Andrew,

I find this hard to believe?!

As you know the reason we have spent time and money on changing our licence was to serve drinks in the courtyard.

The representation stating alcohol is to be supplied in closed containers and to not to be drunk in the vicinity of the premises is nonsense!

Why, after dealing and acting on your advice do we find ourselves in this ridiculous situation and why are two licencing officers from the same council opposing each other?

Dear Mr Shearer,

Further to your application for a variation to the premises licence at Elephantastic Pizza, Unit 5, the Artworks, I am writing to advise that the period for consultation is now complete.

The application has received a representation from the Licensing Authority. Please find attached a copy. They are asking for you to agree to additional conditions on your operating schedule. If you are in a position to agree to those conditions, please write back to confirm at your earliest opportunity and I will have the new premises licence issued. Alternatively, if you are not in a position to agree, please advise in writing and I will arrange for a Hearing of the Licensing Sub Committee to decide on these matters.

I look forward to hearing from you.

Regards,

Andrew Heron
