Dear Sirs,

**Re: 26 Camberwell Church Street, SE5 8QU
Premises Licence Application made by Cruson local Food Limited; New application
for supply of alcohol off the premises 08:00 to 23:30 Monday to Sunday**

We write with reference to the above and confirm we act for a local resident, (the name and address can be disclosed to the licensing authority under separate cover), who is concerned that the licence application if granted would undermine the licensing objectives, principally crime and disorder and public nuisance.

Firstly, our client confirms he does not work locally and has no connection with local trade. He raises the objection on a genuine belief that crime in the area, particularly anti-social behaviour, street drinking and drunkenness, is at a level that there should be no further licences granted until there is a reduction and/or an improvement in such crime and disorder.

Our client raises a number of points of concern with us, which we wish to amplify at a licensing sub-committee.

Our client has also mentioned that he visited the premises yesterday (3rd August) and that there was no notice displayed at the premises. The date on the website says that objections are to be made by 20th August 2020 so if the application is still valid, there should be a blue public notice displayed at the premises.

Please accept this letter as our client's representation that the granting of the application will undermine the licensing objectives.

Yours faithfully

RESIDENT C

RE: Application for a premises licence for Cruson, 26 Camberwell Church Street, London, SE5 8QU (application number ~~868-42~~)

Dear Sirs,

I strongly object to the above application. My objection relates to the prevention of crime and disorder and the prevention of public nuisance.

The premises are in a saturation area, where it has been proven by Southwark Council's own research that the number of licensed premises in the area is having a negative cumulative impact regarding the quality of life in the area particularly in respect of the prevention of crime and disorder and the prevention of public nuisance.

Granting the above licence will only add to the problems already occurring in the area.

There is a history of problem drinkers, crime related to alcohol and noise and nuisance related to the sale and consumption of alcohol in Camberwell, particularly near Camberwell Green. A further licensed premises will exacerbate these serious problems.

The above application is highly likely to add to the cumulative impact of licensed premises in the area, and it is my understanding that when this is the case in a saturation area an application for an alcohol licence should normally be refused. I urge you to adhere to your own policy and not grant this licence.

Further, in any case, the operational hours applied for are entirely unsuitable.

Yours faithfully

Dear sir or madam,

I have been living in Camberwell for around 15 years and I am writing to express my feelings about a recent occurrence, and to counter the decision to give Cruson Local Foods (no. 26 Camberwell Church St.), a license for the sale of alcohol. This decision is gravely incorrect since there are over 10 premises holding a license for the sale of alcohol, and adding another to the area impacts the number of drunkards who fill the streets which creates an unsafe environment. An example of this, is that recently I had an encounter with two persons ; I was coming back from shopping, and by the time I reached my door and started looking for my keys, and looking around I noticed two people holding cans of an alcoholic drink, and then they approached me from behind and had begun asking me for money. After telling them I did not have any money, they continued to pester me until it got to the point in which I was frightened and started to scream. My neighbour who lives above Theos Pizza, came out and started screaming at them, and the two strangers ran away. Even going to the park in Camberwell Green with my children, I am scared since there are many drunk people who are sitting in the park drinking so instead of spending some good time in the park, with the kids, we have to make a U- turn and come back home instead. I don't think I am the only one who feels this way. So, I beg you not to give permission for a license to sell alcohol at this store.

Yours Sincerely,

[REDACTED]
