

Item No. 9.	Classification: Open	Date: 25 February 2020	Meeting Name: South multi-ward forum
Report title:		Devolved Highway programme 2020-21: Capital funding allocation	
Ward(s) or groups affected:		Champion Hill, Dulwich Hill, Dulwich Village, Dulwich Wood & Goose Green	
From:		Head of Highways	

RECOMMENDATIONS

1. To approve the reallocation of underspent funds carried forward from previous years underspend, current programme underspend and current programme project cancellations.
2. To approve the allocation of funds for the 2020-2021 Devolved Highways capital programme in the South multi-ward area from the list of applications set out in Appendix 1.

BACKGROUND INFORMATION

3. The council's non-principal road investment programme prioritises works on non-principal roads on a borough-wide basis and this investment forms the largest part of the annual investment programme.
4. Multi-ward areas are allocated a devolved fund of £800,000 each year from the total annual programme to spend on their priorities for highway renewal and maintenance that may not be prioritised as part of the borough-wide programme.
5. The financial provision for each community council is pro-rata by ward, as published in the Highways Capital Investment Programme 2014-15 report.
6. Commencing in 2017-18, the scope of the fund has been widened to permit the full range of minor traffic and highway capital schemes rather than solely like-for-like repair and replacement. Examples of the types of works which can now be funded include:
 - Footway and carriageway resurfacing;
 - Traffic calming;
 - Localised repairs;
 - Accessibility improvements;
 - Footway buildouts;
 - Cycle hangars.

KEY ISSUES FOR CONSIDERATION

7. There is £139,679 available for the 2020-2021 Devolved Highways programme for new projects in the South multi-ward area.
8. There is £7,492 in additional funding from previous years underspend, current

programme underspend and current programme project cancellations.

Policy implications

9. N/A

Community impact statement

10. The roles and functions of multi-ward areas include the promotion of involvement of local people in the democratic process.
11. An explicit objective within multi-ward areas is that they be used to actively engage as widely as possible with, and bring together, Southwark's diverse local communities on issues of shared or mutual interest. The Devolved Highway programme is an important tool in achieving community participation.
12. In fulfilling the above objectives of multi-ward areas to bring together and involve Southwark's diverse local communities, consideration has also been given to the council's duty under The Equality Act 2010 which requires the council to have due regard when taking decision to the need to:
 - a. Eliminate discrimination, harassment, victimisation or other prohibited conduct;
 - b. Advance of equality of opportunity between persons who share a relevant protected characteristics and those who do not share it;
 - c. Foster good relations between those who share a relevant characteristic and those that do not share it.
13. Of particular regard are issues of age, disability, gender reassignment, pregnancy and maternity, race, religion or belief, sex, sexual orientation.
14. Having due regard to the need to advance equality of opportunity is further defined in s.149 as having due regard to the need of:
 - a. Remove or minimise disadvantages connected with a relevant protected characteristic;
 - b. Take steps to meet the different needs of persons who share a relevant protected characteristic;
 - c. Encourage persons who share a relevant protected characteristic participate in public life or any other activity in which they are under- represented.
15. Ideas for Devolved Highway projects come from the local community, the majority via a simple project nomination form available in electronic and paper format.

Resource implications

16. The total expenditure and sources of funding for the scheme will be monitored and reported on as part of the overall capital programme.

Consultation

17. All Devolved Highway projects require consultation with stakeholders, including the project applicant, local residents, Tenants and Residents Associations and local community groups where appropriate.

SUPPLEMENTARY ADVICE FROM OTHER OFFICERS

Director of Law and Democracy

18. The Local Government Act 2000 ('the 2000 Act') gives the Leader the power to delegate any executive function to whoever lawfully can undertake the function. The allocation of the Devolved Highway capital fund is an executive function.
19. Multi-ward areas are 'area committees' within the meaning of the 2000 Act and executive functions can be delegated to them by the Leader. The terms of the delegation are set out in part 3H of the council's constitution.
20. This report recommends that the South multi-ward area approves the allocation of funds to the individual projects specified at Appendix 1. Paragraph 14, Part 3H of the constitution enables multi-ward areas to approve "the allocation of funds to Devolved Highway schemes of a local nature, using the resources and criteria identified by the cabinet".
21. Multi-ward areas have further have powers under paragraph 16, Part 3H of the Constitution to oversee and take responsibility for the development and implementation of the local schemes
22. In allocating funding under the Devolved Highways programme, multi-ward areas must have regard to the council's equality duty set out in section 149 of the Equality Act 2010. The report author has demonstrated how those duties need to be considered in the body of the report at paragraphs 12 to 14 in the community impact statement. In regard to the duty under the Act, the allocation of funds from the devolved highways capital programme does not impact on equality of opportunity and protected characteristics of persons within the local community.

Strategic Director of Finance and Governance

23. This report seeks the approval of the South multi-ward area for the allocation of funds £147,171 for the 2020-21 Devolved Highway programme in the South multi-ward area from the list of applications set out in Appendix 1.
24. The strategic director of finance and governance notes the resource implications in the report that the proposed allocations will be contained within the council's capital programme.
25. It is also noted that officers' time and any other costs connected with this recommendation will be contained within existing departmental revenue budgets.
