911595	2nd Southwark Scout Group	New tents for 2nd Southwark Cubs!	The project aims to provide children with the adventure of a Cub Camp in tents that can be used for many years ahead. Cub camps are often a child's first trip away from home. They can be exciting and good for building confidence and independence. As we are a new group, started in September 2016, we need to buy tents to keep the children warm and dry whatever the weather. The children will pitch and take down their own tents; after the camp they will help clean and dry the tents and store them ready for the next camp. Whilst camping in the tents the Cubs will learn to stow their possessions to keep them safe and dry and easy to find. At the camp they will play games and have fun but learn camping skills like fire building and outdoors cooking. The Cubs will learn the benefits of team work but also have opportunities to realise how much they can achieve as individuals and how many activities they can fit into one day. All the Scout Leaders involved in running the camp are unpaid volunteers. This means that costs are kept to a minimum and Scout activities are brought within the financial reach of families who could not afford commercially priced activities for their children	£1,000
911660	Children and Young People's Local Project Fund	Children and Young People's Project Fund	This project bid is to allocate a discreet amount of money from the local ward Neighbourhood Fund to be offered to local school children and young people. The money will be for small projects, schemes and ideas generated and delivered by and for the children and young people of the ward. The projects will be bid for/ pitched at a future community council meeting or at a school assembly, depending on the applicant age etc.	£2,000
911850	Give it a try!	The Old Alleynian Young Rugby Ambassador Programme	We will deliver, in partnership with Old Alleynians & local schools, a programme that will engage with young people, enhancing their personal & social skills as well as building community cohesion. Key objectives are as follows: - Engage year 9, 10 & 11 students in state secondary schools to support & develop key life skills & volunteering opportunities at school (at their rugby clubs and in their local communities) through the Young Rugby Ambassador programme (VRAs) (http://www.Englandrugby.com/my-rugby/volunteers/young-rugby-ambassador/) & the RFU Key Stage 4 Level 1 Leaders Award.	£4,000

Old Alleynians are currently working on a Rugby Bursary programme that will support less fortunate young people to ensure that they are not excluded from rugby economically. 	£1,160
			<p>Our project aims to support residents on Croxted Road Estate who wish to improve their gardening skills, spend time outside in company, get to know other residents, and enjoy themselves. It also aims to generate physical improvements and social cohesion benefiting those not directly involved in gardening.</p> <p>The Glazebrook Growers have organised a series of workshops and events over the past two years, establishing gardening skills, familiarity with plants and wildlife, and a sense of ownership and conviviality on and beyond our estate. We wish to build on this with a programme of educational and celebratory events over 2018-19.</p> <p>More experienced gardeners wish to improve their knowledge, and our novice gardeners would like expert support as well as the peer learning we practice. We are always on the lookout for new participants, and will advertise these events across the estate and through our email circulation and social media. 909349	Kingswood Community Shop	Kingswood wellbeing activities	<p>The Kingswood Community shop would like to continue to provide a range of activities that promotes the general wellbeing amongst local residents living on the Kingswood estate, primarily older people and children/families. Whilst we work with other providers to offer free services, some of KCS activities still require additional funding to pay for freelance tutors and resources. For instance; the Chair based group, Art workshops, children's summer activities and one off wellbeing events require additional. During 16/17 a total of 164 people have accessed these services, with many outlining positive outcomes such as; increased confidence, reduced isolation, encourage creativity, improved physical health and new friendships. Many participants have also progressed onto other KCS services or other local services. In addition to this the shop is coming to an end of a 5 year grant from BIG, which currently supports the core funding. Therefore, it is integral from April 18 that regular activities continue in order to keep the shop functioning at its optimum to meet the needs of the community.</p>	£5,320

909635	Paxton green time bank	Time2Celebrate Kingswood!	<p>The project is situated on the walkway leading up to Platform 2 at West Dulwich station. Our aim is to tell the story of the evolution of flowering plants (angiosperms), in a natural sequence from the earliest origins, over 150 million years ago, to recent times. We research these and plant them from the earliest to the most recent, on terraces. We aim for this to be a resource and enjoyable educational experience for local groups, including, for example, schools and older peoples' groups. We have already changed an eyesore, full of rubbish and brambles, frequented by alcohol and drug abusers, into a garden popular with local residents and commuters.</p> <p>During our tenth year as a coproduction charity working with local people in the area we will be spending the funded period celebrating the assets of the local community. We will be bringing together local residents, and time bank members old and new to celebrate their skills and the assets available in the local community, make social networks, improve wellbeing and reduce isolation. These are the principles behind the Out and About Club, which was created in 2015 to provide a variety of outings and opportunities for the local community. Coach trips are arranged to provide group activities and outings for local residents, including cultural activities and places of historic interest that they would not have the opportunity to visit by themselves.</p> <p>Feedback from participants highlights that they enjoy the opportunity to meet people. Participants told us that it gives them something to look forward to; they have made new friends and feel more connected.</p> <p>The Club is open to all but we specifically target local people aged 75 or over by advertising with the local community shop, church, local care home and via LinkAge Southwark. We feel that this programme is important to enable personal betterment and knowledge because we also connect our members as an incentive with other appropriate services once their stats improve. We also tackle isolation by running a batch cookery club Karmic Kitchen where we give our members the opportunity to cook healthily together sharing the meals and freezing them for personal use, therefore, adding variety and building on knowledge about which foods might best serve them. To round off our programme we run a product design course called Karmic Pantry which encourages our members to design, produce and make food products that incorporate most of the knowledge they've learned with us.</p> <p>Our primary school is in urgent need of lollipop people at key junctions near the school entrance to improve safety and assistance for families at drop-off/ pick up times. With the school currently only half full (Reception to YR3) safety for pupils is worsening with each year's intake that arrives. 911641	Millwall Community Foundation	Southwark Walking Sports Club	Loneliness brings risks of serious physical and mental health problems. Our groups are the only social interactions that many of our users have outside the home. By bringing people together of all ages and backgrounds, our work promotes a stronger, richer and age-friendly local community. Southwark Walking Sports Club builds on the success of the unique Millwall Walking Sports for Older People Programme which has run for two years. It supports older people and those with two or three limiting long term health conditions, dementia, mental health difficulties, limited mobility or those who are inactive, to stay fit and healthy. The two hour weekly activities mean older people can meet other people while having fun, stimulating the mind, and, developing balance and hand eye coordination. It helps a target audience that would not otherwise be active or connected. Before and after each activity, the group talk over refreshments thus reducing stress, isolation and loneliness. We wish to develop the activity as follows: Create a club run by and for older people with a walking sports session in every community council area. Work with local groups to promote the sessions. Work with volunteers to support travel arrangements. Develop links with the Dame Kelly Holmes Trust and Leonard Cheshire to source volunteers and work placement apprentices. Develop links between the groups with an annual walking sports tournament at Millwall FC. Support participants to add other sessions such as free swim and gym or other types of walking sport such as football or netball. Include monthly health talks followed by a light lunch. 908751	Dulwich Music Festival	Music and Art Project for an Inter-Generational Audience	<p>the Festival is providing the right range of events to suit all.</p> <p>We are bringing together members of the community to listen to music and create a permanent work of art inspired by the music they hear. The artwork produced will be clay tiles that are stamped with letters and musical notes to create a piece of art that will be performed by a harpsichord player on the day of the event. The clay tiles will then be fired in a kiln and made into a permanent record of the event and displayed locally. We will look to permanently display the artwork at a local school, care home or similar establishment. We would invite all workshop participants to come together once more to the unveiling of the artwork.</p> <p>The Dulwich Music Festival will partner with Peckham-based sculptor and community artist Emma Fenelon. Emma has previously created community clay art projects with a diverse range of people and her most recent project was with the Peckham Festival where schoolchildren from Rye Oak Primary in Peckham & all the visitors to the Festival created a wall-based artwork in Peckham clay. The final piece was called “Peckham Says” and documented people’s feelings and thoughts about living in Peckham.</p> <p>Not only will the artwork incorporate words, thoughts and feelings but it will include a musical score composed on the day by the workshop participants and this music will be brought to life by the musician to create a truly interactive and living piece of art. No prior experience of music or clay is required to participate in this very hands-on event.</p>	£2,500
909262	Dulwich Park Friends	Dulwich Park Fair 2018	<p>Dulwich Park Fair ends the Dulwich Festival each year.</p> <p>We aim to promote local talent on the stage, handmade crafts and local produce and provide traditional entertainment such as the Victorian Fun Fair, Vauxhall City Farm, Punch and Judy and the magician. 909537	Dulwich Park Friends	Concert in Dulwich Park 2018	We aim to promote local talent in the park with a concert band. This provides entertainment, enhances community spirit and fosters a sense of pride in Dulwich Park.	£500
909205	Dulwich Picture Gallery	Dulwich Picture Gallery 'Off the Wall' drop-in workshops	<p>'Off the Wall' will provide access to Dulwich Picture Gallery for young people aged between 11 & 16 through a series of free monthly drop-in workshops. Your funding will facilitate 12 free weekend sessions for 100 - 120 Southwark young people. Research & contact with local schools identified that no regular programmes exist with free access to high quality artists for this audience.</p> <p>Sessions will introduce participants to the Gallery taking inspiration from our Collection & exhibitions. Each workshop will encourage participants to observe, enquire, discuss & question the art on display with opportunities to try different art techniques & explore new genres. The young people will lead the subject matter & direction under the expert facilitation of our artist educators. We have spent six months recruiting a new pool of artists whose teaching style & experience are perfectly suited to teen projects.</p> <p>We want to become recognised by young people, the local community & wider sector as an organisation that provides a relevant & responsive youth programme & a model of best practice.</p> <p>'Off the Wall' is the only regular entry point offer in our new youth strategy. A layered programme will provide clear pathways for this audience to engage with, produce & influence the future of the Gallery's youth programming. 'Off the Wall' participants can progress into our new 'Volunteer Interpretation Programme' for monthly volunteer opportunities & access to longer term youth projects.</p>	£4,100
909428	Link Age Southwark	Reducing Social Isolation for Older People with Dementia	We are seeking funds to recruit, induct, support and retain volunteers from the local community to deliver a fortnightly Reading group at Dulwich library to benefit 20 older, isolated people with dementia. This group began in 2014 with a 3 year grant from City Bridge Trust and has proved extremely popular. We also require funding for escorted transport to the group, a vital element of our dementia services. It means that older people can attend	£3,623

904294	Lively Minds	Reaching Out	<p>activities in the community without their carers, giving them a degree of independence and their carers a much-needed break. Our users consistently comment on how much they value this service, and also the regular friendship they build with their drivers.</p> <p>Recent research has found that 38% of people with dementia feel lonely and many people become more isolated after they receive a diagnosis of dementia, often because they don't have the confidence to go out on their own, worrying that they might become confused and lost. We are the only charity providing services for people with mild to moderate dementia living in Southwark and our service users see our services as a lifeline that keeps them connected with other people. Our services help them to retain their confidence and independence after a diagnosis and make a profound impact on their lives. Attending a group, for example, gives a focus for the day and helps establish a routine in their week, as well as providing much needed social contact and peer support.</p> <p>Lively Minds is a group of retired seniors who organise and participate in activities designed to counter social exclusion promote wellbeing and maintain links in the community. Many of the members live alone. Lively Minds promotes their happiness and wellbeing and reduces social isolation. Attendance and participation in the talks workshops and social activities can improve mental health and wellbeing, increase confidence, improve skills and knowledge and significantly contribute to members sense of belonging to the neighbourhood. The opportunity to invite speakers and workshop facilitators chosen for excellence in their field and with recommendations from other community groups will improve the quality of services and leave a lasting legacy on which the club can build. Funding will be used to cover the cost of 35 speakers. In addition distributing flyers and advertisements in SE22/23 of the proposed activities will target new members thus increasing membership subscriptions and contributing to the sustainability of the club. In recent years Lively Minds has forged links with several local organisations/institutions. The Neighbourhoods Fund will enable the club to expand upon these links and establish potential future collaborations. We will measure success not only through contributing to the wellbeing of our members but developing respect for the contribution that seniors continue to make to the community.</p>	£2,100

181902	The Dulwich Village Association	Viva! Dulwich Village	Dulwich Village is suffering from the devastating effects of a six months roadworks programme, coupled with the detrimental impact of many empty business premises, and a lack of essential shops. The community is becoming fragmented, and there is a drift to other local areas. The Village is in need of regeneration, if its unique character is not to be lost. This project is intended to foster a sense of unity and identity, to bring the Village community together, and to enable it to compete more effectively with other local areas that are already supported in organising neighbourhood events. It is designed to reinforce Dulwich Village as a focal point for the whole community, from the youngest to the eldest, to halt the decline in business footfall, and to secure local jobs. It also is intended to raise awareness of Dulwich Village as a destination, attracting visitors from further afield and encouraging those already planning to visit the Picture Gallery to extend their visit and visit the Village as well. The project aims to deliver two events in the Village – one in May, working with the Dulwich Festival, and the second an event in the lead-up to Christmas. The events would involve the entire local community – residents, schools, businesses and arts – and would be centred in the heart of the Village. The events are likely to be held in weekend daytime, with family activities, events in the shops, competitions, music, and potentially something dog-themed. These projects aim to set a new and vibrant tradition with events that will become a longstanding part of the Dulwich calendar.	£7,890
