Allday, Debra; Tear, Jayne  
Subject: Minor variation - rock Island , (formerly 320-322

I write with regards to the minor variation received. The application seeks to remove a condition put on by the licensing sub committee on 30 Jan 2017. We are still in the appeal period and the licence has as yet to be issued.

1. A full variation will be needed to remove such a condition, as such this minor variation is rejected.
2. As per the screen shot it is obvious that patrons are being invited to drink without a meal.

May I remind you that unannounced visits will be conducted to make sure that the premises adheres to conditions on the notice of decision and also the licence when issued.

regards
