I wish to oppose license for 130 Druid st London se1 2dx. This will be fourth drinking outlet within feet of each other, children will watch the display of drunks using our home as toilet, to have sex, the noise levels from present drinking outlet is horrific and prevents sleep, peace quite. Rubbish on estate and in Druid st

Re: License application for 130 Druid Street

It has come to my attention that a company by the name of Rinneroon Ltd is applying for a license for the supply of alcohol, provision of entertainment and provision of late night refreshment.

I strongly oppose this license being granted for the following reasons:

- The area is already saturated by outlets providing alcoholic beverages.
- Anspach and Hobday, The Bottle Shop and Marquis of Wellington plus more outlets further down Druid Street.
- The behaviour of the patrons to the above outlets is noisy and antisocial.
- Loud chanting and singing
- People right outside our homes and gardens using the estate to sit and consume their alcohol.
- Urinating on the estate (all in front of children)
- Sitting on the pavements with legs in the road causing passing motorists to have to sound their hooters to get past. (more noise)
- Drunken patrons gathering in the street (from pub and Anspach) is very intimidating when walking along Druid Street.

Thank you kindly for your attention to this matter

Sincerely

Re: licensing opposing 130 Druid St.

This is based on:

128 BOTTLE Shop

118 Anspach & Hobday

The Marquis of Wellington public house
Saturdays from 1pm until 11pm is like a
football match crowd, no peace at front of
home nor a back, cannot open windows even
in extreme heat due to noise levels. This is
not every weekend but majority of Saturdays.
People using estate as toilet.

Noise of glass bottles being emptied by The bottle
shop and Marquis of Wellington, glass bottles
glasses from Anspach & Hobday glasses for children
to play with in druid st, rubbish cigarette ends.

RE: License 130 Druid Street

We wish to make our feelings unhappiness clear regarding application for a new license. There are already 3 very noisy dance floors from our homes that make life for tenants living on Druid St living hell. All present licensee use road Druid St and allow their drinkers for use estate to use as they wish, toilet, sex, throw rubbish sit here we live after very drunk abuse we don't use druid st to walk through due amount of drunk with present outlets put yet another Alcohol selling archer terrible. At present I no longer feel safe, I feel afraid to walk into druid St the vast amount of people there

(2)

Behaviour. The present business ignore residents asking for quite.

The children that live on estate watch drunken adult behaviour?

children need as do adults to be protected from yet more shouting chanting singing all in Druid st in clear view of children My wife and I have a wonderful garden that cannot be used due to amount of anti social behaviour. Druid st has been turned into a party road, but no one is stopping any more of these unsupervised drinking cut lets 12-11.130 Druid st wishes to open? no peace now, not able to rest enjoy home, retirement. Southwark not listening to residents complaining. Got to licensing put clauses into licenses yet no one enforcing anti social behaviour Now with even more drunks in area?

To whom it may concern,

As both a resident of SE1 and a member of the London City Runners Club I would like express my support for the licence application of Rinneroon 863537.

London City Runners provides a free and safe environment for people with a common interest to meet and exercise together. Part of the appeal of the club is the social aspect, it is very keen to promote social cohesion.

Kind regards,

To whom it may concern,

I'm getting in touch regarding the licence for for Rinneroon Ltd 863537 to show my support for the project.

The London City Runners club hosted in the venue has been hugely beneficial for the SE1 community; the club is open to anyone — and it's free. It makes the community healthier and happier. It's a brilliant place to spend time and get fitter.

As a new resident to the SE1, I can admit that having the LCR on my doorstep was one of the main reasons why I chose to move here.

Hello,

My name is [REDACTED], and I am a resident of Southwark living at [REDACTED] near Borough Market. I am writing in support of the Premises License application for the London City Runners. As a resident of the area and a supporter of the club, I would like to submit from personal experience that the club, should the license be approved, will without question prove to be a positive addition to the area due to their being a community-focused organisation designed to promote an active involvement in fitness and healthy activity.

From my perspective, the club has been nothing but positive. I moved here last year from the United States and, as an active runner, found myself looking for an organisation to help me get to know my community from the ground level. As it happens, I stepped out of my flat and saw a group of people running by wearing shirts from the City Runners. I looked them up on social media and met Tim Jones, the head of the organisation, who invited me to attend their weekly running sessions. Despite not knowing anyone, I was warmly welcomed and since then have met many interesting active people and have truly enjoyed my experience. I found Tim to be a person who genuinely cares about his club, its members and the community as a whole. I have every confidence that the warmth and spirit that Tim brings to the club will prove to be evident to the community as well.

I heartily encourage the approval of this license and can answer any questions you may have or offer additional testimony as needed.

Thank you for your consideration in this matter.

Regards,

I would like to support the application because as a member of the club, I've experienced the really positive aspects it brings. Firstly, it is a great way for people to get fit and healthy - the club is so welcoming of all types of people, regardless of age, gender, race or fitness level.

It also offers a brilliant social aspect - everyone is so friendly and welcoming. It's a great way to meet people living around my area. I can't quite beleive it's free! Which also means it is accessible to everyone!

King regards,

Good evening,

I am just emailing in order to voice my support for the proposed liquor license for Tim and the team at London city runners.

Having recently moved into the SE1 area from New Zealand, I was really keen to find a running club in order to meet new friends and find running routes with less foot traffic. The London City runners club has been fantastic in this respect and I have enjoyed getting to know all of the wonderful people there. I really do think encouraging people to be active and social is paramount in this day and age in order to avoid loneliness and a temptation to avoid exercise. The London City runners are great for this and bring a real sense of community to the area for like minded people. Running at night can be extremely dangerous particularly for women and a running club allows people to run in safety.

Feel free to get in touch with me on the following contact information should you want to hear further:

Dear Southwark Licensing,

I'm contacting you regarding the licence for for Rinneroon Ltd 863537 to show my support for the project.

I've owned my place very near this venue at [REDACTED], having the LCR on my doorstep was one of the main reasons I like living here.

The London City Runners club hosted in the venue has been hugely beneficial for the SE1 community; the club is open to anyone — and it's free. It makes the community healthier and happier. It's a brilliant place to spend time and get fitter.

I am writing in support of the licence application for Rinneroon Ltd 863537.

London City Runners is an invaluable part of the local community in SE1, offering a free, friendly club for anyone in the neighbourhood, and beyond, who wants to get fit; and I feel it is important to support their application for dedicated premises, as it will enable the club to become even more of a community asset.

Although I don't run with the club myself, I encouraged my wife to join as it provides a safe, group environment for everyone, but particularly women and the more vulnerable members of society who otherwise might have to go running by themselves; especially important during the winter months when they would have to be out running in the dark.

Our six-year old daughter also loves hanging out with the runners on their club nights!

yours sincerely,

Dear sir/madam,

My name is [REDACTED], and I live at [REDACTED], SE1 [REDACTED].
I am supporting the application Rinneroon Ltd 863537.

I have been running with this group over 6 years, since my daughter is 1 month old.
When I started I was a new mum as well as new to the community, also could hardly run more than 3 KM continuously.

This running group has been very friendly, and nice mixture of local people and professionals who working in the city (I am both), and motivating people to run constantly and challenge to the next level in positive way. I did two half marathon this year so far (Big half and Hackney half), which I could not expect myself 6 years ago,

The club run completely free, asking the favour of the local pubs as the meeting points over years. it was so generous for both running club and local pubs, but now they need their own place as so many runners cannot fit any of the pubs!

It will be a nice meeting point, community centre for runners of both local and city working professionals. I strongly support this planning.

Kind regards,

Why I am supporting this application:

I have been attending this club for several months now. It is a free running club that encourages anyone who is interested in running, meeting new people, staying healthy and socialising to participate.

As an SE1 resident I believe this club increases the social bond in the community by bringing together people from all walks of life. The club, being a running club, encourages the health and well being of it's members as well as networking amongst members before and after running events.

This club provides a healthy and social alternative activity for many people of all different ages. I really enjoy having a beer with members of the group after the runs and an alcohol premises license would add to this experience and encourage further bonding amongst members of the community via the club.

Kind regards,

Dear all,

I am writing in support of Premises License for Rinneroon Ltd 863537 on Druid Street.
I am a local resident, living two minutes from the venue.

I believe this venue will help reduce noise and public nuisance in the area. I know this sounds somewhat counterintuitive, but here is my reasoning: The venue will host London City Runners, a running club which meets three times a week in the area's existing venues. The club is incredibly popular and regularly attracts over 100 runners. Until now, the club has relied on local bars to meet -- and because of its popularity, this often means "spillovers" from the bars into outdoor areas. Opening its own venue will prevent this from happening, keeping the runners inside.

Unlike other bars, this club does not attract people who smoke (runners rarely do), which means there will be no need for people to stand outside in front of the venue.
Noise will be reduced thanks to this venue.

On top of this, I would like to point out that the Running Club has brought a lot of good things to the local community. It has motivated people who have never exercised, and brought together local residents from various walks of life.
It has also organised fundraisers for local charities.

I hope you will consider my contribution when deciding on this license.
Best wishes,

Hi there,

This is just a quick email to show my support for Rinneroon Ltd 863537 aka London City Runners.

I'm a proud resident of SE1 and absolutely love the area, this is largely due to having this incredible club just a short walk away. Through this club I've made a ton of friends in the area and we regularly frequent the pubs and cafes here.

This running club has provided a central place for us to hang out, socialise and get fit. If you came along for a drink after a run sometime you'd see the friendliest people high on endorphins socialising and feeling great.

Hoping this helps to shed some light on how much this club serves the community in SE1 and further afield.

Lots of love,

Dear Southwark council,

I joined London city runners to help train for a half marathon, thinking I'd stop straight afterwards. The race came and went yet I'm still with the club. I knew nobody yet was welcomed with open arms and haven't looked back.

It's such a friendly environment full of lovely people who enjoy running. I really look forward to running club during the week. Its free, a very safe environment and I've never been fitter.

I think London City Runners is a great part of the community and feel lucky to be close enough to enjoy it.

Kind regards,
