetings and in order to engage a wide range of local groups with the Commonplace mapping, the weeklies will seek to invite and visit community groups in the Peckham and Nunhead Area.</p>	£3,000

558121	Safe N'Sound Youth Project	Unity in our Community	<p>Much of our support has been around young people but we have identified the need to support community members. Our proposal is to set up a community support hub led by the community that would provide a place where community members can come for advice and support enabling them to develop tactical solutions to our youth problems. This project will encourage communities from all backgrounds to come together in a safe space where they are able to express themselves, interact with families that have been directly affected through youth violence and develop real tangible and effective opportunities and platforms for sustained changes within their communities.</p> <p>This will be achieved by holding social meetings in discussing solutions to youth issues, support groups for those affected and the setting up of a confidential information line for third party reporting. Our main focus is to develop a community that is united rather than divided when incidence such as knife/gun crime affects our community</p> <p>Our targeted areas will be communities that we have identified has being hot spot areas such as the Cossall Estate, Yellow Brick and Lettsom Estate. These doses not exclude the surrounding communities that are also affected.</p> <p>Due to the fact that Safe N'Sound (SNS) is a well-established organisation within this area our proposal to set up a community hub would consist of:</p> <ul style="list-style-type: none"> <li>Establishing links with the targeted communities by holding social evenings.</li> <li>Recruit and train 3 volunteers from each of the targeted community areas to act as single point of contact (SPOC) who will act as conduit between their estate and SNS.</li> <li>Establish a database to undertake fact finding in the targeted areas include information of local and statutory agencies for the purpose of signposting.</li> <li>Establish bi monthly community meetings to formalise knowledge exchange for best practice. Emergency meetings will be organised in the light of any incident.</li> </ul>	£23,701

558280	Small Trades	Small Trades Peckham and Nunhead	<p>The project will build community cohesion by raising awareness and sharing understanding of the nature and extent of self employment in the Nunhead and Peckham area. This will be achieved by celebrating the people who work in small trades in the form of a documentary portrait project that will show the diversity of the sector in terms of gender, age, ethnicity and type of trades carried on by self employed people in Peckham and Nunhead. Approximately 15% of the workforce works as self employed, mostly in construction trades and as taxi drivers. This project will reveal some of the stories behind the statistics and show more of the real diversity of the sector. Black and white portraits of tradespeople will show them with dignity and respect in their working clothes and with the tools of their trade. Participants will also be interviewed to gather their insights into working in this way, the challenges they face and the benefits they gain from being self employed. An exhibition of their portraits with extended captions gleaned from the interviews will be produced and shown in community venues, restaurants and cafes (and possibly schools) in Peckham, Nunhead and East Dulwich. Discussion events on the experience of working as a self employed tradesperson will also be arranged to coincide with the showings of the exhibition.</p>	£4,474	
553730	westminster house youth club	community cohesion	<p>Fostering better relations between older isolated people and young people on the local estates. there is a lot of mistrust and misunderstanding between older and younger residents and we have tried to bridge that gap, for example by collecting food and delivering christmas parcels to vulnerable older people. we had a one off day in 2015 where we provided lunch and entertainment for a group of older people and we would like to expand this programme and also offer some diversionary activities, in conjunction with some disability awareness sessions, for young people to keep them off the estates at high risk times which will, in turn make older residents feel safer.</p> <p>we aim to : 1. make older residents feel more secure and less isolated. □2. make younger residents more aware of the issues which face their older neighbours.</p>	£5,000

556694	12th Camberwell Scout Group	Cub Centenary event for the Cubs	<p>Walworth Amateur Sport Programme's (Walworth ASP) purpose is to help local sport clubs, from across the central wards of Southwark, in developing their capacity to provide strong, sustainable and cohesive community programmes which will improve the life chances of children and young people through sport. Walworth ASP's objective is to assist more clubs to make sporting opportunities more accessible to children and young people across the central wards of Southwark. It is common knowledge that most community programmes are delivered by local volunteers who are passionate and want to make a difference in their communities and the lives of the young people. However, through lack of information, not having relevant training and qualifications, and limited resources – time, people, financial –, these community champions find it very challenging to continue providing their much needed services in their local communities and eventually stop providing the opportunities for children and young people to participate in organised sport.</p> <p>To be awarded funding by the Community Councils will enable Walworth ASP to continue offering its expert services of establishing and sustaining community clubs, both newly created and/or fledgling organisation which are in need of support and operational guidance. The organisation is currently working with two local clubs, one based in the Newington Ward (Mighty Royals Football Club formed in 2015) and the other in Faraday Ward (Walworth Knights Football Club formed in 2013). Walworth ASP has helped Walworth Knights become a registered club with the London Football Association (FA), have policies and operating procedures installed, and helped create a football development plan which is monitored using the FA's activity management system named UPSHOT.</p> <p>Walworth ASP provides its services free of charge to clubs and all funds received will be used to help community clubs make sport more accessible to more local residents in Southwark.</p>	<b>£2,000</b>

552572	Aaina Womens Group	ESOL PROJECT	<b>£4,384</b>	
558523	Aquarius Golf Club	Aquarius Festival 2016	<b>£4,800</b>	
557659	Bells Gardens wellbeing ambassadors	Bells Gardens step up to health	<b>£2,500</b>	

We would like to provide ESOL for women in our area from different community groups our aim is to achieve level 1 in Basic English. Our target is to teach basic English to 15 local women and how to deal with daily life for example going to the doctors, post office, Hospital etc. this will help women to get on with daily life and they have the opportunity to make friends at Aaina.

Every year, hundreds of the local community attend this event, now in its 7th year. The project intends to provide the community with a fabulous day out, with a festival feel - live music on 3 stages, plenty of healthy activities, including coaches from Southwark Sports/England Athletics and a PGA professional from Kent Golf Union. It is the only event of its type in the local calendar, and is always keen to link with other community groups in the area.

Continuing to provide health and wellbeing activities to the residents. In a community where diabetes, high blood pressure and high cholesterol and obesity is a MAJOR concern, providing constructive classes, education, information and activities, for the residents has aided in community engagement and cohesion. Additionally, providing activities for our youth. Engaging them fostering relationships and building confidence and positive mentoring toward community activities.

556993	BRIMTONROY TENANTS & RESIDENTS ASSOCIATION	AFTER SCHOOL CLUB	<p>Junior After School Club is for school children age 5 year to 11 years, currently attending primary education. We are in a community with more than 300 primary school children, many, facing same dilemma and stand to benefit a great deal from this project. This project is designed to offers a threefold benefits to the community as follows-</p> <p>(1) The Children: - The outcome would mean improved performance for the children in Maths, English and Sciences, with better result in the KS1; KS2; GCSE and College exams.</p> <p>(2) The Parents: - The Parents would have a guaranteed facility to provide their children these extra tutorials needed to improve their performance in these subject areas.</p> <p>(3) The Community: - The Council Authorities, School Authorities and other Stake-Holders within the local authorities responsible to the education and training of our children would achieve better results in the school exams and overall quality of education offered to our children.</p> <p>The Management Committee take full responsibility of identifying this project and all other projects run in our TRA.</p> <p>We started this project last year and it has been a tremendous success both in registration, attendance as well as performance measured at the end of year result of last year. The Children and Parents made a big presentation at the AGM in November last year in show of how the children have progressed from the project.</p> <p>As the "Pilot Project" success attained from the "Junior" After School Club prompted the older children currently in secondary school to demand the expansion of the project to make room for the secondary children "Senior". We can do it if we have the funding; hence we are making this application with the extra demand for funding the new project.</p>	£11,520

549238	Congo Peace Fund	Youth Go Ahead Engagement Project	<b>£4,962</b>	
		<p>Project has three aims, to deliver activities that help local young people under 25 to achieve their personal goals and to become involved in their communities</p> <p>1 Plan to engage and encourage young people to participate in Peckham and Nunhead Community Council meetings. Aim to empower and give them a voice and opportunity to represent other youth within the area. Also young people to be able to contribute in meaningfully local issues thought Community councils.</p> <p>2 To run numbers of Lifestyle Skills training and workshops that support young people in day to day development, engagement in safe community project this include offering safety talks, skills and confidence, motivation to meeting with young people and parent, to discuss ways to improve the problems that they are facing which makes them disadvantaged and vulnerable.</p> <p>3 To establish a facility and space where young people will come together for basic training and learning skills; discover, been part of team as well as discuss issues that affected them, this will be an open opportunity for meeting which councillors; local authority visit regularly and meet young people in need and build relationship with local authority</p> <p>The group has developed a small number of youth activities where we meet and discuss issues that affect them, makes them more disadvantaged and vulnerable. Most of our meeting and discussion based on: Education, employment, training, safe community engagement, knife gung involvement</p> <p>The local community will benefit and appreciate streets that maintain their current standards of cleanliness.</p> <ul style="list-style-type: none"> <li>• Commercial Way Bridge Area around the shops.</li> <li>• Peckham Hill Street to Sumner Road.</li> <li>• Bird in Bush to Friary Road including Ledbury Street.</li> </ul>

558439	Elimhouse Community Association Southwark	+60 BME Health Exhibit (2nd Edition)	<p>The main objective of the second edition of this event is to gather all elderly service provider organisations and institutions of the local community to offer quality information and facilitate access to services by the elderly who require assistance to improve their quality of life, health and well-being. The 2015 edition of this event has highlighted the positive impact of such events directed mainly to members of BME communities that either have difficulties to access services or don't feel comfortable and included in the existing service provider programs.</p> <p>The second main purpose of this event is to promote the engagement of local service providers of services for the elderly in a forum where information and knowledge is shared to benefit the elderly irrespective of their background.</p> <p>In addition to these objectives the following up of the +60 BME Health Exhibit 2015 will enable further research and a more accurate understanding of the local dynamic of elderly services and the possibility to identify further gaps in current services.</p> <p>The choice to organise the event at the Peckham Library courtyard was appropriate and the event had hundreds of visitors. ECAS was able to obtain feedback from 123 over 50's visitors during the event and some of the striking responses revealed that 72% do not know what is a care plan; 73% are not currently engaged in any leisure activity and; 72% Do not have a registered carer. □ It was also possible to discover that 95% of the inquired would like to go on outings more often and 55% are currently getting health care support from the local authority. The findings gathered through similar events will contribute not only to inform and advise visitors but also to contribute to a better guidance on what community groups can do to assist the local elderly.</p>	<b>£4,220</b>	
557081	Gloucester Grove Estate TMO	Senior Citizen Xmas/Festive Season Lunch	<p>Amongst the Gloucester Grove Estate residents are a group of elderly residents who will benefit from a special lunch leading up to Christmas 2016. It allow us to place focus on this group at a time when some are unlikely to have loved ones around them for the festive celebrations.</p>	<b>£1,500</b>	

Reference	Name of group:	Name of project / activity:		Funding requested [£]:	Proposed Award
557957	Gloucester Grove Estate TMO	Summer Funday	A key role of the TMO is to organise activities that will improve community cohesion. Our experience so far suggests that a summer fun day is an opportunity which our residents look forward. We therefore hope to be able to deliver one which is fully funded but importantly allows neighbours to reach out to one another to discuss/exchange shared interests.	<b>£1,940</b>	
558137	Holistic Well Women	RESPECT Project	Respect Project is a series of work shops that will inspire and enable young ladies and women to build positive self-images, confident and self esteem. good character and inspiration so that they can reach their full potential . the project wants to promote Holistic approach to Health and Well-being for young ladies within the local community reduce isolation and get people together. The workshops will topics will cover.	<b>£3,750</b>	
558312	iiChild	Holiday Camps	iiChild holiday Camp started in 2011, it aims to build community cohesion, provide a safe environment for 50 children and young people aged 5-15 from different cultures to meet. It develops young people creative skills. Offer affordable childcare for parents on low-income. offer an alternative to drugs and gun culture. Through meals give the young people staff withwhom they can discuss problems.	<b>£12,000</b>	

Reference	Name of group:	Name of project / activity:		Funding requested [£]:	Proposed Award
554252	Illuminated Arts	A Beautiful Day	<p>Our idea is simple; we want to gently challenge the divisions and separations between the LGBT community and faith communities. The event - a flash-mob of dance and song – will be performed on Rye Lane, involving choirs and dancers from local churches and the LGBT community. The performance will take place in April at midday on a Saturday, and the song performed will be ‘A Beautiful Day’ by India Arie. The deliberately simple idea has been designed to allow casual interaction while focusing on a positive and attainable goal.</p> <p>Our objectives are relatively simple:</p> <ul style="list-style-type: none"> <li>• To facilitate meetings between communities that may not ordinarily interact, that will allow them (and us) to see past their own prejudices.</li> <li>• To remind our local area that events that are diverse and inclusive are a positive way to broker peace in our community.</li> <li>• To create a joyful and meaningful experience.</li> </ul> <p>We feel that events like this are critical, as racism and homophobia pitch communities against one another, and perceptions of faith environments as homophobic are allowed to remain unchallenged. Prejudices of many kinds can stand in the way of forming peaceful, strong communities, and one of the ways we can change these perceptions is to share one another’s stories. Without introducing conflict or creating confrontation, we have planned a framework with built-in opportunities for people from these communities to meet and get to know one another, exchange stories and experiences, and see each other outside the context of faith or sexuality.</p> <p>Through the rehearsals we will encourage the exchange of experiences, with a vision that mutual respect and friendships will develop. Dialogue and connections are a good way to dissolve separations, and we want to bring people together and at the same time create a joyful and life-affirming experience.</p>	£1,850

557576	Leaders of Tomorrow (LOT)	Leaders of Tomorrow (LOT)	<p>The Leaders of Tomorrow (LOT) was established in 2002 to raise the academic achievements of children and young people through our weekly structured after school leadership and mentoring programme. There is a paucity of after school curriculum based leadership programmes designed to support BME young people with leadership potential. This is evident by the plethora of requests received for our services from parents and youth workers. The need will be even more acute with the imminent demise of Southwark Youth Service. What we aim to achieve is to have a group of well-trained BME young people who will have the confidence and ability to compete effectively in a very competitive global market place. Through our successful partnership with British Airways, 10 UK young leaders attended the 2015 USA Orlando Business Education conference. Another 10 will be attending the October 2016 residential conference in New Orleans. Students will develop leadership skills, passion and commitment not only to make changes in their lives but to inspire others through their achievements and help reduce disaffection in the wider community. Twelve newly trained Alumni will support existing students and mentor other vulnerable youths who might be at risk from school exclusions and offending. We envisaged that overall, 60 children and young people will benefit from our intervention during 2016.</p> <p>In summary, benefits/outcomes will include:</p> <ul style="list-style-type: none"> <li>a) Improvement in attitude, behaviour and interpersonal skills</li> <li>b) Improvement in academic and leadership skills</li> <li>c) Development of entrepreneurial skills and business acumen</li> <li>d) Gaining work experience and matching with professionals and business mentors</li> <li>e) Participation in decision making through joining Youth Forum, school councils, etc.</li> <li>f) International exposure to business and the wider world of work</li> <li>g) Volunteering in the community</li> </ul>	£7,000

558291	Little People's World	Summer Support Activities for Families with Children	<p>Little People's World (LPW) project is: To run a programme of activities organised by parents from our group. The programme will include:</p> <ol style="list-style-type: none"> <li>1. Arts and crafts activities e.g. - pottery, card making, collage, jewellery making etc</li> <li>2. Face painting activity</li> <li>3. Sport activities e.g. kickboxing, dance, Zumba etc</li> <li>4. Healthy Cooking sessions</li> <li>5. Trips to a theme park, mini trips e.g. Coram's Field, Horniman Museum, Mudchute Park/Farm Our project is needed in order to:</li> </ol> <p>1. Reduce families' feelings of isolation; Many families attending our sessions are isolated. They do not know anyone either because they are new to the area/ country. These activities will help bring families together by providing opportunities to develop friendships through taking part in practical activities together and visiting places of interest as a group.</p> <p>. Improved sense of community and belonging; The programme helps people to learn new skills, enjoy experiences through visiting places of interests. Parents will become more aware of their surroundings and what happens where they live therefore strengthening their families and the community.</p> <p>3. Increase volunteering opportunities and job ready skills; There will be many programme tasks that parents can volunteer for which will help improve their skills in planning, organising, budgeting, working in a team and research. These skills can also be used to increase their prospects for future employability. Our project will benefit the local community by:</p> <p>Reaching approximately 80 families with young children who have little or no financial resources to spare, have a great indoor and outdoor fun activities organised over the summer holidays.</p>	£2,000

556523	London Senior Social	Local people helping local people	<p>The aim of the project is to provide a series of 24 creative workshops. These workshops will be delivered in blocks of 8 and will cover Art, Music and Dance.</p> <p>The Art workshop will be facilitated by the Artist Bridget Virden of Senior Art School. Bridget has worked extensively with older people over the years and won awards for her outstanding contribution to art.</p> <p>The dance workshop will be led by a local choreographer Jean Hadden.</p> <p>Jean Hadden's dance group specialises in expressive retro dance. Her style of choreography is extremely popular with older people igniting pleasant memories from their youth.</p> <p>The music workshop will be facilitated by music composer and lyricist Becky Rea who will capture special moments from their past and jointly transform these stories into lyrics and a musical composition.</p> <p>These series of workshop will be run from the lime trees house. I have been working closely with the service delivery manager and members at Lime tree house. We have jointly identified that their members will benefit from accessing more creative activities and that is how I was able to identify the need.</p> <p>I have also spoken to neighbouring shelter house such as Fred Frances and Lew Evans whom have expressed an interest in participating in these workshop.</p> <p>The project proposed targeted group will be a diverse group from Shelter Houses  50 Lime Tree  25 Fred Frances  30 Lew Evans participants</p> <p>I have researched the market, London Senior Social is the only organisation offering a diverse range of creative activities catering exclusively to the needs of older people.</p> <p>Some of the benefits to participants include:  Better community cohesion, building new friendships, learning new skills promote inclusiveness, improved mental and physical wellbeing of the participants.</p>	£3,760

557989	MCSAS-HEARTS OF LOVE	"YOUTH MODERN FINE-ARTS ON CANVAS"	<p>MCSAS has been successfully providing services and projects within the Peckham Ward for approximately fifteen years. Its aim is to engage with vulnerable and disadvantaged young people aged 13 to 19 at risk of offending, being excluded or excluded from school, the community and family. We will reach out to social excluded young adults in Peckham particularly those in the not in training or education group (NEET's). MCSAS will provide developmental and educational programmes aimed at reducing involvement in crime, anti-social behaviour, raise social awareness issues, well-being/health issues, and youth engagement within the community. In September and October 2015, we conducted face to face street interviews with more than 200 young people aged 13-19 across Peckham, Nun-Head, Camberwell, Walworth road and Old-Kent road Community wards: We asked them to complete simple questionnaires about participating in "YOUTH MODERN FINE-ARTS ON CANVAS" project. The results showed that 88% of 13-19 year old want this art project; 67% of 13-15 year old said, they had nothing to do after school, so the project would help; 99% of 13-19 year olds want to change the general public's perception on the idea... "that all youth are violent gang members"; 59% of 17-19 year old who falls within NEET had no adequate support. □ The project would help improve the local physical environment by reducing unwanted graffiti arts on walls, cars, public properties which are currently considered an eye-sore. Peckham community will benefit physically and socially when young people have this arts project to involved in rather than remaining socially isolated. I find it frustrating that there are funding cuts already in the life long learning of adults in the ESOL provision. Also there are very few courses that take places with embedded learning such as a skill like art or crafts. I feel i can make a difference to vulnerable women's lives who don't step outside the house for their own well being. I think this project will be very personalised and will ensure the stepping stone for women to gain thier self confidence and self esteem.</p>	£5,000	
557770	Mumtaz Banu	English as a second language with arts and crafts for women		£1,000

558535	Outside the Box	Late Bloomers - Healthy Ageing project	<p>The project is aimed at improving the health and wellbeing of local people by teaching out to vulnerable members of the community. The services would be based at the new community centre in Nunhead. As it grows it is hoped that a mobile service could also be provided in order to include members of the community unable to come to the centre. This would include reflexology and reiki which reduce stress, improve mood and help to encourage more flexibility.</p>	<b>£1,545</b>	
558308	Parent Research Group	African Caribbean Parents Report Launch	<p>The event would be the launch of the research report, findings and recommendations to the community. The primary aim of the report was to document the experiences and expectations of Caribbean parents/carers living in Peckham, Southwark. The report was initially commissioned by the Community Engagement Team and we are now at the stage of implementing some of the recommendations in the report. One of which, was to set up an African Caribbean Parents' Network in Southwark. The report identified a lack of parents/carers' knowledge of the assessment systems used in schools and of the resources/organisations who could support them and their children. The Launch Event would be open to all Southwark parents/carers, their children, teachers and Senior Managers from Southwark primary schools and community organisations who support families in Southwark. The main benefactors would be the parents/carers as the event would;</p> <ul style="list-style-type: none"> <li>- give parents/carers more knowledge to further enhance their child/ren's educational attainment,</li> <li>- enable parents, carers to gain a better understanding of the educational system, through conversations and presentations and workshops. - the opportunity to develop the support network. As far as we know, there is not a Southwark wide support network for African Caribbean parents/carers. Once the report has been launched, a support network would be established and termly meetings/workshops would take place where Southwark based groups, education professionals and national organisations/charities would be invited to present their expertise and resources.</li> </ul>	<b>£2,910</b>

557749	Peckham Citizens	COMMUNITY LUNCH AT KELLY AVENUE PARK	<p>We want to hold a community lunch at Central Venture Park (known locally as Kelly Avenue Park) to launch a Friends of Kelly Avenue Park.</p> <p>In 2015, Peckham Citizens spoke to 1,000 people in the area and many spoke of the fears they had letting their children go to this park in particular. The issue was frequently raised by children and parents from Oliver Goldsmith and St James the Great Primary Schools. We want to work to make this park cleaner, safer and to change its reputation. One of the ways to do this is to encourage local people to take some ownership over how the park is run and what happens there. This event in particular will focus on encouraging people from different backgrounds to come together to share food and begin to plan their involvement in Kelly Avenue Park. We feel one of the universal ways for people to relate, regardless of background, is through food. Therefore, we would like to hold a community lunch at the end of June 2016. We have held several events with over 100 people before and are aware of the preparations required to deliver.</p>	£900	

Reference	Name of group:	Name of project / activity:		Funding requested [£]:	Proposed Award
558309	Peckham Vision	Peckham community planning project	<p>AIMS: This project builds on previous community planning work by Peckham Vision and continues to benefit hundreds of local people. The aim is to continue to develop its focus, quality and impact, facilitating more of all ages and ethnicities to engage with others in the community, in relation to planning and developments in Peckham. This involves;</p> <ul style="list-style-type: none"> <li>* facilitating the Peckham Planning Network, and Rye Lane Traders' Association * delivering the Peckham Vision shop in Holdron's Arcade as an accessible daily information centre plus twice weekly drop-in sessions;</li> <li>* organising and delivering events throughout the year, including planning sessions, workshops, public community meetings, and making planning contributions to other community events. NEED: Planning is complicated, multi-level and technical - applications, enforcement, conservation, regeneration, planning policy, PNAAP, NSP, London Plan, etc. People need help to navigate this, and support in linking their experience of living or working in Peckham to the planning process and related issues and policies, and working with others in the community to engage with it.</li> </ul> <p>Following the demise of the Willowbrook Centre several years ago there is no other source of planning support available to the Peckham community. BENEFITS: The project helps local people to engage more effectively with the Council's consultation processes on planning applications, regeneration and planning policy. It also contributes to effective community development: local people get to know each other across their differences (eg residents and traders, different ethnic heritages, social economic situations and faith practices) through their mutual interests in protecting and improving Peckham. This contributes to a cohesive and resilient community in these times of challenging changes.</p>	£5,000

558242	Peckham weeklies	Peckham weeklies	<p>The peckham weeklies is a multi-disciplinary, multi-age, free range community group that come together every Tuesday evening. Substantially assisted by the wisdom of existing community groups, it has generated an inclusive and productive framework for meetings: through its focus on devising and publishing magazines about Peckham, it has provided a valuable forum for debate which, in turn, has brought about a deeper understanding of and engagement with issues of planning, the local economy and identity.</p> <p>The weeklies team has co-created a series of content-rich magazines, harnessing the talents of local volunteers to delve into the architecture and activities that make Peckham such a distinctive and interesting place. Weeklies meetings have proved fertile ground, sparking new ideas, research proposals and links with local and national groups.</p> <p>The peckham weeklies group proposes to create a mapping of the community infrastructure in the Peckham and Nunhead Community Council Area using the online engagement tool Commonplace. Currently there is a lack of knowledge about what community infrastructure exists and what is missing. We would like to engage a broad section of the community into thinking about what constitutes community infrastructure, where it is located and where it is missing. This creative mapping exercise seeks to support the development of proposals for the Community Infrastructure Levy List. In this way we hope to inform priorities for spending during the area's development, so that the growth of facilities, residents and businesses enhances community cohesion and culture rather than fragments and dissipates it.</p> <p>Peckham weeklies is planning to focus one of its magazine publications on community infrastructure. As part of the weekly meetings and in order to engage a wide range of local groups with the Commonplace mapping, the weeklies will seek to invite and visit community groups in the Peckham and Nunhead Area.</p>	£3,000	

Reference	Name of group:	Name of project / activity:		Funding requested [£]:	Proposed Award
558121	Safe N'Sound Youth Project	Unity in our Community	<p>Much of our support has been around young people but we have identified the need to support community members. Our proposal is to set up a community support hub led by the community that would provide a place where community members can come for advice and support enabling them to develop tactical solutions to our youth problems. This project will encourage communities from all backgrounds to come together in a safe space where they are able to express themselves, interact with families that have been directly affected through youth violence and develop real tangible and effective opportunities and platforms for sustained changes within their communities.</p> <p>This will be achieved by holding social meetings in discussing solutions to youth issues, support groups for those affected and the setting up of a confidential information line for third party reporting. Our main focus is to develop a community that is united rather than divided when incidence such as knife/gun crime affects our community</p> <p>Our targeted areas will be communities that we have identified has being hot spot areas such as the Cossall Estate, Yellow Brick and Lettsom Estate. These doses not exclude the surrounding communities that are also affected.</p> <p>Due to the fact that Safe N'Sound (SNS) is a well-established organisation within this area our proposal to set up a community hub would consist of:</p> <ul style="list-style-type: none"> <li>Establishing links with the targeted communities by holding social evenings.</li> <li>Recruit and train 3 volunteers from each of the targeted community areas to act as single point of contact (SPOC) who will act as conduit between their estate and SNS.</li> <li>Establish a database to undertake fact finding in the targeted areas include information of local and statutory agencies for the purpose of signposting.</li> <li>Establish bi monthly community meetings to formalise knowledge exchange for best practice. Emergency meetings will be organised in the light of any incident.</li> </ul>	£23,701

558489	Shared Intense Support Service	SIS Social & Business Academy	<p>SIS would like to improve the social behaviour and increase the numbers of women in employment within Southwark. Working with high risk women, SIS would like to expand our business and social school across Southwark so we are able to reach more women. We aim to run 18 weeks of intensive workshops, that will address 24 key areas including education, ICT, business etiquette, employability skills, living skills etc.</p>	<b>£4,200</b>	
558280	Small Trades	Small Trades Peckham and Nunhead	<p>The project will build community cohesion by raising awareness and sharing understanding of the nature and extent of self employment in the Nunhead and Peckham area. This will be achieved by celebrating the people who work in small trades in the form of a documentary portrait project that will show the diversity of the sector in terms of gender, age, ethnicity and type of trades carried on by self employed people in Peckham and Nunhead. Approximately 15% of the workforce works as self employed, mostly in construction trades and as taxi drivers. This project will reveal some of the stories behind the statistics and show more of the real diversity of the sector. Black and white portraits of tradespeople will show them with dignity and respect in their working clothes and with the tools of their trade. Participants will also be interviewed to gather their insights into working in this way, the challenges they face and the benefits they gain from being self employed. An exhibition of their portraits with extended captions gleaned from the interviews will be produced and shown in community venues, restaurants and cafes (and possibly schools) in Peckham, Nunhead and East Dulwich. Discussion events on the experience of working as a self employed tradesperson will also be arranged to coincide with the showings of the exhibition.</p>	<b>£4,474</b>

558290	Southwark Project and Migrant Project Ltd	Southwark Refugee and Migrant Project Ltd	<p>SRP Multi-Purpose Resource Centre: The refugees and migrants living in the LB Southwark are so diverse in terms of their ethnic, social, cultural and educational backgrounds. Similarly their problems, needs and aspirations are as well so diverse yet most of them face similar multiple factors of social and economic exclusion. LB Southwark is one of the top boroughs hosting refugee and migrant families. For the past 24 years SRP has diligently built first-hand knowledge of refugees, asylum seekers and newly arrived migrants' needs and the barriers that impede their social inclusion and ultimately their integration into the wider community. The Centre is designed to provide both open door services to users who need to have access to SRP computer suite to search for jobs, bid for houses, write assignments, search the internet for information or the structured training sessions such as ESOL, basic IT courses, use of the Internet, running job-search skills workshops for employable clients actively seeking employment or some short training courses including sewing/dress-making for women, basic food hygiene and parenting skills. The Centre is also used by partner organisations such as LAP, PVSF, AAINA Women's Groups to deliver awareness/training sessions on issues such as bookkeeping, budgeting, domestic violence as well using the rooms for meetings. The project beneficiaries, individuals / organisations are expected to gain the following outcomes:</p> <ul style="list-style-type: none"> <li>• Building users' confidence to progress to FE colleges, or Further Training</li> <li>• Beneficiaries are socially included and integrated into the local community</li> <li>• Increased their participation/contribution in the public and civic life of the host community</li> <li>• Accessible and well-furnished venue for</li> <li>• Collaboration, better use of resources and partnership development</li> <li>• Access to audio-visual equipment and unlimited access to the Internet</li> </ul>	£9,208

558118	Southwark Travellers Action Group	STAG Gypsy Roma Traveller History Month celebrations	<p>Gypsy Roma Traveller History month is in June and is an opportunity to celebrate Traveller culture. We wish to both celebrate Traveller culture and to bring communities together to address misunderstanding, prejudice and discrimination faced by the Traveller community. To do this, we wish to hold a series of activities including a family fun day and the creation of a display focusing on the history of the local Traveller community, created by our youth group. Our family fun day is an event focused around children and families and provides an opportunity for local Travellers to come together with people from other communities and celebrate Traveller culture and socialise. The goal of this is to foster social cohesion and to address misconceptions about Traveller culture as well as celebrating the Gypsy, Roma and Traveller communities' rich history and culture. STAG is forming a youth group in 2016 and one of their projects will be focusing on oral history and celebrating and recording the history of Travellers and Gypsies in Southwark. We wish to create written and photographic materials as part of this project that can form a display which could be moved around to different spaces in the borough. We have already secured the pop up shop in Peckham, and would display the materials at our family fun day. These activities are beneficial both to local Travellers in promoting understanding of their culture, and to the community as a whole in celebrating its rich diversity.</p>	£3,056

558173	Spontaneous Combustion	Spontaneous Combustion Festival 2016	<p>Spontaneous Combustion Festival 2016 will feature 2 days of free-of-charge dance and live art performances happening around the area of Copeland Park and the Bussey Building. Performance locations will include the alleyway, car park, roof, shops. The festival is supported by Copeland Park, Peckham Vision and by several local businesses (The NINES Peckham, Victor's Lab yoga studio, The Yard gym, Seabass Cycles).</p> <p>Artists are invited via an open call to create site-specific art work or performances inspired by these urban spaces, their history and current use. Presenting performances in urban spaces instead of theatres or galleries brings performance closer to their residents and especially those who do not normally attend performance or art events. It also encourages a sense of belonging amongst local residents and an appreciation of these spaces. A one-week residency will also be offered to two local artists, who will be invited to create a site-specific participatory work and to run 4 family workshops, held during the two days of the festival.</p> <p>Members of the community are also invited to participate in the organisation and delivery of the festival as volunteers. In the past three years, Spontaneous Combustion has been supported by arebyte gallery, Idea Store Libraries and various independent businesses. In 2015, the festival was held in Copeland Park and the Bussey Building and had over 400 audience, 40 performers, 10 volunteers and 27 different performances. In 2016, we aim to reproduce these figures, and to increase our family audiences through 4 artist-led workshops. These will be open to 15 children with accompanying adult, for a total of 120 participants. Total beneficiaries for this year will therefore be up to 570. Similarly to Peckham and Nunhead Free Film Festival, Spontaneous Combustion encourages community members' participation and uses outdoor or unconventional spaces and venues.</p>	£1,383	Proposed Award

557667	Sporting Recovery CiC	SR Exercise Programme	Our project is to assist individuals with complex care needs reintegrate into society by providing them with social opportunities	£4,920	

			<p>related to physical fitness, and healthy lifestyle activities. Additionally our intention is to foster a supportive community where progress is measured on both an individual and collective basis, and where qualifications are gained to encourage and provide a meaningful sense of achievement.</p> <p>The main aim of our sports programme is the implementation of social prescribing solutions that gives structure and promotes social interaction to marginal adults who often have concerning co-morbidity problems (e.g. illicit substance misuse and/or offending behaviour) and have difficulties accessing, trusting and re-engaging. Designed for individuals who have been inactive for a prolonged time and coming primarily from the following groups; mental health, drug and substance misuse', ex- offenders. the programme includes a range of team and individual sporting activities. Also included is advice and information on how to sustain a healthier lifestyle, with access to healthy foods (lunches).</p> <p>The genesis of Sporting Recovery was a successful South London and Maudsley NHS Trust clinical pilot exercise project that sought to address the difficulties that mental health service users experienced when trying to reintegrate into their local communities. Over forty percent of the service users on the programme were able to either reduce or come off their prescribed medication.</p> <p>Compelling evidence of demand for this programme has been service users who have voted with their feet, i.e. 'Even though the pilot project ceased in March 2014, many of the clients have returned to the community centre asking if there is any football training.' We've run free taster exercise sessions during the summer months where different sports were available. From this there were a number of enquires about training for football, weight training table tennis and badminton.</p>

558455	St. Georges Pop-In	Art exhibition for St Georges's Pop-In Tuesday Art Club	<p>St Georges Pop-In provides social and educational/wellbeing experiences for adults in southwark with learning disabilities. We want our members to have the chance to showcase the fruits of their efforts at the Tuesday art club to the wider public, and propose to mount a short exhibition of their work to local people via the Wells Way Pop up space and latterly the brand new library. THis will benefit the community through mixing of different groups, and will benefit our members through the chance to become more widely noticed and hopefully appreciated. We hope that the public will be inspired by the art and our Members will be inspired by the exhibitions.</p> <p>Our aim is to bring together everyone by welcoming all to the Annual Xmas Peckham Christmas Tree Light Up. Children from local schools , local shop keepers, and members from the local community &amp; Councillors, all working together to keep the spirit of Christmas alive in Peckham.</p> <p>Local Children we would encourage to join in and sing carols around the Christmas Tree. Local shopkeepers will assist to help with the refreshments for this event and the local community to help in various ways. on the event day.</p> <p>Over previous years there has been around 200+ people in attendance.</p> <p>The event is welcome to all members of the community regardless of Religion Age sex ethnicity, photos in local press validate this.</p> <p>the event brings a positive impact on The local community by bringing people together and brings a sense of belonging and respect for our local community.</p> <p>The Event is a one day event at the end of November or early December 2016</p>	<b>£1,360</b>	
558081	Sumner Residents Association	Keep the spirit of Christmas alive	<p>Our aim is to bring together everyone by welcoming all to the Annual Xmas Peckham Christmas Tree Light Up. 557907	Swanzie School of Talent Community Interest Company	Swanzie Sch of Talent CIC	<p>The project will offer tutoring and learning support services to local families in Southwark.</p> <p>There will be a provision of educational referral and advisory services.</p> <p>This will be done in a positive learning environment through the use of proven teaching methods.</p> <p>Our focus will be on Maths/Numeracy, Literacy/English and Digital skills.</p> <p>Our aim is also to get young people to have confidence in using digital skills and also think of going into careers in Science, Technology and Engineering.</p>	<b>£3,500</b>	
Reference	Name of group:	Name of project / activity:	Funding requested [£]:	Proposed Award	

558415	TEARDUSK	Digital Drop In	<p>The project aims to set up a digital drop in where the community will have the opportunity to work together and express themselves creatively through the digital arts such as film, photography and graphic design whilst also bringing the community together to improve digital inclusion through workshops teaching how to access and use information and communication technologies. Over 200 people will benefit from the project including workshop participants, event attendees and the viewers of the content shared through online platforms. The need is evident from gaining feedback from the community including Southwark council colleagues, local businesses and young people from the area. The recent November community council meeting also reinforces the need to equip members of the community with key digital skills.</p> <p>Targets and Milestones include the following:          Bringing community together to develop workshop event and showcase work created by members of the community.          Develop a workshop where members of the local community and small businesses can gain support.          Produce creative digital content which can be shared online to maximise outreach to the community          Outcomes include, more young people being equipped with tangible skills and provided with the resources for creative expression. Community groups and Local businesses gaining access to digital training and support. Diverse members of the community coming together to learn, share and create.          Currently other projects in the area include the Skills for Life programme. Our project differs from this one as we have a stronger focus on digital training and have incorporated engaging creative elements such as production skills including videography and photography.          We also see this as an opportunity to work with other organisations such as LYST who work with disadvantaged young people in the area our aim will be to help develop their soft skills and reintegrate them into the community.</p>	£1,500

555469	The Bad Karma Impala Project	The Bad Karma Impala	<p>Domestic abuse affects one in three women and causes two deaths per week in the UK alone. Despite this frequency, society remains ignorant of the myriad forms domestic abuse can take. Physical violence is but one symptom of this silent epidemic that affects all communities, no matter their race or religion. This project will educate the community so that “denial” is no longer an option for victims, perpetrators and/or bystanders alike. It will also prevent the secondary violence that victims suffer through being stigmatized as “weak, passive, stupid”.</p> <p>By bringing together artists and local businesses, this project raises funds for and awareness of the vital work done by Solace Women’s Aid. The central piece of this joint venture is The Bad Karma Impala, the UK’s first charity art-car. The 1968 Chevy Impala is a highly sought-after American classic. However, this Bad Karma Impala has a story to tell: imported to England by Camberwell-trained artist, Imogen Paton, later joy-ridden, crashed and abandoned by her ex-partner, it is a relic of the violent relationship she survived. With Dream Cars, a local business that restores classic cars, Imogen will reupholster the car to reflect the anti-authoritarian spirit of 1968. The completed art-car will be available for private hire, all profits directly donated to Solace Women’s Aid.</p> <p>Art auctions will be held to raise funds for the overhaul of the battered Chevy which will be displayed, providing the perfect icon to address the complexities of domestic abuse without resorting to images of the victimized, female body. The reborn car will in turn become a poignant-yet-literal symbol for women who wish to “move on”. This project will benefit women and children who have suffered chronic domestic abuse by vouchsafing the work of Solace; reduce the stigma of abuse; empower community members to create social change.</p>	£29,963

558464	Adinkra Arts Collective	Afriganza	<p>Afriganza presents London's largest 1 day African festival. Multi-layered event celebrating African creativity in all its forms. Extravaganza of arts and culture, leaving you wanting more. Bringing communities together to explore quality African arts and culture, exciting narratives, providing a platform for African and diaspora heritage. Four floors emerging artists celebrating vibrancy and diversity of African community experience told from their point of view. Demystifying preconceptions and countering stereotypes. Engagement from Africa and wider African community, through films, live entertainment, panel discussions, exhibition, folklore, craft market exhibiting hand-made crafts, health products, art, accessories and fashion and fresh authentic caterers. An inclusive opportunity engaging with Africa's emerging art scene inspiring communities to take a more global perspective. Increasing the rich diversity of African culture, challenging perspectives, bridging other communities and industries in Southwark. The event will encourage all communities especially Africans to be proud of their heritage and understanding the experience of those with African roots embedded within Southwark. The festival will encourage a wider audience exposed to the contribution that Africans can and are making to Southwark. Bringing professionals and industry to the community inspiring undertaking education and employment within the arts. I have voluntarily coordinated successful high attended multi-layered events at the Bussey Building, organising logistics, evaluation, engagement, budgeting recruiting volunteers and facilitators.</p> <p>Every year, hundreds of the local community attend this event, now in its 7th year. The project intends to provide the community with a fabulous day out, with a festival feel - live music on 3 stages, plenty of healthy activities, including coaches from Southwark Sports/England Athletics and a PGA professional from Kent Golf Union. It is the only event of its type in the local calendar, and is always keen to link with other community groups in the area.</p>	£5,400

558653	Caleb Group	Caleb Seniors Group	<p>The group consists of a group of 50 seniors who are over the age of 55. The group meet up together once a week to meet chat, exchange ideas, play games, and socialise we try to put together a calendar of activities. The group also invite in other organisation to provide them with information about issues that affect their health and finance. They also meet and organise outings. The group encourages friendships and prevents isolation and is a safe base to meet. We want to request assistance with a outing we do with out seniors which is a seaside trip. Which we try and do once a year, but what we have noticed is that many of the seniors are finding it difficult to pay for the trip so we are seeking funding to hire a coach to take the seniors on a seaside trip.</p>	<b>£1,000</b>	
555369	Community Cycleworks	Peckham Rye Bike-Fix	<p>With help from Southwark Play Service and support from the Lead Playworker at Peckham Rye Adventure Playground, and following the delivery of a year of bikefix sessions and recycled bike sales in 2014/15, Community Cycleworks opened a dedicated bike workshop container on the adventure playground. Peckham Rye Cycleworks was launched earlier in 2015 and we have been running monthly sessions coinciding with playground opening times. These sessions were share-funded by Community Cycleworks and Southwark Play Service. Attendance has always been good on this popular site. Community Cycleworks is a successful, and award winning (LCC Youth Project of 2015) community resource. We have qualified mechanics who pass on their skills, and we encourage self-reliance among our participants. Matt Beale-Collins and Stewart Vanns are both qualified and experienced cycle instructors and mentors to young people. We also took approx.35 young people on led rides in Central London this year, thanks to the Mayor's Cycling Fund. We promote the bicycle as a legitimate means of transport, We use only recycled materials, apart from some small components, and actively promote recycling and re-use generally. We find that there is a missing generation of bike riders and fixers. Parents now don't ride and can't fix a puncture. Our overall target is a session a month from Peckham Cycleworks.</p>	<b>£4,040</b>

553573	friends of Peckham Rye Park	FOPRP annual fete	<p>The annual fete brings together the local communities of Peckham Nunhead and Dulwich. It is a tried and tested event that brings enjoyment to the community of all ages. all profits made go towards supporting projects within the Park and Common, the community from those areas all benefit from the event and our support of projects. □the fete takes 4 or 5 months to prepare.</p>	<b>£1,500</b>	
558137	Holistic Well Women	RESPECT Project	<p>Respect Project is a series of work shops that will inspire and enable young ladies and women to build positive self-images, confident and self esteem. good character and inspiration so that they can reach their full potential .</p> <p>the project wants to promote Holistic approach to Health and Well-being for young ladies within the local community reduce isolation and get people together.</p> <p>The workshops will topics will cover.</p> <ul style="list-style-type: none"> <li>R - Respecting your self and others</li> <li>E - Esteem Self Image and Confidence</li> <li>S- Smart Choices, Fitness and Healthy Eating.</li> <li>P -Positive Relationships</li> <li>E Education and Career Development</li> <li>C Character Building &amp; Leadership Skills</li> <li>A Arts individual talents.</li> </ul> <p>There will additional workshops on goal setting and action planning, a graduation event and empowerment coaching after the workshops.</p> <p>This will be a 10 week programme There is a great need for the project in Southwark. Many women in Southwark are victims of domestic violence and abuse and discrimination in there personal lives and a lot of them have lost hope and don't know where to turn. The respect Programme will empower them to become much more confident person to understand and reach their potential and improve their confident and well being.in order to give them a positive direction using an holistic approach to wellbeing in a friendly, fun and supportive environment.</p>	<b>£3,750</b>	

Reference	Name of group:	Name of project / activity:		Funding requested [£]:	Proposed Award
554252	Illuminated Arts	A Beautiful Day	<p>Our idea is simple; we want to gently challenge the divisions and separations between the LGBT community and faith communities. The event - a flash-mob of dance and song – will be performed on Rye Lane, involving choirs and dancers from local churches and the LGBT community. The performance will take place in April at midday on a Saturday, and the song performed will be ‘A Beautiful Day’ by India Arie. The deliberately simple idea has been designed to allow casual interaction while focusing on a positive and attainable goal.</p> <p>Our objectives are relatively simple:</p> <ul style="list-style-type: none"> <li>• To facilitate meetings between communities that may not ordinarily interact, that will allow them (and us) to see past their own prejudices.</li> <li>• To remind our local area that events that are diverse and inclusive are a positive way to broker peace in our community.</li> <li>• To create a joyful and meaningful experience.</li> </ul> <p>We feel that events like this are critical, as racism and homophobia pitch communities against one another, and perceptions of faith environments as homophobic are allowed to remain unchallenged. Prejudices of many kinds can stand in the way of forming peaceful, strong communities, and one of the ways we can change these perceptions is to share one another’s stories. Without introducing conflict or creating confrontation, we have planned a framework with built-in opportunities for people from these communities to meet and get to know one another, exchange stories and experiences, and see each other outside the context of faith or sexuality.</p> <p>Through the rehearsals we will encourage the exchange of experiences, with a vision that mutual respect and friendships will develop. Dialogue and connections are a good way to dissolve separations, and we want to bring people together and at the same time create a joyful and life-affirming experience.</p>	<p><b>£1,850</b></p>

557989	MCSAS-HEARTS OF LOVE	"YOUTH MODERN FINE-ARTS ON CANVAS"	<p>MCSAS has been successfully providing services and projects within the Peckham Ward for approximately fifteen years. Its aim is to engage with vulnerable and disadvantaged young people aged 13 to 19 at risk of offending, being excluded or excluded from school, the community and family. We will reach out to social excluded young adults in Peckham particularly those in the not in training or education group (NEET's). MCSAS will provide developmental and educational programmes aimed at reducing involvement in crime, anti-social behaviour, raise social awareness issues, well-being/health issues, and youth engagement within the community. In September and October 2015, we conducted face to face street interviews with more than 200 young people aged 13-19 across Peckham, Nun-Head, Camberwell, Walworth road and Old-Kent road Community wards: We asked them to complete simple questionnaires about participating in "YOUTH MODERN FINE-ARTS ON CANVAS" project. The results showed that 88% of 13-19 year old want this art project; 67% of 13-15 year old said, they had nothing to do after school, so the project would help; 99% of 13-19 year olds want to change the general public's perception on the idea... "that all youth are violent gang members"; 59% of 17-19 year old who falls within NEET had no adequate support. □ The project would help improve the local physical environment by reducing unwanted graffiti arts on walls, cars, public properties which are currently considered an eye-sore. Peckham community will benefit physically and socially when young people have this arts project to involved in rather than remaining socially isolated.</p> <p>Fourth year in a row. Nunhead comes together on the July the 4th Weekend to let people know we live in Nunhead. We parade around Nunhead, singing songs about local historical events, highlighting what is amazing about Nunhead. Each year more and more people walk with us giving health benefits, and adding to community inclusion. Nunhead, Nunhead, Nunhead Forever.</p>

558077	Nunheads Voice Ltd	Sunshine Club	<p>The project aims to offer a mixed programme of regular activities for older people to promote physical and mental well being and overcome social isolation. We have been approached by older people who expect Nunheads Voice to be actively organising activities for older people in the Community Centre. Their needs are not being met by the groups approaching us to hire the Centre.and this would help to replace the extremely popular 'Sunshine Club' that met in the original Nunhead Green Community Centre. Older people have said they want to see regular free activities in the Centre that will make it a place for "someone like me."</p> <p>We're seeking funding for 6 hours a week of mixed activities, running for 48 weeks a year. This would include a social club with games, providing mental stimulation and challenge; a monthly film club; a weekly fitness class; and regular bingo sessions. There would also be scope to use the social club for talks on health and wellbeing topics and for consultation purposes.</p> <p>Nunhead's Voice will contribute volunteer time to manage and run all activities, with the exception of the Fitness Class, which would be led by a qualified instructor. We will aim to have an average participation rate of 40-50 people.</p> <p>Although there are some organised activities for older people in the Nunhead area we would like to offer a mixed community setting that will create more interaction between older people and other age groups. Targeted activities for older people will bring them into the Centre where they may also access other activities. We will seek to work in partnership with relevant agencies, in particular with Age UK with whom we already have a good working relationship.</p>	£4,910	

Reference	Name of group:	Name of project / activity:		Funding requested [£]:	Proposed Award
558535	Outside the Box	Late Bloomers - Healthy Ageing project	<p>The project is aimed at improving the health and <input type="checkbox"/> wellbeing of local people by reaching out to vulnerable members of the community. <input type="checkbox"/> The services would be based at the new community centre in Nunhead. As it grows it is <input type="checkbox"/> hoped that a mobile service could also be provided in order to include members of the community unable to come to the centre. <input type="checkbox"/> This would include reflexology and reiki which reduce stress, improve mood and help to encourage more flexibility.</p>	<b>£1,545</b>	
558308	Parent Research Group	African Caribbean Parents Report Launch	<p>The event would be the launch of the research report, findings and recommendations to the community. The primary aim of the report was to document the experiences and expectations of Caribbean parents/carers living in Peckham, Southwark. The report was initially commissioned by the Community Engagement Team and we are now at the stage of implementing some of the recommendations in the report. One of which, was to set up an African Caribbean Parents' Network in Southwark. The report identified a lack of parents/carers' knowledge of the assessment systems used in schools and of the resources/organisations who could support them and their children. The Launch Event would be open to all Southwark parents/carers, their children, teachers and Senior Managers from Southwark primary schools and community organisations who support families in Southwark. The main benefactors would be the parents/carers as the event would;</p> <ul style="list-style-type: none"> <li>- give parents/carers more knowledge to further enhance their child/ren's educational attainment,</li> <li>- enable parents, carers to gain a better understanding of the educational system, through conversations and presentations and workshops. - the opportunity to develop the support network.</li> </ul> <p>As far as we know, there is not a Southwark wide support network for African Caribbean parents/carers. Once the report has been launched, a support network would be established and termly meetings/workshops would take place where Southwark based groups, education professionals and national organisations/charities would be invited to present their expertise and resources.</p>	<b>£2,910</b>

555670	Peckham & Nunhead Free Film Festival	Free Film Festival 2016	<p>Run entirely by volunteers, we are as much about community as about film – using the power of film to cross boundaries and bring people together. Our aims are:</p> <ul style="list-style-type: none"> <li>• Community cohesion and engagement: bringing together a wide range of local residents and local groups (reflecting the diverse demographic of the area) through film screenings</li> <li>• Skills development: to run projection workshops and filmmaking events</li> <li>• Intergenerational working: to promote intergenerational working by bringing together people of different ages with a shared interest in films and filmmaking</li> <li>• Support local filmmaking talent: creating opportunities for filmmakers to reach wider audiences</li> </ul> <p>We achieve an audience capacity of 3 - 4,000 people a year though events programmed in Peckham &amp; Nunhead over 10 days including the largest UK 1 day African film and music event - Busseywood.</p> <p>Need – Our events bring films to audiences who might otherwise never have the chance to experience them. Our free events are accessible to everyone in the community. They enable families and groups of friends to experience an occasion together for free, whatever their incomes. This compares to the cost of taking a family of five to the cinema which may be £50 or more and taking the same family to a similar outdoor film experience run by a commercial company would cost around £90.</p> <p>Benefit – Deepening an attachment to the SE15 area, celebrating it's culture and history – bringing residents together on estates and unusual venues to share an experience together.</p> <p>Programming and event spaces are chosen to reflect the diversity of the area. Local people of all ages can get involved as a volunteer, get technical training, make a film or offer their skills or a venue.</p>	£10,475

558242	Peckham weeklies	Peckham weeklies	<p>The peckham weeklies is a multi-disciplinary, multi-age, free range community group that come together every Tuesday evening. Substantially assisted by the wisdom of existing community groups, it has generated an inclusive and productive framework for meetings: through its focus on devising and publishing magazines about Peckham, it has provided a valuable forum for debate which, in turn, has brought about a deeper understanding of and engagement with issues of planning, the local economy and identity.</p> <p>The weeklies team has co-created a series of content-rich magazines, harnessing the talents of local volunteers to delve into the architecture and activities that make Peckham such a distinctive and interesting place. Weeklies meetings have proved fertile ground, sparking new ideas, research proposals and links with local and national groups.</p> <p>The peckham weeklies group proposes to create a mapping of the community infrastructure in the Peckham and Nunhead Community Council Area using the online engagement tool Commonplace. Currently there is a lack of knowledge about what community infrastructure exists and what is missing. We would like to engage a broad section of the community into thinking about what constitutes community infrastructure, where it is located and where it is missing. This creative mapping exercise seeks to support the development of proposals for the Community Infrastructure Levy List. In this way we hope to inform priorities for spending during the area's development, so that the growth of facilities, residents and businesses enhances community cohesion and culture rather than fragments and dissipates it.</p> <p>Peckham weeklies is planning to focus one of its magazine publications on community infrastructure. As part of the weekly meetings and in order to engage a wide range of local groups with the Commonplace mapping, the weeklies will seek to invite and visit community groups in the Peckham and Nunhead Area.</p>	£3,000	

Reference	Name of group:	Name of project / activity:		Funding requested [£]:	Proposed Award
558280	Small Trades	Small Trades Peckham and Nunhead	<p>The project will build community cohesion by raising awareness and sharing understanding of the nature and extent of self employment in the Nunhead and Peckham area. This will be achieved by celebrating the people who work in small trades in the form of a documentary portrait project that will show the diversity of the sector in terms of gender, age, ethnicity and type of trades carried on by self employed people in Peckham and Nunhead. Approximately 15% of the workforce works as self employed, mostly in construction trades and as taxi drivers. This project will reveal some of the stories behind the statistics and show more of the real diversity of the sector. Black and white portraits of tradespeople will show them with dignity and respect in their working clothes and with the tools of their trade. Participants will also be interviewed to gather their insights into working in this way, the challenges they face and the benefits they gain from being self employed. An exhibition of their portraits with extended captions gleaned from the interviews will be produced and shown in community venues, restaurants and cafes (and possibly schools) in Peckham, Nunhead and East Dulwich. Discussion events on the experience of working as a self employed tradesperson will also be arranged to coincide with the showings of the exhibition.</p>	£4,474

557122	Southwark Law Centre	Refugee Action Peckham	<p>Southwark Law Centre is working in partnership with a consortium of local refugee groups and Peckham residents to run an event to raise awareness of the current refugee crisis and how local residents can get involved with support projects.</p> <p>The event will build on a highly successful collection of warm clothes and other items that local residents and refugee groups organised in November 2015.</p> <p>We were overwhelmed by the generosity of local people and we were able to take 5 van loads of items to Calais Aid.</p> <p>We collected well over 100 contact details from residents who wanted to take some positive action to help the refugee situation. People asked if we were planning future events.</p> <p>A small group facilitated by the Law Centre has now met to plan an event to take place in April 2016.</p> <p>This will involve short films - with the support of Peckham film society, discussion and information about how people can engage, by donating their time and skills.</p> <p>In addition to the high profile issues of the refugee camps across Europe local support agencies are seeing an increasing number of destitute refugees including families with small children. The situation is set to get even worse as the Immigration Bill creates a 'hostile environment'</p> <p>We want to combat some of the bad publicity about refugees and show how they contribute to the vibrancy of Peckham.</p> <p>Local residents want to do something to help and the event will provide a focus, encouraging more volunteering and community engagement.</p> <p>For example local residents may have fund raising or social media skills, and wish to donate some of their time.</p>	£650

558173	Spontaneous Combustion	Spontaneous Combustion Festival 2016	<p>Spontaneous Combustion Festival 2016 will feature 2 days of free-of-charge dance and live art performances happening around the area of Copeland Park and the Bussey Building. Performance locations will include the alleyway, car park, roof, shops. The festival is supported by Copeland Park, Peckham Vision and by several local businesses (The NINES Peckham, Victor's Lab yoga studio, The Yard gym, Seabass Cycles).</p> <p>Artists are invited via an open call to create site-specific art work or performances inspired by these urban spaces, their history and current use. Presenting performances in urban spaces instead of theatres or galleries brings performance closer to their residents and especially those who do not normally attend performance or art events. It also encourages a sense of belonging amongst local residents and an appreciation of these spaces. A one-week residency will also be offered to two local artists, who will be invited to create a site-specific participatory work and to run 4 family workshops, held during the two days of the festival. Members of the community are also invited to participate in the organisation and delivery of the festival as volunteers.</p> <p>In the past three years, Spontaneous Combustion has been supported by arebyte gallery, Idea Store Libraries and various independent businesses. In 2015, the festival was held in Copeland Park and the Bussey Building and had over 400 audience, 40 performers, 10 volunteers and 27 different performances. In 2016, we aim to reproduce these figures, and to increase our family audiences through 4 artist-led workshops. These will be open to 15 children with accompanying adult, for a total of 120 participants. Total beneficiaries for this year will therefore be up to 570. Similarly to Peckham and Nunhead Free Film Festival, Spontaneous Combustion encourages community members' participation and uses outdoor or unconventional spaces and venues.</p>	£1,383

558005	Stepping Stones	Stepping Stones Walking Group for Outdoor Exercise	<p>Our walking group will provide over 80 hours of exercise to adults with learning disabilities. On monthly trips throughout the year, we will visit places of interest within Southwark, providing opportunities that they would otherwise not have. Over 80% of adults with learning disability do not meet the Dept. of Health's minimum recommended level of physical activity. People with learning disabilities are much more likely to be obese than the general population, with an increased risk of diabetes. They are also among the most disadvantaged people in the community and more likely to suffer social isolation. Our project will provide the opportunity for individuals to exercise, socialise and broaden their horizons by visiting places of interest. Family and carers are encouraged to join in the activities, and the groups are supported by volunteers.</p>	<b>£5,350</b>	

Reference	Name of group:	Name of project / activity:		Funding requested [£]:	Proposed Award
557603	Youth Learning Network	Routes to Success Programme	<p>The 'Routes to Success Programme' (R2SP) aims to empower and develop the confidence of people from different backgrounds working together in order to raise aspiration and improve the academic competence of their children so as to enable them to access opportunities, especially access to the labour market. Our project seeks to engage 30 parents over a series of 'workshop' events (x 3 in total), organised by them, so as to facilitate their own understanding of the education system and of how they can enhance the learning experience of their children. By so doing the local area will benefit by an enhanced and inclusive neighbourhood where parents are engaged in the learning process of their children thereby reducing the possibility of unemployment and criminality more generally.</p> <p>Our project is informed by evidence that links exclusion from school to unemployment with a high correlation to criminality:</p> <ul style="list-style-type: none"> <li>- There is often a very poor school - home narrative, the implication of which has been that fewer parents are engaged within the education and learning process and this, compounded by other debilitating factors such as poor neighbourhoods, places the vulnerable child at risk of exclusion and poor education outcomes, due to lack of opportunities.</li> <li>- Children who are eligible for free school meals are around 3 times more likely to receive either a permanent or fixed period exclusion than children who are not eligible for free school meals.</li> <li>- Of the 12,890 fixed term exclusions in Inner London in the year ending July 2014, 9% (1,180) were in Southwark (DfE, July 2015).</li> <li>- Studies show that 88% of young men in custody had been excluded from school (Bromley Papers, 2014).</li> </ul> <p>The project will target parents with young people at risk of exclusion living in the Dulwich, Peckham and Nunhead community council areas.</p>	£3,312

558464	Adinkra Arts Collective	Afriganza	<p>Afriganza <input type="checkbox"/> Presents London's largest 1 day African festival. Multi-layered event celebrating African creativity in all its forms. Extravaganza of arts and culture, leaving you wanting more. Bringing communities together to explore quality African arts and culture, exciting narratives, providing a platform for African and diaspora heritage. Four floors emerging artists celebrating vibrancy and diversity of African community experience told from their point of view. Demystifying preconceptions and countering stereotypes <input type="checkbox"/> Engagement from Africa and wider African community, through films, live entertainment, panel discussions, exhibition, folklore, craft market exhibiting hand-made crafts, health products, art, accessories and fashion and fresh authentic caterers. An inclusive opportunity engaging with Africa's emerging art scene inspiring communities to take a more global perspective. Increasing the rich diversity of African culture, challenging perspectives, bridging other communities and industries in Southwark. The event will encourage all communities especially Africans to be proud of their heritage and understanding the experience of those with African roots embedded within Southwark. The festival will encourage a wider audience exposed to the contribution that Africans can and are making to Southwark. Bringing professionals and industry to the community inspiring undertaking education and employment within the arts. <input type="checkbox"/> I have voluntarily coordinated successful high attended multi-layered events at the Bussey Building, organising logistics, evaluation, engagement, budgeting recruiting volunteers and facilitators.</p> <p>Every year, hundreds of the local community attend this event, now in its 7th year. The project intends to provide the community with a fabulous day out, with a festival feel - live music on 3 stages, plenty of healthy activities, including coaches from Southwark Sports/England Athletics and a PGA professional from Kent Golf Union. <input type="checkbox"/> It is the only event of its type in the local calendar, and is always keen to link with other community groups in the area.</p>	<b>£5,400</b>	
558523	Aquarius Golf Club	Aquarius Festival 2016		<b>£4,800</b>

558240	Belham Primary/Elim House Intergenerational Music Project	Bring Me Sunshine - Music and Memories	<p>An intergenerational music project between Belham Primary and Elim House Elders Group. This follows a very enjoyable pre-Christmas visit to Elim House by Year One class Poplin, when they sang Christmas carols and asked the elders about their experiences of Christmas.</p> <p>The staff at Elim House and at Belham are both keen to develop a relationship between the children at the school and the Elders group, and there is growing evidence of the benefits of working across age groups in the development of a sense of community. In particular I feel that the children would gain a great deal from spending time getting to know the elders at Elim, many of whom were very warm and responsive to the children. □ Patsy the manager at Elim house has suggested a singing project could work well, as this in an uplifting activity the elders enjoy and their current provision musically is dependent upon volunteer support. This sits well with the Belham which has an active approach to music. Sonia Case, the head of Belham, also suggested when I chatted to her about this, that part of the project might involve the children's use of iPads to record, which if we extended this to the Elders also touches upon ideas relating to digital inclusivity which was a theme of the last community council.</p>	£1,924	
558653	Caleb Group	Caleb Seniors Group	<p>The group consists of a group of 50 seniors who are over the age of 55. The group meet up together once a week to meet chat, exchange ideas, play games, and socialise we try to put together a calendar of activities. The group also invite in other organisation to provide them with information about issues that affect their health and finance. They also meet and organise outings. The group encourages friendships and prevents isolation and is a safe base to meet. We want to request assistance with a outing we do with out seniors which is a seaside trip. Which we try and do once a year, but what we have noticed is that many of the seniors are finding it difficult to pay for the trip so we are seeking funding to hire a coach to take the seniors on a seaside trip.</p>	£1,000

558356	Consort TRA	Consort estate Fun Day	The project will give families on the estate, some of whom can't afford to do many nice things, a fun experience during the summer holidays. It will create a sense of community by spending time together within the physical space of the community, and a feeling of pride in the estate by organising something together.	<b>£2,000</b>	
558364	Consort TRA	Consort TRA summer coach trips	Give estate residents a chance to go on two trips together during the summer. One trip will be to see a family play (in 2015 we saw the Lion King) and another will be to the beach (Margate in 2015). These are both things that some of our residents may not otherwise get to do. Coach trips are a great way to build relationships within the estate, as people meet each other during the journey.	<b>£4,000</b>	
558479	Health Wealth	Health Wealth Community	Health Wealth is a Social Enterprise that has quality of life at the heart of its agenda. The objective is to improve the lifestyles of the infirm, carers, the elderly and lone parents with young children. Health Wealth will liaise with GP Practices in the Southwark area, who have a community gardening scheme in place or can see the value of its patients being involved with one. We will take these referrals and bridge the gap that supports them becoming part of a local community garden and a best life advocate. Isolation and low self-esteem can be the malaise of the long term ill, the elderly and those isolated by an 'at home' existence. This can develop because of ongoing illness and seclusion and simply not having an age appropriate peer group to communicate with. Through Health Wealth we will educate and support our members with a series of e short courses, practical and informative cookery demonstrations and food product design and prototyping. We are developing a framework through which to monitor and evaluate the impact of the project on the health and well being of beneficiaries and the ability of services to become economically self-sustaining.	<b>£7,830</b>

558137	Holistic Well Women	RESPECT Project	<p>Respect Project is a series of work shops that will inspire and enable young ladies and women to build positive self-images, confident and self esteem. good character and inspiration so that they can reach their full potential .</p> <p>the project wants to promote Holistic approach to Health and Well-being for young ladies within the local community reduce isolation and get people together.</p> <p>The workshops will topics will cover.</p> <p>R - Respecting your self and others</p> <p>E - Esteem Self Image and Confidence</p> <p>S- Smart Choices, Fitness and Healthy Eating.</p> <p>P -Positive Relationships</p> <p>E Education and Career Development</p> <p>C Character Building &amp; Leadership Skills</p> <p>A Arts individual talents.</p> <p>There will additional workshops on goal setting and action planning, a graduation event,.and empowerment coaching after the workshops.</p> <p>This will be a 10 week programme There is a great need for the project in Southwark. Many women in Southwark are victims of domestic violence and abuse and discrimination in there personal lives and a lot of them have lost hope and don't know where to turn.</p> <p>The respect Programme will empower them to become much more confident person to understand and reach their potential and improve their confident and well being.in order to give them a positive direction using an holistic approach to wellbeing in a friendly, fun and supportive environment.</p>	£3,750	

Reference	Name of group:	Name of project / activity:		Funding requested [£]:	Proposed Award
554252	Illuminated Arts	A Beautiful Day	<p>Our idea is simple; we want to gently challenge the divisions and separations between the LGBT community and faith communities. The event - a flash-mob of dance and song – will be performed on Rye Lane, involving choirs and dancers from local churches and the LGBT community. The performance will take place in April at midday on a Saturday, and the song performed will be ‘A Beautiful Day’ by India Arie. The deliberately simple idea has been designed to allow casual interaction while focusing on a positive and attainable goal.</p> <p>Our objectives are relatively simple:</p> <ul style="list-style-type: none"> <li>• To facilitate meetings between communities that may not ordinarily interact, that will allow them (and us) to see past their own prejudices.</li> <li>• To remind our local area that events that are diverse and inclusive are a positive way to broker peace in our community.</li> <li>• To create a joyful and meaningful experience.</li> </ul> <p>We feel that events like this are critical, as racism and homophobia pitch communities against one another, and perceptions of faith environments as homophobic are allowed to remain unchallenged. Prejudices of many kinds can stand in the way of forming peaceful, strong communities, and one of the ways we can change these perceptions is to share one another’s stories. Without introducing conflict or creating confrontation, we have planned a framework with built-in opportunities for people from these communities to meet and get to know one another, exchange stories and experiences, and see each other outside the context of faith or sexuality.</p> <p>Through the rehearsals we will encourage the exchange of experiences, with a vision that mutual respect and friendships will develop. Dialogue and connections are a good way to dissolve separations, and we want to bring people together and at the same time create a joyful and life-affirming experience.</p>	£1,850

551249	Latter-Rain Outpouring Revival	COMTECH4U	<p>The aims of the project are: to help 50 people gain digital skills; to have 10 people trained by 5 volunteers in 1 Year The level of digital skills they will gain are: SKILLS - Activity, underpinned by keeping safe online</p> <p>COMMUNICATE: send and receive emails; open and use a MySouthwark account; Identify and delete spam</p> <p>FINDING THINGS: Using the search engine; browse the internet; Evaluate which websites to trust</p> <p>SHARE PERSONAL INFO: Fill out an online application form eg Job Application; Access Government services; Register on social websites Evaluate which websites to trust and how to set privacy settings. The project will help people of 60+, people on low incomes, and people with disabilities. These three groups are the people most in need of digital skills.</p>	£4,700	

Reference	Name of group:	Name of project / activity:		Funding requested [£]:	Proposed Award
558291	Little People's World	Summer Support Activities for Families with Children	<p>Little People's World (LPW) project is: To run a programme of activities organised by parents from our group. The programme will include:</p> <ol style="list-style-type: none"> <li>1. Arts and crafts activities e.g. - pottery, card making, collage, jewellery making etc</li> <li>2. Face painting activity</li> <li>3. Sport activities e.g. kickboxing, dance, Zumba etc</li> <li>4. Healthy Cooking sessions</li> <li>5. Trips to a theme park, mini trips e.g. Coram's Field, Horniman Museum, Mudchute Park/Farm Our project is needed in order to:               <ol style="list-style-type: none"> <li>1. Reduce families' feelings of isolation;</li> </ol> </li> </ol> <p>Many families attending our sessions are isolated. They do not know anyone either because they are new to the area/ country. These activities will help bring families together by providing opportunities to develop friendships through taking part in practical activities together and visiting places of interest as a group.</p> <ol style="list-style-type: none"> <li>2. Improved sense of community and belonging; The programme helps people to learn new skills, enjoy experiences through visiting places of interests. Parents will become more aware of their surroundings and what happens where they live therefore strengthening their families and the community.</li> <li>3. Increase volunteering opportunities and job ready skills; There will be many programme tasks that parents can volunteer for which will help improve their skills in planning, organising, budgeting, working in a team and research. These skills can also be used to increase their prospects for future employability. Our project will benefit the local community by:               <p>Reaching approximately 80 families with young children who have little or no financial resources to spare, have a great indoor and outdoor fun activities organised over the summer holidays.</p> </li> </ol>	£2,000	

Reference	Name of group:	Name of project / activity:		Funding requested [£]:	Proposed Award
558671	Nunhead American Association	Nunhead Beats the Bounds	<p>Fourth year in a row. Nunhead comes together on the July the 4th Weekend to let people know we live in Nunhead. We parade around Nunhead, singing songs about local historical events, highlighting what is amazing about Nunhead. Each year more and more people walk with us giving health benefits, and adding to community inclusion. Nunhead, Nunhead, Nunhead Forever.</p>	£900	
558077	Nunheads Voice Ltd	Sunshine Club	<p>The project aims to offer a mixed programme of regular activities for older people to promote physical and mental well being and overcome social isolation. We have been approached by older people who expect Nunheads Voice to be actively organising activities for older people in the Community Centre. Their needs are not being met by the groups approaching us to hire the Centre.and this would help to replace the extremely popular 'Sunshine Club' that met in the original Nunhead Green Community Centre. Older people have said they want to see regular free activities in the Centre that will make it a place for "someone like me." <input type="checkbox"/>We're seeking funding for 6 hours a week of mixed activities, running for 48 weeks a year. This would include a social club with games, providing mental stimulation and challenge; a monthly film club; a weekly fitness class; and regular bingo sessions. There would also be scope to use the social club for talks on health and wellbeing topics and for consultation purposes. <input type="checkbox"/>Nunhead's Voice will contribute volunteer time to manage and run all activities, with the exception of the Fitness Class, which would be led by a qualified instructor. We will aim to have an average participation rate of 40-50 people. <input type="checkbox"/>Although there are some organised activities for older people in the Nunhead area we would like to offer a mixed community setting that will create more interaction between older people and other age groups. Targeted activities for older people will bring them into the Centre where they may also access other activities. <input type="checkbox"/>We will seek to work in partnership with relevant agencies, in particular with Age UK with whom we already have a good working relationship.</p>	£4,910	

Reference	Name of group:	Name of project / activity:		Funding requested [£]:	Proposed Award
558308	Parent Research Group	African Caribbean Parents Report Launch	<p>The event would be the launch of the research report, findings and recommendations to the community. The primary aim of the report was to document the experiences and expectations of Caribbean parents/carers living in Peckham, Southwark. The report was initially commissioned by the Community Engagement Team and we are now at the stage of implementing some of the recommendations in the report. One of which, was to set up an African Caribbean Parents' Network in Southwark. The report identified a lack of parents/carers' knowledge of the assessment systems used in schools and of the resources/organisations who could support them and their children.</p> <p>The Launch Event would be open to all Southwark parents/carers, their children, teachers and Senior Managers from Southwark primary schools and community organisations who support families in Southwark. The main benefactors would be the parents/carers as the event would;</p> <ul style="list-style-type: none"> <li>- give parents/carers more knowledge to further enhance their child/ren's educational attainment,</li> <li>- enable parents, carers to gain a better understanding of the educational system, through conversations and presentations and workshops.</li> <li>- the opportunity to develop the support network.</li> </ul> <p>As far as we know, there is not a Southwark wide support network for African Caribbean parents/carers. Once the report has been launched, a support network would be established and termly meetings/workshops would take place where Southwark based groups, education professionals and national organisations/charities would be invited to present their expertise and resources.</p>	£2,910

555670	Peckham & Nunhead Free Film Festival	Free Film Festival 2016	<p>Run entirely by volunteers, we are as much about community as about film – using the power of film to cross boundaries and bring people together. Our aims are:</p> <ul style="list-style-type: none"> <li>• Community cohesion and engagement: bringing together a wide range of local residents and local groups (reflecting the diverse demographic of the area) through film screenings</li> <li>• Skills development: to run projection workshops and filmmaking events</li> <li>• Intergenerational working: to promote intergenerational working by bringing together people of different ages with a shared interest in films and filmmaking • Support local filmmaking talent: creating opportunities for filmmakers to reach wider audiences</li> </ul> <p>We achieve an audience capacity of 3 - 4,000 people a year though events programmed in Peckham &amp; Nunhead over 10 days including the largest UK 1 day African film and music event - Busseywood.</p> <p>Need – Our events bring films to audiences who might otherwise never have the chance to experience them. Our free events are accessible to everyone in the community. They enable families and groups of friends to experience an occasion together for free, whatever their incomes. This compares to the cost of taking a family of five to the cinema which may be £50 or more and taking the same family to a similar outdoor film experience run by a commercial company would cost around £90.</p> <p>Benefit – Deepening an attachment to the SE15 area, celebrating it's culture and history – bringing residents together on estates and unusual venues to share an experience together.</p> <p>Programming and event spaces are chosen to reflect the diversity of the area. Local people of all ages can get involved as a volunteer, get technical training, make a film or offer their skills or a venue.</p>	£10,475	

Reference	Name of group:	Name of project / activity:	Funding requested [£]:	Proposed Award
557897	Peckham Platform	Youth Platform	£5,000	
		<p>With the generous support of the Neighbourhoods Fund in 2016 Peckham Platform will build on the success of its first ever Youth Platform in 2015. To date we have engaged over 20 disadvantaged young people 13-19 years from Peckham in free creative learning bespoke activity sessions over six months pilot, resulting in the young people unlocking their creative potential through organising a public event as part of our annual open exhibition, attended by over 60 people. Evaluation of pilot has been submitted to Community Council, images can be seen here: <a href="http://youthplatform.tumblr.com">http://youthplatform.tumblr.com</a> With a waiting list for Youth Platform in double figures, we take pride in knowing there is proven demand for the work that we do. In 2016 we want to support these young people, &amp; others, to establish and deepen their relationship &amp; creative aspirations through our work, by adding to the sessions at Peckham Platform to provide the opportunity for this hard to reach group to create new artwork and express their views on Peckham through a month long exhibition at the gallery supported by an established artist and our trained staff. Youth Platform 2016 will extend our relationship with this hard to reach group enabling them to have a direct impact on their creative development and their surrounding environment. We will continue to work with this group to support them in developing confidence in their role at Peckham Platform including: youth ambassadors, youth board member, social media interns with the ultimate aim of fostering progression routes to employment and education supporting their next step from the Youth Platform.</p> <p>The project is trying to educate 20/25, 9 - 17 years old in activities that will assist them to be knowledgeable in skills which will be beneficial in future years. This is important because it will instil confidence in the youths to do things for themselves in adult years. The Community will largely benefit from the ability of the youths/young adults to be able to create, design and use their abilities as responsible members of the community. □By engaging this age group in the skills of cooking, baking, sewing, carpentry, plumbing, knitting, beautician, etc. they will be better equipped for employment in later years.</p>		
551692	Peckham Positive Deviance Team	YOUR SPACE CREATIVITY	£3,647	

Reference	Name of group:	Name of project / activity:		Funding requested [£]:	Proposed Award
558309	Peckham Vision	Peckham community planning project	<p>AIMS: This project builds on previous community planning work by Peckham Vision and continues to benefit hundreds of local people. The aim is to continue to develop its focus, quality and impact, facilitating more of all ages and ethnicities to engage with others in the community, in relation to planning and developments in Peckham. This involves;</p> <ul style="list-style-type: none"> <li>* facilitating the Peckham Planning Network, and Rye Lane Traders' Association * delivering the Peckham Vision shop in Holdron's Arcade as an accessible daily information centre plus twice weekly drop-in sessions;</li> <li>* organising and delivering events throughout the year, including planning sessions, workshops, public community meetings, and making planning contributions to other community events. NEED: Planning is complicated, multi-level and technical - applications, enforcement, conservation, regeneration, planning policy, PNAAP, NSP, London Plan, etc. People need help to navigate this, and support in linking their experience of living or working in Peckham to the planning process and related issues and policies, and working with others in the community to engage with it.</li> </ul> <p>Following the demise of the Willowbrook Centre several years ago there is no other source of planning support available to the Peckham community. BENEFITS: The project helps local people to engage more effectively with the Council's consultation processes on planning applications, regeneration and planning policy. It also contributes to effective community development: local people get to know each other across their differences (eg residents and traders, different ethnic heritages, social economic situations and faith practices) through their mutual interests in protecting and improving Peckham. This contributes to a cohesive and resilient community in these times of challenging changes.</p>	£5,000

558242	Peckham weeklies	Peckham weeklies	<p>The peckham weeklies is a multi-disciplinary, multi-age, free range community group that come together every Tuesday evening. Substantially assisted by the wisdom of existing community groups, it has generated an inclusive and productive framework for meetings: through its focus on devising and publishing magazines about Peckham, it has provided a valuable forum for debate which, in turn, has brought about a deeper understanding of and engagement with issues of planning, the local economy and identity.</p> <p>The weeklies team has co-created a series of content-rich magazines, harnessing the talents of local volunteers to delve into the architecture and activities that make Peckham such a distinctive and interesting place. Weeklies meetings have proved fertile ground, sparking new ideas, research proposals and links with local and national groups.</p> <p>The peckham weeklies group proposes to create a mapping of the community infrastructure in the Peckham and Nunhead Community Council Area using the online engagement tool Commonplace. Currently there is a lack of knowledge about what community infrastructure exists and what is missing. We would like to engage a broad section of the community into thinking about what constitutes community infrastructure, where it is located and where it is missing. This creative mapping exercise seeks to support the development of proposals for the Community Infrastructure Levy List. In this way we hope to inform priorities for spending during the area's development, so that the growth of facilities, residents and businesses enhances community cohesion and culture rather than fragments and dissipates it.</p> <p>Peckham weeklies is planning to focus one of its magazine publications on community infrastructure. As part of the weekly meetings and in order to engage a wide range of local groups with the Commonplace mapping, the weeklies will seek to invite and visit community groups in the Peckham and Nunhead Area.</p>	£3,000

558280	Small Trades	Small Trades Peckham and Nunhead	<p>The project will build community cohesion by raising awareness and sharing understanding of the nature and extent of self employment in the Nunhead and Peckham area. This will be achieved by celebrating the people who work in small trades in the form of a documentary portrait project that will show the diversity of the sector in terms of gender, age, ethnicity and type of trades carried on by self employed people in Peckham and Nunhead. Approximately 15% of the workforce works as self employed, mostly in construction trades and as taxi drivers. This project will reveal some of the stories behind the statistics and show more of the real diversity of the sector. Black and white portraits of tradespeople will show them with dignity and respect in their working clothes and with the tools of their trade. Participants will also be interviewed to gather their insights into working in this way, the challenges they face and the benefits they gain from being self employed. An exhibition of their portraits with extended captions gleaned from the interviews will be produced and shown in community venues, restaurants and cafes (and possibly schools) in Peckham, Nunhead and East Dulwich. Discussion events on the experience of working as a self employed tradesperson will also be arranged to coincide with the showings of the exhibition.</p>	£4,474

558466	South London Gallery	Holiday programme for Pelican Estate	<p>We are seeking funding to deliver a series of artist-led holiday workshops for children and families on Pelican Estate, Peckham. The SLG has worked in partnership with Pelican Estate since 2012 on high quality outdoor children's play activities through our Play Local programme across four local housing estates. Activities range from making swings from tyres to creating playful hide-outs with wood.</p> <p>As well as connecting with families the project is also supported by a team of Playworkers recruited from local 16-25 year olds struggling to secure their first employment opportunity. This innovative format offers children positive role models, and young people the opportunity to learn the responsibility involved in a first job. "I have definitely learnt new skills since I started working. Mainly communication and confidence" S, 19, Playworker</p> <p>Over five years, Pelican Estate has experienced several serious crimes including the fatal shooting of a 17 year old and stabbing of two teenagers (2010) and a serious assault of a pregnant female (2015). This has led to many of the public open spaces becoming unpopulated and disused.</p> <p>For this project we will deliver a five-day artist-led project over the summer half-term to take over public open spaces on the estate for positive activities. Previous holiday projects we've developed have included a project involving music and sound with artist Barby Asante addressing anti-social behaviour issues on the estate (funded by Southwark Council's Joint Security Initiative) involving 80 children, young people and residents.</p> <p>We'd like to build on this success by working with 50 children and young people on this project. Our budget incorporates the cost of a freelance Coordinator to work with residents to shape the activities and recruit the artists to ensure the project is devised in collaboration with the local community and supports our long term aim for improving the quality of life for local communities.</p>	£4,800
