

<b>Item No.</b> 7.	<b>Classification:</b> Open	<b>Date:</b> 25 June 2018	<b>Meeting Name:</b> Bermondsey and Rotherhithe Community Council
<b>Report title:</b>		Cleaner Greener Safer 2018-19: Capital Funding Allocation	
<b>Ward(s) or groups affected:</b>		London Bridge & West Bermondsey, North Bermondsey, Old Kent Road, Rotherhithe, South Bermondsey	
<b>From:</b>		Head of Highways	

## RECOMMENDATION

1. To approve the allocation of funds for the 2018-19 Cleaner Greener Safer (CGS) capital programme in the Bermondsey and Rotherhithe Community Council area from the list of applications set out in Appendix 1.

## BACKGROUND INFORMATION

2. The council's CGS capital programme has been running since 2003.
3. In the first fifteen years of the CGS programme, £36,033,000 has been allocated to community councils leading to 2,812 projects being approved.
4. In the Bermondsey and Rotherhithe Community Council area, £8,876,674 has been allocated to 581 projects, 534 of which have been completed to date.
5. Examples of the types of projects that have been funded include:
  - Parks, community gardens, landscaping, tree planting and wildlife areas
  - Children's playgrounds, youth facilities, ball courts and cycle tracks
  - Lighting, security measures, pavements, streets, and tackling 'grot spots'
  - Grants to local groups to self-deliver projects

## KEY ISSUES FOR CONSIDERATION

6. There is £492,381 available for the 2018-19 CGS capital programme for new projects in the Bermondsey and Rotherhithe Community Council area.
7. At the community council meeting on 10 January 2018 a further £140,030 was re allocated to the 2018-19 programme from cancelled or underspent projects from previous programmes, bringing the total available for allocation in 2018-19 to £634,212.
8. Following allocations made at the community council meetings of 10 January 2018 and 21 March 2018, £31,367 remains to be allocated and is broken down as per the following table:

<b>Old Ward Name</b>	<b>Amount unallocated</b>
Grange	£ 0.00
Livesey North	£ 0.00
Riverside	£.0.00
Rotherhithe	£ 7,119.00
South Bermondsey	£ 5,189.00
Surrey Docks	£ 18,069.00

9. Eligible proposals must bring about a permanent improvement and make an area cleaner, greener or safer.
10. Proposals with revenue costs, including salaries, costs for events, festivals, workshops or other one-off events are not eligible for capital funding. CCTV proposals and internal improvements to housing property and works on schools where there is no access to the general public are also not eligible. Works on private property are not eligible unless there is a long-term guarantee of public access or a demonstrable public benefit.
11. The application form invited expressions of interest for the applicants to deliver projects themselves. A due diligence exercise to ensure that this is both practical and realistic has been undertaken as part of the feasibility process. In such cases, the council would give the funding allocation to the applicant in the form of a capital grant, with appropriate conditions attached.

### **Policy implications**

12. The CGS programme is fully aligned with the council's policies around sustainability, regeneration and community engagement.

### **Community impact statement**

13. The roles and functions of community councils include the promotion of involvement of local people in the democratic process. Community councils take decisions on local matters including environmental improvement and community safety as well as consultation on a wide range of policies and strategies that affect the area.
14. An explicit objective within community councils is that they be used to actively engage as widely as possible with, and bring together, Southwark's diverse local communities on issues of shared or mutual interest. The CGS programme is an important tool in achieving community participation.
15. In fulfilling the above objectives of community councils to bring together and involve Southwark's diverse local communities, consideration has also been given to the council's duty under The Equality Act 2010 which requires the council to have due regard when taking decision to the need to:
  - a. Eliminate discrimination, harassment, victimisation or other prohibited conduct;
  - b. Advance of equality of opportunity between persons who share a relevant protected characteristics and those who do not share it;
  - c. Foster good relations between those who share a relevant characteristic

and those that do not share it.

16. Of particular regard are issues of age, disability, gender reassignment, pregnancy and maternity, race, religion or belief, sex, sexual orientation.
17. Having due regard to the need to advance equality of opportunity is further defined in s.149 as having due regard to the need of:
  - a. Remove or minimise disadvantages connected with a relevant protected characteristic;
  - b. Take steps to meet the different needs of persons who share a relevant protected characteristic;
  - c. Encourage persons who share a relevant protected characteristic participate in public life or any other activity in which they are under- represented.
18. Ideas for CGS projects come from the local community, the majority via a simple project nomination form available in electronic and paper format.

### **Resource implications**

19. The funding for the CGS capital programme from 2011 to 2021 was approved by the cabinet and is part of the council's overall capital programme as detailed in the Capital Programme 2011–2021 report dated 21 June 2011.
20. The allocation of funding per ward for the CGS capital programme was approved by the cabinet member for transport environment and recycling as detailed in the launch of CGS Capital Programme 2015-16 report dated 6 August 2014.
21. All professional fees related to the project are also treated as the capital costs of the project. Where projects are awarded as a grant to organisations, the award amount announced at community council includes professional fees. The community council award letter to grant recipients details the grant amount only, excluding these fees.
22. CGS projects must be completed within two years of award of funding. Projects that are unlikely to be completed within two years will be reported to Community Council and available budgets may be reallocated to other projects. Revenue costs not covered by maintenance or the contractual liability period will fall upon the asset owner. The department will be notified of the likely costs before the schemes proceeds, in order to secure permission to implement the scheme.
23. After the defects and liability period, or three year maintenance period in the case of planting works, all future maintenance is assumed by the asset owner, for example Housing, Parks, Highways, or in some cases external asset owners. Therefore, there are no revenue implications to the Highways division as a result of approving the proposed allocation.
24. The total expenditure and sources of funding for the scheme will be monitored and reported on as part of the overall capital programme.
25. Value for money will be ensured when the contract is procured by following the council's contract standing orders.

## **Consultation**

26. All CGS projects require consultation with stakeholders, including the project applicant, local residents, tenants and residents associations and local community groups where appropriate.

## **SUPPLEMENTARY ADVICE FROM OTHER OFFICERS**

### **Director of Law and Democracy**

27. The Local Government Act 2000 ('the 2000 Act') gives the Leader the power to delegate any executive function to whoever lawfully can undertake the function. The allocation of the CGS capital fund is an executive function.
28. Community councils are 'area committees' within the meaning of the 2000 Act and executive functions can be delegated to them by the Leader. The terms of the delegation are set out in part 3H of the council's constitution
29. This report recommends that that community council approve the allocation of funds to the individual projects specified at Appendix 1. Paragraph 14, Part 3H of the constitution enables community councils to approve "the allocation of funds to cleaner, greener, safer capital and revenue schemes of a local nature, using the resources and criteria identified by the cabinet".
30. Community councils further have powers under paragraph 16, Part 3H of the Constitution to oversee and take responsibility for the development and implementation of the local schemes.
31. In allocating funding under the CGS community councils must have regard to the council's equality duty set out in section 149 of the Equality Act 2010. The report author has demonstrated how those duties need to be considered in the body of the report at paragraphs 12 to 17 in the community impact statement.

### **Strategic Director of Finance and Governance**

32. This report seeks the approval of the Bermondsey and Rotherhithe Community Council for the allocation of funds (£634,212) for the 2018-19 Cleaner Greener Safer (CGS) programme in the Bermondsey and Rotherhithe Community Council area from the list of applications set out in Appendix 1. The sum of £634,212 is made up of the designated £492,381 for 2018-19 and a further £140,030 re allocated to the 2018-19 programme from cancelled or underspent projects from previous programmes.
33. The strategic director of finance and governance notes the resource implications in the report that the proposed allocations will be contained within the council's capital programme.
34. It is also noted that officers' time and any other costs connected with this recommendation will be contained within existing departmental revenue budgets.
