

**Appendix E – council officer visit notes**

Date	Time	Officer	Notes
08/12/2012	01:50	Roy Fielding	Met DPS Emmanuel. Found to be compliant although Drug signage was missing on arrival. Emmanuel explained that it had been repainted and he had failed to put the signage back up. I could tell this was true and he put all the signage back up with tape whilst I was on site.
21/03/2014	22:02	Farhad Chowdhury	Checked car park, no BBQ. No activity will visit later with Police regarding fighting last weekend.
21/03/2014	23:20	Farhad Chowdhury	Visit with Police No SIA on the doors, met Daniel Dornor manager. The Licensee Mr Emmanuel Kpakpah was not in at the time of the visit. Mr Donor said that he heard there was a fight outside. He didn't know his security staff would know about it. They would be here at 00:00hrs. They are open till 4:00am; we inspected the basement with the Police. There were no customers in the basement. DJ was however playing music very loud. There were no fire extinguishers in the basement they are stored in a cupboard upstairs by the staircase. There were no personal licence holders; the condition says that personal licence holders have to be on the premises all the time. They showed us a letter signed by the DPS nominating staff to sell alcohol; they said that Stu Wythe Police officer told them this insufficient. PC Letts told them this is incorrect. PC Letts said that they have an event tomorrow night and they did not submit a 696 or risk assessments. This was advertised on (www.filmyaad.com). On the licence it says they need to employ SIA from 22:00hrs to closing time of 4:30am. Police served a section 19 closure notice for breaches of their licence conditions. This is a warning and gives the premises 7 days to rectify the breaches. The manager called their lawyer Mrs Ama Norr who spoke to PC Tom Letts. One SIA staff turned up at 23:50hrs to work on the doors. I spoke to door staff his name was Mr K Aghedo number [REDACTED] expiry of card [REDACTED]. The SIA staff is self employed does not work for any company. The SIA staff said that the second SIA comes around 1:00hrs. Mr Donor explained they are closed Sundays would they need a SIA on Sundays as well. PC Letts advised him to vary his licence or separate the club and the restaurant so they would not need SIA for the restaurant. They have 16 CCTV seen working; Police served section 19 notice and said they would be writing with all the breaches to the licensee. We left at 00:20hrs.
28/03/2014	23:30	Mark Orton	Visited premises with Police. SIA present. Went through licence conditions with the manager, all ok except no search wand. He stated he'd ordered one. Police have some they could distribute to licensed premises.
30/03/2014	04:15	Mark Orton	BBQ in situ in carpark of premises. I spoke with the operator to tell him he shouldn't be there and colleagues will be there to confiscate the equipment the weekend of the 4/5 April. There was some disturbance as the manager didn't want the BBQ there but the person hiring the venue had requested the operator to put his BBQ there. Voices became raised and I stepped in to calm things down. I spoke with all parties to come to an agreement as things were getting heated. I requested that the venue hirer asks his guests to go inside the premises to reduce the chance of nuisance. Further visits to be carried out.
05/04/2014	02:55	Richard Kalu	Barbecue drum seized from outside the front of the premises by Adam Burchett. Visit carried out with NTE police. I note that when we arrived at the premises a group of about 11 males and 4 females approached the door of the premises. The door was closed and myself and NTE requested that the management of the premises and the SIA security of the premises present

			<p>themselves. SIA and management of the premises were with myself and NTE Police. Members of the public were located at the front of the premises and were attempting to gain entry. An SIA member of staff went to the entrance of the premises and the members of the public located at the front of the premises were advised that they would not gain entry into the premises. Request from the NTE police were done without issue and all SIA members of staff were happy to show their SIA badges. The management of the premises advised the NTE Police that there were two doors in order to gain entry into the premises. We were shown the initial entrance door and a further lobby door which was closed. All doors and windows of the premises were closed however there was some noise breakout at the premises. We were advised that this was due to the opening and closing of the lobby door when patrons were coming in and out of the premises to go and smoke. I have requested Adam provide an update on the barbecue drum which was seized.</p>
12/04/2014	03:15	Kristie Ashenden	<p>Pulled up outside Afrikiko in police van. Could hear LAM drum beat of music while in van with doors closed and radio on. ATOV a red cordon barrier is out and 3 men are standing in q. FRC took photos (see NTE team logs &amp; photos on G: drive) to show the setup. The barrier system was open at the Old Kent Rd end, which gives the impression that it is there for people to walk up and join the queue. 2 SIA men outside with search wands. Approximately 12 people waiting around outside. Appears to be a breach of condition 309 (SLD condition) as there is very loud African music blaring out of the premises. Need to check with EPT to set it. Spoke to a man who identified himself as Emmanuel; he said he's spoken to MAD about people outside. I raised concerns about people being admitted to premises beyond 2am (condition 308) and he claimed that he was advised to have smokers outside supervised by staff. I saw 2 white people enter who I had not seen outside; this appeared to be new admittance. I advised that I will speak to MAD. There was a man with a BBQ in the carpark - police dealt with him whilst I spoke to Emmanuel. Registration [REDACTED]. Open window on Ilderton Rd near red queueing system says "Pay at window £10 from 1am". I asked Emmanuel about the sign - he said it was £5 before 1am, and £10 between 1am and 2am. Sound escape from open window - I asked why this was open if they were no longer admitting customers. FRC took photos as evidence.</p>
13/04/2014	03:02	Kristie Ashenden	<p>Drive past in police van - no one outside premises.</p>
25/04/2014	02:38	Jayne Tear	<p>Noted when we drove past to turn around into Ormside street, that there were appx 10-15 people waiting outside in a queue by the entrance (this included 3 women who looked very young).</p>
02/05/2014	22:00	Mark Orton	<p>Smoking area moved from rear of premises to side of premises to minimise noise disturbance. Downstairs area being painted, some improvements taking place. MD informed that music levels had been lowered and that he was monitoring the DJ's. He wishes to discuss noise limiters with MP. I advised MD to remedy a bare wire in stairwell.</p>
03/05/2014	02:10	Mark Orton	<p>Witnessed patrons entering after 02:00hrs.</p>
03/05/2014	02:30	Mark Orton	<p>Admitting patrons at time of visit, some patrons being verbally abusive, S19 served by Police.</p>
17/05/2014	02:11	Kristie Ashenden	<p>Saw approx. 6 men appear at premises and gain entry. Spoke to Daniel Doner who said he'd had a meeting with police and they have agreed 3am last admission. Sign at entrance stating last entry 3am. He produced a letter from Graham White which said they could vary their licence for a later admittance but I advised that they need to put an application in first - it is still 2am</p>

			last admission until variation is granted. There is serious sound escape from the premises- they have a PA shouting over the music. Observed several people gaining entry whilst we were there. At 02:22hrs observed several cars parking up on opposite pavement, using it as a parking area. Door continually opening and huge sound escape. Gave details of colleagues (WJM, MAD, DPF) and advised them to do a draft variation app and go to office on Monday.
18/05/2014	01:58	Farhad Chowdhury	Had long queues outside barriers up, balloons up and SIA on doors, had 7 people in queue. Ken Dale called Police at 2:00hrs no answer.
18/05/2014	02:04	Farhad Chowdhury	People are going inside the premises. 16 People outside now and more taxis and people arriving. Security guard not SIA does not have armband. But he was using a wand to check people in. Hole on wall window people using to pay for entry after 2am. They have breached their condition; licence does not allow entry after 2am. Observed the queue all the people went inside.
18/05/2014	02:36	Farhad Chowdhury	Cabs arriving to the premises.
18/05/2014	02:50	Farhad Chowdhury	Approx. 22 people in queue and paying through window hole in wall. Loud people noisy outside. No intention of closing, still letting people in, taxis and cars tuning up to venue security guard is not SIA, but was using a wand.
24/05/2014	02:20	Wesley McArthur	Visit to premises re' SLD and entry / re-entry of persons into the premises after 02:00. Roy Fielding (RF) and I parked on Ilderton road and observed the entrance to the r/o the premises. There were 4 door supervisors by the entrance to the premises comprised of 1 IC3 female and 3 IC3 males. Waist height barriers were in place to guide customers into the club and to delineate the search area. We saw 4 IC3 males queue to enter the premises; they were searched and entered the premises. Approx.' 10minutes late we saw 7 people approach the premises (4 females – 3 IC3 and 1 IC1 and 3 Males – 2 IC1 and 1 IC3). They spoke amongst themselves in the queue for sometime and then one of the females approached a hole in the exterior wall of the premises adjacent to Ilderton Road, and appeared to be speaking to someone. The female then appeared to pass an object to somebody behind the hole in the wall. (It later transpired that the hole in the wall leads to a box office). The group then approached the door supervisors, were searched and entered the premises. Approx.' 10 minutes later 2 IC3 females approached the entrance to the premises, were searched and then entered the premises. Approx. 3minutes later an IC3 male left the premises and stood near to the junction of Ilderton Road and Old Kent Road. The IC3 male smoked a cigarette, after he finished he re-entered the premises. It was noted that there were 2 IC3 males in the car park to the r/o the premises. They were stood behind the security barriers and appeared to be associated with or known to the door supervisors as they were talking to the door supervisors for the duration of our observation. The door supervisors were using a hand held metal detector in regards to searches of male customers. We approached the entrance to the premises. I identified myself to a DS and asked to speak to the licensee. Approx.' 5 minutes later an IC3 male approached me and identified himself as Emmanuel Kpakpah (EK), the licensee of the premises. We entered the ground floor of the premises to talk. I reminded EK of condition 308 of the premises licence issued in respect of the premises prohibiting entry or re-entry to the premises after 02:00. EK stated that he had submitted an application to vary the premises licence and that the application included an amendment to condition 308 to allow an entry / re-entry time of 03:00. EK further stated that, as he requested in the application form that the variation take effect immediately, he thought that he was able to operate as per the amendments proposed in the application,

			including the amendment to condition 308. I explained that this was not the case and that he must adhere to the conditions of the current licence until such time that the variation application is granted, if it is granted. I enquired as to whether an SLD had been installed and was in use at the premises. EK wasn't sure and stated that he thought an SLD had been installed, but that he would have to check with his sound engineer. EK took me thorough the basement area to the DJ booth. Loud 'Bashment' style music was playing in the basement. There were approx. 50 people inside the basement. EK showed me an amp' rack which was connected to a DSP (digital signal processor) manufactured by Ohm Europe, model name 'Cleo'. EK stated that he thought the DSP included a sound limiter. I told EK that I wasn't sure if it included sound limitation in its functions, but that if it does he has to have it calibrated in conjunction with the EPT. (N.B. I checked the spec' of the Cleo, and it doesn't appear to include a limiter or compressor function, however EK's sound engineer will have to confirm this). I asked EK if he had displayed a public notice in regards to the variation application he had submitted, he said that he did not, and was not aware of the requirement to display a public notice or advertise one. I explained the requirements in regards to public notices and variation applications and also showed EK a suitable place to display a public notice when he completes one. EK stated that he would contact me in regards to obtaining public notice pro-forma's. I left EK my business card. Before we left I reiterated the requirement to adhere to the conditions of the premises licence. As we were leaving a queue had built up outside the entrance. It appeared that the door supervisors had stopped letting people in as some people in the queue were agitated and enquiring as to why they hadn't been let in. The police NTET team had arrived and were speaking to some of the door supervisors. We left the police to continue with their visit.

Manager advised that they were going to stop using the premises as a club and wanted to move more to operating as a traditional restaurant. Have been advised that SIA staff have been instructed to be stricter in respect of parking outside the premises. Have been advised that issues arise when the patrons park up and then come over to the premises. Advised that operationally it is very hard for them to stop this issue as they have no control over where people

			park. I have been advised that where this is witnessed SIA staff will ask patrons to either move their cars or in the most serious of cases refuse entry into the premises. Action - NTE to monitor premises next weekend.

			as there has been a threat to life. Lengthy discussion with management and SIA staff within the premises. Promoted event and we were given assurances that the premises would have been highly alert and if any issues were encountered that the police would be called. Discussed minor variation with management and he will be calling me on Tuesday to arrange a convenient time to discuss the issue with his licence and conditions with a view to submit a minor variation to change the wording of conditions on his licence. 17/07/2016	02:30	Farhad Chowdhury	All quiet nobody outside just door staff
13/08/2016	00:55	Richard Kalu	Visit to premises with Sarah Newman. I could not see that there has been any layout change within the premises. When we arrived at the premises the basement was not in operation. Met NTE police at the premises who were having a discussion with the operator of the premises about their security. At the time we arrived there was no female SIA member of staff at the premises that is a requirement under their premises licence. Advised by management of the premises that the female SIA member of staff had arrived but had to leave due to a family emergency. This was checked against CCTV and found to be true. However this had not been the first time this situation had occurred and Police NTE advised me that they would serve a Section 19.
19/08/2016	21:34	Richard Kalu	Visit to premises with Ken Andrews as a follow up to last weekend visit to premises and the police servicing a section 19. X2 male SIA & X1 female SIA staff positioned at the entrance of the premises. No patrons within the premises. Advised by SIA staff that they were not expecting the premises to be busy as people were saving money for the bank holiday weekend.
27/08/2016	03:00	Richard Kalu	Visit to premises to check if X1 female SIA member of staff is working in compliance with premises licence conditions. Visit undertaken with Matt Bourne and Stuart from NTE police. When we arrived at the premises it was very quiet and there were X6 patrons within the restaurant eating. I note that within the basement (nightclub) there were X4 patrons seated and amplified music was being played by a DJ but there did not appear to be any paid patrons with the basement. There was a clear smell of cannabis at the main entrance of the premises. This was apparently coming from people stood outside the premises and was not attributed to anyone within the venue. We undertook some checks of club scan and noted that pictures had been scanned in however no ID's had been scanned into the club scan. Stuart enquired why week after week the same conversation had taken place at the premises and why club scan was not in operation. We were advised that club scan was in operation and the reason why no ID's had been scanned in was because they were the DJ and relatives and the girlfriend of the DJ. Stuart and myself advised that this was unacceptable and that all patrons that entered the premises regardless of their relationship with staff at the premises needed to be scanned in on the club scan. Whilst we were stood outside the premises an object was

			thrown out of a window from the high rise council block located beside the venue and overlooking the main entrance of the premises. We could not identify here the missile had been thrown from however Stuart confirmed that he would make some further enquires. We were advised by staff of the premises that this was a frequent event when the premises was operational and that various objects had been thrown down on to patrons who were visiting the premises. Stuart confirmed to the operator that he would be serving a section 19 closure notice and that the issues needed to be rectified as a matter of priority. Details of the section 19 detailed below. Metropolitan Police Section 19 served at 03:00hrs • ID scan not being used properly / Photos only • IDs not scanned and no way to determine who patrons were within the basement of the premises. Staff advised that it was the DJ's girlfriend and friends and family
11/09/2016	03:00	Farhad Chowdhury	All quiet seen SIA door staff and one female.
24/09/2016	01:25	Richard Kalu	Visit to premises with Adam Burchett and NTE Police. Arrived at the premises and note that there was X1 female SIA member of staff and there was X1 male SIA member of staff. Requested to see evidence of metal detector wand and was shown this by the male SIA member of staff. Checked operation of the metal wand and found that it was compliant. Walked in on conversation which Stuart from NTE police was having with the manager of the premises and advised him that we wanted to see evidence that club scan was working and in operation. Myself Stuart and Adam entered the basement of the premises and note that it was very quiet and that there were approximately X15 patrons within the basement club. We walked to the main entrance of the premises and spoke with the manager and requested to see club scan in operation and who had been scanned in. We were advised that there had been some internal works at the front entrance of the premises that had shorted out the electrics of the premises and club scan intermittently. We could see evidence of works having taken place at the entrance of the premises and words of advice was given by both myself and NTE Police. NTE police confirmed that they would be making some further enquires with club scan in relation to the use of the club scan software at the premises. We were advised that the issue with club scan had been rectified and it was now the intention to request patrons to leave the premises and re-enter going through club scan. Whilst talking for 20 – 30 seconds an announcement was made on the PA system and almost all patrons left and re-entered the premises via the club scan system. We discussed compliance related issues with management and advised them that we would be retuning later in the night to ensure compliance.
24/09/2016	03:45	Richard Kalu	NTE Police advised over the police radio that there was a major incident taking place at Afrikiko. Myself and Adam were on the NTE police van attended Afrikiko and I noted when we arrived there were approximately 370 patrons stood outside the venue. NTE police advised us to stay on board the NTE van due to concerns in relation to Health & Safety. We were immediately upon attendance at the scene surprised by the sheer numbers of people who were outside the venue and who had it appeared been inside the venue. With regard to Health and Safety and risk management it did not seem possible that so many patrons could have been accommodated within the venue. Police NTE requested CCTV from management of the premises and I have requested an update in relation to this matter once CCTV has been reviewed so I can follow up on this. NTE advised that no crime and disorder issues were apparent however for public order reason a decision was taken to move on.
