- Application to review the premises licence

I write with regards to the above application to review the premises licence submitted by The Metropolitan Police as a responsible authority under Section 53A of the Licensing Act 2003.

The grounds for the review within the application state:

'Following the outbreak of the Covid-19 virus pandemic in the UK, which has to date, led to the deaths of over 40,000 people, the government has announced a series of lockdown measures and restrictions on licensed premises and those that operate in the hospitality industry. These restrictions are primarily contained in the Health Protection (Coronavirus, Restrictions) (No.2) (England) Regulations 2020 (as amended). Since March there has been a constant in that that nightclubs are not permitted to open. This is well known to everyone. Covid-19 is a potentially fatal infectious disease which is spread as a result of activities carried out by people, and in particular those in close contact. For this reason it is essential for the regulations to be abided by and social-distancing measures to be implemented by licensed operators. A breach of recommended guidelines and regulations risks human health and life and leads to an increased chance of further lock down measures being imposed in London that may have a catastrophic further impact on the UK economy and legitimate businesses. If certain premises, such as Afrikiko, chose to operate in deliberate and flagrant breach of regulations and guidelines they imperil others. If this type of behaviour is not deterred by a robust police and Council response then other licensed premises may be tempted to follow suit. it is the belief of the Metropolitan Police that this premises has knowingly (or at the very least recklessly) decided to ignore not only the Government's advice and legislation regarding the prevention of spreading this infection, but also the efforts of Metropolitan Police Officers that have tried, without success, to positively engage with the premises and provide the operator with warnings to improve. The operator's actions has put its staff and patrons at risk of contracting and spreading this infection, and increases the risk to London's wider communities. The above venue has been observed on numerous occasions operating as a prohibited nightclub in contravention of these and other regulation. The premises has also permitted vertical drinking, and allowed and encouraged patrons to dance whilst playing amplified music with a DJ and music decks. On several of these occasions staff at the venue have been deliberately obstructive by physically preventing officer's entry and intentionally or recklessly creating dangerous conditions whilst officers are investigating potential offences. The venue has shown complete disregard to the above legislation as well as the Licensing Act and Health and Safety at Work Act and its regulations'

My representation is submitted with regards to promoting the prevention of crime and disorder, the prevention of public nuisance, public safety and protection of children from harm licensing objectives and also has regard to the Southwark Statement of Licensing Policy 2019 – 2021.

I attached to this representation a log of the NTE visits to this premises The premises has a history of non-compliance and it would seems that the Licensee or DPS are not in control/or capable of controlling the premises in compliance with the conditions on the premises licence granted or other existing legislation, which impacts on the premises.

This premises has already been the subject of a previous expedited review. The full LSC hearing took place on 6 September 2017. I attach a copy of the Notice of Decision from that hearing to this representation

I fully support the Police in submitting this review. It would seem that after the 1st review hearing on 6 September 2017; and the licensing sub-committee giving the licensee and DPS a chance to turn things around by applying more robust conditions, that the licensee and DPS have not taken their responsibilities to promote the licensing objectives seriously and have a total lack of understanding of what is required to manage a licensed premises and a disregard for any conditions imposed on the premises licence or other related legislation.

In the interested of promoting all of the licensing objectives it is my recommendation that the licence is revoked.

I may provide further information to support this representation at a later stage.

NOTICE OF DECISION

LICENSING SUB-COMMITTEE – 6 SEPTEMBER 2017

LICENSING ACT 2003: AFRIKIKO BAR, RESTAURANT AND NIGHT CLUB 871 OLD KENT ROAD, LONDON, SE15 1NX

1. That the council's licensing sub-committee, having considered an application made under Section 53C of the Licensing Act 2003 by the Metropolitan Police Service for the review of the premises licence issued in respect of the premises known as Afrikiko Bar, Restaurant and Night Club 871 Old Kent Road, London, SE15 1NX, and having had regard to all other relevant representations, has decided that it is appropriate, necessary and proportionate in order to promote the licensing objectives to:
 1. Suspend the licence for a period of 9 weeks.
 2. Modify the conditions of the licence by adding the following conditions:
 - i. That the hours of operation will be:
Sunday to Thursday from 11:00 to 00:00
Friday and Saturday from 11:00 to 01:00
 - ii. That all staff are trained in their responsibilities under the Licensing Act 2003 in addition to the terms and conditions of the premises licence in addition to training specific to premises licence terms and conditions and training records should be kept and signed, these records shall be updated every six months and shall, upon request, be made immediately available to officers of the police and the council.
 - iii. That alcohol shall be served ancillary to food, excluding snacks.
 - iv. That there are no externally promoted DJ events at any time, including when the premises operate under a temporary event notice.
 - v. That the premises licence holder operates according to a comprehensive written dispersal policy and staff training pertaining to it. The dispersal policy must include provisions regarding the car park at the premises (e.g when the premises are shut that vehicles are made to vacate the car park). The dispersal policy is to be submitted to the licensing authority prior to the premises operating.

- vi. That all event bookings and full details are to be logged and made known to all staff. The booking log is to be kept at the premises and made available for inspection immediately upon request by police and/or council officers.
- vii. That when events take place, the premises shall carry out pre-opening security checks of the premises and car park for both drugs and weapons to ensure that these items are not brought inside.
- viii. That condition 291 be amended to read: "Any events operating after 22:00 hours shall have two SIA registered door supervisors, one of whom shall be female, until the terminal hour that the premises are in use under the licence including any temporary event notice. Hand held search wands will be used to assist in searching all persons entering the premises. All persons to include staff, performers, guests and members of the public. Counting devices shall be used to ensure that the accommodation capacity is not exceeded. The number of attendees shall be recorded periodically whilst the premises is in operation. This information will be made available to the Police and officers of the council and any other authorised persons immediately upon request.
- ix. That conditions 347, 348 and 349 be removed from the licence.

2. **Reasons**

The reasons for this decision are as follows:

The licensing sub-committee heard from Metropolitan Police Service, the applicant for the review. They advised that on 9 August 2017 they applied to the licensing authority for a summary review of the premises licence in respect of the premises known as Afrikiko Bar, Restaurant and Nightclub, 871 Old Kent Road, London SE15 1NX after a Superintendent for the Metropolitan Police Service certified that in his opinion the premises are associated with serious crime or serious disorder or both.

The application related to a very serious fatal incident that took place on the previous day, Tuesday 8 August 2017 at approximately 02:00 when an emergency call was made to the police reporting that a large fight, including the use of a knife, and involving approximately 34 persons who had previously been in the premises was taking place outside of the premises. Police attended the premises and found a male unresponsive on the floor. A large number of people were still in the vicinity of the premises.

Police officers viewed CCTV of the incident which showed a large group of people outside the premises at 02:00. The closing time of the premises on 8 August 2017 was 01:30. The CCTV showed a fight involving weapons. The victim was stabbed and died as a result of the injuries the victim received.

The police stated, and we accept, that the premises were being operated on 8 August in breach of various conditions on the premises licence, namely condition 303 (completion of Form 696/venue hire agreement), condition 336 (personal licence holder to be on premises when alcohol is supplied) and condition 347 (only over 21s to be admitted to the basement area). They stated further that there was a significant history of non-compliance at the premises with regards to the terms and conditions of the premises licence issued in respect of the premises. They informed the sub-committee that four Section 19 closure notices had been issued and recommended that the premises licence be revoked. In our view the Police acted very properly in instigating this summary review.

The licensing sub-committee heard from the representative for the premises who accepted that there had been failings at the premises in the past. The incident took place some distance from the premises, most of which could not be seen on the CCTV footage as it occurred behind a tree/car.

The licensing sub-committee noted a representation from the other person, a resident, that over the course of the previous 2years, there were often fights outside the premises, loud disturbing music and patrons loitering outside the premises. There was a suggestion that there had been a stabbing outside the premises in November 2015.

The sub-committee considered very carefully whether to revoke the premises licence as requested by the police, particularly in light of the admitted breaches of the licence. Considerable weight was given to the fact that the fatal incident took place some distance away from the premises and after those involved in the violence had already left the premises.

The sub-committee took the view that the appropriate and proportionate steps to be taken should be specifically directed at the cause of the serious incident and should not exceed those steps that were appropriate to promote the licensing objectives.

The sub-committee, on balance, took the view that a significant reduction in operating hours as well as a condition that alcohol must now be provided as ancillary to food, taken together with all the other conditions imposed, was the appropriate and proportionate response on this occasion. These steps were likely to significantly reduce the risk of the licensing objectives being undermined in the future.

Therefore, the sub-committee concluded that revocation of the premises licence was not appropriate at this stage. The premises licence holder is expected to fully comply with all of the imposed conditions without fail. If further breaches occur in the future that have the effect of undermining the licensing objectives then the police would be well within their rights to instigate a further review of the premises licence and, without binding the hands of a future licensing sub-committee, it is likely that more severe action would be taken on that occasion.

3. Appeal rights

This decision is open to appeal by either:

- a) The applicant for the review
- b) The premises licence holder
- c) Any other person who made relevant representations in relation to the application

Such appeal must be commenced by notice of appeal given by the appellant to the justices' clerk for the Magistrates' Court for the area within the period of 21 days beginning with the day on which the appellant was notified by this licensing authority of the decision.

- a) The end of the period for appealing against this decision; or
- b) In the event of any notice of appeal being given, until the appeal is disposed of.

4. **Review of interim steps pending appeal**

This decision is open to appeal by either:

- a) The applicant for the review
- b) The premises licence holder
- c) Any other person who made relevant representations in relation to the application.

Such appeal must be commenced by notice of appeal given by the appellant to the justices' clerk for the Magistrates Court for the area within the period of 21 days beginning with the day on which the appellant was notified by this licensing authority of the decision.

This decision does not have effect until either:

- a) The end of the period for appealing against this decision
- b) In the event of any notice of appeal being given, until the appeal is disposed of.

At the conclusion of the review hearing the licensing sub-committee reviewed the interim steps to determine which interim steps were appropriate for the promotion of the licensing objectives, pursuant to section 53D of the Licensing Act 2003. The sub-committee concluded that these interim steps were appropriate:

- To suspend the premises licence.

The interim steps is open to appeal by:

- a) The chief officer of police for the police area in which the premises is situated; or
- b) The holder of the premises licence

Such appeal must be commenced by notice of appeal given by the appellant to the justices' clerk for the Magistrates Court for the area within the period of 21 days beginning with the day on which the appellant was notified by this licensing authority of the decision.

08/12/2012	01:50 NTE Visit	Roy Fielding	Met DPS Emmanuel. Found to be compliant although Drug signage was missing on arrival. Emmanuel explained that it had been repainted and he had failed to put the signage back up. I could tell this was true and he put all the signage back up with tape whilst I was on site.
21/03/2014	22:02 NTE Visit	Farhad Chowdhury	Checked car park, no BBQ No activity will visit later with Police regarding fighting last weekend.
21/03/2014	23:20 NTE Visit	Farhad Chowdhury	Visit with Police No SIA on the doors, met Daniel Donor manager. The Licensee Mr Emmanuel Kpakpah was not in at the time of the visit. Mr Donor said that he heard there was a fight outside. He didn't know his security staff would know about it. They would be here at 00:00hrs. They are open till 4:00am, we inspected the basement with the Police. There were no customers in the basement. DJ was however playing music very loud. There were no fire extinguishers in the basement they are stored in a cupboard upstairs by the staircase. There were no personal licence holders, the condition says that personal licence holders have to be on the premises all the time. They showed us a letter signed by the DPS nominating staff to sell alcohol, they said that [REDACTED] Police officer told them this is sufficient. PC Letts told them this is incorrect. PC Letts said that they have an event tomorrow night and they did not submit a 696 or risk assessments. This was advertised on (www.filmmyaad.com). On the licence it says they need to employ SIA from 22:00hrs to closing time of 4:30am. Police served a section 19 closure notice for breaches of their licence conditions. This is a warning and gives the premises 7 days to rectify the breaches. The manager called their lawyer [REDACTED] who spoke to PC Tom Letts. One SIA staff turned up at 23:50hrs to work on the doors. I spoke to door staff his name was [REDACTED] number 0 [REDACTED] expiry of card 15/OCT/2015. The SIA staff is self employed does not work for any company. The SIA staff said that the second SIA comes around 1:00hrs. Mr Donor explained they are closed Sundays would they need a SIA on Sundays as well. PC Letts advised him to vary his licence or separate the club and the restaurant so they would not need SIA for the restaurant. They have 16 CCTV seen working, Police served section 19 notice and said they would be writing with all the licensee. breaches to We left at 00:20hrs.
28/03/2014	23:30 NTE Visit	Mark Orton	Visited premises with Police. SIA present. Went through licence conditions with the manager, all ok except no search wand. He stated he'd ordered one. Police have some they could distribute to licensed premises.

30/03/2014	04:15 NTE Visit	Mark Orton	BBQ in situ in carpark of premises. I spoke with the operator to tell him he shouldn't be there and colleagues will be there to confiscate the equipment the weekend of the 4/5 April. There was some disturbance as the manager didn't want the BBQ there but the person hiring the venue had requested the operator to put his BBQ there. Voices became raised and I stepped in to calm things down. I spoke with all parties to come to an agreement as things were getting heated. I requested that the venue hirer asks his guests to go inside the premises to reduce the chance of nuisance. Further visits to be carried out.
05/04/2014	02:55 NTE Visit	Richard Kalu	Barbecue drum seized from outside the front of the premises by Adam Burchett. Visit carried out with NTE police. I note that when we arrived at the premises a group of about 11 males and 4 females approached the door of the premises. The door was closed and myself and NTE requested that the management of the premises and the SIA security of the premises present themselves. SIA and management of the premises were with myself and NTE Police. Members of the public were located at the front of the premises and were attempting to gain entry. An SIA member of staff went to the entrance of the premises and the members of the public located at the front of the premises were advised that they would not gain entry into the premises. Request from the NTE police were done without issue and all SIA members of staff were happy to show there SIA badges. The management of the premises advised the NTE Police that there were two doors in order to gain entry into the premises. We were shown the initial entrance door and a further lobby door which was closed. All doors and windows of the premises were closed however there was some noise breakout at the premises. We were advised that this was due to the opening and closing of the lobby door when patrons were coming in and out of the premises to go and smoke. I have requested Adam provide an update on the barbecue drum which was seized.

12/04/2014	03:15 NTE Visit	Kristie Ashenden	Pulled up outside Afrikiko in police van. Could hear LAM drum beat of music while in van with doors closed and radio on. ATOV a red cordon barrier is out and 3 men are standing in q. FRC took photos (see NTE team logs & photos on G: drive) to show the setup. The barrier system was open at the Old Kent Rd end, which gives the impression that it is there for people to walk up and join the queue. 2 SIA men outside with search wands. Approximately 12 people waiting around outside. Appears to be a breach of condition 309 (SLD condition) as there is very loud african music blaring out of the premises. Need to check with EPT to set it. Spoke to a man who identified himself as Emmanuel, he said he's spoken to MAD about people outside. I raised concerns about people being admitted to premises beyond 2am (condition 308) and he claimed that he was advised to have smokers outside supervised by staff. I saw 2 white people enter who I had not seen outside, this appeared to be new admittance. I advised that I will speak to MAD. There was a man with a BBQ in the carpark - police dealt with him whilst I spoke to Emmanuel. Registration [REDACTED] Open window on Ilderton Rd near red queueing system says "Pay at window £10 from 1am". I asked Emmanuel about the sign - he said it was £5 before 1am, and £10 between 1am and 2am. Sound escape from open window - I asked why this was open if they were no longer admitting customers. FRC took photos as evidence.
13/04/2014	03:02 NTE Visit	Kristie Ashenden	Drive past in police van - no one outside premises.

MD informed that music levels had been lowered and that he was monitoring the DJ's. He wishes to discuss noise limiters with MP. I advised MD to remedy a bare wire in stairwell.
03/05/2014	02:10 NTE Visit	Mark Orton	Witnessed patrons entering after 02:00hrs.

17/05/2014	02:11 NTE Visit	Kristie Ashenden	Saw approx 6 men appear at premises and gain entry. Spoke to Daniel Doner who said he'd had a meeting with police and they have agreed 3am last admission. Sign at entrance stating last entry 3am. He produced a letter from Graham White which said they could vary their licence for a later admittance but I advised that they need to put an application in first - it is still 2am last admission until variation is granted. There is serious sound escape from the premises- they have a PA shouting over the music. Observed several people gaining entry whilst we were there. At 0222hrs observed several car sparking up on opposite pavement, using it as a parking area. Door continually opening and huge sound escape. Gave details of colleagues (WJM, MAD, DPF) and advised them to do a draft variation app and go to office on Monday.

18/05/2014	2:50 NTE Visit,	Farhad Chowdhury	18/ 5/2014 2:50hrs FRC approx 22 people in queue and paying through window hole in wall. Loud people noisy outside. No intention of closing, still letting people in, taxis and cars tuning up to venue security guard is not SIA, but was using a wand.

24/05/2014	02:20 NTE Visit	Wesley McArthur	<p>24/ 5/2014 02:20 WJM Visit to premises re SLD and entry / re-entry of persons into the premises after 02:00. Roy Fielding (RF) and I parked on Ilderton road and observed the entrance to the r/o the premises. There were 4 door supervisors by the entrance to the premises comprised of 1 IC3 female and 3 IC3 males. Waist height barriers were in place to guide customers into the club and to delineate the search area. We saw 4 IC3 males queue to enter the premises; they were searched and entered the premises. Approx' 10 minutes later we saw 7 people approach the premises (4 females – 3 IC3 and 1 IC1 and 3 Males – 2 IC1 and 1 IC3). They spoke amongst themselves in the queue for sometime and then one of the females approached a hole in the exterior wall of the premises adjacent to Ilderton Road, and appeared to be speaking to someone. The female then appeared to pass an object to somebody behind the hole in the wall. (It later transpired that the hole in the wall leads to a box office). The group then approached the door supervisors, were searched and entered the premises. Approx' 10 minutes later 2 IC3 females approached the entrance to the premises, were searched and then entered the premises. Approx' 3 minutes later an IC3 male left the premises and stood near to the junction of Ilderton Road and Old Kent Road. The IC3 male smoked a cigarette, after he finished he re-entered the premises. It was noted that there were 2 IC3 males in the car park to the r/o the premises. They were stood behind the security barriers and appeared to be associated with or known to the door supervisors as they were talking to the door supervisors for the duration of our observation. The door supervisors were using a hand held metal detector in regards to searches of male customers. We approached the entrance to the premises. I identified myself to a DS and asked to speak to the licensee. Approx' 5 minutes later an IC3 male approached me and identified himself as Emmanuel Kpakpah (EK), the licensee of the premises. We entered the ground floor of the premises to talk. I reminded EK of condition 308 of the premises licence issued in respect of the premises prohibiting entry or re-entry to the premises after 02:00. EK stated that he had submitted an application to vary the premises licence and that the application included an amendment to condition 308 to allow an entry / re-entry time of 03:00. EK further stated that, as he requested in the application form that the variation take effect immediately, he thought that he was able to operate as per the amendments proposed in the application, including the amendment to condition 308. I explained that this was not the case and that he must adhere to the conditions of the current licence until such time that the variation application is granted, if it is granted. I enquired as to whether an SLD had been installed and was in use at the premises. EK wasn't sure and stated that he thought an SLD had been installed but that he would have to check with his sound engineer. EK took me thorough the basement area to the DJ booth. Loud 'Bashment' style music was playing in the basement. There were approx' 50 people inside the basement. EK showed me an amp' rack which was connected to a DSP (digital signal processor) manufactured by Ohm Europe, model name 'Cleo'. EK stated that he thought the DSP included a sound limiter. I told EK that I wasn't sure if it included sound</p>

			<p>limitation in it's functions, but that if it does he has to have it calibrated in conjunction with the EPT. N.B. I checked the spec' of the Cleo, and it doesn't appear to include a limiter or compressor function, however EK's sound engineer will have to confirm this. I asked EK if he had displayed a public notice in regards to the variation application he had submitted, he said that he did not, and was not ware of the requirement to display a public notice or advertise one. I explained the requirements in regards to public notices and variation applications and also showed EK a suitable place to display a public notice when he completes one. EK stated that he would contact me in regards to obtaining public notice pro-forma's. I left EK my business card. Before we left I reiterated the requirement to adhere to the conditions of the premises licence. As we were leaving a queue had built up outside the entrance. It appeared that the door supervisors had stopped letting people in as some people in the queue were agitated and enquiring as to why they hadn't been let in. The police NTET team had arrived and were speaking to some of the door supervisors. We left the police to continue with their visit.</p>

13/08/2016	00:55 NTE Visit	Richard Kalu	Visit to premises with Sarah Newman. I could not see that there has been any layout change within the premises. When we arrived at the premises the basement was not in operation. Met NTE police at the premises who were having a discussion with the operator of the premises about their security. At the time we arrived there was no female SIA member of staff at the premises that is a requirement under their premises licence. Advisedly management of the premises that the female SIA member of staff had arrived but had to leave due to a family emergency. This was checked against CCTV and found to be true. However this had not been the first time this situation had occurred and Police NTE advised me that they would serve a Section 19.

27/08/2016	03:00 NTE Visit	Richard Kalu	<p>Visit to premises to check if X1 female SIA member of staff is working in compliance with premises licence conditions. Visit undertaken with Matt Bourne and Stuart from NTE police. When we arrived at the premises it was very quiet and there were X6 patrons within the restaurant eating. I note that within the basement (nightclub) there were X4 patrons seated and amplified music was being played by a DJ but there did not appear to be any paid patrons with the basement. There was a clear smell of cannabis at the main entrance of the premises. This was apparently coming from people stood outside the premises and was not attributed to anyone within the venue. We undertook some checks of club scan and noted that pictures had been scanned in however no ID's had been scanned into the club scan. Stuart enquired why week after week the same conversation had taken place at the premises and why club scan was not in operation. We were advised that club scan was in operation and the reason why no ID's had been scanned in was because they were the DJ and relatives and the girlfriend of the DJ. Stuart and myself advised that this was unacceptable and that all patrons that entered the premises regardless of their relationship with staff at the premises needed to be scanned in on the club scan. Whilst we were stood outside the premises an object was thrown out of a window from the high rise council block located beside the venue and overlooking the main entrance of the premises. We could not identify here the missile had been thrown from however Stuart confirmed that he would make some further enquires. We were advised by staff of the premises that this was a frequent event when the premises was operational and that various objects had been thrown down on to patrons who were visiting the premises. Stuart confirmed to the operator that he would be serving a section 19 closure notice and that the issues needed to be rectified as a matter of priority. Details of the section 19 detailed below. Metropolitan Police Section 19 served at 03:00hrs• ID scan not being used properly / Photos only• IDs not scanned and no way to determine who patrons were within the basement of the premises. Staff advised that it was the DJ's girlfriend and friends and family</p>

Arrived at the premises and note that there was X1 female SIA member of staff and there was X1 male SIA member of staff. Requested to see evidence of metal detector wand and was shown this by the male SIA member of staff. Checked operation of the metal wand and found that it was compliant. Walked in on conversation which Stuart from NTE police was having with the manager of the premises and advised him that we wanted to see evidence that club scan was working and in operation. Myself Stuart and Adam entered the basement of the premises and note that it was very quiet and that there were approximately X15 patrons within the basement club. We walked to the main entrance of the premises and spoke with the manager and requested to see club scan in operation and who had been scanned in. We were advised that there had been some internal works at the front entrance of the premises that had shorted out the electrics of the premises and club scan intermittently. We could see evidence of works having taken place at the entrance of the premises and words of advice was given by both myself and NTE Police. NTE police confirmed that they would be making some further enquires with club scan in relation to the use of the club scan software at the premises. We were advised that the issue with club scan had been rectified and it was now the intention to request patrons to leave the premises and re-enter going through club scan. Whilst talking for 20 – 30 seconds an announcement was made on the PA system and almost all patrons left and re-entered the premises via the club scan system. We discussed compliance related issues with management and advised them that we would be retuning later in the night to ensure compliance.</p>
24/09/2016	03:45 NTE Visit	Richard Kalu	<p>NTE Police advised over the police radio that there was a major incident taking place at Afrikiko. Myself and Adam were on the NTE police van attended Afrikiko and I noted when we arrived there were approximately 370 patrons stood outside the venue. NTE police advised us to stay on-board the NTE van due to concerns in relation to Health & Safety. We were immediately upon attendance at the scene surprised by the share numbers of people who were outside the venue and who had it appeared been inside the venue. With regard to Health and Safety and risk management it did not seem possible that so many patrons could have been accommodated within the venue. Police NTE requested CCTV from management of the premises and I have requested an update in relation to this matter once CCTV has been reviewed so I can follow up on this. NTE advised that no crime and disorder issues where apparent however for public order reason a decision was taken to move on.</p>
