

AMENDMENTS

ITEM 3: THEMED DEBATE – CLIMATE CHANGE (see pages 12-14 of the main agenda)

AMENDMENT A

Proposer: Councillor Graham Neale

Insert new point 5:

5. On the principle of 'Think Global, Act Local', council assembly:
 - a) Notes the value of community assets, such as the allotments in Lamash Street in Saint George's Ward, through which local residents have provided a sustainable source of locally produced organic food for decades;
 - b) Fully supports the Rotherhithe – Canary Wharf Pedestrian and Cycle bridge, which will be the centrepiece of the green transport strategy for the area;
 - c) Commits itself to investigating the possibility of gradually phasing out car lease schemes for those non-key workers who do not need exclusive access to a car in order to carry out their job;
 - d) Recognises the vital importance of open spaces to Southwark's communities, in particular that the availability and accessibility of open space in our borough contributes towards addressing loneliness amongst older people, by providing a place for them to socialise;
 - e) Further recognises that well maintained public open spaces can provide an appropriate place for younger people to meet and socialise, in a way which minimises the risk of anti-social behaviour;
 - f) Notes that there are considerable financial savings to be made by 'going green', whether it be more energy efficient lighting, smart meters at council properties, or piloting energy generation schemes such as installing solar panels on council properties;
 - g) Commits itself to supporting low or zero-emissions public transport, and calls on Transport for London (TfL) to reinstate the no-emission RV1 bus service in full;
 - h) Commits to working with TfL to reduce congestion on Jamaica Road and Lower Road;
 - i) Commits to push developers to work harder on meeting the council and GLA's carbon reduction targets, and ensure that monies collected in lieu through the Carbon Offset Fund are spent on projects that genuinely offset the equivalent emissions created by new developments;
 - j) Commits to investigate ways of combining 'Big Data' and new technologies to support smarter management of our local environment, taking inspiration from examples such as the Municipality of Albertslund in Denmark, who tested different waste solutions to improve knowledge on how to optimise the collection and route planning of waste, and the city of Copenhagen who have used data-driven traffic management to improve air quality.

ITEM 5.2.5: MEMBERS' MOTIONS - REFORM OUR BROKEN HOUSING ECONOMY
(see pages 25 - 26 of the main agenda)

AMENDMENT B

Proposer: Councillor Hamish McCallum

Seconder: Councillor Humaira Ali

Insert new point 1. c) and renumber subsequent clauses:

"that despite these pledges to increase the number of council homes, Southwark has lost almost a hundred council homes in the past year, and almost two thousand council homes since 2010."

Insert new point 2. a) iii. and renumber subsequent clauses:

"Support the proposals for a new model of income based rentals, as proposed in the 2017 Southwark Liberal Democrat manifesto."

Insert new point 2. a) v. (after current point 2. a) iii, renumbered 2. a) iv.)

"v) Move towards a Land Value Tax for commercial properties, as proposed by the Liberal Democrats, which would act against such 'land banking' and would incentivise development where approval has been granted."

ITEM 7.5: COUNCIL ASSEMBLY DATES AND CALENDAR OF MEETINGS 2019-20
(see pages 77 - 86 of the main agenda)

Due to a minor administrative update, a new version of Appendix 2, council calendar 2019-20 (table format) is enclosed.
