

<b>Item No.</b> 7.	<b>Classification:</b> Open	<b>Date:</b> 26 June 2017	<b>Meeting Name:</b> Dulwich Community Council
<b>Report title:</b>		Allocation of Neighbourhoods Fund 2017-18	
<b>Ward(s) or groups affected:</b>		College, East Dulwich, Village	
<b>From:</b>		Director of Communities	

## RECOMMENDATION

1. That the Dulwich Community Council allocates up to £60,355 of the Neighbourhoods Fund 2017-18. The list of applications outlined in Appendix 1.

## BACKGROUND INFORMATION

2. The Dulwich Community Council allocated £79,801 on 25 March 2017 leaving a balance of £30,355. Additionally another £30,000 is available, as a street cleaning programme across the three wards was not required. The amount of £60,355 to be allocated consists of two elements, namely £30,355 that was unallocated from the 25 March 2017 meeting and £30,000 of funds that has been made available due to a cancellation of a street cleaning programme. Members allocated £30,000 in March 2016, however after further consultation with officers it was deemed that this extra funding was not required as the council delivered this service without the requirement of any additional costs.
3. The Neighbourhoods Fund was introduced in 2015 by merging two former revenue programmes known as Cleaner, Greener, Safer Revenue and Community Council Fund. The cabinet member for communities, employment and business authorised the amalgamation the CGS Revenue fund and CCF, into a single funding programme to create a new Neighbourhoods Fund for the 2015-16 round and onwards. This decision (IDM) was taken on 12 December 2014.
4. The neighbourhoods fund has a borough-wide funding budget of £630,000 with an allocation of £30,000 per ward.
5. The purpose of introducing the neighbourhoods fund was to give community councils decision making powers over significant amounts of revenue funding, that they could allocate to meet locally determined priorities.

## KEY ISSUES FOR CONSIDERATION

6. Each ward has £30,000 of revenue grants to allocate. It is proposed that any unallocated funds are to be carried forward from previous rounds (years) and added to the financial year commencing 1 April 2018.
7. The community councils will use the criteria set out below for the allocation of this funding.

- a. Creating opportunities for people from different backgrounds to get on well together; (e.g. community cohesion)
  - b. Establishing projects which treat each other with respect and consideration (e.g. being a good neighbour, inter-generational contacts)
  - c. Encouraging residents to be responsible for their own neighbourhood (e.g. community clean-ups; volunteering initiatives)
  - d. Specific measures to enhance a neighbourhood's environment (e.g. increased cleaning).
8. A community council may choose to allocate some of their neighbourhoods fund resources to their Cleaner Greener Safer capital allocations.
  9. Subject to the availability of resources, the neighbourhoods fund may be used to 'buy' services from the council.
  10. As with any executive decision taken by community councils this is subject to the council's existing scrutiny arrangements.

### **Community Impact Statement**

11. The roles and functions of community councils include the promotion of involvement of local people in the democratic process. Community councils take decisions on local matters including environmental improvement and community safety as well as consultation on a wide range of policies and strategies that affect the area.
12. An explicit objective within community council is that they be used to actively engage as widely as possible with, and bring together, Southwark's diverse local communities on issues of shared mutual interest.
13. The allocation of the 2017-18 Dulwich neighbourhoods fund will, in the main, affect the people living in the Dulwich community council area. However, in making the area a better place to live and improving life chances for local people, Dulwich neighbourhoods fund activities will have an impact on the whole of Southwark.
14. The neighbourhoods fund is an important tool in achieving community participation and cohesion.
15. In fulfilling the above objectives that community councils have of bringing together and involving Southwark's diverse local communities, consideration has also been given to the council's duty under The Equality Act 2010 which requires the council to have due regard when taking decisions to the need to:
  - a. Eliminate discrimination, harassment, victimisation or other prohibited conduct;
  - b. Advance of equality of opportunity between persons who share a relevant protected characteristic and those who do not share it
  - c. Foster good relations between those who share a relevant characteristic and those that do not share it.
16. Of particular regard are issues of age, disability, gender reassignment, pregnancy and maternity, race, religion or belief, sex, sexual orientation. In this process there are no issues that contravene the Equality Act 2010.
17. Having due regard to the need to advance equality of opportunity is further defined in

s.149 as having due regard to the need of:

- Remove or minimise disadvantages connected with a relevant protected characteristic.
- Take steps to meet the different needs of persons who share a relevant protected characteristic.
- Encourage persons who share a relevant protected characteristic participate in public life or any other activity in which they are under- represented.
- Due consideration was given to equalities impact assessment during the design of this awards process and no adverse impact was evident.

### **Resource implications**

18. No resource implications.

### **Consultation**

19. Neighbourhoods Fund projects may require consultation with stakeholders, including the project applicant, local residents and tenants and residents associations where applicable.

### **Financial implications**

20. The Dulwich neighbourhoods fund was allocated a total of £90,000 for 2017/18. In addition to this, funds totaling £20,156 remained unallocated from previous years' allocations. On the 25 March 2017, a total of £79,801 was allocated and an additional £30,000 has been made available due to previous year's project not going ahead.

21. It is recommended that community councils set aside some of the unallocated funds from previous years in order to prevent an over allocation of funds, as well as act as a contingency from which urgent or incidental requests can be funded throughout the year.

22. Projects that are unlikely to be completed within the year will be reported to the community council and available funding may be allocated to other projects or carried over to the following financial year.

## **SUPPLEMENTARY ADVICE FROM OTHER OFFICERS**

### **Director of Law and Democracy**

23. The Local Government Act 2000 ('the 2000 Act') gives the Leader the power to delegate any executive function to whoever lawfully can undertake the function. The allocation of the Neighbourhoods Fund is an executive function.

24. Community councils are 'area committees' within the meaning of the 2000 Act and executive functions can be delegated to them by the Leader.

25. The Localism Act 2011 gives councils a general power of competence whereby they have power to do anything that individuals generally may do. This power can be used even if legislation already exists that allows a local authority to do the same thing. However the general power of competence does not enable a local authority to do anything which is was restricted or prevented from doing under the previous

legislation.

26. The general power of competence includes the power to:
- (a) incur expenditure
  - (b) give financial assistance to any person
  - (c) enter into arrangements or agreements with any person
  - (d) co-operate with or facilitate or co-ordinate the activities of any person
  - (e) exercise on behalf of any person any functions of that person; and
  - (f) provide staff, goods, services or accommodation to any person.
27. The provision of funding under the neighbourhoods fund falls within the scope of the kind of activities the council can undertake under the general power of competence as this includes the power to give financial assistance to any person.
28. In allocating funding under the neighbourhoods fund community councils must have regard to the council's equality duties set out in section 149 of the Equality Act 2010. The report author has demonstrated how those duties have been considered in the body of the report at paragraphs 15, 16 and 17 of the report.

#### **Strategic Director of Finance and Governance**

29. The 2017/18 budget allocation for the neighbourhoods fund was agreed by council assembly. It stood at £30,000 per ward and thus £90,000 was been awarded to Dulwich community council.
30. Dulwich community council can also allocate funds carried forward from the previous financial year and for 2017-18 this totalled £50,000. Therefore £140,000 is available to allocate for the current year with £80,000 already allocated as noted in paragraph 2. The recommendation of the report is within the available resources of the community council.
