Subject to the following eighteen conditions:

Time limit for implementing this permission and the approved plans

- 1 The development hereby permitted shall not be carried out otherwise than in accordance with the following approved plans:

P0-002 REV P1; P0-003 REV P1; P1-099 REV P1; PL-55; PL-101 REV P3; PL102 REV P3; PL103 REV P3; PL-104 REV P4

Reason:
For the avoidance of doubt and in the interests of proper planning.
- 2 The development hereby permitted shall be begun before the end of three years from the date of this permission.

Reason
As required by Section 91 of the Town and Country Planning Act 1990 as amended.

Pre-commencement condition(s) - the details required to be submitted for approval by the condition(s) listed below must be submitted to and approved by the council before any work in connection with implementing this permission is commenced.

- 3 a) Prior to the commencement of any development, a site investigation and risk assessment shall be completed in

accordance with a scheme to assess the nature and extent of any contamination on the site, whether or not it originates on the site. The phase 1 site investigation (desk study, site categorisation; sampling strategy etc.) shall be submitted to the Local Planning Authority for approval before the commencement of any intrusive investigations. The subsequent Phase 2 site investigation and risk assessment shall be conducted in accordance with any approved scheme and submitted to the Local Planning Authority for approval prior to the commencement of any remediation that might be required.

b) In the event that contamination is present, a detailed remediation strategy to bring the site to a condition suitable for the intended use by removing unacceptable risks to human health, buildings and other property and the natural and historical environment shall be prepared and submitted to the Local Planning Authority for approval in writing. The scheme shall ensure that the site would not qualify as contaminated land under Part 2A of the Environmental Protection Act 1990 in relation to the intended use of the land after remediation. The approved remediation scheme (if one is required) shall be carried out in accordance with its terms prior to the commencement of development other than that required to carry out remediation, unless otherwise agreed in writing by the Local Planning Authority. The Local Planning Authority shall be given two weeks written notification of commencement of the remediation scheme works.

c) Following the completion of the measures identified in the approved remediation strategy, a verification report providing evidence that all work required by the remediation strategy has been completed shall be submitted to and approved in writing by the Local Planning Authority.

d) In the event that contamination is found at any time when carrying out the approved development that was not previously identified, it shall be reported in writing immediately to the Local Planning Authority, and a scheme of investigation and risk assessment, a remediation strategy and verification report (if required) shall be submitted to the Local Planning Authority for approval in writing, in accordance with a-c above.

Reason

To ensure that risks from land contamination to the future users of the land and neighbouring land are minimised, together with those to controlled waters, property and ecological systems, and to ensure that the development can be carried out safely without unacceptable risks to workers, neighbours and other offsite receptors in accordance with saved policy 3.2 'Protection of amenity' of the Southwark Plan (2007), strategic policy 13 High environmental standards of the Core Strategy (2011) and the National Planning Policy Framework 2012.

- 4 Prior to the commencement of development a drainage strategy detailing any on and or off site drainage works shall be submitted to and approved in writing by the Local Planning Authority in consultation with Thames Water. No discharge of foul or surface water from the site shall be accepted into the public systems until drainage works referred to in the strategy have been completed and the development shall not be carried out otherwise than in accordance with any such approval given.

Reason

The development may lead to sewage flooding and to ensure that sufficient capacity is made available to cope with the new development and in order to avoid adverse environmental impact upon the community in accordance with The National Planning Policy Framework 2012, Strategic Policy 13 High Environmental Standards of the Core Strategy 2011 and Saved Policies 3.1 Environmental Effects and 3.9 Water of the Southwark Plan 2007.

Commencement of works above grade - the details required to be submitted for approval by the condition(s) listed below must be submitted to and approved by the council before any work above grade is commenced. The term 'above grade' here means any works above ground level.

- 5 Prior to above grade works commencing, material samples/sample-panels/sample-boards of all external facing materials to be used in the carrying out of this permission shall be [presented on site/submitted to] and approved in writing by the Local Planning Authority; the development shall not be carried out otherwise than in accordance with any such approval given.

Reason:

In order to ensure that these samples will make an acceptable contextual response in terms of materials to be used, and achieve a quality of design and detailing in accordance with The National Planning Policy Framework 2012, Strategic Policy 12 - Design and Conservation of The Core Strategy 2011 and Saved Policies: 3.12 Quality in Design and 3.13 Urban Design of The Southwark Plan 2007.

- 6 Before any above grade work hereby authorised begins, details of the biodiversity (green/brown) roof(s) shall be submitted to and approved in writing by the Local Planning Authority. The biodiversity (green/brown) roof(s) shall be:
biodiversity based with extensive substrate base (depth 80-150mm);
laid out in accordance with agreed plans; and
planted/seeded with an agreed mix of species within the first planting season following the practical completion of

the building works (focused on wildflower planting, and no more than a maximum of 25% sedum coverage).

The biodiversity (green/brown) roof shall not be used as an amenity or sitting out space of any kind whatsoever and shall only be used in the case of essential maintenance or repair, or escape in case of emergency.

The biodiversity roof(s) shall be carried out strictly in accordance with the details so approved and shall be maintained as such thereafter.

Discharge of this condition will be granted on receiving the details of the green/brown roof(s) and Southwark Council agreeing the submitted plans, and once the green/brown roof(s) are completed in full in accordance to the agreed plans. A post completion assessment will be required to confirm the roof has been constructed to the agreed specification.

Reason:

To ensure the development provides the maximum possible provision towards creation of habitats and valuable areas for biodiversity in accordance with policies: 2.18, 5.3, 5.10, and 5.11 of the London Plan 2011, saved policy 3.28 of the Southwark Plan and Strategic Policy 11 of the Southwark Core strategy.

- 7 Before any above grade work hereby authorised begins, detailed drawings [select scale 1:50, 1:100 or 1:500] of a hard and soft landscaping scheme showing the treatment of all parts of the site not covered by buildings (including cross sections, surfacing materials of any parking, access, or pathways layouts, materials and edge details and material samples of hard landscaping), shall be submitted to and approved in writing by the Local Planning Authority. The landscaping shall not be carried out otherwise than in accordance with any such approval given and shall be retained for the duration of the use.

The planting, seeding and/or turfing shall be carried out in the first planting season following completion of building works and any trees or shrubs that is found to be dead, dying, severely damaged or diseased within five years of the completion of the building works OR five years of the carrying out of the landscaping scheme (whichever is later), shall be replaced in the next planting season by specimens of the same size and species in the first suitable planting season. Planting shall comply to BS: 4428 Code of practice for general landscaping operations, BS: 5837 (2012) Trees in relation to demolition, design and construction and BS 7370-4:1993 Grounds maintenance Recommendations for maintenance of soft landscape (other than amenity turf).

Reason

So that the Council may be satisfied with the details of the landscaping scheme in accordance with The National Planning Policy Framework 2012 Parts 7, 8, 11 & 12 and policies of The Core Strategy 2011: SP11 Open spaces and wildlife; SP12 Design and conservation; SP13 High environmental standards, and Saved Policies of The Southwark Plan 2007: Policy 3.2 Protection of amenity; Policy 3.12 Quality in Design; Policy 3.13 Urban Design and Policy 3.28 Biodiversity.

- 8 Before any above grade work hereby authorised begins, details of the means of enclosure for all site boundaries shall be submitted to and approved in writing by the Local Planning Authority and the development shall not be carried out otherwise than in accordance with any such approval given.

Reason

In the interests of visual and residential amenity in accordance with The National Planning Policy Framework 2012, Strategic Policy 12 Design and conservation of The Core Strategy 2011 and Saved Policies 3.2 Protection of amenity, 3.12 Quality in Design, and 3.13 Urban design of the Southwark Plan 2007.

Pre-occupation condition(s) - the details required to be submitted for approval by the condition(s) listed below must be submitted to and approved by the council before the building(s) hereby permitted are occupied or the use hereby permitted is commenced.

- 9 Prior to the commencement of use full particulars and details of a scheme for the ventilation of the commercial premises to an appropriate outlet level, including details of sound attenuation for any necessary plant and the standard of dilution expected, has been submitted to and approved by the Local Planning Authority and the development shall not be carried out otherwise than in accordance with any approval given.

Reason

In order to ensure that the ventilation ducting and ancillary equipment will not result in an odour, fume or noise nuisance and will not detract from the appearance of the building in the interests of amenity in accordance with The National Planning Policy Framework 2012, Strategic Policy 13 - High Environmental Standards of The Core Strategy 2011 and Saved Policy 3.2 Protection of Amenity of The Southwark Plan 2007.

- 10 Prior to the commencement of the authorised use, an acoustic report detailing the rated noise level from any plant, together with any associated ducting (which shall be 10 dB(A) or more below the measured LA90 level at the nearest noise sensitive premises) shall be submitted to and approved in writing by the Local Planning Authority and the method of assessment is to be carried in accordance with BS4142:1997 'Rating industrial noise affecting mixed residential and industrial areas'. The plant and equipment shall be installed and constructed in accordance with any such approval given and shall be permanently maintained thereafter and the development shall not be carried out otherwise than in accordance with any such approval given.

Reason

To ensure that occupiers of neighbouring premises do not suffer a loss of amenity by reason of noise nuisance from plant and machinery in accordance with the National Planning Policy Framework 2012, .Strategic Policy 13 High Environmental Standards of the Core Strategy 2011 and Saved Policy 3.2 Protection of Amenity of the Southwark Plan (2007).

- 11 Notwithstanding the submitted acoustic report the applicant shall submit a supplementary acoustic report demonstrating isolation of airborne and structure borne noise from the neighbouring nightclub and adequate sound insulation between the proposed basement restaurant (commercial unit) and the residential units.

Reason

To ensure that occupiers of neighbouring premises do not suffer a loss of amenity by reason of noise nuisance from plant and machinery in accordance with the National Planning Policy Framework 2012, .Strategic Policy 13 High Environmental Standards of the Core Strategy 2011 and Saved Policy 3.2 Protection of Amenity of the Southwark Plan (2007).

- 12 Before the first occupation of the building the cycle storage facilities as shown on drawing PL500 shall be provided and thereafter such facilities shall be retained and the space used for no other purpose and the development shall not be carried out otherwise in accordance with any such approval given.

Reason

To ensure that satisfactory safe and secure bicycle parking is provided and retained for the benefit of the users and occupiers of the building in order to encourage the use of alternative means of transport and to reduce reliance on the use of the private car in accordance with The National Planning Policy Framework 2012, Strategic Policy 2 - Sustainable Transport of The Core Strategy and Saved Policy 5.3 Walking and Cycling of the Southwark Plan 2007.

- 13 Before the first occupation of the building hereby permitted, the refuse storage arrangements shown on the approved drawing referenced PL500 shall be provided and made available for use by the occupiers of the dwellings and the facilities provided shall thereafter be retained and shall not be used or the space used for any other purpose.

Reason

To ensure that the refuse will be appropriately stored within the site thereby protecting the amenity of the site and the area in general from litter, odour and potential vermin/pest nuisance in accordance with The National Planning Policy Framework 2012, Strategic Policy 13 High Environmental Standards of the Core Strategy 2011 and Saved Policies 3.2 Protection of Amenity and Policy 3.7 Waste Reduction of The Southwark Plan 2007

Compliance condition(s) - the following condition(s) impose restrictions and/or other requirements that must be complied with at all times once the permission has been implemented.

- 14 The (A3) restaurant use hereby permitted shall operate between the hours 08:00 to 23:00.

Reason:

To safeguard the amenities of neighbouring residential properties in accordance with The National Planning Policy Framework 2012, Strategic Policy 13 High environmental standards of The Core Strategy 2011 and Saved Policy 3.2 Protection of Amenity of The Southwark Plan 2007.

- 15 The dwellings hereby permitted shall be designed to ensure that the following internal noise levels are not exceeded due to environmental noise:

Indoors-35dBLAeq16hrs daytime (07:00-23:00 hours)

Inside bedrooms-30dBLAeq8hrs nighttime (23:00-07:00 hours)

Inside bedrooms-45dBLAmax to be exceeded no more than 15 times per nighttime from sources other than emergency sirens

Reason

To ensure that the occupiers and users of the development do not suffer a loss of amenity by reason of excess noise from environmental and transportation sources in accordance with strategic policy 13 'High environmental standards' of the Core Strategy (2011) saved policies 3.2 'Protection of amenity' and 4.2 'Quality of residential accommodation' of the Southwark Plan (2007), and the National Planning Policy Framework 2012.

- 16 The proposed development shall be implemented in accordance with the recommendations outlined within the Air Quality Assessment Report (Ref 103635/12/005) by Systra dated 30 November 2015.

Reason

To ensure that and occupiers of the proposed and neighbouring premises do not suffer a loss of amenity by reason of pollution and nuisance in accordance The National Planning Policy Framework 2012 Part 7, and 11, The Core Strategy 2011 Policy SP13 High environmental standards, and Saved Policies of The Southwark Plan 2007 with Policies 3.1 Environmental Effects, 3.2 Protection of Amenity, 3.6 Air Quality and 3.10 Hazardous Substances of The Southwark Plan 2007.

- 17 Each dwelling hereby permitted shall be constructed to achieve at least the optional standard 36(2b) of Approved Document G of the Building Regulations (2015).

Reason

To ensure the development complies with the National Planning Policy Framework 2012, Strategic Policy 13 (High environmental standards) of the Core Strategy 2011, saved policies 3.3 Sustainability and Energy Efficiency of the Southwark Plan and Policy 5.15 of the London Plan 2015 (Water use and supplies).

- 18 No developer, owner or occupier of any part of the development hereby permitted, with the exception of disabled persons, shall seek, or will be allowed, to obtain a parking permit within the controlled parking zone in Southwark in which the application site is situated.

Reason

To ensure compliance with Strategic Policy 2 - Sustainable Transport of the Core Strategy 2011 and saved policy 5.2 Transport Impacts of the Southwark Plan 2007.

Statement of positive and proactive action in dealing with the application

The applicant was advised of amendments needed to make the proposed development acceptable. These amendments were submitted enabling the application to be granted permission.
