

# Brenchley Gardens 20mph scheme

February to March 2020

## Help us to improve your area

We are proposing to make changes to Brenchley Gardens to reduce vehicle speed and improve safety for users by providing better facilities for walking, cycling and accessing public transport.

Find out more about the designs and how to have your say overleaf.

Our proposals for Brenchley Gardens are focussed on reducing vehicle speed in-line with Southwark's 20 mph review. We are proposing traffic calming measures including raised tables and carriageway narrowing. These measures will also have additional benefits including:

- **Improved pedestrian crossings**
- **Footway widening**

Our proposals have been designed using national design standards and best practice but to ensure the scheme meets the needs of the local community, we need to hear from you.
