

COVID-19 Post-Lockdown Highway Schemes

Appendix	9
Location	Tabard Street
Proposal	To implement footway buildouts outside London Christian School
Ward(s) affected	Chaucer

Background

- As lockdown is lifted it is likely that social distancing measures are still likely to be required.
- The programme aims to meet the following objectives:
 - Provide more space for social distancing at pick-up and drop-off times.
 - Improve road safety outside the vicinity of the school entrance.
 - Provide a healthier environment and improve local air quality outside schools for vulnerable user groups.
 - Encourage the use of active travel, such as walking, cycling, scooting or park and stride.

Location

- Tabard Street, SE1 4JU.
- Within Newington (D) Controlled Parking Zone (CPZ), implemented in 1974.
- D CPZ hours of operation are 8:30am-6:30pm, Monday-Friday.

Investigation and conclusions

- Officer's investigations showed that it is feasible to install footway widening on Tabard Street.

Feedback from Stakeholders

Comments

Headteacher of the London Christian School: 'Thank you so much for your email and for letting us know of these proposed plans. From our side we would really appreciate the widening of the path for the safety and social distancing of our children, families and staff outside the school.'

Recommendation

Based on the officer's investigation it is recommended:

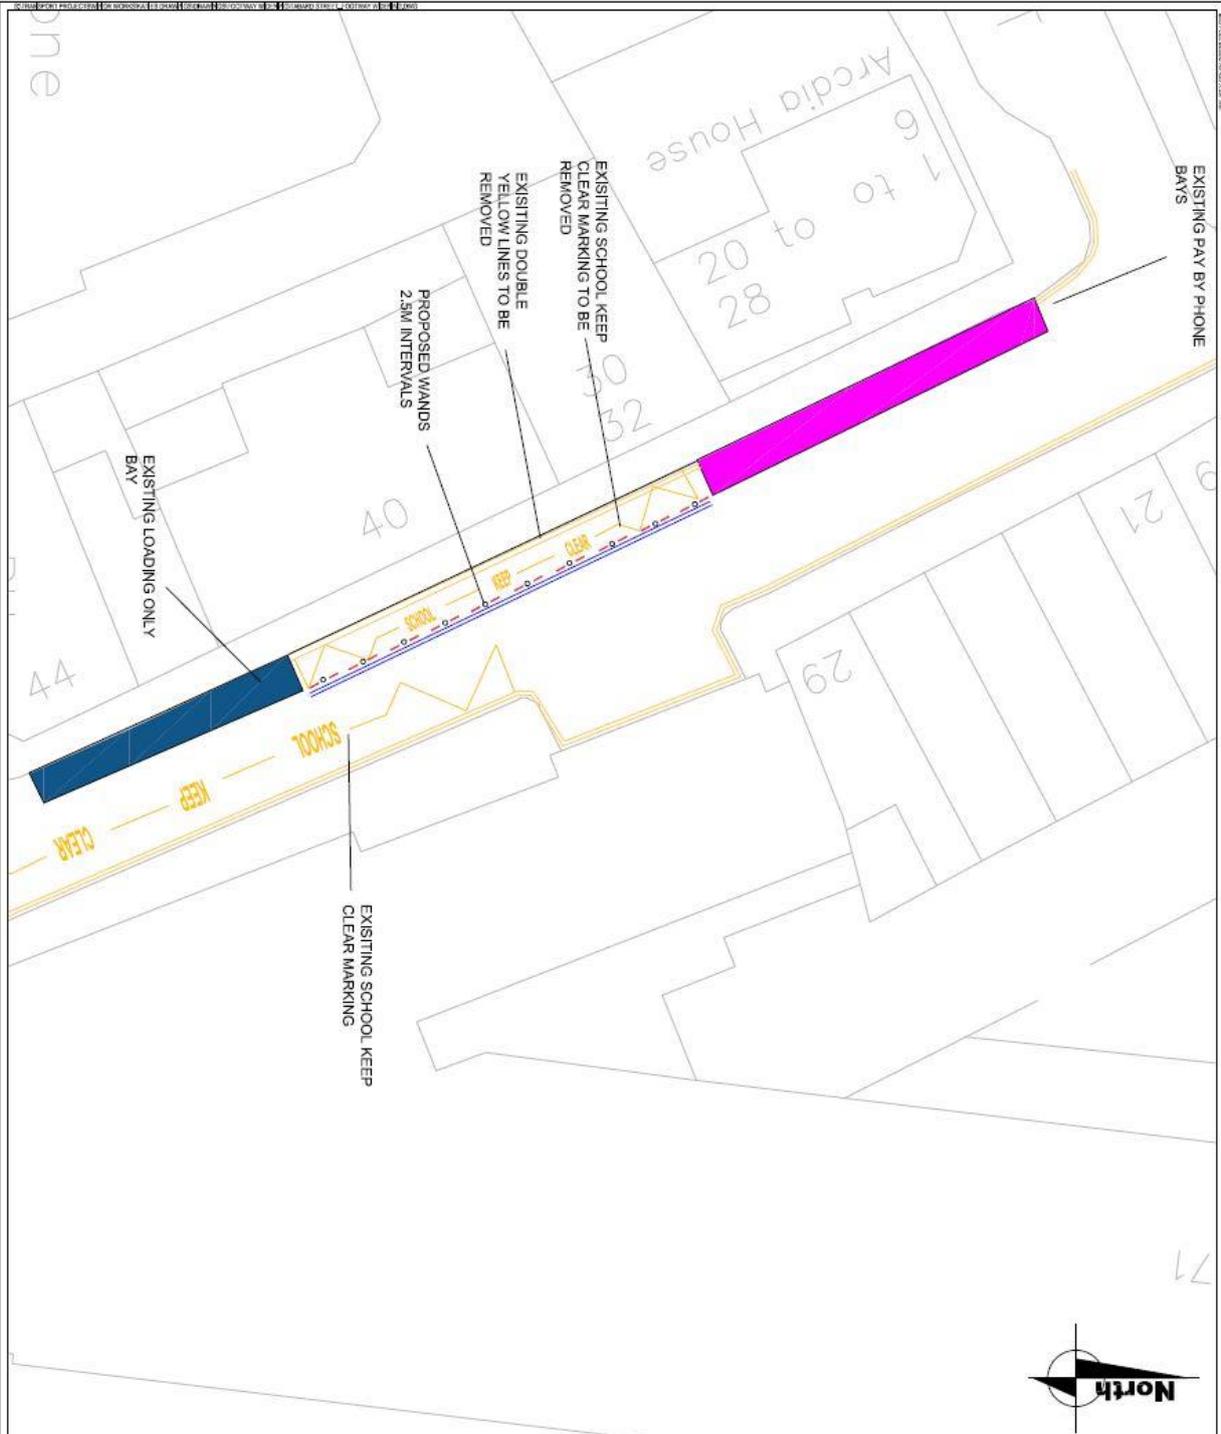

- To install temporary footway widening buildouts.
 - Temporary bolt down kerbs to be implemented with flexible wands for increased visibility.
 - Existing School Keep Clear markings to be removed.
 - At any time waiting restrictions to be added to the extent of the buildout.

This proposal is experimental and is therefore not subject to standard Traffic Management Order (TMO) statutory consultation prior to implementation. A TMO is the legal mechanism the council as traffic authority uses to control aspects of the way that the highway is used. They provide the legal backing to signs and road markings used on the highway and allow them to be enforceable.

A design drawing of the proposal is provided within this document.
