## **Statement of Graham Hopkins Aged over 18**

**Rock Island, Thomas A Becket, 320/322 Old Kent Road, London SE1 5UE**

My name is Graham Hopkins and I am a self employed Licensing Consultant. I have worked in this role for over 9 years since November 2007 and previously worked for a London Borough Council for nearly three years as a Licensing Officer dealing with applications for Licences, Licensing Sub Committee Hearings and all aspects of Licensing Enforcement. I also subsequently worked for a District Council for six months as a Licensing Enforcement Officer.

Prior to this I gained considerable experience of regulatory enforcement working for HM Customs and Excise between 1972 and 1996 rising to the rank of Senior Executive Officer.

I have passed the BIIAB National Certificate for Licensing Practitioners and the BIIAB National Certificate for Personal Licence Holders and the BIIAB National Certificate for Designated Premises Supervisors. I was also the tenant and designated premises supervisor of a public house for two years. I was asked by Mr Mahir Kilic of NARTS Food & Leisure Ltd (Licensing Consultants) to visit the premises of Rock Island, Thomas A Becket, 320/322 Old Kent Road, London SE1 5UE. I visited the premises at 13.35 on Monday 22nd May 2017 with my partner Mrs Linda Potter.

The premises which was formerly a public house is laid out and operates as a restaurant on the ground floor with customer seating to the front, right hand side, rear and left hand side. The servery and kitchen are situated to the left hand side. The basement is for staff use only and contains the office and stock rooms etc. The garden area is not currently used except for smokers. The overall capacity is limited by the Premises Licence to 120 but with the garden not in use capacity is limited to 105.

I met Ms Claire Steele the DPS and her colleague Ms Scarborough. Both ladies hold personal licences. Premises Licence Number 856653 issued by the London Borough of Southwark is held by Mr Paul Anthony Scarborough and the Designated Premises Supervisor is Ms Claire Joy Steele. The summary of the Premises Licence was correctly displayed behind the entrance door. The Premises Licence authorises the provision of late night refreshment from 23.00 to 23.30 daily all week and the sale of alcohol for consumption on the premises from 11.00 to 23.30 daily all week. The premises may be open to the public from 11.00 to 00.00 (midnight) daily all week. The Premises Licence has a restaurant condition in place at Annexe 3 Condition Number 847 to ensure that it operates as a restaurant.

I explained the Premises Licence terms and conditions with Ms Steele and Ms Scarborough.

I went through the Annexe 1 Mandatory Conditions with Ms Steele and Ms Scarborough and was satisfied that they understood them.

I then went through the Annexe 2 Conditions Consistent with the Operating Schedule with Ms Steele and Ms Scarborough.

1) Conditions 340 & 341. The ladies were aware of these conditions. Satisfied compliant.

2) Condition 305. Notice displayed by entry door. Compliant.

3) Conditions 4AA & 4AB. Challenge 25 is operated as the proof of age policy and only the proof of age documents specified in the condition are accepted. Staff have been given appropriate training but did not appear to have attended a "recognised training scheme". Training sheets are kept for each staff member on the premises.

4) Condition 4AC. Appropriate signage is displayed by the entry doors and behind the servery. Compliant.

5) Condition 342. A written refusals register is in use and kept at the premises. Compliant.

I also went through the Annexe 3 Conditions Attached after a Hearing by the Licensing Authority.

1) Conditions 840 and 841. Ms Steele & Ms Scarborough were fully aware of these conditions. Satisfied compliant.

2) Conditions 842 and 843. The ladies were aware of these conditions. The capacity figures relate to patrons and exclude staff. I note that the figures stated by the Council on the Licence do not add up to 120. Satisfied compliant.

3) Condition 844. A written dispersal policy could not be provided. I agreed with NARTS that one will be provided. Both Ms Steele and Ms Scarborough were aware of the matters that need to be included eg a member of staff or the Door Supervisors when on duty, to remind departing customers to leave quietly and directing them to the nearby bus stops or cab office, display a cab office number and call a cab for customers wanting one, staff and Door Supervisors to work together etc.

4) Condition 845. Ms Steele & Ms Scarborough explained that problems had been found with the CCTV following the recent removal of the CCTV recording equipment from the CCTV Room to the Office where the system could be better monitored. The memory had been entirely lost and although it was currently recording it was only storing images for 8 days. A new hard drive had been purchased

and was on the premises. It was to be installed after my visit so that they could allow me to see the quality of images etc.

The CCTV system covers the whole ground floor restaurant and is capable of taking images of persons entering the premises. It should normally record images for 31 days. Once the new hard drive is installed I was satisfied that the system will recover to store images for 31 days.

I advised Ms Steele and Ms Scarborough to check the system was operational daily by checking the monitor and that it was recording and storing images for 31 days by means of a minimum weekly check on a Monday morning. Example images to be downloaded & retained during the weekly checks and the results of all CCTV daily & weekly checks recorded in the Incident Reporting Book. I also advised them to check the quality of images from some of the cameras following installation of the new hard drive. I believe the system will be compliant once full recovery has been completed and the cameras checked.

5) Condition 846. Adequate staff are trained to operate the CCTV. Ms Steele confirmed a minimum of 5 have been given training to operate the system and download images. Both she and Ms Scarborough are trained to operate and download the system. Satisfied compliant.

6) Condition 847. Ms Steele and Ms Scarborough are both fully aware of this condition and the premises is both set up and operates as a restaurant. I was satisfied that alcohol is only supplied to persons taking a table meal, before during or after a meal. I saw customers being served during our visit and all were eating a table meal. Satisfied compliant.

7) Condition 848. All staff have been trained by management in the Licensing Act and their role. Written training records are kept for each staff member and are available on the premises. The wording specified by the Council "undergoes a training scheme" does not clearly specify any particular type of training. As a Sub Committee imposed condition I am of the opinion that it takes precedence over Condition 4AB at Annexe 2 as it duplicates the training requirements. I am satisfied that the staff have been properly trained and that this condition is complied with.

8) Condition 849. Both ladies were aware of the need to report incidents to the Police and record details in the Incident Report Book. The Book was seen and is available on the premises for inspection. Satisfied compliant.

9) Condition 850. Ms Steele & Ms Scarborough were aware of this condition and both hold personal licences. Satisfied compliant.

10) Condition 851. Rock Island employs Door Supervisors as required from 20.00 until the venue is closed and all customers have left on Thursday, Friday, Saturday and Sunday nights. The ladies were aware of the tasks Door Supervisors must perform when on duty. Satisfied compliant.

11) Condition 852. I understand that the Door Supervisors use their own mechanical counters to monitor the capacity. Satisfied compliant.

12) Conditions 853 & 854. The ladies were aware of these conditions and the reasoning behind them. Satisfied compliant.

13) Condition 855. The ladies were aware of the requirements of this condition. During our visit no unaccompanied children entered or were seen on the premises. Satisfied compliant.

14) Conditions 856 & 857. Ms Steele & Ms Scarborough were aware of these conditions and I was satisfied they are compliant.

Photographs were taken showing the layout of the restaurant, the CCTV monitor, Notices displayed, the refusals book, training records and Incident Reporting Book. The photographs are attached with this report.

Bar & Grill

Welcome to you the newly opened and refurbished Rock Island London at the Thomas A Becket, the renowned grand building on Old Kent Road, infamous for its compelling historical association with the macabre worlds of boxing, politics, crime and paranormal.

Originally known as St Thomas A Watering, the site marked the extremities of the Archbishop of Canterbury's archdiocese. Following St Thomas A Becket's assassination his body was laid to rest in Canterbury Cathedral whereupon Christian pilgrims would lodge at St Thomas A Watering en route to Becket's tomb.

Arthur Ward—one time landlord claimed sighting a ghost who created a coal fire and took to breaking glass. Joe Lucy former British boxing welterweight champion claimed witnessing 3 ghoulish nuns walking along the second floor corridors whispering incomprehensibly.

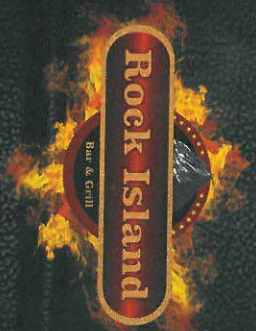

Legend has it that Jack the Ripper himself left a shiny bag in the saloon containing "a sharp dagger, clasp knife and two pairs of scissors" leading to the arrest of a suspect.

With the boxing gymnasium on the second floor The Thomas A Becket has played host to the likes of British sporting heroes sir Henry Cooper, "Sugar" Ray Leonard, "Smokin" Joe Frazier, "Iron" Mike Tyson and Muhammad Ali.

It is our commitment to provide you with the very best service in luxurious surroundings where you can enjoy delicious. Award winning bespoke cocktails and food crafted by our Head Chef who has racked up over 20 years of experience.

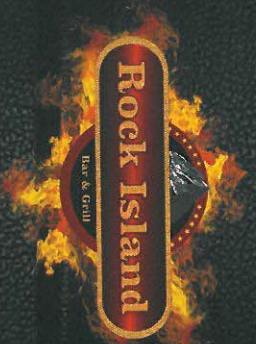

We always appreciate feedback, so don't hesitate to approach any member of our lovely team any queries or suggestions that you may have.

Enjoy...

Dear Sir/Madam

I am a resident who has lived upstairs from the Thomas A Beckett for the past 6 years, since Rock Island has re-opened the Thomas A Becket I haven't had any complaints

At first I was objective to go to the re-opening but have since been in many nights on different occasions and I am very impressed with the restaurant. It is a family orientated restaurant and it's going to do very well serving the local community. I do not believe a later licence will change the atmosphere of the place now.

Yours sincerely,

David

## Frank Bruno opens Rock Island at Thomas a Becket in Old Kent Road

Boxer Frank Bruno and Mayor of Southwark Kath Whittam were the guests of honour at the opening of the Rock Island bar and grill at the Thomas a Becket pub in Old Kent Road on Tuesday.

Frank Bruno and Mayor of Southwark Kath Whittam with the staff of Rock Island

Two years have passed since Southwark councillors revoked the pub's licence after a "serious assault" and a catalogue of other violent incidents.

The building's future as a bar was secured when the pub was listed as an asset of community value under the Localism Act after an application by the Walworth Society.

The pub is well-known for its boxing heritage and carries a blue plaque to mark its connection with the late Henry Cooper. David Bowie rehearsed in a room above the pub in the 1970s.

The venue's new operators have turned it into a cocktail bar and grill called Rock Island linked to an eatery of the same name in Cyprus.

The current pub building dates from 1898 but this part of Old Kent Road – St Thomas a Watering – has been known as a stopping point for travellers for many centuries, and is mentioned in Chaucer's *The Canterbury Tales*.

## Historic Thomas a Becket pub to become Rock Island restaurant

The historic Thomas a Becket pub in the Old Kent Road will be reborn as a TGI Friday's-style restaurant if Southwark councillors approve a licence application.

The pub has been closed since 2015 when its licence was revoked after a serious assault.

The building was listed as an 'asset of community value' under the Localism Act after a campaign by the Walworth Society.

The pub is well-known for its boxing heritage and carries a blue plaque to mark its connection with the late Henry Cooper. David Bowie rehearsed in a room above the pub in the 1970s.

Later this month a Southwark licensing sub-committee will decide whether to grant a premises licence to the venue's new operators who are proposing to run the pub as a restaurant called Rock Island, linked to an eatery of the same name in Cyprus.

The new operators say that they will "turn the venue into a premises like TGI Friday's or Steak House without losing its heritage".

The licence application faces objections from the police and several council departments because it seeks permission to remain open till 1am.

Under Southwark's recently adopted statement of licensing policy, a restaurant in a residential area would normally be expected to stop serving alcohol by 11pm.

The current pub building dates from 1898 but this part of Old Kent Road has been known as a watering hole for travellers for many centuries, and is mentioned in Chaucer's *The Canterbury Tales*.
