13/09/2014	03:00 NTE Visit	Richard Kalu	Lush Bar and Restaurant	280 Old Kent Road, London, SE1 5UE	Visited the premises with the NTE police. Premises was extremely busy and music was being played however there was no noise breakout at the premises. Spoke with the premises Licence Holder and entered the premises which had a very high number of patrons drinking and dancing. Almost all patrons within the venue were dancing and drinking and as we walked through the premises to the kitchen we could see that there were 4 plates of food laid out on separate tables with in my opinion not substantial amounts of food on plates. In discussion with the premises licence holder he seemed to believe that he had submitted a TEN for the event taking place. Myself and the Police advised Douglas (Premises Licence Holder) that the TEN which was submitted was for Sat leading into Sun and not Fri leading into Sat based on intel received by the Police. No confirmation of the TEN submitted could be produced and the Police elected to serve a Section 19 on the premises. The Police however as a precaution advised the premises licence holder that they would visit the premises the next day and would give management the opportunity to evidence what date the TEN was submitted for. I have asked NTE Police to update Licensing in respect of this or complete a further visit to the premises on the Sat to follow up on this. Also discussed with management that it appeared that the premises was not operating as a restaurant and had appeared to morph into a club /bar. Advised management that if this is what they wanted to operate as they would need to vary the premises licence and begin to look at putting measures in place such as club scan and having a satisfactory compliment of SIA members of staff at the premises. I have also advised management if they were in the future seeking to operate the premises as a club they would also need to have a discussion with the planning department in respect of this. The premises licence holder advised us that these events were one off's and he still only wanted to operate as a restaurant. He advised us that events of this nature would only be run and operated under a TEN. Subsequently a check has been done and we now have confirmation that the premises was covered by a temporary event notice. No further action required in respect of events which were taking place at the premises (am) 13/09/2014.

There was no general activity which gave the impression that an event had or was due to take place. Douglas confirmed that he had a temporary event notice for the Saturday. Words of advice given that he needed to control patrons and ensure that music levels were not exceeded which could lead to a public nuisance. Douglas confirmed that he would be in control of the night and would ensure that there were no issues. Noted that Blue site notice was still on display in the front window of the premises advertising licensing application which is still within a consultation period.

Spoke with Douglas in relation to refused TEN for the bank holiday advised that the event should not take place. Assurance made by Douglas that the event would not take place. I have advised Douglas that the premises would be monitored over the bank holiday to ensure compliance. No issues in relation to licensing compliance at the premises. I did however have a brief word with Douglas to ensure that the rear doors of the premises remained closed and that he was monitoring any build up of patrons at the front of his premises which could give rise to nuisance complaints from local residents. Douglas has advised me that he is seeing a surge in numbers attempting to gain entry at his premises in light of Thomas a Becket being closed advised that he has stepped up his detail of SIA staff to deal with this. I advised him that if there are any issues in relation to crime and disorder that he should contact the Police and ensure that his club scan is always operational.

25/04/2015	00:40 NTE Visit	Jayne Tear	Lush Bar and Restaurant	280 Old Kent Road, London, SE1 5UE	<p>00:40 25/4/2015 JMT & TMMLUSH BAR AND RESTAURANT - 280 OLD KENT ROAD, LONDON SE1 5UE - On approach to premises noted one of the doors was wide open and there was no SIA door supervisors manning the door. Could hear LAM from outside the premises. We entered the premises unchallenged and was checking the signage in the lobby. The inside lobby door was also wide open. The club scan in the lobby area was not switched on. A male came to the door and we ID ourselves. I said that Tracey had come to do a food inspection so would need to inspect the kitchen area and that I had come to do a licensing inspection. The male told me he was Mr Douglas Otunyo (DPS). I asked him why there was no SIA door supervisors manning the door and he told me that he did not need them as he was not providing reg ent and the condition says that he only needed them then and if there is a DJ and that the music was only background. I said that this was incorrect and that the music I could hear was not background, that it was very loud and he insisted it was background. I explained that if it was background our voices would be heard above it and that was not the case. I asked him to turn down the music so that he could hear me. He asked a male who was now behind the DJ booth to turn the music down. He then proceeded to disagree with me. He said he had no DJ and that music was background. I told him that I saw the male behind the booth when we entered, the same male who got behind the DJ booth to turn the music down. There was approx 4/5 patrons in the premises. I asked Mr Otunyo if he could show me his sound limiter. There was something that looked like a sound limiter up high on the wall, which had one green bar alight on it. It was not pulsing red with the beat of the music. I asked him if it was working and he said yes. The male behind the bar DJ booth then cut it out to show it had gone off and then turned it back on again. I asked if the limiter had been set by and he said yes, to cut out if too loud. I asked him to briefly turn it up to show it cuts out (this was at 01:15) The male behind Booth turn it up very loud and there was not cut out. I asked him to turn it back down as I did not want it to disturb neighbours. The sound was not up for more than 30 seconds and did not cut out when it reached a considerable level. I told him that maybe it had not been set to the correct level and asked if a sound engineer had set it. He said he was waiting for the EPT to set it. I told him that it is his responsibility to set the limiter via a sound engineer and then ask the EPT to check if the levels were okay. But that it is not EPTs responsibility to set it for him and that he could invite them when the engineer was setting it if necessary. He then went on to complain that the noise team had been and given him a FPN, but seemed confused about this. He wanted to continue arguing about this. I said that I was here to do an inspection for licensing and we would carry on. Tracey explained that she wanted to inspect the kitchen and asked if this was okay and he said yes. Tracy then went off to inspect the kitchen. I carried out the rest of the inspection with Mr Otunyo. I told him that we could discuss any issues afterwards. I checked the CCTV and it was working, I asked Mr Otunyo to show me footage from 28 days back. Although the footage was there it was of very bad quality. Tracy came back from the kitchen whilst I was doing this. I found the following</p>
------------	-----------------	------------	-------------------------	------------------------------------	---

					<p>breaches of 348 (sound limiter not working), 353 (windows and door to be kept closed); 369 (club scan not in use although installed), 341 & 370 (no SIA), although a refusal log was produced it had not entries in it. We went to the lobby entrance. Tracey told Mr Otunyo that she would have to come back on Tuesday to inspect as at the moment there was someone in the kitchen doing a deep clean. Tracy said that the lady had been there since 8. I told Mr Otunyo of the breaches with regard to his premises licence and said that I would write to him about this. I told that at this stage it would be a warning and that officers would come back to check matters had been put right. Mr Otunyo was upset about this and said he does not want a warning letter and that he was not in breach. I said that I had already explained and was not going to argue with him about whether they were breaches or not and that I would write to him. I explained again that he must operate to the conditions of his licence or he could face prosecution or be taken to a review, but for the moment I wanted him to rectify the issues. Mr Otunyo called me a liar and said that I had said there was a DJ and there was not. I said that when we arrive I saw the male that had been behind the DJ booth there albeit he was not there continuously (this point is irrelevant as condition 341 still requires SIA irrespective of a DJ or not.). Tracy reiterated that she would be back on Tuesday and I said we had to leave now. Mr Otunyo then became angrier and said that he was fed up with us people keep coming and serving warning letters every week. I said that the NTET work all the time and that if he kept getting visits it was most probably to check if matters had been rectified. I said again that we are leaving now. As we were leaving noted two more people arriving. We walked away and Mr Otunyo was still trying to argue. I said that I had nothing more to say and that I would write to him. He followed us to the traffic lights still trying to argue. When we got back to the car I called the NTET, WITH A VIEW TO a SECTION 19 and got not answer from the phone. I left a message again.</p>

I went to speak to Stuart and he said that he had dealt with it. I told him that we had finished now and that Clarissa was going to take me back to Queensroad to pick up my car. We left Stuart in the van outside Lush Bar. As we were walking back to our vehicle which was parked a bit further along from G & F, Mr Otunyu who I recognised from Lush Bar approached me and put me off guard (as he was rather aggressive the last time I visited his premises) He then apologised for his behaviour the last time I visited, I accepted his apology and he tried to explain about the people tonight outside his premises (I felt very uncomfortable that he had again followed me down the street). I said that the police were dealing with his premises tonight and we were going home now. He said that the women outside that he let in had been outside for something and he had let them back in.

10/01/2016	02:20 NTE Visit	Jayne Tear	Lush Bar and Restaurant	280 Old Kent Road, London, SE1 5UE	<p>10/ 1/2016 02:20 JMT & EEM Visited premises at 02:20 hrs accompanied by the NTET POLICE (Sargentdemspter, PC Spedding and another pc). On entry Ken Spedding and I setabout checking the club scan. I asked the male door supervisor howmany people were in and scanned on the club scan and he did not know.I then asked him to do a search on the club scan to bring up all oftonight’s scanned in people and he did not know. He then said therewere 99 people in and bought up a screen with lots of photos, howeverwhen we clicked on the photos they were people that had been scannedin October and September. It was clear that neither the female sia ormale sia had no idea how to use the club scan. Mr Otunyo came to thefront of the premises and Ken asked him if he had training withregards to the club scan and he said yes, Ken asked him to call up onthe club scan the entries for tonight and he said that he could notremember how to do it. There were 2 women trying to leave thepremises, who I think were polish and Ken spedding asked them if theirphoto id was on the scan. The first woman said yes. So Ken asked her‘which one of these is you’, pointing to the clubscan and the personshe picked had a completely different name. The second lady had no idon her at all so she could not have been scanned in. The female siaadmitted that if they did not have id that she let them in. Mr Otunyu tried to blame the staff for the breach and the Police told Mr Otunyu that it is his responsibility to make sure that his staff are trainedwith regards to the rules and conditions on the premises licence andusing the club scan equipment. Mr Otunyu went then to the kitchen EEMfor her to inspect. Whilst we were still standing in the lobbied areawhich was getting quite crowded more patrons were arriving to gainentry and the sia staff was about to let them in. I told the sia thatthere was no new entry allowed after 01:30. When Mr Otunyu came backwith EEM he let a couple of people in saying that they were already inand had gone out to smoke. But others were not let in. There was alady there that arrived after us that insisted that she had beenwaiting to get in for an hour. She was not there when we arrived, sothis was untrue, yet the lady still remained waiting and at no timedid the staff tell her that she was not allowed entry at this time. Itold Mr Otunyu that after we had checked the club scan, that I wantedto check that his music was being played through a SLD as it was veryloud. When Mr Otunyu let a male in and when challenged Mr Otunyo saidthe man was his DJ. The music went down immensely very quickly oncethe DJ? had entered the premises. EEM and I then went in to see ifthe music was being played through an SLD. When we got to the DJ booththere were 2 men behind it one of them was operating the decks and theone who had entered the premises was standing by him. I said to theman that had entered apex 2/3 minutes before. You came in and reducedthe level of the music as it is much lower now , and he said no he didnot ands that it was a different type of music now that’s why it seemsslower. The type of music was the same with an African base beat to it.The only difference was that the sound level had been lowered. I askedwere the SLD was and they pointed to on the wall high up where therewas a double socket with 2 plugs in, there was a green light on nextto the plug. I asked how it works and the DJ told me it cuts out</p>
------------	-----------------	------------	-------------------------	------------------------------------	---

					<p>when it gets too loud. I then asked him to put the music up loud and nothing happened but the light went to amber briefly. I told him to turn it back down as if it had not cut out at the level he raised it too, it was either not working properly or had not been set correctly. Ken Spedding served a section 19 closure notice to Mr Otunyu. Identified breaches of the following conditions on the premises licence 369,364/841,243, 348, 356, 357. EEM told me that she could not inspect the kitchen properly as she was told by Mr Otunyu that food is not being provided at the moment. She said the kitchen was dirty and some of the equipment was rusty and she advised Mr Otunyu that before he provided food to contact her so that a full check could be done.</p>

Discussed minor variation with Douglas and he stated that he'd taken advice from the Police and Dorcas Mills before submitting. Also discussed simple caution and he's not of the opinion that he admitted any offence.
15/01/2017	02:50 NTE Visit MAD & FRC	Mark Orton	Lush Bar and Restaurant	280 Old Kent Road, London, SE1 5UE	Shutters down but interior lights are on. Look through window but the premises is empty and not in operation.
22/01/2017	01:45	Alexander Lisowski	Lush Bar and Restaurant	280 Old Kent Road, London, SE1 5UE	Visited venue at 01.45am, Sunday, 22nd January, 2017, with Roy Fielding (Housing). Venue should stop serving alcohol at 01.30am and close at 02.00am. PLH, Mr Douglas Otunyo, had applied for a TEN for the weekend, but it had been rejected. Venue still open at time of visit. Douglas Otunyo was present but the DPS, Folarin Olaopa, wasn't. Six other people present. Appeared to be drinking non-alcoholic drinks. No sign of any alcohol on the tables. Checked behind the bar. No alcohol on display and none stored under the bar. Otunyo stated that he had been operating as a restaurant until 11pm and then finished. The people still in the venue were friends. There was an electric till with a control box behind the bar. I asked Otunyo to show me the last transaction on the till. He told me that he didn't know how to operate the till and that his staff knew how to operate the till. I insisted that he show me the last transaction. He spent 5 minutes fiddling with the control box but still couldn't show me the last transaction. I then asked to see CCTV recordings for Saturday at 23.00pm. There are all sorts of things stored by the side of the bar. He pulled a monitor from amongst all this stuff and plugged it in. He then did some actions on the till control box which switched on the monitor. He was then able to show me previous CCTV recordings on the monitor. However the time was not set correctly on the monitor. The time shown on the monitor is 1 hour ahead of the time of the actual footage.

28/01/2017	21:47 NTE Visit	Alexander Lisowski	Lush Bar and Restaurant	280 Old Kent Road, London, SE1 5UE	<p>Visited venue at 21.47pm, Saturday, 28th January, 2017, with Matt Bourne (Trading Standards). The PLH, Mr Douglas Otunyo, was present. The DPS, Mr Folarin Oloapa, wasn't. When asked, Otunyo stated that Oloapa wasn't working that night. The venue is now operating as a restaurant. There were people at 2 of the tables eating food. Alcohol was on display behind the bar. Otunyo was under the impression that he was operating under a TEN for Friday night through to Saturday morning, and for Saturday night through to Sunday morning. I looked at his copy of the TEN it only covered Friday night through to Saturday morning. Otunyo doesn't appear to understand how to fill out the times correctly on a TEN that covers more than one day. I advised him to consult my Department the next time he applies for a TEN to ensure it is filled out correctly. Condition 341 of the licence states: "That 2 SIA registered door supervisors, at least one of whom shall be female, shall be employed at all times after 22.00 when the terminal hours is after 00.30." There weren't any SIA staff present during the course of my visit. When asked, Otunyo stated he was going to close the venue at midnight. I subsequently revisited at midnight. The venue was closed. Condition 363 states: "That no children shall be on the premises where alcohol can be served after 9.00pm." At 22.03pm a woman with 4 children, who all looked under 5 years of age, came in and sat at a table. Otunyo didn't not take any action until I pointed out the relevant condition on the licence. Otunyo claimed he hadn't seen them because he was talking to me. He then asked the woman to take the children away. At the time of my visit there was a male waiter serving tables. He didn't react to the woman coming in with children. There are conditions on the licence concerning notices asking customers to leave quietly and not to take drinks outside. Contact details of a cab firm must be displayed. There should be a dispersal policy, which is available on demand to be viewed by Police and Council. All these conditions were complied with.</p> <p>31/ 1/2017 11:29 MQ3</p>
