Livesey South				
907229	Burgess Park Food Project	Compost City	<p>Composting is sustainable, good for wildlife and promotes recycling. It is difficult for people to find out how they can compost waste for recycling in the garden.</p> <p>We want to run 3 Composting workshops over the year to teach local people transferable skills in home composting. Residents will learn how to compost their own waste using a range of methods suitable for garden, balcony or estate and help other family / friends too.</p> <p>We also want to run an open day in September bringing everyone together and also cover some of our insurance costs.</p>	£ 890.00
907368	Caroline Gardens Tenants and Residents Association	Caroline Gardens Summer Party for Residents	<p>Caroline Gardens is an estate of older people, with an average age of 70, many of whom live on low fixed incomes and cope with a range of health and mobility challenges.</p> <p>For that reason, personal recreational and social activities are limited ... so too is the opportunity for social inclusion.</p> <p>It is vital for the CGTRA to do whatever it can to create and host activities and events that encourage residents to get together to enjoy an occasion that introduces neighbours to one another in a relaxed and convenient setting.</p>	£ 1,500.00

907368	Ladies of Virtue Outreach (LOVO)	Ladies Time-Out day	<p>The Ladies time-out day is a well-being and skills sharing day for women and girls. We plan to have 3 of such days throughout the year , one during each season - Autumn, spring and winter. The day will be an opportunity for vulnerable women and girls to come out of isolation to make friends as well as share skills and learn something new together in a relaxed, fun-filled atmosphere . The day will feature practical activities such as craft & jewellery workshop, pampering workshop and wellbeing talks which will help promote overall health and wellbeing. We work mostly with BAME women and their families, most of whom are experiencing depression and anxiety due to their complex issues of unemployment, lack of skills, low self-esteem, domestic violence etc. In 2011, It was estimated that at least 3000 women and girls mostly of the BAME community experienced one form of abuse or the other within the Borough, although the figure is believed to be much larger now as not all cases are reported. Due to these ongoing issues, many local women and girls suffer from low self-esteem, lack of direction and motivation, anxiety and depression, isolation, and under-achievement. The BAME Women and girls currently involved in the group's activity feel that organising such community events will give opportunity for women and girls to connect with other like-minded women in a safe environment, inspire one another, share their skills as well as success stories of overcoming life experiences.</p> <p>The project aims to improve an overall wellbeing of the participants as well as promote community cohesion. The sessions will enable the participants to connect and empower one another, as well as develop new skills which will build confidence. The project is new and no other similar activities for women are currently been delivered in the neighbourhood. It will link up with other wellbeing projects in the area such as the wellbeing gardening events organised by the Glengall garden and also with other groups that meet at the church hall like the singing group delivered by the Asylum seekers group. The sessions will be open to all women and girls living in the local area.</p>	£ 1,900.00

898807	Southwark Cleaning Services	Additional street cleaning	Following cuts to street cleaning budgets in 2011-12 financial year, it was identified that areas with shops which generated significant disposable waste would benefit from an enhanced street cleaning regime. This has been in place every year since, paid for originally through the Cleaner, Greener, Revenue funding mechanism which has since been incorporated into the Neighbourhoods Fund. Maintaining standards of cleanliness in the public realm encourages civic pride and creates a positive view of Southwark Council.	£ 1987 shared over 2 wards
Cllr proposal	SOUTHWARK STREET PASTORS	SOUTHWARK STREET PASTORS	Southwark Street Pastors are trained volunteers who engage with the vulnerable and disadvantaged through a well developed network of relationships with the police, local councils and statutory and voluntary organisations. In this ward, across Peckham Park Road through Old Kent Road to Borough High Street and side roads, we patrol in teams of 3-5 operating from Peckham Park Road Baptist Church. Street Pastors engage sensitively with a view to caring, listening and helping, and signposting those in need to other services. They also identify the most vulnerable and seek to ensure a safe passage home or away from trouble. Examples are lone females being shown attention by unwanted male admirers or those that require immediate first aid. Street Pastors are volunteers who are trained and supported to fulfil specialised ministry on the streets of our borough especially in the night time economy.	£ 820.00
909987	Southwark Travellers' Action Group (STAG)	Gypsy Roma Traveller History Month	Gypsy Roma Traveller History Month (GRTHM) is a chance to celebrate Traveller culture in a context where Gypsy and Traveller communities face widespread prejudice and discrimination based on misconceptions about their traditional culture and values. In 2018, London's Deputy Mayor for communities has committed to celebrate GRTHM and we would like to be part of this bigger push to raise the profile of this history month with a small programme of local activities including a family fun day, a story telling night and the performance of a play celebrating Traveller culture. The event will bring together The Gypsy and Traveller communities to promote social cohesion and cultural understanding. It will celebrate and highlight Gypsy and Traveller culture and history. This is beneficial to both Gypsies and Travellers and Southwark's local community as a whole as it is an opportunity to celebrate its rich diversity.	£ 2,611.00

909781	The Ernest Foundation (TEF)	Hope of Life	Our project focuses on improving the social welfare of very hard to reach members of the community living with HIV, to help them improve their quality of life. About 150 beneficiaries. Southwark has the second highest prevalence rate of HIV in the UK. In Southwark, there are 2692 people living with HIV. Of these 2692, 58% are men who have sex with men and 30% Black African. 39% of people tested in Southwark tested HIV positive in Southwark were diagnosed late and 23% diagnosed very late. We will organise a weekly meeting for the members; a platform for the people to share their experience with HIV, and information on the development of HIV medicines and alternative caring. Training of network members on counselling. Training of group members on Home visits to promote and give counselling, mutual aid and support. TEF will collaborate with stakeholders, from St. Thomas and Guys, Kings College and Lewisham hospitals, to promote its work. We operate an equal opportunity policy. The vital thing is to change understanding, self-esteem and risky practices in adults, and catching young people and children over 12 years old. The long-term of the project is to ensure that people living with HIV are supported and have the right medical and social care and maintain a good quality of life and public education. TEF's educational outreach work with support this by fighting persistent myths about HIV within the community. The rate of HIV should then fall, in line with the rest of the country.	£ 4,954.99

907469	Astbury road Area Residents Association (aka ARARA)	Commun8ity Street Party	To continue our efforts to maintain the social cohesion we have built up by continuing to contact our residents by holding our TRA meetings eleven times during the year. Ensuring we keep in contact with residents by displaying information in our 4 noticeboards placed strategically around the area. ARARA officers make themselves available to residents, giving them advice and information about the services available to them from the Council and outside organisations such as our local SNT team. We believe everyone benefits from	£ 1,799.00

			our presence in the area.	
910249	Buchan Tenants & Residents Association	Nunhead Animation Club	This project will bring together young people from the community and over the period of 5 days sessions will gain skills in storytelling, animation production, creative team work and skills in art and craft. Throughout the production of handmade stop-motion animations, young people from Nunhead will be supported to express themselves and their communities in beautiful and socially meaningful films. Through the workshops, the young people will storyboard and write the concept for the animations themselves. They will be given freedom to talk about some of the issues that concern them in their own community and how these problems can be resolved. The outcomes from the discussions will be created into stories via their storyboards and then animations. The age range for our project is 5 -14 years.	£ 1,500.00
910339	Buchan Tenants & Residents Association	Buchan Family Fun Day	To create an educational and fun day for children with their families in the area of benefit namely the Basset Estate and the surrounding streets. It is our stated aim to create facilities for community involvement and cohesion. We also use the day to promote the TRA	£ 1,000.00
912205	Cossall TRA	Cossall Cabaret Social	The "Cossall Cabaret Social" project offers a regular family-friendly event that gives our community the opportunity to get together and access various forms of Art and Entertainment within a local friendly environment. Following the success of the cabarets, the Cossall TRA agreed to apply for more funding. With the inclusion of participating local artists and groups, this project will benefit at least 100 people from any age groups and background and engage them with the arts. The event takes place late in the afternoon during the weekend and provide light snacks and refreshments to encourage social gathering afterwards. The form and recurrence of the event is a key element to consolidate a strong community hub. There will be 6 events over 12 months, therefore giving the opportunity for the event to get a reputation and for any local residents and artists to take part. We already had participation from local artist such story-teller and singer Helen McDonald and there will be a regular	£ 4,717.00

			call out for local writers, poets, spoken word artist, comedians, circus performers, puppeteers, as well as a 15min open mic to encourage self-expression from the participating audience. These events encourage creative and artistic resources locally and strengthen a sense of community.	
910475	Friends of Cossall Park and Kirkwood Nature Reserve	Grow Cossall Gardening Support Project	We would like to support disabled gardeners in the estate. We would choose up to 5 residents who have been affected by ill health and /or disability to be supported. This would involve funding specialized gardening tools, building raised beds, and donating plants and compost. The group would also offer help over the gardening year. Gardeners who love their garden but are unable to maintain it, due to their disabilities, will be enabled by this support. Our remit is to give assistance and also to encourage independence. We will launch the project with a community event, called the Grow Cossall Green Day. This event will include food, music, gardening activities and outdoor cooking demonstrations. This will bring the community together and engender a inclusive spirit on the estate.	£ 1,000.00
910187	Friends of Nunhead Cemetery	Messages, Medals, and Memorials	The benefit the community will be: <ul style="list-style-type: none"> - A public art exhibition commemorating the huge contribution of Colonial Troops during the First World War - Black Soldiers, Indian Soldiers, Gurkhas Soldiers, Chinese Labourers, Irish Soldiers, South African Solders - To tell the story of their recruitment before the war, the heroism and commendation during the war, and how they are memorialised after the war - Also the Conscious Objectors contribution to the war effort and how they were treated for their beliefs - To make Colonial First World War history available through a combination of artworks, personal histories, and historical documents and artefacts 	£ 1,300.00
909295	Link Age Southwark	Communities Reducing Social Isolation for Older People	We are seeking funds to pay for tutors and to recruit, induct, support and retain 5 volunteers from the local community to provide volunteer transport and help to deliver 2 activity groups to benefit 40 older people in the Nunhead ward. The groups are based in St. Mary's Church and Lime Tree House and take place weekly, lasting two hours. They promote physical health and well-being through gentle exercise with an experienced tutor and provide social interaction, friendship and mental stimulation. The groups are co-ordinated by	£ 6,365.00

			<p>paid staff who also attends both groups and is supported by dedicated volunteers who help ensure groups run smoothly, by setting up the room, serving refreshments and reminding attendees with memory problems that the group is taking place. Our volunteer drivers provide escorted transport for those who can't travel alone ensuring that older people are able to remain active and engaged in their community and can participate in activities outside the home.</p> <p>Our services are needed because older people are particularly vulnerable to social isolation and loneliness as their mobility reduces, health deteriorates and family and peers move away or die. Over half of all older people consider the television as their main form of company and loneliness brings risks of serious physical and mental health problems. We are proud of being able to give older Nunhead residents the opportunity to exercise and socialise that would otherwise be unavailable to them.</p>	
912141	Look Ahead	Wellbeing Club	<p>This project would aim to create opportunities for our client group to make meaningful use of their time, in and out of the hostel in order to improve their wellbeing. Joe Richards House is a complex needs 24/7 supported housing scheme in which we support those who have experienced homelessness, poor mental health, substance misuse and institutionalisation in order to aid them to try and re-join the community and improve their independent living skills.</p> <p>It is our aim to encourage and support our residents to spend their time meaningfully, exploring, contributing to and enjoying their local community. We hope that this will promote wellbeing and create a positive attitude towards interesting and engaging activities while improving confidence and giving them a stake in their local area.</p> <p>If our customers are enabled to feel part of society and their local community after a period of feeling isolate, we believe they will be further inclined to contribute to the community, omit less crime in the local area and also be shown that others see them as people rather than a burden or social reject.</p> <p>The money applied for would pay for regular funding of this club - contributing to travel costs to museums, cinemas, the gym as well as providing recourses for in-house cooking club, sewing club, book group and art group.</p>	<p>£ 5,000.00</p>

			It would also allow us to host a Christmas dinner for our residents, some of whom are estranged from their families.	
911943	Nunhead Film Society	Nunhead Film Society	<p>Nunhead Film Society's aim is to make cinema accessible to everyone in Nunhead, in two distinct ways.</p> <p>The first is through a film-goer perspective, with regular film screenings connected by a monthly theme in order to generate interest in the filmmaking process, how the same subject can be approached in several different ways and the way that cinema has evolved throughout the years.</p> <p>The second way is from a film-making perspective, with one-day workshops available for everyone that wishes to attend and open to anyone independent of ethnicity, age, social background or level of experience (or lack thereof). These workshops would range from directing, screenwriting, cinematography, editing, etc. This will allow Nunhead Film Society to create a social network to and for creative-minded people in Nunhead to get together and not only discuss the movies they like, but also the movies they would like to make. Those movies would then be shown during our regular film screenings and showcased wherever possible.</p> <p>This differs from "Peckham and Nunhead Free Film Festival", which is held for two weeks every year, since Nunhead Film Society will engage people throughout the year, and provide year-round support and guidance for anyone who wishes to become a creator, or is already one but is lacking either the knowledge or confidence in order to make the next step.</p>	£ 5,000.00
910365	Nunhead's Voice	Ivy Club (evergreen)	The project is aimed at over 50s residents of the Lane and Nunhead wards (many of them in the 65over bracket). Its aim is to provide wellbeing activities and a social interaction platform combating isolation and improving physical and mental wellbeing; increasing independence and resilience of the elderly local communities. We are to provide free access to appropriate physical activities such as chair based exercises and mindfulness and a space for social activities combating isolation such as arts and crafts, knitting, peer learning around a chosen activity e.g. IT skills. We will also address issues elderly in	£ 4,985.00

			<p>the community face by bringing external speakers and workshops based around their needs. The Ivy club also aims being a point of reference in the community for connecting the service providers catering for the mentioned group with the residents while providing safe and secure environment for elderly to address their concerns. We held 2 informational events: a Community Action network creation meeting in July in which many of the loneliness issues were voiced by elderly community and held a elderly community event in September asking community members for their input in the activities that would be held at The Green. This application addresses suggestions and concerned at those events and is conveying the points across in the form of the proposed activities. Another aspect of the grant would enable The Green to be specifically open for additional 12 hours a week.</p>	
909377	Nunhead's Voice Ltd	Older Peoples Celebration Day	<p>We aim to achieve an event where older people have an enjoyable memorable day. To provide an opportunity for older people to network and to give people who feel isolated and lonely the opportunity to meet with other people and to find out what is available for them in their community. To give older people in our community the opportunity to have their say in what is happening in the area in which they live and to express any concerns they might have about the services provided to them. We have held this event annually since 2006 and it has proved to be really popular. We are often asked if we could hold the event more than once a year and we are told that people look forward to it. We cater for a considerable number of very vulnerable elderly, and with the assistance of agencies such as Age UK, we facilitate getting them to the venue.</p>	£ 1,000.00
907895	Peckham and Nunhead Free Film Festival	Peckham & Nunhead Free Film Festival	<p>There were 71,552 residents living in the Peckham and Nunhead Community Council (Census 2011). Peckham and Nunhead has the highest proportion of benefit claimants in the Borough (17%) above the national average of 14%. Our free events are accessible to everyone in the community. Cinema ticket prices have risen over 25% in the past 5 years and gone far above inflation over the past 30. The cost of taking a family of four to the cinema which may be £50 or more and taking the same family to a similar outdoor film experience run by a commercial company would cost around £95.</p> <p>Peckham and Nunhead Free Film Festival is as much about community as it is</p>	£ 10,475.00

			<p>about film. Using the power of film to cross boundaries, raise awareness and bring people together. The festival is entirely run by volunteers with a commitment to the SE15 area. Our events allow people to discover new community venues and resources too, watch a film in a park, shop or community space is an opportunity to experience venues in new ways, and to celebrate SE15. Our aims are:</p> <ul style="list-style-type: none"> • Community cohesion : bringing together a wide range of local residents and local groups (reflecting the diverse demographic of the area) through film screenings • Skills development: run projection workshops and filmmaking • Intergenerational working: bringing together people of different ages with a shared interest in films • Support local filmmaking talent: We provide opportunities for filmmakers to reach wider audiences 	
911800	Peckham Coal Line w FoCP&KNR	Celebrate Community Collaboration.	<p>To celebrate the results of the feasibility study and further engage the community in Peckham Coal Line, (a project supported by all sectors of the community via their funding and contributions to date for the feasibility study). To begin the construction of the Line we will organise Spring, Summer, Autumn & Winter events. In the Kirkwood Reserve, (a very popular site, which many do not know of), introducing the local environment with its benefits to all. We aim to involve all local residents by continuing to provide platforms for the community to skill-share. The range of activities planned will enable everyone to take part regardless of age and ability. Additionally the popularity of our events has generated requests for repeats and suggestions for additional activities.</p> <p>The range of events will include face painting, music (provided by local residents), circus skills, Tea and Beer Tent, (Coal Line cakes, Coal Line beer,) Pickling Penny (foraging) Bee Urban, Woodcraft Group, John Donne Choir. Bug Hunts, plant sales, Coal Line walks and bike rides: Something for everyone. This will provide ongoing collaboration to ensure the Coal Line will be delivered by local people for local people</p>	£ 2,430.00

911608	Southwark Walking Sports Club	Southwark Walking Sports Club	Southwark Walking Sports Club builds on the success of the unique Millwall Walking Sports for Older People Programme which has run for two years. It supports older people and those with two or three limiting long term health conditions, dementia, mental health difficulties, limited mobility or those who are inactive, to stay fit and healthy. The two hour weekly activities mean older people can meet other people while having fun, stimulating the mind, and, developing balance and hand eye coordination. It helps a target audience that would not otherwise be active or connected. Before and after each activity, the group talk over refreshments thus reducing stress, isolation and loneliness. We wish to develop the activity as follows: Create a club run by and for older people with a walking sports session in every community council area. Work with local groups to promote the sessions. Work with volunteers to support travel arrangements. Develop links with the Dame Kelly Holmes Trust and Leonard Cheshire to source volunteers and work placement apprentices. Develop links between the groups with an annual walking sports tournament at Millwall FC. Support participants to add other sessions such as free swim and gym or other types of walking sport such as football or netball. Include monthly health talks followed by a light lunch. Make referrals as necessary to statutory and non statutory partners	£ 5,000.00
912838	TRA taster Fun Day (indiv)	Family Fun Day	I would like to plan a family fun day, The aim of the project is to bring families and friends of the local neighbourhood closer together and also give individuals especially children an opportunity to express their talent in a fun loving environment. I believe this is needed as I have noted there is not many events for children to take part in around the area and I am not aware of any similar event which has taken place since living in this local area. Il also believe this is a great opportunity for individuals to make friends and network in order to progress in other areas of interest. I believe in working collaboratively with others, my aim would be to have a mixture of activities taking part on the day such as: Face painting, Bouncy castle, Talent show, Food/refreshments, Designing T-shirts, music for all to enjoy, and sport activities. I would ideally like this project to take part next year	£ 795.00

910530	Westminster House Youth Club	Continuing to bridge the gap	We have previously received funds to bring older and younger people in the community together and also to equip young people with skills to make them responsible citizens. There is a mistrust between the generations which we have started to address and we want to build on the positive relationships that have started to emerge between the club members and older people by continuing our lunch events. We want to continue to deliver wheelchair sports. Contact with older residents has enhanced young peoples understanding of disability as many are wheelchair users and or have Alzheimers etc., we want to continue to raise awareness of disability issues for our young people Additionally we want to continue to develop our programme to give our young people leadership and group skills which will in turn make them better citizens. We plan to run an outdoor activities residential trip for 40 young people and also to offer purposeful holiday activities to occupy young people at times of greatest risk for young people becoming involved in the criminal justice system, either as victims or as perpetrators.	£ 9,660.00

909713	Everywoman's Centre	Everywoman's Centre	<p>The project aims to provide a safe space where women from all ethnic backgrounds come together to meet new people, improve English skills, learn employability & life skills and gain a better understanding of the local culture in order to lead an independent life. We surveyed women in the community and found that many living in Peckham and Nunhead were not in education or employment, at risk of not being able to remain in education or employment and experiencing social isolation. These included young parents, single mothers, women over 50 and victims of domestic violence. There has been an increase in immigration from women of poor ethnic backgrounds and their lacks of skills has created a great barrier for employment. The majority of these women are a considerable distance from the job market and have a number of serious barriers to employment including:</p> <ul style="list-style-type: none"> -Isolation -Lack of skills -Low self-esteem -Low participation in community affairs and group activities -Lack of communication -Lack of support -Low Literacy -Long term unemployment and background of multi-generational worklessness <p>Everywoman's Centre hopes to overcome these barriers through ESOL, advice sessions and sewing classes. For those who complete the course and would like to start their own business, we provide specialist support on business start-up, supporting the women throughout the process. We own over 35 sewing machines and 3 industrial overlocks. Each student learns on an individual machine in class.</p>	£5,000
908687	Gloucester Grove Estate TMO	International Trip to France or Belgium	<p>The TMO aims to organise a subsidised trip to France or Belgium. This is a period when great emphasis is placed on the family unit. As such the TMO uses this period to focus on this group within the community - at a time when some are unlikely to have loved ones around them for an important festive date within the annual calendar.	£ 3,140.00
912083	Hidaya Women's Association	Youth activities, homework club	Hidaya Women's Association is a group for women made by mother's to support one another. We are based in Camberwell, but many of our members live in Peckham and feel that they lack activities for their children in their neighbourhood. Many of the mothers have taken inspiration from our range of activities and would like something similar to be available to their children. Because of this, we have decided that we would like to create a youth group in Kelly Avenue Park. We are asking for funding to run activities including but not limited to sport and karate clubs as well as a homework club.	£ 5,850.00

911941	MADE2BMORE	MADE2BMORE	<p>The MADE2BMORE project's main aim is to inspire young people to want to achieve their potential in life. It is a grassroots initiative solely created for the benefit of the local community. It was started as a response to the feeling that there is still not enough being done to tackle issues that young people face in their area. Genuine change within the borough needs to start with smaller, local communities. MADE2BMORE will seek to tackle social segregation, age separation and other community-specific issues. It will also seek to improve the self-confidence of the young people taking part in the project whilst promoting local talent. Its fresh, original approach will elevate Peckham's young people. The project will take place in the form of an event that will occur three to four times a year. Peckham has a unique and diverse population and this project aims to celebrate its multicultural foundation in all its glory. The events will provide young people with the opportunity to have a platform whilst also bringing together different age groups. It will host performances, panel discussions and inspirational speakers. This project is needed in order to provide a much-needed opportunity for young people to identify and start addressing some of the issues that they face. 909567	Parent Skills2Go	Financial and personal development training for families	<p>To provide training courses that will promote the financial capacity and improve the personal confidence of families to enable them: access services, get into work and training help with managing money. Family fortunes (financial Capacity) is a preventative programme aimed at helping families improve their money skills before they reach crisis point. The current national context shows a continuous decline in income particularly for families who are receipt of benefit. Moreover, families provide the most important opportunity for children to see, learn and talk about money. The personal development programme is aimed at supporting parents and carers n realising their potential and experience positive change. This has become necessary because the result from a number of evaluations have shown that families with young children have difficulty in knowing what to do to get back into work or training after having children; they may want a career change or just need to develop their confidence. Again, in light of the current climate, there is so much pressure on families emotionally, physically, and financially. Families with language barriers, mental health, housing challenges and living in isolation may also be limited in their understanding of how to access services and may need support in building their confidence.</p>	£ 5,650.00

910561	Stepping Stones	Gardening Sessions at the Stuart Road Allotments	We are seeking funding for new weekly gardening sessions at the Stuart Road Allotments. These outdoor classes will be for adults with learning disabilities. In 2016/17 we were awarded a grant from the Southwark CGS fund, and over the last year we have installed 8 raised beds at the allotment. Whilst building the beds, we trialled a weekday service user session to complement our weekend activity and maximise the benefits of the staff time invested in the build project. It was a great success, with service users learning new skills and taking part in building the beds. Now that the beds are installed the site is much more accessible. We are keen to increase the use of this wonderful space and resource, and would like to run regular sessions from spring to autumn of 2018. Gardening is an activity that encourages growth in so many ways. It helps with confidence, skill learning, communication and social skills, and enjoyment of life. When delivering our gardening sessions we benefit greatly from our position in a community allotment. We have enjoyed great support from other plot holders who often share produce, advice, and encouragement with our service users. Adults with learning disabilities suffer great disadvantage and are often excluded from activities on basis of their disability. Our allotment project offers us the opportunity to challenge this disadvantage and deliver stimulating activities that are accessible and safe in a supportive community environment.	£ 2,038.00

Youth knowledge of the issues relating to their safety can often be lost to agencies, both statutory and third sector. The Metropolitan Police, Southwark, local policing are doing much to improve community engagement whilst policing the gang members who not only live on the estate but outsiders who seek to damage the community by way of violence and ASB. The statistics relating to knife crime and gang violence in and around Peckham and The Lane make for sober reading .The key problems in this area are knife enabled robberies, gang activity, serious youth violence and ASB. Historically there have been two main areas where the majority of knife enabled robberies have occurred, SE15 and SE1. Rival gangs with current tensions include Moscow 17 (Brandon Estate, Comber Grove, John Ruskin Street and surrounding areas SE17) and Zone 2 (Pelican Estate, Bells Gardens Estate, Rye Lane, Peckham High Street, Queens Road, Southampton Way SE15) Recent stabbings in Rye Lane, has led to groups congregating on the Pelican Estate. 			including sporting skills and fitness workshops. We plan follow up training sessions and friendly games. The main beneficiaries are BME families in Southwark, mainly Peckham, Nunhead and East Dulwich... The plan is also to divert young people from gangs and into organised sport activities. The aim is to provide positive activities/event for local people, which will also create opportunities and enjoyment in the futures, such as joining with local clubs, making visits to leisure/sporting facilities. The community will benefit by having an event they can participate in. We hope a reduce level of anti-social behaviour and youth crime and extended community engagement across different cultures.

911733	Copleston Centre	New notice boards and signage for Copleston Centre	The exterior of our building is looking tired and dated and our notice boards are broken and falling apart. One notice board is wooden and is rotten and unusable. Anecdotally we are told people don't realise how much goes on in our building. New smarter noticeboards will present a more inviting and clearly visible frontage for the Centre, to encourage members of our local community to take advantage of all the opportunities we offer to improve their health and well-being and connect with others across the diversity of the community.	£ 5,000.00 application forwarded to CGS Fund
909763	CopTog	Cultured Peckham	Our group CopTog actively includes people who have experienced mental health difficulties and other people who also might experience isolation, including older people. Cultured Peckham will provide access to a range of cultural and social activities in our fabulous area, Peckham and Nunhead. The activities have been chosen by our group's participants after discussion and research in the neighbourhood. We have held special meetings to get local people's ideas and asked participants to get involved in writing the application. 7 members have attended 3 separate meetings and contributed to this application and voted on the events outlined below. Our chosen activities include: Jazz on a Sunday at the Ivy House; View and Food at PeckhamPlex and Honest Burger; Pizza at the Pub at the Gowlett; Theatre at the Bussey Building. Our activities will be those that many locals can't ordinarily afford and will bring people together who might not normally spend time together, and enhance people's everyday lives and connection with the area. We want to improve people's attitudes towards each other and broaden people's experiences and horizons. Our ethos is to encourage kindness and tolerance	£ 1,095.00

910509	COVO Connecting Voices	Creative Together	The project aims to increase confidence, self-esteem and sense of purpose among elderly people to address isolation and loneliness. Loneliness among older adults is a major public health problem associated with poor social participation. A reminiscence project done in spring 2017 with a group of elderly people in Peckham showed that elderly people especially those affected by mobility or mental health difficulties are more likely to become isolated and to lose motivation for social interaction. Our project will take the participants through a journey of re-enacting experiences from their youth. Each session includes gentle physical exercise that allows participants to join in according to their individual physical ability. Participants will learn to make music using acoustic instruments and an Ipad. They will also learn basic dance steps using rhythms and music from their youth. The group will work towards a final music/dance piece and a short video of the process culminating in a final performance for their relatives and members of the local community. Taking part in this program will enable the participants to engage in physical and mental exercise to increase their mobility and participation. The very nature of the activity will revitalize their spirit and motivation. Working together in a group will facilitate socialization and develop confidence. The final presentation to friends and family will boost self esteem and encourage stronger connections with the community.	£ 2,150.00

The sessions are run by a local gardener, Jane Booth from 3.30-5pm last Tuesday of the month. These sessions keep the raised beds, trees and climbers well tended, watered and tidy whilst engaging the children, parents and carers with the plants and maintenance in a fun way. Each session is tailored to the season and what is available in the playground. The club has been running now for over 5 years with many of the local children participating all the way through their primary school days. This club and the engagement of children who use the playground has meant that this much loved space does not suffer from misuse or damage. 911738	Kado projects CIO	Peckham Rye Music Festival Community Day	<p>On Sunday 13th May 2018 Kado projects will deliver the community day of the Peckham Rye Music festival in Copeland Park. This day will celebrate local talent in the form of live music, dance, spoken word, food and family & children's activities (bread making, circus skills, art). Many of the performances on the day will be the culmination of months of hard work from local people and collaborations with existing local groups (B supreme, CDR, Rerezent radio and 4WDNUP and Illuminated Arts).</p> <p>Peckham has undergone many changes in recent years and the community is at risk of fragmenting. At our previous festivals residents have told us they felt excluded due to financial restrictions, we hope to address this by offering all admission and all activities will be free of charge. It is our hope that through offering fun, inclusive and wide ranging activities we can encourage a wider section of the community to get involved and feel part of the festival, giving them the opportunity to enjoy and participate in arts and cultural activities, helping to break down barriers and develop stronger relationships. 910213	Latter-Rain Drop-in Centre	Latter-Rain Drop-in Centre	<p>The project is a locally based community drop-in centre that caters for the elderly, lonely, disabled, jobless and anyone who is in need of a hot meal and to socialise. We aim to achieve a project that gives vulnerable residents confidence, self-worth and a sense of belonging as a human being. This will benefit residents who are housebound and unable to leave their homes by themselves as the group of volunteers would go and collect them and take them back to their homes. Those who are lonely will have a venue where they will meet others and socialise and there is always a hot meal provided for every one. Mrs Eloise Guthrie, a member of the local church identified the need of such a project and have committed her time and resources into making this a reality.</p> <p>The local church offers the venue for use and also weekly finances the project. There is a sincere appreciation from the attendees who on occasions try to help in the well-being of the local church. Training and education in Technology is imparted to those who are computer illiterate to equip them for the digital challenges which we are now facing in this age. With the regular input of trained, qualified health awareness personnel in attendance, the lifestyle of many have improved. The project is already established, but help is required as the attendance is increasing.</p>	£ 3,600.00

910335	Southwark Day Centre for Asylum Seekers	Volunteers helping refugees, building local trust.	<p>Our Day Centres at the Copleston Centre (Tuesday) in The Lane ward and Peckham Park Road Baptist Church (Wednesday) in Livesey South provide the only drop-in service in Southwark for the local population of some 13-16,000 refugees. Our work, which heavily depends on volunteers, provides a safe and welcoming environment for vulnerable clients and helps achieve wider community integration and understanding. Supervised by a part-time staff member, over 30 volunteers of all ages and backgrounds - including some of the refugees themselves - provide advice and practical help for the 50-70 clients who come to each centre session. The 2 centres provide:</p> <ul style="list-style-type: none"> • Destitution services e.g., food parcels, food bank vouchers, clothing, toiletries, baby items etc. • A hot nutritious meal supported by Fareshare Food Deliveries and our allotment produce • NHS Nurse checks on site, access to GP surgeries etc. • Provision of advice and advocacy sessions on a range of issues including Asylum and Immigration, Health, Housing and other Welfare matters from SDCAS generalist advice workers, NHS advisers, Citizen's Advice Bureau and Southwark Law Centre solicitors and case workers. • Therapeutic activities including Reflexology, Massage, Group Therapy and Gardening/Allotment sessions • English Classes/Parenting Classes • Playgroup/crèche for under 5's and family activities • Social events 	£ 2,000.00

910427	Southwark Law Centre	Refugee Week 2018 Film & Discussion	We aim to increase awareness and understanding of the plight of refugees in order to promote greater community cohesion. We have found that real life storytelling, in the form of films depicting the refugee experience, are powerful tools to promote understanding and empathy for our community members who are refugees. We combine our film events with panel led open discussions to increase engagement and answer questions that may arise around refugee related issues. We work to support the efforts of partner organisations who are working directly with refugees in our community. These frontline partner organisations have expressed an ongoing need to engage the local community and provide information and understanding around the refugee experience. These organizations include Southwark Refugee Communities Forum, Southwark Day Centre for Asylum Seekers and Southwark Refugee and Migrant Project. This film night event will be part of a larger programme of events which we will be promoting and supporting as part of Refugee Week 2018. We find that members of the community who attend one of our film nights are likely to engage with more of our Refugee Week events as the films build empathy for the refugee experience. Our goal is to educate the local community so that we can champion the idea that our diversity is our strength.	£ 1,500.00
912044	Southwark Mediation Centre	Pelican Estate - reducing ASB and gang related crime	There are currently high levels of youth and gang related crime and disorder on the Pelican Estate as reported by the statutory agencies involved. We would work with these agencies e.g. SASBU, Police, Youth Offending Team to identify young people and families most at risk of involvement or possible future involvement in such crime. Over 6 months we would use a mix of youth [aged 16-19] and adult mediators to meet with young people and families to establish their concerns and how they can work with the mediators to reduce crime and fear of crime. Families and young people from the estate and surrounding area would be brought together and tasked with what they can do to address these issues, uniting families and communities faced with the same issues. Work would be done directly with individual young people, groups and gangs where friction is leading to violence and crime. Mediation would be carried out using shuttle and direct mediation, involving youth mediators where safe and appropriate. This would aim to reduce the fear of violence and the need for	£ 4,600.00

909934	SOUTHWARK STREET PASTORS	SOUTHWARK STREET PASTORS	Southwark Street Pastors are trained volunteers who engage with the vulnerable and disadvantaged through a well developed network of relationships with the police, local councils and statutory and voluntary organisations. In this ward, across Rye lane through Blenheim Grove to Peckham Road and all side roads in this area, we patrol in teams of 3-5 operating from All saints Peckham or Rye Lane Chapel. Street Pastors engage sensitively with a view to caring, listening and helping, and signposting those in need to other services. They also identify the most vulnerable and seek to ensure a safe passage home or away from trouble. Examples are lone females being shown attention by unwanted male admirers or those that require immediate first aid. Street Pastors are volunteers who are trained and supported to fulfil specialised ministry on the streets of our borough especially in the night time economy.	£ 1,632.00
