**Subject:** Licensing Register - Applications for Premises Licences, Club Registrations, and Reviews Details for Licence Number: 859900

**Hello**

**I wish to make a representation against this proposed license. The late opening hours on the weekend will encourage crime and disorder as is evident at similar late night opening venues on Walworth Road.**

**The premises are right next to a pedestrian crossing on a busy road with fast traffic. Public safety is at risk especially if the late opening encourages parking around the crossing.**

**The area is already more than adequately served by fast food outlets in the same row of shops. The result is excessive food and packaging waste both around these outlets and in neighbouring streets and gardens. It is never adequately cleaned or cleared.**

**This nuisance will be exacerbated by an additional outlet adding more waste and for more hours of the night.**

Objection to the application for a licence from PJ's Pizzas, 193 New Kent Road, SE1 4AG

From

[REDACTED]

Date

27 August 2017

I would like to object to the application for licence number 859900 by PJ's Pizzas at 193 New Kent Road, SE1 4AG on the grounds of potential public nuisance. The premises is located in an area that in recent years has been evolving into one that is primarily residential and increasingly losing the shabby, dirty, run down industrial appearance it once had.

My concern is that customers of PJ's Pizzas will only contribute to the fast-food rubbish and grease that presently accumulates along much of the pavement at the front of a terrace that already has seven fast-food outlets. Also with PJ's Pizzas proposing to open until 04:30 some days and 01:30 others there is the likelihood of customers creating noise and nuisance in the early hours of the morning.

That could adversely affect the residents of the neighbouring three-storey house, also residents whose properties back directly onto the rear of PJ's Pizzas at 70a & 71-73 County Street might be disturbed in the early hours by staff taking breaks and accessing the cold store at the rear of the premises.
