|--------|------------------|------------------------------|---|-----------------------------|
| 734563 | Dulwich Festival | Dulwich Festival May 2017 | <p>The Dulwich Festival aims to offer cultural and educational experiences over the course of the 10-day festival to as wide a section of the local community as possible. To this end we would like to apply for funds to support the production of the Festival Guide which is then delivered by volunteers to homes in the area. We would also like to apply for a fee to cover the engagement of a Community Outreach Officer; a position which was funded by the Neighbourhood Fund last year and which is already starting to make a difference to the impact of the Festival. Having information freely available to as many homes and groups as possible in the area goes some way to ensuring that all sections of our community feel welcome and able to attend Dulwich Festival events. The role of the Community Outreach Officer will also be to act as a listening ear, to ensure that the Festival is providing the right range of events to suit all. This year we would also like to include in our application the request for a small amount of subsidy to help support a project we are undertaking with LWT at their gardens in East Dulwich. The project will involve live mural painting by a professional artist of wildlife and will become a permanent feature in the garden.</p> | £6,000 (£2,000 per ward) |

|--------|-------------------------|--|--|-----------------------------|
| 734880 | Dulwich Picture Gallery | Dulwich Picture Gallery Bicentenary Art Skills Workshops | <p>In 2017 Dulwich Picture Gallery will celebrate 200 years public opening with an ambitious bicentenary programme of exhibitions, including a retrospective of British modernist painter Vanessa Bell and an exhibition of work by Finnish artist Tove Jansson. In June 2017 we will unveil a competition-winning architectural pavilion to serve as a temporary programme and event space. This project will provide priority access to local schools for practical art workshops during our celebration year to encourage a lifelong enjoyment of art and develop their creative skills at their local Gallery.</p> <p>Funding from the Neighbourhood Fund would enable us to deliver a programme of 10 free Bicentenary Art Skills workshops to benefit 270 children from local Southwark primary and secondary state schools. Nine local primaries and two secondary's, The Charter School and Kingsdale Foundation School, have a need for practical art workshops; we are the only local Gallery to offer a studio-based free schools arts programme. We are currently unable to meet the demand from local schools and want to guarantee they have workshops during our bicentenary to support their curriculum and classroom work. During our most popular periods we have only been able to accommodate 33% of requests.</p> <p>Workshops will provide children with a friendly guided introduction to the Gallery alongside a professional artist-led practical session. Children will experiment with new media including printmaking, 3D modelling and a variety of high-quality art materials. Students will work inside and outside the Gallery, using the Sir John Soane building and our Old Master collection as inspiration for print-making and drawing techniques. Working with our artists, students will create their own artworks to take back to school and enhance their long-term engagement with art and galleries.</p> <p>The workshops would be marketed to select local schools in April for delivery from June to December 2017.</p> | £3,000 (£1,000 per ward) |
| 735002 | Faces in Focus | Therapeutic Groups and Family Therapy | <p>We will provide therapeutic and recovery groups for children and young people aged 11-25 plus family therapy sessions. The groups and family therapy will be an extension to our one to one counselling service. The groups will cover things such as anxiety, depression, bullying, gang related issues and avoidance, forced marriage, abusive relationships, drug and alcohol abuse, family problems all of which are issues which can be positively dealt with in a group work setting.</p> <p>There is a real need for therapeutic groups and family therapy to be available for people in the 11-25 age range, particularly those who do not meet the strict requirements for NHS and other statutory services. The local community will benefit from extended access to therapeutic groups delivered at an early stage, providing a positive and beneficial intervention and so, for many, avoiding problems later on in life.</p> | £5,000 (£1,666.67 per ward) |

|--------|---------------------------|---|--|------------------------------|
| 732843 | Give it a try! | Give it a try! End of Season Festival of Rugby | Give it a try! is now delivering its rugby programme in 21 schools locally, reaching in excess of 750 children every year, including over 200 girls. Our End of Season Festival of Rugby allows us to bring all the schools and the children who we've engaged with together to celebrate their rugby development, allow them to mix and share experiences and most of all to allow them to play good quality rugby in an environment that reinforces our core aims and objectives, which are to develop young people's character, resilience and confidence, whilst also supporting the RFU's core values: teamwork, respect, enjoyment, discipline and sportsmanship. The majority of schools that we deliver rugby in have no formal rugby programme, so this is an opportunity to offer children the chance to apply all they've learned over the school year in a festival setting. The games themselves are competitive, however the festival is a "Core Values" event. There are no outright winners, no teams are knocked out early, everyone plays the same number of games and recognition is given to individuals and team who uphold the core values of the game. We facilitate the opportunity for children to be the best that they can be, athletically and in terms of skills development, but most importantly in terms of attitude. | £2,500 (£833.33 per ward) |
| 735017 | Good Health Wealth Org | Community Abundance | What Community Cultivation is going to continue doing in 2017 is connecting and helping single people aged between 40 and 70 with or approaching chronic illnesses to better health. We use our out-reach programme from GP's, Libraries and community gardens to target those that will benefit mostly from our programmes. We facilitate our members firstly with placing them if not already in pop up and community gardens in Bermondsey and Rotherhithe. We offer all our members a free online course FoodCures168 that enables them to learn about the best foods to help them to physical betterment. We encourage online connection to other members via social media and other online platforms so that our message can reach other within their friendship group to come aboard. The main benefits for our members to have a positive impact on the mental and physical benefits of the residents in Southwark with chronic illnesses we even target people who may want to take on a more preventative stance. We feel that this programme is important to enable personal betterment and knowledge because we also connect our members as an incentive with other appropriate services once their stats improve. We also tackle isolation by running a batch cookery club Karmic Kitchen where we give our members the opportunity to cook healthily together sharing the meals and freezing them for personal use therefore adding variety and building on knowledge about which foods might best serve them. To round off our programme we run a product design course called Karmic Pantry which encourages our members to design, produce and make food products that incorporate most of the knowledge they've learnt with us. We will sell these at farmers and community markets enabling us to | £2,480 (£826.67 per ward) |

| 734897 | Link Age Southwark | Communities Reducing Social Isolation for Older People | <p>foster at local level on going community abundance and programme sustainability.</p> <p>We are seeking funds to support and retain 30 volunteers from the local area to provide volunteer transport and deliver 15 activity groups to benefit 150 older, isolated people in the Dulwich CC Area.</p> <p>Services are co-ordinated by paid staff and delivered by local volunteers. Our co-ordinator recruits volunteers and matches their skills and availability to the location, needs and interests of our service users. Volunteers make it possible for older people to engage in activities including reminiscence, reading and art, others make refreshments. Volunteer drivers provide escorted transport for those who can't travel alone, ensuring that older people can remain active and engaged in their community and can participate in our groups.</p> <p>Our services are needed because older people are particularly vulnerable to social isolation and loneliness as mobility reduces, health deteriorates and family and peers move away or die. Over half of all older people consider television as their main form of company and 10% have contact with friends, family and neighbours less than once a month. Loneliness brings risks of serious physical and mental health problems.</p> <p>Our groups and volunteers reduce loneliness and isolation, improving residents' quality of life and their health and wellbeing. Our activity groups promote physical health (Gentle Exercise & Yoga), mental stimulation and creativity (Computers, Arts & Crafts, Bridge, Book Club, quizzes) friendship and social interaction. Two groups specifically support people with mild-moderate dementia living independently in their own homes and one supports family carers of people with dementia.</p> <p>Our groups are the only social interactions that many of our users have outside the home. The average age of our service users is 83 and over 20% are over 90 years old. By bringing people together of all ages and backgrounds, our work promotes a stronger, richer and age-friendly local community.</p> | £9,571 (£3,190.33 per ward) |
| 734738 | Silver London | Silver London classes | <p>To continue providing two classes a week at Push Studios for the over 60s. Since February 2016, we have been providing one seated/standing Pilates class and one dance class per week. The classes have been hugely popular. We charge £2 per class to ensure affordability to all. Our classes are available to all abilities. The people who come to our classes have become part of the Push Studios family. Clients have made new friends, improved their health and fitness and had a lot of fun. In addition, we would now like to set up a</p> | £4,224 (£1,408 per ward) |

|--------|-------------------------------------|-----------------------------|---|-----------------------------|
| 728456 | Southwark Explorers Club | Southwark Explorers Club | <p data-bbox="217 353 288 1588">new seated/standing Pilates class in Dulwich, as our current class is over subscribed (£2 class fee) and a completely free seated dance class in a local residential home.</p> <p data-bbox="328 297 563 1588">We organise weekly visits by Southwark Pensioners to a wide variety of places of cultural, artistic and historic interest. We aim to make our outings affordable for all by subsidising entrance fees and tickets e.g. for theatre, concert or cinema. A new departure this year has been to take advantage of live relays at East Dulwich Picturehouse. We have no paid staff so that the planning, coordination and delivery of our activities is entirely done by unpaid members. Our members come from a wide range of social, cultural, religious and ethnic backgrounds.</p> <p data-bbox="571 331 770 1588">Our project is particularly valued by people who live alone and especially after being widowed. Our members socialise with each other on our outings and often meet up at other times. A member of the Committee leads each outing to provide support, particularly for less mobile people, and make sure members get to the right place. There is little doubt that our activities contribute to improved emotional and physical health for our members.</p> | £1,200 (£400 per ward) |
| 734663 | Southwark Legends (Legends Academy) | Basketball in the Community | <p data-bbox="812 304 963 1588">Southwark Legends Basketball is one of the few remaining community basketball programs in the country that is not connected to a School or an Academy. We provide an environment where young people in the community can come together and get the opportunity to develop various life skills through using the sport of basketball as an engaging tool.</p> <p data-bbox="971 293 1294 1588">Growing up in Southwark, the coaching and development team have seen the barriers that a lot of young people face, however, we have also seen how sports has played a big part in giving young people a positive direction in the community. We understand that there are maybe two other basketball programs in the community that offer basketball initiatives however, where we are not connected to a school, we provide an opportunity for those young people who might not have been given an opportunity to play in School or their College. We are community focused, we involve and support parents, we liaise with schools, we take the young people on educational and employment programs and we offer workshops around character development, nutrition, sex education, first aid and much more.</p> <p data-bbox="1302 293 1501 1588">We believe that a minimum of 40 young people will benefit from our project on a weekly basis. The project was identified and will be defined by individuals that live and grew up in the community and have seen the positive impact of this initiative and the strides it has made over the years. The project will offer a one to one mentoring program through volunteers who have grown up in the community and are now employed in different walks of professional life and with the passion, desire and ability to impart and relate to present</p> | £6,044 (£2,014.67 per ward) |

|------------------------|---------------------------|--------------------------|--|----------------------------|
| DCC1718 - CllrsProp 01 | Southwark Street Cleaning | Dulwich cleaner streets | <p>We also have academia links overseas where young people can access as an option for further education.</p> <p>This project reverses the planned cut in the frequency of street cleaning in the three Dulwich wards</p> | £30,000 (£10,000 per ward) |
| 733937 | Southwark Street Pastors | Southwark Street Pastors | <p>Southwark Street Pastors is a response to neighbourhood problems of the 21st century, with a growth in crime, anti-social behaviour and dramatic rise in the numbers of teenagers carrying and using knives and guns. Bringing the Church into partnership with other agencies we work in practical ways for peace, safer streets and investment in the lives of young and vulnerable people, and other community members at night. The street pastor gets to know people in the community building relationships to find out their needs and help; caring, listening, helping. A street pastor is willing to engage people where they are, in terms of their thinking and location.</p> <p>Southwark has 28 street pastors [recruiting at least 12 additional]; patrolling Peckham Area to Camberwell Green, New Kent Road to Elephant and Castle Borough High Street to London Bridge to Tower Bridge, Borough Market, Walworth Road, Old Kent Road.</p> <p>Teams patrol streets and visit pubs, night clubs/parties locality and build relationships. E.g. shop keepers, business, families, local police, door staff, and youth clubs. Street pastor's is develops a dialogue with people, listening and gaining knowledge and responding to local concerns. Their main role is to make themselves available, especially to young people, helping them to move into positive endeavours. On a typical night, Street pastors will:</p> <ul style="list-style-type: none"> • Engage in situations which are at risk of escalating into angry/violent confrontations • Pick up bottles and broken glass • Administer basic first aid • Give out water, flip flops, lolly pops, space blankets etc. • Assist people to get home safely • Support those who are vulnerable | £2,413 (£804.33 per ward) |

|--------|---------------------------|----------------------------------|---|------------------------|
| 734762 | 2nd Southwark Scout Group | 2nd Southwark Scouts go Camping! | <ul style="list-style-type: none"> • Provide information and reassurance • Signpost to other agencies • Call ambulance service and police as required and where appropriate work together • Build relationships with key agencies, businesses, police and community members <p>The project will give up to 24 local children their first taste of camping with all the adventure and independence that entails. We, the 2nd Southwark, are a brand new Scout group which started in September 2016 and we follow the Scout Association's well-proven Programme. We need to buy camping equipment for first use in May 2017 at District Cub camp, but which will then be used year after year.</p> <p>The children (Cubs between 8 - 10 ½ years) will plan their own menus and do their own cooking and washing-up in a mess tent and will need tents for camping in woodland with Cubs from all over Southwark. They will play games and have fun but also learn skills and have opportunities for teamwork.</p> <p>For many children, this will be their first time away from home. Good camps raise children's confidence as they discover capabilities they did not know they had. They are usually too busy to miss electronic devices which we ask them to leave at home.</p> <p>Scout camps enable children with different backgrounds to meet and work together. They quickly realise the benefits of sharing their talents and experiences. As Scout Leaders are volunteers, costs are kept to a minimum, so Scout groups can give opportunities to children who could not otherwise afford them.</p> <p>Once the camp is over, the children will clean and check the equipment and then store it safely for the next time. They learn that properly looked-after equipment can be a source of pride but also works better!</p> <p>All-in-all, the 2017 camp and all the future camps will give Cubs great experiences that some could not afford in any other way. It would be great if the Neighbourhoods Fund could help us buy the equipment we need in order to get there.</p> | £1,730 |

|--------|--|--|--|------------------------|
| 733433 | Athol House, Leonard Cheshire Disability | Fun Filled Activity Holiday | <p>The majority of our residents cannot afford the luxury of a holiday and we are planning a 3-4 day group fun filled holiday involving numerous activity sessions throughout each day i.e. Arts and Crafts, Pottery, Painting, Drawing, Sculpture, Flower arranging classes and also included are Bingo and Karaoke sessions. Going on trips like this increases confidence as each resident gets the opportunity to meet other people from the community, which is a fantastic tool for breaking down barriers. The anticipation and positive atmosphere this would generate acts by itself as a means of improving the quality of life of our residents. This would benefit all and in turn their families who would see the positive signs this would generate.</p> <p>We are applying for funding as previous activities of this kind have proved to be so beneficial to the few residents who have been fortunate enough to have gone on this type of holiday before. It provided wonderful memories for those concerned. Due to the physical constraints and planning involved by simply 'just going out' an event like this will generate huge excitement as this gives the opportunity to look forward to something which would be extremely difficult to do because of the costs involved.</p> | £5,000 |
| 734853 | Dawson Heights Residents Group | Solar power for Dawson Heights | Provide cheaper, sustainable energy for the entire estate, and potentially some of the surrounding area too. | £25,000 |
| 722983 | Dulwich Society | Design charrette for Grove Tavern site | Currently the Grove Tavern Pub is closed and its site is derelict. It is one of the few development sites available for new housing in the area and it should be used. Redevelopment will provide new housing and other facilities for the local community. | £1,125 |

|--------|--|-------------------------------|--|------------------------|
| 735159 | Glazebrook Growers & Croxted Road Estate TRA | Croxted Road Community Garden | <p>We are building on the success of Croxted Road Estate's 'Kitchen Garden', established spring 2016, and the educational workshops that have been running since the spring, supported by the Cleaner Greener Safer fund/Neighbourhoods Fund respectively.</p> <p>Already the garden has brought different generations, together and has encouraged residents outdoors to meet neighbours and build community spirit, while growing and eating organic vegetables. The Glazebrook Growers and our TRA have agreed we wish to build on these strong foundations with a further series of workshops to facilitate learning for existing users of the garden and newcomers. These will be open to all estate residents and designed to stimulate engagement. We will also workshop a visual identity for the garden, to feed into signage/information sharing. We have a blog (glazebrookgrowers.wordpress.com) to share advice, and are connecting with other gardening groups through visits, an email group, Facebook and Twitter.</p> <p>Broad themes of proposed workshops:</p> <ul style="list-style-type: none"> • organic gardening methods • composting/soil health • seed saving • local wildlife • recipe sharing • garden's visual identity <p>We have specialists in the field of urban gardening in our network and will approach them to devise the focus of each session. We will also work with artists to build gardeners' drawings/photos into designs for signage/a logo to be used on site and in communications. This will help residents and passers by to know what is going on and how to join in.</p> <p>Inclusivity is high on our agenda; at our end-of-year celebration we will bring estate gardeners and residents together to share success stories – and what we've learnt from the mistakes we've made!</p> <p>We are also requesting funding to feed volunteer builders when we expand the Kitchen Garden in spring 2017; good food helps turn a physically demanding weekend into a social event, so that we build community</p> | £2,050 |

| 728396 | KETRA | Kingswood Festival | The festival will bring the community together providing a variety of entertainment and fun activities. | £5,000 |
| 732332 | Kingswood Community Shop (CPCDT) | Health and Wellbeing activities | The Kingswood Community shop continues to provide a range of activities that promotes the general health and wellbeing amongst local residents living on the Kingswood estate. Whilst we work with other providers to offer free services, some of KCS activities still require additional funding. For instance; the Chair based group, Zumba classes, Art workshops and one off wellbeing events require additional. So far this year a total of 139 people have accessed these services, with many outlining positive outcomes such as; increased confidence, reduced isolation, encourage creativity, improved physical health and new friendships. Many participants have also progressed onto other KCS services or other local services. | £5,000 |
| 731902 | Love West Dulwich | Love West Dulwich Spring Fair | Partnering with the Dulwich Festival, the Love West Dulwich Spring Fair will highlight the quintessential character of West Dulwich, its people, the community, and its exciting mix of independent businesses. Celebrating the uniqueness of SE21, the Fair will run in conjunction with the Open Houses of West Dulwich, mixing art, crafts, music and fun for all the family. The fair will also provide the perfect opportunity to 'reveal' the new West Dulwich Lamp-post Banner Scheme. Other activities will include market stalls, story telling, farm animals, face painting, children's arts and crafts, drama workshops, gardening workshops, food demonstrations, live music and in store prizes and promotions. The Spring Fair is part of the Love West Dulwich initiative, its objectives are in line with Love West Dulwich's aims to: <ul style="list-style-type: none"> - re-establish a sense of identity and a focal point for the local community - encourage people to 'shop local' therefore investing in the local community, helping to create diversity and to maintain its unique appeal - engage with those moving into the area, as well as those working and schooling in the area | £5,150 |

|--------|--------------------------------|-----------------------|---|------------------------|
| 732254 | Mylife Productions 2013 CIC | 1980s Film | <p>- raise awareness in those living outside the area</p> <p>We are just finishing an intergenerational film project on the Kingswood Estate, where young people are filming interviews with older members of their community about their memories of being young.</p> <p>They are creating a short documentary using these interviews.</p> <p>We are applying to run another intergenerational film project, but this time to make a fictional film set in the 1980s, based on some of the stories we have already collected. Creating a fictional film will make the stories more accessible to younger people – the two films will be linked on our website.</p> <p>This new project will further strengthen the relationships between older and younger people that we have started to build - by making "youth" the focus of the film project, it enables both generations to develop an understanding that we were all once young.</p> <p>The young people will develop film making and IT skills that are highly relevant to the 21st Century workplace. They will also have the opportunity to share these skills with older members of their community, to help them to learn how to use the technology.</p> <p>Both groups enjoyed working together on the intergenerational project, and said that they do not often interact with people from different age groups. This project will give older and younger people the opportunity to work together, to forge new relationships and reference points, and to develop an understanding of each others' perspectives.</p> <p>The young people will upload the film to our website and we will hold a local screening at Kingswood House. The project will bring different generations together in a way that promotes understanding and enhances inclusion, and making a stronger community.</p> | £4,650 |

|--------|----------------------------------|--|---|------------------------|
| 735004 | New Leaf Educational Gardens CIC | New Leaf Botanic Timeline and Community Bookshop | <p>We are building a Botanic Garden and educational centre at West Dulwich train station (beside the walkway at Platform 2), where we have turned a roofless bin shed into a community hub, and second hand bookshop. We aim to illustrate the evolution of flowering plants (angiosperms) from their distant origins, over 150 million years ago, to the present day, providing examples of each plant in succession. We also host groups of local people, from the Borough of Southwark, including schools and colleges, young offenders and older people. This gives people a chance to learn various gardening and environmental skills, and socialise with other people. It also has an effect in reducing antisocial behaviour and minimising litter in the area. We are making a teaching resource here, creating an open air natural history museum, a living book on the natural world. The big idea is to build a teaching resource for the four local boroughs (Southwark, Lambeth, Lewisham, and Bromley) to come along with groups of school children and use the site in conjunction with Belair Park. As a means of introducing children and young people to the environment, it is also has potential to overcome the damaging culture of postcode rivalries by getting young people to work alongside each other as friends.</p> | £5,000 |
| 731809 | Paxton Green Time Bank | Time 4 Kingswood! | <p>We will be working on the Kingswood estate to deliver a programme of activities co-produced by our members in order to showcase the skills available in the local community and also to promote our local work and that of our partner organisations, including LinkAge Southwark, in order to get more residents engaged in the longer term.</p> <p>Activities will include a publicity drive, an art week where members will use their skills to teach others how to produce art, recycle and up-cycle, a series of debates and bring and share food events and other social opportunities. We will also be having our annual summer trip to reward members who have earned lots of hours over the year supporting the community. Our members have also requested support to continue with their cultural cookery club where members share recipes, food, ideas and conversation.</p> <p>These ideas have come from our members and we will be supporting them to deliver the events. We would expect over 300 people to engage with the project, and one outcome will be increased take up in services on the estate. Another outcome will be increased local membership of the time bank, and more social and learning opportunities for local people.</p> | |

|--------|---|--|---|------------------------|
| 734201 | St Stephen's Church "Out and About" Club. | St Stephen's Church "Out and About" Club | <p>Club membership now numbers 150, each outing attracting new participants, meaning they are always full or oversubscribed (approximately 40 participants per outing over the last year). This confirms the survey results indicating a huge need for such a project. We continue to identify individuals from all socio economic backgrounds who are living alone. Many receive only occasional visits from busy or geographically separated family members; they have lost friends without whose company and support they lack confidence to venture out. Transport can be a problem as they lack the energy or courage to travel by public transport (especially unaccompanied). Similarly, they do not have the confidence or initiative to organise their own activities. These problems are frequently exacerbated by poor health and low morale. We aim to improve well-being and quality of life for our members (including those living on the Kingswood Estate and in the wider community), by offering elderly, lonely and vulnerable members in particular, activities and outings which provide social interaction, mental and physical stimulation, nourishing food and fresh air!</p> <p>In terms of projects in our area of South Dulwich, which meet the above needs by taking residents regularly out of their usual environment and away from stereotypically sedentary, 'lounge- based' activities, our club is unique. All events are designed to appeal to older people and to counter social isolation and depression, while boosting morale and bringing people together from different backgrounds. A secondary, yet important aim therefore, is to promote understanding and respect between individuals, resulting in improved community relations and increased cohesion across a multi-ethnic and multi-faith community. The longer our club continues, the more marked this aspect becomes; and there are already encouraging signs that this is the case.</p> | |

| 734880 | Dulwich Picture Gallery | Dulwich Picture Gallery Bicentenary Art Skills Workshops | <p>In 2017 Dulwich Picture Gallery will celebrate 200 years public opening with an ambitious bicentenary programme of exhibitions, including a retrospective of British modernist painter Vanessa Bell and an exhibition of work by Finnish artist Tove Jansson. In June 2017 we will unveil a competition-winning architectural pavilion to serve as a temporary programme and event space. This project will provide priority access to local schools for practical art workshops during our celebration year to encourage a lifelong enjoyment of art and develop their creative skills at their local Gallery.</p> <p>Funding from the Neighbourhood Fund would enable us to deliver a programme of 10 free Bicentenary Art Skills workshops to benefit 270 children from local Southwark primary and secondary state schools. Nine local primaries and two secondary's, The Charter School and Kingsdale Foundation School, have a need for practical art workshops; we are the only local Gallery to offer a studio-based free schools arts programme. We are currently unable to meet the demand from local schools and want to guarantee they have workshops during our bicentenary to support their curriculum and classroom work. During our most popular periods we have only been able to accommodate 33% of requests.</p> <p>Workshops will provide children with a friendly guided introduction to the Gallery alongside a professional artist-led practical session. Children will experiment with new media including printmaking, 3D modelling and a variety of high-quality art materials. Students will work inside and outside the Gallery, using the Sir John Soane building and our Old Master collection as inspiration for print-making and drawing techniques. Working with our artists, students will create their own artworks to take back to school and enhance their long-term engagement with art and galleries.</p> <p>The workshops would be marketed to select local schools in April for delivery from June to December 2017.</p> | £3,000 (£1,000 per ward) |
| 735002 | Faces in Focus | Therapeutic Groups and Family Therapy | <p>We will provide therapeutic and recovery groups for children and young people aged 11-25 plus family therapy sessions. The groups and family therapy will be an extension to our one to one counselling service. The groups will cover things such as anxiety, depression, bullying, gang related issues and avoidance, forced marriage, abusive relationships, drug and alcohol abuse, family problems all of which are issues which can be positively dealt with in a group work setting.</p> <p>There is a real need for therapeutic groups and family therapy to be available for people in the 11-25 age range, particularly those who do not meet the strict requirements for NHS and other statutory services. The local community will benefit from extended access to therapeutic groups delivered at an early stage, providing a positive and beneficial intervention and so, for many, avoiding problems later on in life.</p> | £5,000 (£1,666.67 per ward) |

| 732843 | Give it a try! | Give it a try! End of Season Festival of Rugby | <p>Give it a try! is now delivering its rugby programme in 21 schools locally, reaching in excess of 750 children every year, including over 200 girls. Our End of Season Festival of Rugby allows us to bring all the schools and the children who we've engaged with together to celebrate their rugby development, allow them to mix and share experiences and most of all to allow them to play good quality rugby in an environment that reinforces our core aims and objectives, which are to develop young people's character, resilience and confidence, whilst also supporting the RFU's core values: teamwork, respect, enjoyment, discipline and sportsmanship. The majority of schools that we deliver rugby in have no formal rugby programme, so this is an opportunity to offer children the chance to apply all they've learned over the school year in a festival setting. The games themselves are competitive, however the festival is a "Core Values" event. There are no outright winners, no teams are knocked out early, everyone plays the same number of games and recognition is given to individuals and team who up hold the core values of the game. We facilitate the opportunity for children to be the best that they can be, athletically and in terms of skills development, but most importantly in terms of attitude.</p> | £2,500 (£833.33 per ward) |
| 735017 | Good Health Wealth Org | Community Abundance | <p>What Community Cultivation is going to continue doing in 2017 is connecting and helping single people aged between 40 and 70 with or approaching chronic illnesses to better health. We use our out-reach programme from GP's, Libraries and community gardens to target those that will benefit mostly from our programmes. We facilitate our members firstly with placing them if not already in pop up and community gardens in Bermondsey and Rotherhithe. We offer all our members a free online course FoodCures168 that enables them to learn about the best foods to help them to physical betterment. We encourage online connection to other members via social media and other online platforms so that our message can reach other within their friendship group to come aboard. The main benefits for our members to have a positive impact on the mental and physical benefits of the residents in Southwark with chronic illnesses we even target people who may want to take on a more preventative stance. We feel that this programme is important to enable personal betterment and knowledge because we also connect our members as an incentive with other appropriate services once their stats improve. We also tackle isolation by running a batch cookery club Karmic Kitchen where we give our members the opportunity to cook healthily together sharing the meals and freezing them for personal use therefore adding variety and building on knowledge about which foods might best serve them. To round off our programme we run a product design course called Karmic Pantry which encourages our members to design, produce and make food products that incorporate most of the knowledge they've learnt with us. We will sell these at farmers and community markets enabling us to</p> | £2,480 (£826.67 per ward) |

| 734897 | Link Age Southwark | Communities Reducing Social Isolation for Older People | <p>foster at local level on going community abundance and programme sustainability.</p> <p>We are seeking funds to support and retain 30 volunteers from the local area to provide volunteer transport and deliver 15 activity groups to benefit 150 older, isolated people in the Dulwich CC Area.</p> <p>Services are co-ordinated by paid staff and delivered by local volunteers. Our co-ordinator recruits volunteers and matches their skills and availability to the location, needs and interests of our service users. Volunteers make it possible for older people to engage in activities including reminiscence, reading and art, others make refreshments. Volunteer drivers provide escorted transport for those who can't travel alone, ensuring that older people can remain active and engaged in their community and can participate in our groups.</p> <p>Our services are needed because older people are particularly vulnerable to social isolation and loneliness as mobility reduces, health deteriorates and family and peers move away or die. Over half of all older people consider television as their main form of company and 10% have contact with friends, family and neighbours less than once a month. Loneliness brings risks of serious physical and mental health problems.</p> <p>Our groups and volunteers reduce loneliness and isolation, improving residents' quality of life and their health and wellbeing. Our activity groups promote physical health (Gentle Exercise & Yoga), mental stimulation and creativity (Computers, Arts & Crafts, Bridge, Book Club, quizzes) friendship and social interaction. Two groups specifically support people with mild-moderate dementia living independently in their own homes and one supports family carers of people with dementia.</p> <p>Our groups are the only social interactions that many of our users have outside the home. The average age of our service users is 83 and over 20% are over 90 years old. By bringing people together of all ages and backgrounds, our work promotes a stronger, richer and age-friendly local community.</p> | £9,571 (£3,190.33 per ward) |
| 734738 | Silver London | Silver London classes | <p>To continue providing two classes a week at Push Studios for the over 60s. Since February 2016, we have been providing one seated/standing Pilates class and one dance class per week. The classes have been hugely popular. We charge £2 per class to ensure affordability to all. Our classes are available to all abilities. The people who come to our classes have become part of the Push Studios family. Clients have made new</p> | £4,224 (£1,408 per ward) |

| 728456 | Southwark Explorers Club | Southwark Explorers Club | <p>friends, improved their health and fitness and had a lot of fun. In addition, we would now like to set up a new seated/standing Pilates class in Dulwich, as our current class is over subscribed (£2 class fee) and a completely free seated dance class in a local residential home.</p> <p>We organise weekly visits by Southwark Pensioners to a wide variety of places of cultural, artistic and historic interest. We aim to make our outings affordable for all by subsidising entrance fees and tickets e.g. for theatre, concert or cinema. A new departure this year has been to take advantage of live relays at East Dulwich Picturehouse. We have no paid staff so that the planning, coordination and delivery of our activities is entirely done by unpaid members. Our members come from a wide range of social, cultural, religious and ethnic backgrounds.</p> <p>Our project is particularly valued by people who live alone and especially after being widowed. Our members socialise with each other on our outings and often meet up at other times. A member of the Committee leads each outing to provide support, particularly for less mobile people, and make sure members get to the right place. There is little doubt that our activities contribute to improved emotional and physical health for our members.</p> | £1,200 (£400 per ward) |
| 734663 | Southwark Legends (Legends Academy) | Basketball in the Community | <p>Southwark Legends Basketball is one of the few remaining community basketball programs in the country that is not connected to a School or an Academy. We provide an environment where young people in the community can come together and get the opportunity to develop various life skills through using the sport of basketball as an engaging tool.</p> <p>Growing up in Southwark, the coaching and development team have seen the barriers that a lot of young people face, however, we have also seen how sports has played a big part in giving young people a positive direction in the community. We understand that there are maybe two other basketball programs in the community that offer basketball initiatives however, where we are not connected to a school, we provide an opportunity for those young people who might not have been given an opportunity to play in School or their College. We are community focused, we involve and support parents, we liaise with schools, we take the young people on educational and employment programs and we offer workshops around character development, nutrition, sex education, first aid and much more.</p> <p>We believe that a minimum of 40 young people will benefit from our project on a weekly basis. The project was identified and will be defined by individuals that live and grew up in the community and have seen the positive impact of this initiative and the strides it has made over the years. The project will offer a one to</p> | £6,044 (£2,014.67 per ward) |

| DCC1718 - CllrsProp 01 | Southwark Street Cleaning | Dulwich cleaner streets | one mentoring program through volunteers who have grown up in the community and are now employed in different walks of professional life and with the passion, desire and ability to impart and relate to present challenges. We also have academia links overseas where young people can access as an option for further education. This project reverses the planned cut in the frequency of street cleaning in the three Dulwich wards | £30,000 (£10,000 per ward) |
| 733937 | Southwark Street Pastors | Southwark Street Pastors | Southwark Street Pastors is a response to neighbourhood problems of the 21st century, with a growth in crime, anti-social behaviour and dramatic rise in the numbers of teenagers carrying and using knives and guns. Bringing the Church into partnership with other agencies we work in practical ways for peace, safer streets and investment in the lives of young and vulnerable people, and other community members at night. The street pastor gets to know people in the community building relationships to find out their needs and help; caring, listening, helping. A street pastor is willing to engage people where they are, in terms of their thinking and location. Southwark has 28 street pastors [recruiting at least 12 additional]; patrolling Peckham Area to Camberwell Green, New Kent Road to Elephant and Castle Borough High Street to London Bridge to Tower Bridge, Borough Market, Walworth Road, Old Kent Road. Teams patrol streets and visit pubs, night clubs/parties locality and build relationships. E.g. shop keepers, business, families, local police, door staff, and youth clubs. Street pastor's is develops a dialogue with people, listening and gaining knowledge and responding to local concerns. Their main role is to make themselves available, especially to young people, helping them to move into positive endeavours. On a typical night, Street pastors will: <ul style="list-style-type: none"> • Engage in situations which are at risk of escalating into angry/violent confrontations • Pick up bottles and broken glass • Administer basic first aid • Give out water, flip flops, lolly pops, space blankets etc. • Assist people to get home safely | £2,413 (£804.33 per ward) |

| 730259 | SNUB | Hanging baskets | <p>originally came for her husband who has Alzheimer's and has more recently also been diagnosed with Parkinson's commented "The weekly sessions provide us an opportunity to have company with others, give us all some exercise and talk to others who may have similar health conditions. As a career to my husband, it also takes away the stress from me for two hours which is all I normally get that week. It makes the day feel happier and calmer and I would not know what I would do without these sessions continuing". The activities have proved that stimulating the mind through exercise has had success with people with Alzheimer's which has not been previously recognised.</p> <p>Lordship lane has been the destination shopping area for South Southwark residents for the last 10 years. The lane needs a floral touch with hanging baskets along the lane; it will benefit the area because it will add a garden green feel to the lane. We have lovely trees along the lane; I think hanging floral baskets will add a village community feel to East Dulwich.</p> | £2,000 |
| 734861 | Vale Residents' Association | Raise awareness and membership of VRA | <p>Membership engagement with the Vale Residents Association (VRA) has declined in recent years, with most interaction arising from the Big Lunches organised on each of the three main streets each year via the VRA. This means that currently the VRA is not providing the service to the community that we feel it can, and ought, to do, as without engagement from and with the membership it is difficult to identify and act upon local issues. We are therefore commencing a project to reinvigorate the VRA by encouraging engagement with and between the membership through different communication channels. Currently the VRA runs a website, and puts up posters/flyers, which incur hosting and printing fees. We are expanding to free media such as Facebook and twitter, but are conscious that some members do not use online and/or social media services, so we must retain the traditional communication channels and associated fees. Also, these media do not allow for communication between the members (getting to know the neighbours), consequently we intend to hold VRA meetings during the year, for which premises will be required. Whilst the local pub is often used, noise levels make it difficult for serious discussion and some members/residents will not attend meetings held in a pub. Through increased and better communication we hope to encourage greater community interaction, both with the VRA and between the members, following which the intention is to facilitate discussion on local issues with the reinvigorated membership: planning, parking, traffic etc, of which we are aware from discussions with individual members there are local concerns especially given the development of the Dulwich Hospital Site. Having properly identified the concerns of its membership, the VRA will then seek to represent and address those concerns as necessary.</p> | £500 |

Dulwich Community Council Neighbourhoods Fund Applications 2017-18

|--------|-----------------------------|----------------------------------|--|------------------------|
| 734869 | Vale Residents' Association | VRA street parties & summer fete | <p>The VRA has successfully run Big Lunch street parties on each of the three main streets in its area (Melbourne Grove, Derwent Grove and Elsie Grove) over the last few years. These are very well attended and greatly enjoyed by local residents, and are the main method by which many of the residents have got to know other residents beyond their immediate neighbours. The most joyful part is the ability for local children to play out on the street, which due to high traffic flow and densely parked cars, they are unable to do during the year. To enhance that enjoyment and encourage even more residents to join the party thereby allowing the residents more opportunity to get to know each other, and improve community relations, we would like each party to have a PA system to allow for music, and a bouncy castle and face painting for the kids, and outdoor game hire for big and little kids alike. As each street holds its own party, this does not allow for residents from one street to get to know the neighbouring street. Given this year is the VRA's 10th birthday we wish to hold a further "Big Lunch" style 10th Birthday Party at a local hall which residents of all three streets may attend, to promote further community engagement, neighbourliness, and sense of belonging, and promote the VRA to local residents.</p> | £1,500 |
| 730463 | Youth Learning Network Ltd | EastWest Project | <p>This project seeks to identify and match a range of tutors and mentors predominantly of Eastern European background with mentees and learners of African, Caribbean and South American backgrounds. YLN has existed since March 2007 and has served a target group drawn predominantly from West African and African Caribbean heritage children and young people. Between 2008 and 2011 YLN also responded to requests from parents originating in South America, notably Columbia, wishing their children to attend sessions. On the principle of inclusion and in the interests of community cohesion we accepted children and young people of all backgrounds within our client group. During that time we noted with interest that a group of Eastern European volunteers, from Romania, committed to travel from an East London Borough to support our work in Southwark. They have maintained this valuable commitment for a number of years. This experience has led us to seek funding for specific projects which will formalise and enhance such inter community cooperation which has developed organically and on an ad hoc basis from our general work. The EastWest Project will enable us to seek out local Polish migrants, and other young adults from Eastern Europe, wishing to connect more closely and engage with the ethnic diversity of London by contributing as tutors and mentors to the children and young people that YLN serves. It will provide opportunities both for enhancing the learning experience of the children and young people themselves and to offer points of collaboration and connection with our parents whose experiences and challenges have their correlates with those of the white migrant workers. The funding will enable us to seek out, train and match appropriate</p> | £5,000 |

| 734897 | Link Age Southwark | Communities Reducing Social Isolation for Older People | <p>foster at local level on going community abundance and programme sustainability.</p> <p>We are seeking funds to support and retain 30 volunteers from the local area to provide volunteer transport and deliver 15 activity groups to benefit 150 older, isolated people in the Dulwich CC Area.</p> <p>Services are co-ordinated by paid staff and delivered by local volunteers. Our co-ordinator recruits volunteers and matches their skills and availability to the location, needs and interests of our service users. Volunteers make it possible for older people to engage in activities including reminiscence, reading and art, others make refreshments. Volunteer drivers provide escorted transport for those who can't travel alone, ensuring that older people can remain active and engaged in their community and can participate in our groups.</p> <p>Our services are needed because older people are particularly vulnerable to social isolation and loneliness as mobility reduces, health deteriorates and family and peers move away or die. Over half of all older people consider television as their main form of company and 10% have contact with friends, family and neighbours less than once a month. Loneliness brings risks of serious physical and mental health problems.</p> <p>Our groups and volunteers reduce loneliness and isolation, improving residents' quality of life and their health and wellbeing. Our activity groups promote physical health (Gentle Exercise & Yoga), mental stimulation and creativity (Computers, Arts & Crafts, Bridge, Book Club, quizzes) friendship and social interaction. Two groups specifically support people with mild-moderate dementia living independently in their own homes and one supports family carers of people with dementia.</p> <p>Our groups are the only social interactions that many of our users have outside the home. The average age of our service users is 83 and over 20% are over 90 years old. By bringing people together of all ages and backgrounds, our work promotes a stronger, richer and age-friendly local community.</p> | £9,571 (£3,190.33 per ward) |
| 734738 | Silver London | Silver London classes | <p>To continue providing two classes a week at Push Studios for the over 60s. Since February 2016, we have been providing one seated/standing Pilates class and one dance class per week. The classes have been hugely popular. We charge £2 per class to ensure affordability to all. Our classes are available to all abilities. The people who come to our classes have become part of the Push Studios family. Clients have made new</p> | £4,224 (£1,408 per ward) |

| 728456 | Southwark Explorers Club | Southwark Explorers Club | <p>friends, improved their health and fitness and had a lot of fun. In addition, we would now like to set up a new seated/standing Pilates class in Dulwich, as our current class is over subscribed (£2 class fee) and a completely free seated dance class in a local residential home.</p> <p>We organise weekly visits by Southwark Pensioners to a wide variety of places of cultural, artistic and historic interest. We aim to make our outings affordable for all by subsidising entrance fees and tickets e.g. for theatre, concert or cinema. A new departure this year has been to take advantage of live relays at East Dulwich Picturehouse. We have no paid staff so that the planning, coordination and delivery of our activities is entirely done by unpaid members. Our members come from a wide range of social, cultural, religious and ethnic backgrounds.</p> <p>Our project is particularly valued by people who live alone and especially after being widowed. Our members socialise with each other on our outings and often meet up at other times. A member of the Committee leads each outing to provide support, particularly for less mobile people, and make sure members get to the right place. There is little doubt that our activities contribute to improved emotional and physical health for our members.</p> | £1,200 (£400 per ward) |
| 734663 | Southwark Legends (Legends Academy) | Basketball in the Community | <p>Southwark Legends Basketball is one of the few remaining community basketball programs in the country that is not connected to a School or an Academy. We provide an environment where young people in the community can come together and get the opportunity to develop various life skills through using the sport of basketball as an engaging tool.</p> <p>Growing up in Southwark, the coaching and development team have seen the barriers that a lot of young people face, however, we have also seen how sports has played a big part in giving young people a positive direction in the community. We understand that there are maybe two other basketball programs in the community that offer basketball initiatives however, where we are not connected to a school, we provide an opportunity for those young people who might not have been given an opportunity to play in School or their College. We are community focused, we involve and support parents, we liaise with schools, we take the young people on educational and employment programs and we offer workshops around character development, nutrition, sex education, first aid and much more.</p> <p>We believe that a minimum of 40 young people will benefit from our project on a weekly basis. The project was identified and will be defined by individuals that live and grew up in the community and have seen the positive impact of this initiative and the strides it has made over the years. The project will offer a one to</p> | £6,044 (£2,014.67 per ward) |

| DCC1718 - CllrsProp 01 | Southwark Street Cleaning | Dulwich cleaner streets | one mentoring program through volunteers who have grown up in the community and are now employed in different walks of professional life and with the passion, desire and ability to impart and relate to present challenges. We also have academia links overseas where young people can access as an option for further education. | £30,000 (£10,000 per ward) |
| 733937 | Southwark Street Pastors | Southwark Street Pastors | This project reverses the planned cut in the frequency of street cleaning in the three Dulwich wards Southwark Street Pastors is a response to neighbourhood problems of the 21st century, with a growth in crime, anti-social behaviour and dramatic rise in the numbers of teenagers carrying and using knives and guns. Bringing the Church into partnership with other agencies we work in practical ways for peace, safer streets and investment in the lives of young and vulnerable people, and other community members at night. The street pastor gets to know people in the community building relationships to find out their needs and help; caring, listening, helping. A street pastor is willing to engage people where they are, in terms of their thinking and location. Southwark has 28 street pastors [recruiting at least 12 additional]; patrolling Peckham Area to Camberwell Green, New Kent Road to Elephant and Castle Borough High Street to London Bridge to Tower Bridge, Borough Market, Walworth Road, Old Kent Road. Teams patrol streets and visit pubs, night clubs/parties locality and build relationships. E.g. shop keepers, business, families, local police, door staff, and youth clubs. Street pastor's is develops a dialogue with people, listening and gaining knowledge and responding to local concerns. Their main role is to make themselves available, especially to young people, helping them to move into positive endeavours. On a typical night, Street pastors will: <ul style="list-style-type: none"> • Engage in situations which are at risk of escalating into angry/violent confrontations • Pick up bottles and broken glass • Administer basic first aid • Give out water, flip flops, lolly pops, space blankets etc. | £2,413 (£804.33 per ward) |

| 733336 | Arts Against Abuse (currently registering as CIC) | Victory Over Violence – promoting safe relationships | <ul style="list-style-type: none"> • Assist people to get home safely • Support those who are vulnerable • Provide information and reassurance • Signpost to other agencies • Call ambulance service and police as required and where appropriate work together • Build relationships with key agencies, businesses, police and community members <p>Victory over Violence is an enlightening Domestic Abuse seminar and workshop seeking to empower and encourage positive change within the community, through specialist support and education, physical activity and the arts.</p> <p>One in every 3 women experience domestic abuse in their lifetime and one in every seven men (who.int). It is a silent epidemic that is on the rise and prevalent in all communities regardless of race, religion, sex, age or class, and yet still is shrouded in secrecy and stigma.</p> <p>Since founding the Bad Karma Impala community outreach project, I have met and spoken with a staggering number of people affected by abuse in the home. Education in schools is lacking and government support dwindling. A survey of Women’s Aid-affiliated refuges shows that 67% of those operating in England would be forced to close if they are not exempted from the current welfare reform, while 87% would be forced to scale down the support they give to families. We must take preventative measures to minimize the growing numbers of victims. Education is the start.</p> <p>Increasingly those affected have nowhere to turn. The need for an event that encourages dialogue in an enjoyable, informative, interactive manner is clear. Providing the affected with a sense of hope, an opportunity to meet service providers and source available support details.</p> <p>We will have a range of guest speakers including:</p> <ul style="list-style-type: none"> • Solace Women’s Aid, Overview, victim blaming, making a difference, services information • Survivor accounts Inspirational stories, opening dialogue • Perpetrator services | £1,180 |

| 734948 | Centric Learning Tree | Centric Learning Tree | We plan to deliver a series of story-telling and crafting workshops in Dulwich Park in summer 2017 to provide a focus for children and families to engage in creative activities together and to meet other families in their community | £3,000 |
| 731654 | Delawyk Residents Management Organisation | Autumn outing | <p>We are planning an outing for all residents on Delawyk Crescent in the autumn.</p> <p>By doing this we hope to achieve the following:</p> <ol style="list-style-type: none"> 1. Community/social cohesion where all the diverse groups of families/residents (of all tenures, ages, backgrounds, racial groups) have the opportunity to come together and have fun together. 2. By coming together it is hoped that residents will get to know each other and thereby enhance and strengthen good social relations. 3. To give the elderly residents on the estate (most of whom live on their own and hardly go out), an opportunity to enjoy a day out. <p>The project is needed because we live on an estate and need to encourage and maintain good neighbourliness and social outing is one of the ways we can achieve this.</p> <p>We have had social outings in the past and have found them not only to be fun for all, but also a means to bonding as a community where resident look out for each other and for each other's safety</p> | £1,972 |
| 712484 | Dulwich Music Festival | Dulwich Harpsichord Festival (workshops and recitals) | The Dulwich Music Festival currently provides free harpsichord lessons to students in South London using a basic instrument we have that we can transport in the back of a car. However this instrument is not suitable for performance in a public recital and we are looking for funding to help fund a Harpsichord Festival. The Harpsichord Festival would allow members of the public with basic keyboard skills to come and try out the harpsichord in a series of workshops. We would invite school groups as well as musicians from CYM, JASSPA etc. to attend the sessions that would be led by harpsichord tutors. In addition to the daytime workshops, | £2,300 |

| 734401 | Dulwich Park Friends | Dulwich Park Fair 2017 | <p>there will be recitals in the afternoon and evening that will engage professional musicians to perform to all attendees.</p> <p>In order for the festival to run, we would need to hire a good quality instrument that is suitable for use by a professional musician. This instrument would be used for both the workshops and the recitals. We would like the afternoon recitals to be free entry and the evening recital to be a ticketed event.</p> <p>The 10th year of a community led Fair in Dulwich Park which closes the Dulwich Festival. We aim to show case local talent, hand made crafts and local produce and provide traditional entertainment such as the steam fair, Vauxhall city farm and Punch and Judy. The Fair is run by volunteers, driven by community spirit and fosters a sense of pride in the area.</p> | £1,500 |
| 734441 | Dulwich Park Friends | Lewisham Concert Band at Dulwich Park | <p>A concert in Dulwich Park by Lewisham Concert Band, a group of 30 volunteer musicians, to entertain local people and enhance community spirit.</p> | £500 |
| 734796 | Herne Hill Velodrome Trust | Launch Of The New Herne Hill Velodrome | <p>A new pavilion was always the big goal of the incredibly successful Save the Herne Hill Velodrome campaign. Thanks to various sponsors (Sport England, the Marathon Trust, the Mayor's Fund and Southwark Council) that building will be completed in early 2017. Crucially however the pavilion needs to be fitted out. Friends of Herne Hill Velodrome have gained £85,000 in pledges from members of the public to complete the restoration project of the new pavilion, with meeting rooms, a kitchen, 250 seats for the new grandstand. However the Launch the New Herne Hill Velodrome Project aims to support the operation and improvement of Herne Hill Velodrome, and the long-term development of activities at our vital grassroots facility to the local community and cycling clubs for public benefit on the site by increasing participation at the track.</p> | £4,000 |
| 730122 | Lively Minds | Reaching Out | <p>Lively Minds is run for and by retired seniors of different backgrounds, the average age is seventy-five. The funding will develop and improve the unique services offered by Lively Minds to seniors in the Dulwich area, enabling the club's continuation of twenty-six years of excellent provision in the community.</p> <p>Many of the 36 club members live alone and are suffering from multiple illnesses. Lively Minds offers them a lifeline of consideration and respect which promotes their happiness and wellbeing and reduces social isolation. Attendance and participation in the talks, workshops and social activities can improve mental health and well being, increase confidence, improve skills and knowledge and significantly contribute to</p> | £1,955 |
