Operating Schedule

Introduction

Until approximately 2 years ago, there was a McDonald's restaurant situated nearby in St Thomas Street. The restaurant was closed and relocated in order to make way for the installation of a "Science Gallery", due to open in September 2018.

The relocated restaurant and the premises to which this application relates, is now situated in Tooley Street and is part of the current re-development of the London Bridge Train & Tube Stations.

The London Bridge Train Station is one of the busiest train stations in the Country. It is the primary station used by visitors to Guy's Hospital, The Shard, HMS Belfast, Tower of London, Borough Market. Golden Hind etc.

The Night Tube Service on the Jubilee Line stops at London Bridge Station.

There are 8 different bus services which stop at the nearby Bus Station throughout the night, located within the Train & Tube Stations on Tooley Street.

As a Franchisee responsible for this restaurant, Mr Claude Abi-Gerges organisation, Capital Arches Group Limited t/a McDonald's Restaurants Ltd (CAG) is currently responsible for 23 other McDonald's Restaurants located in central and west London, as well as the City of London. 20 of the restaurants operate Premises Licences for the provision of Late-Night Refreshment, of which 7 have a have permission to operate 24/7.

The Applicant has experience of operating the McDonald's Restaurant at Liverpool Street Station, within the City of London, as well as within the demise of Network Rail. This restaurant operates 24/7.

As a consequence of the extensive experience within CAG it means that there is a thorough understanding of the duties imposed by the Licensing Act 2003 and particularly the responsibility for staff, customers and the local communities within which they operate.

In applying for a further Premises Licence for Late Night Refreshment CAG understands its duty to the local community and area within which the restaurant is located, in particular to protect employees and customers from danger and harm. CAG believe that the systems that are in place throughout the organisation are robust and thorough and do, as far as reasonably practicable, promote the 4 licensing objectives.

We are eager to work in partnership with all responsible authorities to ensure the promotion of the 4 licensing objectives. We also seek to work with the local communities, whom we serve, to achieve a successful cohesion between our business operations and our neighbours, both residential and commercial, for the benefit of all.

CAG acknowledges and understands that this premises is situated within a Cumulative Impact Area. As such CAG acknowledges that whilst they cannot anticipate every possible risk, problem or circumstance that may arise from a licensed premise, they believe that the practice measures proposed within this Operating Schedule will assist them in promoting the 4 licensing objectives.

Prevention of Crime and Disorder

CAG is keen to work in partnership with all local enforcement agencies to prevent crime and disorder.

CCTV

McDonald's operates a robust CCTV Policy to ensure compliance with Data Protection Legislation, including assisting the Police with the prevention and detection of crime. All restaurants operating CCTV display appropriate signage in line with the expectation of Data Protection legislation.

McDonald's operate digital motion activated CCTV systems where images are retained on a hard drive system. All CCTV equipment is of a standard suitable to record images of a proper quality, it meets the industry standard and has LGC Forensics or Kalagate Certification. As part of the digital system an in-built alarm will activate if the equipment is faulty or not recording, so alerting the management team to act accordingly. The CCTV system is regularly serviced by qualified maintenance technicians.

Reasonable access to the CCTV system will be provided to Police Officers and Licensing Officers upon request.

Staffsafe System

A Staffsafe™ system providing both remote audio and visual monitoring capability will be installed in the restaurant. The system can be activated by either fixed or mobile 'panic button'. Once activated the system links the restaurant to an external monitoring centre who are trained to be capable of intervening in situations to resolve crime and disorder, provide advice or instruction to support restaurant employee and customers, as well as if needs be contact the Police directly on the restaurant's behalf.

Training

At this restaurant all Shift-running Managers will have formal McDonald's safety and security training, as well as SIA accredited Conflict Management Training provided by Maybo, an external provider.

SIA Guarding

While it is not anticipated, if deemed necessary from time to time, and following suitable consultation and risk assessment, SIA Door Supervisors may be employed at the restaurant. This is consistent with every other restaurant that operates a Premises Licence within CAG.

It should also be noted that no McDonald's restaurant within the United Kingdom serves alcohol, and further none of the drinks or food are served to customers in glass receptacles. This restaurant will also operate a "No Open Alcohol Containers" policy to prevent persons carrying open alcohol inside the restaurant.

CAG is also a member of the Safer Business Network, a Business Crime Reduction Partnership operating in Westminster, Lambeth and Southwark.

Public Safety

CAG is keen to work in partnership with Network Rail, all relevant enforcement agencies and advisory services to ensure public safety.

This restaurant has safety systems in place to protect the safety of customers and staff at all times, e.g. CCTV, Staffsafe. The restaurant will also be suitably well lit. It should also be noted that the restaurant will only have one small customer area, with no seating.

CAG work with all local authority Environmental Health Teams and Fire Authorities to ensure compliance, so far as reasonably practicable, with relevant Health and Safety and Fire Safety Legislation. This restaurant will also be subject to relevant safety inspections and audits by both representatives of CAG and of McDonald's Restaurants Ltd, to ensure verifiable standards in this area of the business are being maintained.

All McDonald's Restaurant's employees receive commensurate and comprehensive training in health & safety and security to ensure that safe working methods are adopted and maintained. All employees are trained on the local emergency evacuation procedures in the event of a fire or other major incident.

Public Nuisance

CAG is keen to work in partnership with Network Rail, all relevant enforcement agencies, advisory services and any local Business Improvement District to avoid public nuisance.

Litter

In the early 1980s McDonald's were the first company in its sector to introduce proactive, routine litter patrols. CAG is committed to conducting litter patrols throughout each operating day; collecting both McDonald's packaging and any other litter that has been carelessly discarded. CAG are happy to act on recommendations from the Environmental Health Officer should they feel that we should extend our patrol to a nearby area, as far as this is reasonably practicable and safe to do so.

All of McDonald's packaging displays the "Bin It" symbol to encourage our customers to deal with their waste responsibly. Further details regarding McDonald's corporate commitment to reducing waste and litter nuisance can be found at the "Our World" section of the McDonald's website:

<http://www.mcdonalds.co.uk/ourworld/environment/policy.shtml>

This restaurant is to provide a takeaway only service. It is therefore anticipated that the litter patrols will be more extensive and frequent than at restaurants where customers have a choice to remain inside the restaurant to consume their food and drink. The litter patrol arrangements will be created in consultation with Network Rail, and routinely reviewed and updated as necessary.

Noise

Where it is practical to do so CAG is committed to putting measures in place to limit any negative impact of noise. Customers are also encouraged to be considerate to our neighbours by moderating behaviour and noise when entering and exiting the restaurant and leaving the local area.

Delivery of goods and stock will be co-ordinated carefully with Network Rail, within their strict guidance for such.

Route waste collections from the restaurant will be managed by Network Rail as part of the management service arrangements for all retail tenants on the Station.

The Protection of Children from Harm

CAG do not anticipate that unaccompanied children will use the restaurant in the extended hour's period covered by this Premises Licence application.

Never the less CAG takes the safety of children extremely seriously. All restaurants within the organisation have been trained on Child Sexual Exploitation Awareness, by means of an authorised package of information developed between the McDonald's corporate Security Team, Metropolitan Police Service and National Police Chiefs Council. Access to further information, guidance and advice is readily available by similar means.
