

**NOTIFICATION OF KEY DECISION TO BE TAKEN**

**GENERAL EXCEPTION NOTICE**

<b>DETAILS OF DECISION</b>	
<b>Title of Report</b>	Crystal Palace Parade Cycling and Walking Improvements
<b>Description/Nature of matter requiring Key Decision</b>	To approve the implementation of two new Dutch-style roundabouts and associated pedestrian and cycle crossings at the junctions of Crystal Palace Parade / Fountain Drive and Sydenham Hill / Westwood Hill and bus lane extension subject to the necessary statutory procedures.
<b>Decision taker</b>	Cabinet Member for Environment and the Public Realm
<b>Date by which Key Decision must be taken</b>	April 2017
<b>Reason why it was impracticable for decision to be on the Forward Plan</b>	This decision was originally on the Forward Plan for February 2017. Transport for London (TfL) as the approval body for schemes on the Strategic Road Network required additional modelling and design work to be undertaken prior to approving the scheme. Conditional approval from TfL was received on 1 March, later than originally scheduled.
<b>Reason why the decision cannot wait for inclusion in the next Forward Plan</b>	The next forward plan relates to decisions to be taken from June 2017 onwards. Further delays would negatively affect the critical path, placing funding sources at risk and hindering delivery to the local community. The funding must be committed before June 2017 and 3 month lead in is required to facilitate works on site. TfL have requested the works on site commence in school summer holidays (July 2017) due to the impact on traffic congestion.
