Regulatory Services (Environmental Health & Trading Standards)						
Delivery of regulatory services professional fees including Primary Authority fees	Statutory	Capped		68/hr	NEW	Primary Authority partnership allows a business to form a legal partnership with a local authority (known as the primary authority). The primary authority provides assured, consistent regulatory advice that makes it simpler and easier to comply with environmental health, trading standards and fire safety legislation. Enforcing authorities should respect this advice when regulating that business. Participating in Primary Authority gives businesses greater confidence in their regulated activities and reduce risk of contravening legislation, provided they follow the advice given.

Notes to Table 1

1	<p>The cost of lock changes vary depending on the type of lock – therefore the cost of the work will be agreed with the resident based on the actual cost to the Council plus an administration fee, and charged through the rechargeable repair process.</p>
2	<p>The handypersons service help those with a disability, or are aged over 60, carry out repairs and minor adaptations to help live safely and independently in their home.</p> <p>The price paid depends on circumstances - £10 per hour plus cost of materials if on benefits and £20 per hour plus cost of materials if benefits are not received. These fees are comparable with other Councils.</p>
3	<p>Charges for estate parking permits were increased in 2016-17 following a wide-ranging review. It is not proposed to increase these charges further in 2018-19 to remain in line with enforcement services.</p>
4	<p>Removal of illegally parked vehicles and the daily storage charge thereof is a contracted-out service managed by the environment and leisure department. The fees associated with this service are now set by London Councils on behalf of all 33 London Boroughs. London Councils reserves the right to vary these charges, but the council is not aware of any proposals to do so at this time.</p>
5	<p>In 2016 the Cabinet Member for Housing agreed a new charging regime to increase charges incrementally over a period of some years until the charges met the full cost of the service, with the caveat that the increase be limited to the amount of the rent reduction and capped at £1 per week.</p> <p>In addition it was agreed that the charge for new tenants at Maydew House following refurbishment, would go straight to the target charge of £10.95 weekly given the higher standard of accommodation and service provision. Similarly, it is proposed that new building developments, including acquisitions, where a concierge service is provided should be treated in the same manner and the individual charge set at a level to fully recover the actual cost of the service at that block. It was proposed that the service charge for the Blackfriars development is set at £9.27 weekly for 2018-19.</p>
6	<p>The hostel charges for additional services have remained in line or increased with housing benefits.</p>
7	<p>The council has statutory powers and duties to provide temporary accommodation to homeless applicants under Part VII of the 1996 Housing Act. Southwark Council uses a variety of accommodation to discharge these duties, including nightly paid accommodation, hostels, estate voids and private sector leased properties.</p> <p>In March 2017, the Department of Work and Pensions issued the circular '<i>Removal of temporary accommodation management fee in Housing Benefit subsidy from 1 April 2017</i>' (HB S5/2017). With the exception of the removal of the temporary accommodation management fee, subsidy for all Housing Benefit (HB temporary accommodation continued under the current rules, based on the January 2011 circular relating to properties that are used to house housing benefit claimants. Confirmed by '<i>Temporary Accommodation in Housing Benefit and Universal Credit</i>' (HBA9/2014) issued by the Department for Work and Pensions (DWP) on 31 March 2014.</p>

Notes to Table 3

1	The Housing Revenue Account budget report previously included these charges, however, these have been moved to the fees and charges for easy reference and further transparency.
2	<p>The private sector housing and adaptations service provides a service to a vulnerable group of homeowners and private tenants who may have a disability and/or are aged 60 plus. This service enables clients to remain in their own homes in a safe, comfortable environment. They offer support and advice during the grant application processing. They also provide a professional surveying and contract administration service. This is from initial inspection through to completed works within the home. The types of works undertaken can be from minor 'staying put' works to complete renovations or adaptations such as a stair lift or extension for a wheelchair user.</p> <p>Fees are based on a percentage of the capital grants that it dispenses. All clients who receive a grant or loan pay a fee for the work undertaken; this is an allowable expense and is taken into account when assessing the grant due to the client. These fees are comparable with other Councils. This report proposes that the fees charged should stay at current rates.</p>
3	The private sector housing team assists non vulnerable homeowners and private landlords who are eligible for grant or loan assistance. The team charges a fee for

	<p>the schedule of work it produces that will attract grant aid. These fees have remained the same for a number of years and will not be increased.</p> <p>The Private Sector Homes team also works with landlords and homeowners to bring long term empty properties back into use. The team offers a range of grants in order to deliver Southwark's Empty Homes Initiative. The team charges a fee to cover the administration of these discretionary grants and again no increases are planned.</p>
4	<p>Southwark Registration and Nationality Service (SRNS) provides a range of services relating to births, deaths, marriages, civil partnerships, a nationality checking service (NCS), private citizenship ceremonies and immigration advice. Many of the fees charged for these services are prescribed by statute and are updated periodically by the government. However fees for certain services are discretionary and the council can set its own level.</p> <p>Discretionary registrar's fees were ranked against the fees charged by the twelve Inner London local authorities. Where appropriate, fees have been increased to bring them into the upper quartile. It is proposed that all discretionary fees and charges be increased by an average of 14% overall rounded to the nearest £1.</p> <p>Discretionary services are not deemed to be price sensitive and basic marriage and civil partnership ceremonies are available at the statutory fee of £46.00 plus £4.00 certificate fee. Table 3 reflect the discretionary component only rounded to the nearest £1 to allow for the addition of the £4.00 statutory fee.</p>
5	<p>NCS and the Settlement Check Service (SCS) are not mandatory and alternative options are available including submitting applications directly to the Home Office</p> <p>NCS and SCS are partnerships between the Border and Immigration Agency branch of the Home Office and local councils in England and Wales. It allows those people applying for British citizenship or settled status to make their applications in person, at their local council offices. For a small fee, which is set locally, participating councils will check that applications are completed correctly and have been submitted with all the necessary supporting documents and the correct fee. These fees were ranked against the fees charged by the twelve Inner London local authorities. Where appropriate, fees have been increased to bring them into the upper quartile, increasing these on average by 13%.</p> <p>Since 1 January 2004 all adults wishing to become British citizens in the United Kingdom have been required to attend a citizenship ceremony as the final stage in the process. Citizenship ceremonies usually take place at 34 Peckham Road, although other municipal buildings may be used. Normally, a group ceremony will be arranged for everyone in the local area who is becoming a British citizen at that time. The Southwark registration service derives income from the provision of citizenship ceremonies to new British citizens. This fee is paid to Southwark by the Home Office per attendee and currently stands at £80.00. This fee is determined by the Home Office and was reviewed in 2007, but is not expected to be reviewed again before 2018. The fee is based on cost recovery. However, some new citizens may wish to arrange a private citizenship ceremony, for which a fee is payable (see note 4).</p> <p>Demand for NCS, SCS and the subsequent citizenship ceremony is sensitive to changes in central government immigration policy, legislation and fees. Demand for these services usually increases before the implementation of a change and then decreases post implementation before reaching steady state.</p>

6	Individuals can request a private citizenship ceremony and this is what the fees quoted in Table 3 relate to. However, private citizenship ceremonies are not encouraged by government and relatively few of them take place. This is charged at the Garden Room rate.
7	Immigration advice is a service provided by the SRNS with the intention of providing affordable immigration advice. Currently the council is the only known local authority to provide this service and therefore no comparative figures exist. These fees have increased on average 17% to recover costs.
