Incident

On 29th February 2020, officers were called to a fight inside the premises CCTV shows a number of people fighting within the VIP area and on the dance floor. Security were unable to contain the fight and the club had to shut. On arrival of the first officers on scene, as customers are leaving a male was seen attacking people with a brandy bottle in the courtyard. Officers challenged him at which he went towards them and was tasered to protect officers and members of the public. Others continued to fight in the yard area of the premises. During the incident, a number of fights occurred inside and out and a police officer was assaulted inside the premises by a male grabbing the officer by the throat and squeezing. He also attempted kicking out and had to be restrained by a number of officers. The customers were dispersed from 516 Old Kent road a large numbers went into McDonald's next door where a number of other fights occurred. The incident continued for over 30 minutes and took a large number of police resources including dog units to bring it under control. (Crime reports, officers Body Worn Video, CCTV from venue & CAD reports attached) Police have already received a complaint regarding this incident from a local resident and he mentions a similar incident two weeks prior. (Email redacted and attached)

Previous History of Venue.

The premises has only just re opened after a review submitted in December 2019. This was for a violent assault inside. The premises was visited a number of times by officer from the Night Time economy team and had remained closed during this period when the interim steps were in place.

On the 25th January 2020, a fight occurred at the premises at 01.40hrs and a male was assaulted. The premises could not provide the CCTV at the time which is a breach of the licensing conditions.(Crime report attached)

On Saturday the 30st November 2019 at approximately 03:00 fight started inside the premises, the victim was close to DJ booth. It appears he was knocked unconscious and believes was struck with a bottle due to serious injuries sustained

On Saturday the 1st September 2018 at 04.00hrs, a fight started inside the premises and security removed all parties from the venue, once outside two customers removed from K-Che were stabbed on McDonald's car park. Witnesses believe it was a result of retaliation from the fight inside.

From December 2018 to December 2019 twelve crime reports of violent incidents have occurred associated with the premises including Four (4) for Grievous Bodily Harm (GBH), Four (4) for Actual Bodily Harm (ABH), One (1) assault on Police, One(1) common assault, One (1) Robbery and a Crime related incident for a Fight inside the premises.

The area in proximity to the premises has suffered from considerable amount of Violent incidents, Anti-social behaviour and calls for police accidents, which we believe the premises, has been a contributing factor to.

They have a number of control measures on the licence that do not appear to be restricting the crime and disorder associated with the premises and the continued violent incidents inside and outside the premises are putting police officers and members of the public at risk.

The addition of further conditions as interim steps in my opinion is not appropriate considering the seriousness of the disorder. I recommend that the licence is suspended pending the full review.

Notes for guidance

- A certificate of the kind mentioned in the form must accompany the application in order for it to be valid under the terms of the Licensing Act 2003. The certificate must explicitly state the senior officer's opinion that the premises in question are associated with serious crime, serious disorder or both. Serious crime is defined by reference to section 81 of the Regulation of Investigatory Powers Act 2000. In summary, it means:

 - conduct that amounts to one or more criminal offences for which a person who has attained the age of eighteen and has no previous convictions could reasonably be expected to be sentenced to imprisonment for a term of three years or more; or
 - conduct that amounts to one or more criminal offences and involves the use of violence, results in substantial financial gain or is conduct by a large number of persons in pursuit of a common purpose.

Serious disorder is not defined in legislation, and so bears its ordinary English meaning.
- Briefly describe the circumstances giving rise to the opinion that the above premises are associated with serious crime, serious disorder, or both.

Premises licence number (if known):

Name of premises supervisor (if known):

Maria Zahouani

I am a Superintendent* in the Metropolitan Police Service.

*Insert rank of officer giving the certificate, which must be superintendent or above.

I am giving this certificate because I am of the opinion that other procedures under the Licensing Act are inappropriate in this case because:

(Give a brief description of why other procedures such as a standard review process are thought to be inappropriate, e.g. the degree of seriousness of the crime and/or disorder, the past history of compliance in relation to the premises concerned)

On Saturday, the 29th February 2020 at approximately 03:35 fighting started inside the premises. The premises had to stop trading as security were unable to gain control and police were called. On arrival of the first officers, a group was fighting in the yard area, one male was armed with a brandy bottle attempting to hit people. He then attacked officers who tasered him. A number of other customers were attempting to get at officers who had to call for urgent assistance, and draw batons and incapacitant spray in an attempt to restore order and defend themselves. One officer was assaulted on the dance floor area by a customer who attempted to strangle him while the officer was trying to clear the premises. A further fight and disturbance occurred in McDonalds nearby as large crowds had been dispersed from the premises.

A standard review is deemed inappropriate due to serious nature of the incident and the risk of future incidents causing injury to officers or the public.

The premises was subject to a Section 53a review submitted in December 2019 following another serious incident inside, and have had a number of serious assaults over the last 12 months which included a police officer sustaining an injury.

I am of the opinion that action is required to prevent further crime and disorder and to protect the public.

CAD 1237 was attended initially by AS22N.

SUSP1- XXXXXXXXXXXX XXXXXXXX

Upon arrival officers were directed nearer to the entrance of K-CHE nightclub where a fight was apparently taking place.

As they approached XXXXXXXX was seen by 1588AS to lean over another person and swing for another, intending to hit them with a bottle of CORSEVIOUR.

He has then turned and ran towards 1588AS resulting in him being tasered.

This all took place in a crowded forecourt area of the club and upon detaining XXXXXXXX, no bottle was recovered. There was also no known victim to the incident.

2686AS was also separating two other males who were throwing punches at each other, right behind 1588AS who had tasered.

These two males were ushered out by friends and 2686AS swiftly returned to 1588AS to assist.

From other members of the public who stated it began inside the club, officers went in to find any potential victims.

Officers pressed an emmer button for more assistance as it was believed everybody was fighting with everybody.

CRIS 3006397/20 is linked and reports what took place once officers were inside the club (Assault police)

There were no victims found inside the club. All persons inside were drunk and would only say that there was a fight but now everything had ended.

XXXXXX was taken to Walworth Station.

His grey hoody was blood stained as well as his jeans, these we seized and packaged in custody.

On Saturday 29th February 2020 at 03:34 hours, police were called to reports of eight (8) people fighting outside the K-Che Nightclub, 561 Old Kent Road, SE15. The suspect, XXXXXXXXXXXXXXXXXXXX (SUS1) who had punched him, had been starting fights inside the restaurant and was now outside. XXXXXX was seen by PC XXXXXXXXXXX 2155AS to be starting a fight with a group and throwing punches. As PC XXXX approached, XXXXX has thrown a punch towards him. XXXXX was restrained to the ground by officers, placed in handcuffs, and arrested by PC XXXX for Assault and Affray

XXXXXX had a lump on his head, which he had been seen sporting, prior to any engagement with police. XXXXXX appeared as if he may be unconscious or asleep. SUSP1 gave an account that he was in the K-CHE nightclub which was closed due to an altercation. Everyone went to the MCDONALDS. He was very drunk. He then got involved in an argument with an IC1 male who he does not know and has never seen before. He cannot recall what it was about. They then exchanged a few punches. He does not really remember anything else. He was very remorseful for his actions and would not have done it in hindsight.

Hi,

1st occasion I heard from a neighbour

2nd occasion I went out on the balcony to observe and heard the group saying they would likely now be banned from K-Che.

Not exactly concrete proof but was just wondering if given Club 701 incidents and then these incidents which cannot be Club 701 related if there was anyone looking into whether it is the right idea to have venues open there on those hours so close to residential properties and so close to a main road.

There were at least 4 police cars in attendance both times so pretty significant so data protection aside surprised nothing came up. – It would have been 3:30-4:30am 29th Feb and 15th Feb.

Thanks,

Hi XXXXXXXXXXX

I had a look on the system nothing obvious came up, though Data Protection means I would not be able to tell you anything sensitive. I will pass this onto the licensing to see if they are aware! How do you know it was linked to the club? – regards Adrian

Hi PC Moroz,

Not sure if you are the right person to speak to but this Friday (28th Feb) and 2 weeks ago also on Friday there were some quite significant disturbances on the corner of Marlborough Grove and Old Kent Road, there was a substantial police presence and I later found that on both occasions that both of these incidents were actually cause by patrons leaving the K-Che nightclub near by.

From what I could gather there were a few arrests and so I was just wondering if anything was being done there? Recently Club 701 had its licence suspended which was the right call although it should have been removed in my opinion and I wonder if the constant violence from patrons of both these venues is being looked at by the Met as well as the licencing teams?

Any assistance would be greatly appreciated.

Thanks,

XXXXXXXX

Police received a call to K-CHE VIP LATIN CLUB on 516 OLD KENT ROAD staff were reporting a fight inside the location. Officer arrived there was pushing and shoving between Jean Paul and door staff outside of the club. Police intervened and were informed by XXXXX that had been punched three times by XXXX XXXX. XXXX XXX then punched XXXXX in the face in front of PC XXXXXX 1339AS and after attempting to make off and being detained on the floor by PC XXXXXX and PC XXXXXX 2611AS, XXXXXXXXX was arrested by PC XXXXX for common assault and affray as officers were informed that XXXXXXXX had assaulted another doorman.

Upon A107 arriving, a bouncer stated that XXXX had assaulted police. Ali was arrested for assault by 2491AS and then further arrested for Affray and obstructing police after it became clear that he had potentially been involved in a fight. It's unclear if Ali had assaulted officers or had assaulted another bouncer, though the entire incident is apparently on council CCTV.

****CCTV****

-VENUE: There is a camera at K-CHE that should cover where the incident happened. It is working but Staff are unable to burn this, only the owners are able to. Best point of contact for cctv is owners son XXXXXXXX - (XXXXXXXXXX)

XXXXXX was interviewed and gave a full admission to the offence of common assault

Were you at the kche night club on the old kent road? Yes, I was there with my girlfriend and some friends, for my cousins birthday

Had you been drinking? yes

Drugs? no

What happened inside the club? The bouncer was having a go at my girlfriend, I got involved and the bouncer hit me in the mouth and then I got kicked out. I don't remember everything because of the alcohol but after I was outside I hit the bouncer. I don't remember if I pushed him or punched him. I don't think my actions were reasonable, I apologise for my actions.

Southwark Council CCTV was obtained and viewed.

The CCTV shows XXXXXXXX being detained on the floor by PC XXXXXXX and PC XXXXXXX, it then shows XXXX approach where officers are detaining him and come up to the side of PC XXXXX. XXXX appears to lean forwards towards the interaction and is very close, however he then steps away, he doesn't appear to assault anybody. A member of security staff points out ABBAS to officers, PC XXXXXXXXXX, PC XXX and PC XXXXXXX then detain XXXXX. XXXXX resists, he pulls his arms away, PC XXXXXXXX takes hold of

On Saturday 25th January 2020 I was on duty in plain clothes and was the driver of a Southwark Council marked vehicle , I was in the company of Pc Ducker 2494AS. My duties include attending various licensed venues on the Borough of Southwark and ensuring that they are complying with their licence conditions. At 0155hrs a call was circulated via our personal radios to a fight outside the nightclub venue known as K-CHE 516 First Floor Old Kent Road SE1 5BA. We made our way to the venue and upon our arrival two males had been detained for fighting by a number of officers, the officers had the incident under control at this point and we entered the court yard area and requested to speak to the duty manager or dps. We waited in the open yard area for the manager to attend, whilst stood in the outside court yard we smelt the distinctive odour of cannabis, I can confirm the smell to be cannabis as I have encountered the substance a number of times through my career as a police officer. I was able to trace the smell to patrons of the club who were stood in the smoking area, the club adjacent to K-che was closed. We stood for a few minutes and no members of staff approached the smoking area. We continued to monitor the area and after a few minutes a member of security then went upstairs and spoke to those involved. We were then joined by a female who identified herself as the duty manager and we viewed the id scanner in her presence, a male who identified himself as the promoter of the evenings event and gave his name as Santa. At 0209hrs a female exited from the inside of the club , she was being carried by her friends and was unable to walk she was clearly heavily intoxicated to the point that she could not care for herself, her friends placed her on the stairs to the smoking area and she dropped her head , there was a member of security stood next to her and the promoter Santa appeared to talk to her friends, he went away and then returned with a bottle of water for her, I did not see anyone approach the female who I could identify as medically trained. The females friends assisted by Santa then took hold of the female and carried her out of the venue by holding onto her arms, at this stage she was still unable to walk unaided . We concluded our visit and left the venue where we were told that the two males who had been fighting had been arrested .
