 - The application, including the operating schedule submitted as part of the application

Parts B, C, E, F, G, H, J, K, L, and M of the operating schedule set out the proposed licensable activities, operating hours and operating control measures in full, with reference to the four licensing objectives as stated in the Licensing Act 2003. Should a premises licence be issued in respect of the application then the information provided in part M of the operating schedule will form the basis of conditions that will be attached to any licence granted subsequent to the application. Copies of the application and the dispersal policy submitted with the application are attached to this report as appendix A.

Designated Premises Supervisor

11. The proposed designated premises supervisor of the premises is Jake Dean Farey.

Representations from responsible authorities

12. Representations have been submitted by this council's environmental protection team, this council's licensing responsible authority, this council's public health authority, this council's trading standards service and also by the Metropolitan Police Service.

13. The environmental protection team's representation notes that the premises are within the Peckham cumulative impact policy (CIP) area. It is the environmental protection team's opinion that the premises' proposed closing times are likely to add to the cumulative impact of licensed premises in the locale as a result of nuisance from music and also nuisance caused by patrons leaving the premises. The environmental protection team have suggested control measures that the environmental protection team recommended should become conditions of any licence issued subsequent to the application, if the licensing sub committee are minded to grant the licence.
14. The licensing responsible authority's representation notes that the premises are within the Peckham CIP area and that Southwark Council's statement of licensing policy contains a 'rebuttal presumption' which means that applications for new premises licenses which are likely to add to the existing cumulative impact will normally be refused. The representation states that the applicant has not addressed the presumption to refuse the application within the operating schedule. The licensing responsible authority recommend refusal of the application unless the applicant can demonstrate that the premises will not contribute to crime and disorder, and public nuisance, within the Peckham CIP area.
15. The public health authority representation notes that the premises are within the Peckham CIP area. The public health authority recommends that should the licensing sub committee be minded to grant the application, to mitigate the negative impact of additional licensed premises in an area that it's already saturated, the licensing sub committee consider amending the premises' closing times to those suggested for nightclubs in this council's statement of licensing policy.
16. The trading standards service's representation notes that the premises are within the Peckham CIP area. The trading standards service have suggested control measures that the trading standards service recommended should become conditions of any licence issued subsequent to the application, should the licensing sub committee be minded to grant the licence.
17. The Metropolitan Police Service's representation notes that the premises are within the Peckham CIP area. The representation states that the applicant has provided an extensive operating schedule which includes a number of control measures congruent with the proposed operation of the premises, and that extensive dispersal and search policies have been provided. The representation notes that the proposed capacity of the premises is 220 persons and concludes that this number of patrons could add to the cumulative impact of licensed premises in the area. The Metropolitan Police Service object to the granting of the application under the prevention of crime and disorder licensing objective and ask that the licensing sub-committee decide if the applicants have sufficiently addressed the presumption to refuse the application.
18. Copies of the representations submitted by responsible authorities are attached as Appendix B.

Representations from other persons

19. Twenty six representations supporting the application have been submitted by 'other persons'. In summary the representations state that the proposed operation of the premises will not give rise to crime and disorder, be to the detriment of public safety or cause public nuisance. The representations also suggest that the premises will be operated well will contribute positively to the area.

20. Copies of the representations submitted by the other persons are attached as to this report as Appendix C.

Conciliation

21. At the time of the writing of this report all of the representations objecting to the application remain outstanding and so must be considered by the Licensing Sub Committee.

Premises history

22. The premises are still currently under construction. No licensing authorisation issued under the Licensing Act 2003, or any prior licensing legislation, has previously been held regarding the premises.
23. On 14 May 2019 FQBSC Limited applied to this council for the grant of a premises licence in respect of Market, Unit 2, Basement Area, 133 Rye Lane, London SE15 4ST.

Deregulation of entertainment

24. On 6 April 2015 entertainment became deregulated and as a result:
- Live unamplified music is deregulated between 08:00 and 23:00 on any premises.
 - Live amplified music and recorded music are deregulated between 08:00 and 23:00 at on licensed premises for an audience of up to 500 people.
 - Plays and the performance of dance are deregulated between 08:00 and 23:00 for an audience of up to 500 people.
 - Indoor sporting events are deregulated between 08:00 and 23:00 for an audience of up to 1000 people.
25. Live music and recorded music can become licensable in on-licensed premises if the licensing authority removes the effect of deregulation following a licence review ('licence review mechanism').

Southwark council saturation policy for Peckham

28. Council assembly approved the introduction of a special policy for Peckham on the cumulative impact of a concentration of licensed premises (saturation policy) on 12 October 2011. This was renewed in November 2015 when full council assembly approved the 2016 -2020 statement of licensing policy.
29. The decision to introduce saturation policy was taken with regard to the committee's concern over rising trends of late night alcohol related violence against the person and late night disorder and rowdiness associated with late night licensed premises in the area.
30. The effect of this special policy is that is to create a presumption that applications for new premises licences or variations that are likely to add to the existing cumulative

impact will normally be refused, following relevant representations, unless the applicant can demonstrate in their operating schedule that there will be no negative cumulative impact on one or more of the licensing objectives.

31. The applicant has been advised to address the committee's concerns around cumulative impact at the meeting.

Southwark council statement of licensing policy

32. Council assembly approved Southwark's statement of licensing policy 2016-20 on 25 November 2015. Sections of the statement that are considered to be of particular relevance to the sub-committee's consideration are:

- Section 3 - Purpose and Scope of the Policy. This reinforces the four licensing objectives and the fundamental principles upon which this Authority relies in determining licence applications.
- Section 5 – Determining Applications for Premises Licences and Club Premises certificates. This explains how the policy works and considers issues such as location; high standards of management; and the principles behind condition setting.
- Section 6 – Local Cumulative Impact Policies. This sets out this authority's approach to cumulative impact and defines the boundaries of the current special policy areas and the classifications of premises to which they apply. To be read in conjunction with Appendix B to the policy.
- Section 7 – Hours of Operation. This provides a guide to the hours of licensed operation that this Authority might consider appropriate by type of premises and (planning) area classification. To be read in conjunction with Appendix B to the policy.
- Section 8 – The Prevention of Crime and Disorder. This provides general guidance on the promotion of the first licensing objective.
- Section 9 – Public Safety. This provides general guidance on the promotion of the second licensing objective.
- Section 10 – The Prevention of Nuisance. This provides general guidance on the promotion of the third licensing objective.
- Section 11 – The Protection of Children from Harm. This provides general guidance on the promotion of the fourth licensing objective.

33. The purpose of Southwark's statement of licensing policy is to make clear to applicants what considerations will be taken into account when determining applications and should act as a guide to the sub-committee when considering the applications. However, the sub-committee must always consider each application on its own merits and allow exceptions to the normal policy where these are justified by the circumstances of the application.

34. The premises are located in Peckham major town centre area. Closing times as stated below are suggested in the statement of licensing policy for the following types of licensed premises located in residential areas:

Night clubs (with 'sui generis' planning classification)

Monday to Thursday: 01:00
Friday and Saturday: 03:00
Sunday: 00:00

Resource implications

35. A fee of £100.00 has been paid by the applicant company in respect of this application being the statutory fee payable for premises within non-domestic rateable value band A.

Consultation

36. Consultation has been carried out on this application in accordance with the provisions of the Licensing Act 2003. A public notice was published in a local newspaper and a similar notice exhibited outside of the premises for a period of 28 consecutive days.

Community impact statement

37. Each application is required by law to be considered upon its own individual merits with all relevant matters taken into account.

SUPPLEMENTARY ADVICE FROM OTHER OFFICERS

Director of Law and Democracy

38. The sub-committee is asked to determine the application for a premises licence under section 17 of the Licensing Act 2003.
39. The principles which sub-committee members must apply are set out below.

Principles for making the determination

40. The general principle is that applications for premises licence applications must be granted unless relevant representations are received. This is subject to the proviso that the applicant has complied with regulations in advertising and submitting the application.
41. Relevant representations are those which:
- Are about the likely effect of the granting of the application on the promotion of the licensing objectives
 - Are made by an interested party or responsible authority
 - Have not been withdrawn
 - Are not, in the opinion of the relevant licensing authority, frivolous or vexatious.
42. If relevant representations are received then the sub-committee must have regard to them, in determining whether it is necessary for the promotion of the licensing objectives to:
- To grant the licence subject to:

- The conditions mentioned in section 18 (2)(a) modified to such extent as the licensing authority considers necessary for the promotion of the licensing objectives
 - Any condition which must under section 19, 20 or 21 be included in the licence
- To exclude from the scope of the licence any of the licensable activities to which the application relates
 - To refuse to specify a person in the licence as the premises supervisor
 - To reject the application.

Conditions

43. The sub-committee's discretion is thus limited. It can only modify the conditions put forward by the applicant, or refuse the application, if it is necessary to do so. Conditions must be necessary and proportionate for the promotion of one of the four licensing objectives, and not for any other reason. Conditions must also be within the control of the licensee, and should be worded in a way which is clear, certain, consistent and enforceable.
44. The four licensing objectives are:
- The prevention of crime and disorder
 - Public safety
 - The prevention of nuisance
 - The protection of children from harm.
45. Members should note that each objective is of equal importance. There are no other licensing objectives, and the four objectives are paramount considerations at all times.
46. Conditions will not be necessary if they duplicate a statutory position. Conditions relating to night café and take away aspect of the license must relate to the night time operation of the premises and must not be used to impose conditions which could not be imposed on day time operators.
47. Members are also referred to the Home Office Revised Guidance issued under section 182 of the Licensing Act 2003 on conditions, specifically section 10.

Reasons

48. If the sub-committee determines that it is necessary to modify the conditions, or to refuse the application for a premises licence application, it must give reasons for its decision.

Hearing procedures

49. Subject to the licensing hearing regulations, the licensing committee may determine its own procedures. Key elements of the regulations are that:
- The hearing shall take the form of a discussion led by the authority. Cross examination shall not be permitted unless the authority considered that it is required for it to consider the representations.

- Members of the authority are free to ask any question of any party or other person appearing at the hearing.
 - The committee must allow the parties an equal maximum period of time in which to exercise their rights to:
 - Address the authority
 - If given permission by the committee, question any other party.
 - In response to a point which the authority has given notice it will require clarification, give further information in support of their application.
 - The committee shall disregard any information given by a party which is not relevant to the particular application before the committee and the licensing objectives.
 - The hearing shall be in public, although the committee may exclude the public from all or part of a hearing where it considers that the public interest in doing so outweighs the public interest in the hearing, or that part of the hearing, taking place in private.
 - In considering any representations or notice made by a party the authority may take into account documentary or other information produced by a party in support of their application, representations or notice (as applicable) either before the hearing or, with the consent of all the other parties, at the hearing.
50. This matter relates to the determination of an application for a premises licence under section 17 of the Licensing Act 2003. Regulation 26(1) (a) requires the sub-committee to make its determination at the conclusion of the hearing.

Council's multiple roles and the role of the licensing sub-committee

51. Sub-committee members will note that, in relation to this application, the council has multiple roles. Council officers from various departments have been asked to consider the application from the perspective of the council as authority responsible respectively for environmental health, trading standards, health and safety and as the planning authority.
52. Members should note that the licensing sub-committee is meeting on this occasion solely to perform the role of licensing authority. The sub-committee sits in quasi-judicial capacity, and must act impartially. It must offer a fair and unbiased hearing of the application. In this case, members should disregard the council's broader policy objectives and role as statutory authority in other contexts. Members must direct themselves to making a determination solely based upon the licensing law, guidance and the council's statement of licensing policy.
53. As a quasi-judicial body the licensing sub-committee is required to consider the application on its merits. The sub-committee must take into account only relevant factors, and ignore irrelevant factors. The decision must be based on evidence, that is to say material, which tends logically to show the existence or non-existence of relevant facts, or the likelihood or unlikelihood of the occurrence of some future event, the occurrence of which would be relevant. The licensing sub-committee must give fair consideration to the contentions of all persons entitled to make representations to them.
54. The licensing sub-committee is entitled to consider events outside of the premises if they are relevant, i.e. are properly attributable to the premises being open. The

proprietors do not have to be personally responsible for the incidents for the same to be relevant. However, if such events are not properly attributable to the premises being open, then the evidence is not relevant and should be excluded. Guidance is that the licensing authority will primarily focus on the direct impact of the activities taking place at the licensed premises on members of the public, living, working or engaged in normal activity in the area concerned.

55. Members will be aware of the council's code of conduct which requires them to declare personal and prejudicial interests. The code applies to members when considering licensing applications. In addition, as a quasi-judicial body, members are required to avoid both actual bias, and the appearance of bias.
56. The sub-committee can only consider matters within the application that have been raised through representations from other persons and responsible authorities. Interested parties must live in the vicinity of the premises. This will be decided on a case to case basis.
57. Under the Human Rights Act 1998, the sub-committee needs to consider the balance between the rights of the applicant and those making representations to the application when making their decision. The sub-committee has a duty under section 17 Crime and Disorder Act 1998 when making its decision to do all it can to prevent crime and disorder in the borough.
58. Other persons, responsible authorities and the applicant have the right to appeal the decision of the sub-committee to the magistrates' court within a period of 21 days beginning with the day on which the applicant was notified by the licensing authority of the decision to be appealed against.

Guidance

59. Members are required to have regard to the Home Office guidance in carrying out the functions of licensing authority. However, guidance does not cover every possible situation, so long as the guidance has been properly and carefully understood, members may depart from it if they have reason to do so. Full reasons must be given if this is the case.

Strategic Director of Finance and Governance

60. The head of regulatory services has confirmed that the costs of this process over and above the application fee are borne by the service.
