

**NOTIFICATION OF KEY DECISION TO BE TAKEN**

**GENERAL EXCEPTION NOTICE**

| <b>DETAILS OF DECISION</b>  |   |
|---|---|
| <b>Title of Report</b>  | Non-strategic Traffic and Highway improvement projects (Morley Street one-way system)   |
| <b>Description/Nature of matter requiring Key Decision</b>                    | Approval to implement one way system on Morley Street subject to there being no unresolved objections following statutory consultation and procedures.  |
| <b>Decision taker</b>   | Cabinet Member for Environment, Transport Management and Air Quality  |
| <b>Date by which Key Decision must be taken</b>                               | March 2019  |
| <b>Reason why it was impracticable for decision to be on the Forward Plan</b> | The Forward Plan relating to decisions to be taken from March 2019 onwards was published on 1 February 2019. The council has only recently been notified of the scheme and it was therefore not possible to include the decision on the Forward Plan. Lambeth Council are seeking to implement a traffic management scheme on Morley Street which is situated on the boundary of Lambeth and Southwark. Lambeth Council, have already progressed their complementary one way system to a point where it is ready to be implemented. The scheme is however dependent on Southwark Council agreeing to the introduction of a one way operation system on Morley Street. |

|  |  |
|--|--|
| <p><b>Reason why the decision cannot wait for inclusion in the next Forward Plan</b></p> | <p>The next Forward Plan to be published relates to decisions to be taken from April 2019 onwards. The council is required to undertake statutory consultation prior to the implementation of a scheme and intends to go out to statutory consultation in March 2019. Any decision via the Forward Plan would add lengthy delays to the timescales for implementation on both sides of the boundary, which have to be at the same time.</p> <p>In order to not to delay the scheme any longer than necessary the Council intends to carry out statutory consultation in March 2019 with a view to implementing the scheme in April / May 2019 assuming no unresolved objections.</p> |
