## Andrew

To confirm our telephone discussion today regarding the application to add off-sales to our 2 Grove Lane license, we are willing to restrict off-sales hours to noon - 10pm. I have made that offer to have had no response from him.

Regarding representation against our application of 9th March, we reject his assertion that Theo's permitting its customers to purchase wine or beer with their takeaway food will lead to an increase in "antisocial aspects related to street drinking". Quite simply if an individual wishes to purchase alcohol and drink in public, they will do it from an establishment which does not first require them to purchase a premium quality pizza and they will also purchase cheaper alcohol - our lowest priced bottle of wine is £22.

Regards Simon
